MGM RESORTS INTERNATIONAL AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

NOTE 1 — ORGANIZATION

Organization. MGM Resorts International, a Delaware corporation, (together with its consolidated subsidiaries, unless otherwise indicated or unless the context requires otherwise, the “Company”) is a global gaming and entertainment company with domestic and international locations featuring hotels and casinos, convention, dining, and retail offerings, and sports betting and online gaming operations.

As of March 31, 2026, the Company’s domestic casino resorts include the following integrated casino, hotel and entertainment resorts in Las Vegas, Nevada: Aria (including Vdara), Bellagio, The Cosmopolitan of Las Vegas (“The Cosmopolitan”), MGM Grand Las Vegas (including The Signature), Mandalay Bay (including W Las Vegas and Four Seasons), Luxor, New York-New York, Park MGM (including The Reserve at Park MGM), and Excalibur. The Company also operates MGM Grand Detroit in Detroit, Michigan, MGM National Harbor in Prince George’s County, Maryland, MGM Springfield in Springfield, Massachusetts, Borgata in Atlantic City, New Jersey, Empire City in Yonkers, New York, MGM Northfield Park in Northfield Park, Ohio (until its disposition in April 2026, refer to Note 4), and Beau Rivage in Biloxi, Mississippi. Additionally, the Company operates The Park, a dining and entertainment district located between New York-New York and Park MGM. The Company leases the real estate assets of its domestic properties pursuant to triple net lease agreements.

As of March 31, 2026 the Company has an approximate 56% controlling interest in MGM China Holdings Limited (together with its subsidiaries, “MGM China”), which owns MGM Grand Paradise, S.A. (“MGM Grand Paradise”). MGM Grand Paradise owns and operates MGM Macau and MGM Cotai, two integrated casino, hotel and entertainment resorts in Macau, as well as the related gaming concession and land concessions.

The Company also owns LV Lion Holding Limited (together with its subsidiaries, “LeoVegas”), a consolidated subsidiary that has global online gaming operations headquartered in Sweden and Malta. Additionally, the Company has a 50% ownership interest in BetMGM, LLC (“BetMGM North America Venture”), an unconsolidated affiliate, which provides online sports betting and gaming in certain jurisdictions in North America. As of March 31, 2026, the Company also has a 50% ownership interest in MGM Osaka Corporation (“MGM Osaka”), an unconsolidated affiliate, which is developing an integrated resort in Osaka, Japan. In April 2026, the Company’s ownership interest in MGM Osaka decreased from 50% to approximately 39%, reflecting investment into the venture by other shareholders.

Reportable segments. The Company has four reportable segments: Las Vegas Strip Resorts, Regional Operations, MGM China, and MGM Digital. See Note 11 for additional information about the Company’s segments.

NOTE 2 — BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation. As permitted by the rules and regulations of the Securities and Exchange Commission (“SEC”), certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) have been condensed or omitted. These consolidated financial statements should be read in conjunction with the Company’s 2025 annual consolidated financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2025.

In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments, which include only normal recurring adjustments, necessary to present fairly the Company’s interim financial statements. The results for such periods are not necessarily indicative of the results to be expected for the full year.

Principles of consolidation. The Company evaluates entities for which control is achieved through means other than voting rights to determine if it is the primary beneficiary of a variable interest entity (“VIE”). The Company consolidates its investment in a VIE when it determines that it is its primary beneficiary. Bellagio REIT Venture (the landlord of Bellagio, which is a venture in which the Company has a 5% ownership interest) and MGM Osaka are VIEs in which the Company is not the primary beneficiary because it does not have power on its own to direct the activities that could potentially be significant to the ventures and, accordingly, does not consolidate the ventures. The Company may change its original assessment of a VIE upon subsequent events such as the modification of contractual arrangements that

affect the characteristics or adequacy of the entity's equity investments at risk and the disposition of all or a portion of an interest held by the primary beneficiary. The Company performs this analysis on an ongoing basis.

For entities determined not to be a VIE, the Company consolidates such entities in which the Company owns 100% of the equity. For entities in which the Company owns less than 100% of the equity interest, the Company consolidates the entity under the voting interest model if it has a controlling financial interest based upon the terms of the respective entities' ownership agreements, such as MGM China. For these entities, the Company records a noncontrolling interest in the consolidated balance sheets and all intercompany balances and transactions are eliminated in consolidation. If the entity does not qualify for consolidation under the voting interest model and the Company has significant influence over the operating and financial decisions of the entity, the Company generally accounts for the entity under the equity method, such as BetMGM North America Venture, which does not qualify for consolidation as the Company has joint control, given the entity is structured with substantive participating rights whereby both owners participate in the decision making process, which prevents the Company from exerting a controlling financial interest in such entity, as defined in Accounting Standards Codification ("ASC") 810. For entities over which the Company does not have significant influence, the Company accounts for its equity investment under ASC 321.

Fair value measurements. Fair value measurements affect the Company's accounting and impairment assessments of its long-lived assets, investments in unconsolidated affiliates or equity interests, assets acquired, and liabilities assumed in an acquisition, and goodwill and other intangible assets. Fair value measurements also affect the Company's accounting for certain of its financial assets and liabilities. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and is measured according to a hierarchy that includes: Level 1 inputs, such as quoted prices in an active market; Level 2 inputs, which are quoted prices for identical or comparable instruments or pricing using observable market data; or Level 3 inputs, which are unobservable inputs. The Company used the following inputs in its fair value measurements:

- Level 1 inputs when measuring its equity investments recorded at fair value;
- Level 2 inputs for its long-term debt fair value disclosures; See Note 5;
- Level 2 inputs for its derivatives; and
- Level 1 and Level 2 inputs for its debt investments.

Equity investments. Fair value is measured based upon trading prices on the applicable securities exchange for equity investments accounted for under ASC 321 that have a readily determinable fair value. The fair value of these investments was \$342 million and \$355 million as of March 31, 2026 and December 31, 2025, respectively, and is reflected within "Other long-term assets, net" on the consolidated balance sheets. Gains and losses are recorded in "Other, net" in the statements of operations. For the three months ended March 31, 2026 the Company recorded a net loss on its equity investments of \$13 million. For the three months ended March 31, 2025, the Company recorded a net gain on its equity investments of \$32 million.

Derivatives. The Company uses derivatives that are not designated for hedge accounting. The changes in fair value of these derivatives are recorded within "Other, net" in the statements of operations and within "Other" in operating activities in the statements of cash flows. The balance sheet classification of the derivatives in a current liability position are within "Other accrued liabilities," a long-term liability position are within "Other long-term obligations," a current asset position are within "Prepaid expenses and other," and a long-term asset position are within "Other long-term assets, net."

As of March 31, 2026, the Company has forward currency exchange contracts to manage its exposure to changes in foreign currency exchange rates. As of March 31, 2026, the fair value of derivatives classified as assets were \$2 million with \$1 million in each of current assets and long-term assets and those classified as liabilities were \$25 million in current liabilities. As of December 31, 2025, the fair value of derivatives classified as liabilities were \$88 million, with \$69 million in current liabilities and \$19 million in long-term liabilities.

For the three months ended March 31, 2026, the Company recorded a net loss on its derivatives of \$19 million. For the three months ended March 31, 2025, the Company recorded a net gain on its derivatives of \$40 million.

Debt investments. The Company's investments in debt securities are classified as trading securities and recorded at fair value. Gains and losses are recorded in "Other, net" in the statements of operations. Debt securities are considered cash equivalents if the criteria for such classification is met or otherwise classified as short-term investments within "Prepaid expenses and other" since the investment of cash is available for current operations.

The following table presents information regarding the Company's debt investments:

	Fair value level	March 31, 2026	December 31, 2025
(In thousands)			
Cash and cash equivalents:			
Money market funds	Level 1	\$ 181,623	\$ 158,564
Cash and cash equivalents		181,623	158,564
Short-term investments:			
U.S. government securities	Level 1	63,793	62,267
Corporate bonds	Level 2	135,866	135,211
Asset-backed securities	Level 2	12,457	12,681
Short-term investments		212,116	210,159
Total debt investments		\$ 393,739	\$ 368,723

Cash and cash equivalents. Cash and cash equivalents consist of cash and highly liquid investments with effective maturities of 90 days or less at the date of purchase. The fair value of cash and cash equivalents approximates carrying value because of the short maturity of those instruments (Level 1).

Restricted cash. MGM China's pledged cash of \$87 million for each of March 31, 2026 and December 31, 2025, securing the bank guarantees discussed in Note 8 is restricted in use and classified within "Other long-term assets, net." Such amounts plus "Cash and cash equivalents" on the consolidated balance sheets equal "Cash, cash equivalents, and restricted cash" on the consolidated statements of cash flows as of March 31, 2026 and December 31, 2025.

Accounts receivable. As of March 31, 2026 and December 31, 2025, the loss reserve on accounts receivable was \$147 million and \$139 million, respectively.

Accounts payable. As of March 31, 2026 and December 31, 2025, the Company had accrued \$80 million and \$83 million, respectively, for purchases of property and equipment within "Accounts and construction payable" on the consolidated balance sheets.

Revenue recognition. Contract and Contract-Related Liabilities. There may be a difference between the timing of cash receipts from the customer and the recognition of revenue, resulting in a contract or contract-related liability. The Company generally has three types of liabilities related to contracts with customers: (1) outstanding chip liability, which represents the amounts owed in exchange for gaming chips held by a customer, (2) loyalty program obligations, which represents the deferred allocation of revenue relating to loyalty program incentives earned, and (3) customer advances and other, which is primarily funds deposited by customers before gaming play occurs ("casino front money") and advance payments on goods and services yet to be provided, such as advance ticket sales and deposits on rooms and convention space or for unpaid wagers. These liabilities are generally expected to be recognized as revenue within one year of being purchased, earned, or deposited and are recorded within "Other accrued liabilities" on the consolidated balance sheets.

The following table summarizes the activity related to contract and contract-related liabilities:

	Outstanding Chip Liability		Loyalty Program		Customer Advances and Other

The January 1, 2026 and March 31, 2026 balances exclude liabilities related to assets held for sale. See Note 4.

Revenue by source. The Company presents the revenue earned disaggregated by the type or nature of the good or service (casino, room, food and beverage, and entertainment, retail and other) within Note 11.

Leases. Refer to Note 7 for information regarding leases under which the Company is a lessee. The Company is a

lessor under certain other lease arrangements. Lease revenues earned by the Company from third parties are classified within the line item corresponding to the type or nature of the tenant's good or service. For the three months ended March 31, 2026, lease revenues from third-party tenants include \$15 million recorded within food and beverage revenue and \$29 million recorded within entertainment, retail, and other revenue. For the three months ended March 31, 2025, lease revenues from third-party tenants include \$18 million recorded within food and beverage revenue and \$28 million recorded within entertainment, retail, and other revenue. Lease revenues from the rental of hotel rooms are recorded as rooms revenues within the consolidated statements of operations.

NOTE 3 — INVESTMENTS IN AND ADVANCES TO UNCONSOLIDATED AFFILIATES

Investments in and advances to unconsolidated affiliates were \$660 million and \$536 million as of March 31, 2026 and December 31, 2025, respectively. The Company's share of losses of BetMGM North America Venture in excess of its equity method investment balance is \$153 million and \$160 million as of March 31, 2026 and December 31, 2025, respectively, which is recorded within "Other accrued liabilities" on the consolidated balance sheets.

NOTE 8 — COMMITMENTS AND CONTINGENCIES

Litigation. The Company is a party to various legal proceedings, most of which relate to routine matters incidental to its business. Management does not believe that the outcome of such proceedings will have a material adverse effect on the Company's financial position, results of operations or cash flows.

Commitments and guarantees. MGM China bank guarantees. In connection with the issuance of the gaming concession in January 2023, bank guarantees were provided to the government of Macau in the amount of MOP1 billion (approximately \$124 million as of March 31, 2026) to warrant the fulfillment of labor liabilities and of damages or losses that may result if there is noncompliance with the concession. The guarantees expire 180 days after the end of the concession term. As of March 31, 2026, MOP700 million of the bank guarantees (approximately \$87 million as of March 31, 2026) were secured by pledged cash.

Bellagio REIT shortfall guarantee. The Company provides a shortfall guarantee of the \$3.01 billion principal amount of indebtedness (and any interest accrued and unpaid thereon) of the landlord of Bellagio, Bellagio REIT Venture, which is a VIE and a related party, for which such indebtedness matures in 2029. The terms of the shortfall guarantee provide that after the lenders have exhausted certain remedies to collect on the obligations under the indebtedness, the Company would then be responsible for any shortfall between the value of the collateral, which is the real estate assets of the applicable property owned by the landlord, and the debt obligation. The guarantee is accounted for under ASC 460 at fair value; such value is immaterial.

MGM Osaka guarantees. The Company provides for guarantees (1) in the amount of JPY12.65 billion (approximately \$80 million as of March 31, 2026) for 50% of MGM Osaka's obligations to Osaka under various agreements related to the venture's development of an integrated resort in Osaka, Japan and (2) of an uncapped amount to provide funding to MGM Osaka, if necessary, for the completion of the construction and full opening of the integrated resort. The guarantees expire when the obligations relating to the full opening of the integrated resort are fulfilled. The guarantees are accounted for under ASC 460 at fair value; such value is immaterial. Additionally, the Company's ownership interest in MGM Osaka, which had a carrying value of \$556 million as of March 31, 2026, is pledged as collateral for MGM Osaka's obligations under its credit agreement.

MGM Osaka funding commitment. In connection with MGM Osaka's development of an integrated resort, the Company has commitments to fund MGM Osaka of JPY428 billion, of which an estimated amount of approximately JPY335.9 billion (approximately \$2.1 billion as of March 31, 2026) remains to be funded as of March 31, 2026. During the three months ended March 31, 2026, the Company funded JPY21.0 billion (approximately \$138 million) of the committed amount. The fundings are recognized as contributions to investment in unconsolidated affiliates upon payment.

Other guarantees. The Company and its subsidiaries are party to various guarantee contracts in the normal course of business, which are generally supported by letters of credit issued by financial institutions. The Company's senior credit facility limits the amount of letters of credit that can be issued to \$1.35 billion. At March 31, 2026, \$25 million in letters of

credit were outstanding under the Company's senior credit facility. The amount of available borrowings under the credit facility is reduced by any outstanding letters of credit.

NOTE 9 — EARNINGS PER SHARE

The table below reconciles basic and diluted earnings per share of common stock. Diluted weighted-average common and common equivalent shares include adjustments for potential dilution of stock-based awards outstanding under the Company's stock compensation plan. Antidilutive share-based awards excluded from the diluted earnings per share calculation are not material.

NOTE 10 — STOCKHOLDERS' EQUITY

MGM Resorts International stock repurchases. In each of November 2023 and April 2025, the Company announced that the Board of Directors authorized a \$2.0 billion stock repurchase plan. Under these stock repurchase plans, the Company may repurchase shares from time to time in the open market or in privately negotiated agreements. Repurchases of common stock may also be made under a Rule 10b5-1 plan, which would permit common stock to be repurchased when the Company might otherwise be precluded from doing so under insider trading laws. The timing, volume and nature of stock repurchases will be at the sole discretion of management, dependent on market conditions, applicable securities laws, and other factors, and may be suspended or discontinued at any time.

During the three months ended March 31, 2025, the Company repurchased approximately 15 million shares of its common stock for an aggregate amount of \$494 million. Repurchased shares were retired.

During the three months ended March 31, 2026, the Company repurchased approximately 2 million shares of its common stock for an aggregate amount of \$90 million. Repurchased shares were retired. The remaining availability under the April 2025 \$2.0 billion stock repurchase plan was \$1.5 billion as of March 31, 2026.

NOTE 11 — SEGMENT INFORMATION

The Company's management views the operations of each of its casino properties as an operating segment which are aggregated into the reportable segments of Las Vegas Strip Resorts, Regional Operations, and MGM China and the Company's operating segments that comprise the Company's interactive gaming operations are aggregated into the MGM Digital reportable segment based on their similar economic characteristics, types of customers, types of services and products provided, the regulatory environments in which they operate, and their management and reporting structure.

Las Vegas Strip Resorts. Las Vegas Strip Resorts consists of the following casino resorts in Las Vegas, Nevada: Aria (including Vdara), Bellagio, The Cosmopolitan, MGM Grand Las Vegas (including The Signature), Mandalay Bay (including W Las Vegas and Four Seasons), Luxor, New York-New York (including The Park), Excalibur, and Park MGM (including The Reserve at Park MGM).

Regional Operations. Regional Operations consists of the following casino properties: MGM Grand Detroit in Detroit, Michigan; Beau Rivage in Biloxi, Mississippi; Borgata in Atlantic City, New Jersey; MGM National Harbor in Prince George's County, Maryland; MGM Springfield in Springfield, Massachusetts; Empire City in Yonkers, New York; and MGM Northfield Park in Northfield Park, Ohio (until its disposition in April 2026).

MGM China. MGM China consists of MGM Macau and MGM Cotai.

MGM Digital. MGM Digital consists of LeoVegas and other consolidated subsidiaries that offer interactive gaming.

The Company's operations related to investments in unconsolidated affiliates, and certain other corporate operations and management services have not been identified as separate reportable segments; therefore, these operations are included in "Corporate and other" in the following segment disclosures to reconcile to consolidated results.

The Company's chief operating decision maker ("CODM") is the Chief Executive Officer. The CODM uses and monitors budget-to-actual and actual-to-actual results of Segment Adjusted EBITDAR in assessing performance of each segment and deciding where to invest capital.

Segment Adjusted EBITDAR is the Company's reportable segment GAAP measure, which management utilizes as the primary profit measure for its reportable segments and underlying operating segments. Segment Adjusted EBITDAR is a measure defined as earnings before interest and other non-operating income (expense), income taxes, depreciation and amortization, preopening and start-up expenses, property transactions, net, triple net lease rent expense, income (loss) from unconsolidated affiliates, and also excludes corporate expense and stock compensation expense, which are not allocated to each operating segment. Triple net lease rent expense is the expense for rent to landlords under triple net operating leases for its domestic properties, the ground subleases of Beau Rivage and MGM National Harbor, and the land concessions at MGM China.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

This management’s discussion and analysis of financial condition and results of operations contain forward-looking statements that involve risks and uncertainties. Please see “Cautionary Statement Concerning Forward-Looking Statements” for a discussion of the uncertainties, risks and assumptions that may cause our actual results to differ materially from those discussed in the forward-looking statements. This discussion should be read in conjunction with our historical financial statements and related notes thereto and the other disclosures contained elsewhere in this Quarterly Report on Form 10-Q, the audited consolidated financial statements and notes for the fiscal year ended December 31, 2025, which were included in our Form 10-K, filed with the Securities and Exchange Commission (“SEC”) on February 11, 2026. The results of operations for the periods reflected herein are not necessarily indicative of results that may be expected for future periods. MGM Resorts International together with its subsidiaries may be referred to as “we,” “us” or “our.”

Updates to Strategic Business Developments

In April 2026, we completed the sale of the operations of MGM Northfield Park for cash consideration of \$546 million, subject to certain purchase price adjustments. Refer to Note 4 in the accompanying consolidated financial statements for discussion of this transaction. At closing, the master lease between the Company and VICI was amended to remove MGM Northfield Park and to reflect a \$53 million reduction in annual cash rent.

Key Performance Indicators

Key performance indicators related to gaming and hotel revenue are:

- Gaming revenue indicators: table games drop, which is the total amount of cash and net markers issued and deposited into the drop box, and slot handle, which is the gross amount wagered in slot machines, (volume indicators); “win” or “hold” percentage, which is not fully controllable by us. “Win” or “hold” percentages represent the net amount of gaming wins and losses in relation to table games drop or slot handle; and
- Hotel revenue indicators (for Las Vegas Strip Resorts) – hotel occupancy (a volume indicator); average daily rate (“ADR,” a price indicator); and revenue per available room (“RevPAR,” a summary measure of hotel results, combining ADR and occupancy rate). Our calculation of ADR, which is the average price of occupied rooms per day, includes the impact of complimentary rooms. Complimentary room rates are determined based on standalone selling price. Because the mix of rooms provided on a complimentary basis, particularly to casino customers, includes a disproportionate suite component, the composite ADR including complimentary rooms is slightly higher than the ADR for cash rooms, reflecting the higher retail value of suites.

Results of Operations

Summary Operating Results

The following table summarizes our consolidated operating results:

	Three Months Ended March 31,	
	2026	2025
	<i>(In thousands)</i>	
Net revenues	\$ 4,454,718	\$ 4,277,082
Operating income	301,242	385,057
Net income	174,792	226,731
Net income attributable to MGM Resorts International	125,136	148,554

Consolidated net revenues for the three months ended March 31, 2026 increased 4% compared to the prior year quarter due primarily to MGM China increasing 9%, MGM Digital increasing 43%, and Regional Operations increasing 2%, while Las Vegas Strip Resorts was flat, each as compared to the prior year quarter.

Consolidated operating income decreased 22% for the three months ended March 31, 2026 compared to the prior year quarter due primarily to an increase in gaming taxes incurred primarily at MGM China, a \$46 million increase in self insurance expense due to an increase in reserves, the receipt of \$8 million of business interruption insurance proceeds in the current year quarter compared to \$49 million in the prior year quarter related to the September 2023 cybersecurity issue, and an increase in payroll related expenses, partially offset by the increase in net revenue, discussed below.

Main floor table games win	\$ 1,077	\$ 913
Main floor table games win %	27.1 %	25.2 %

MGM Digital

MGM Digital's net revenues increased 43% or \$55 million for the three months ended March 31, 2026 compared to the prior year quarter due primarily to growth within LeoVegas' business to consumer offerings.

Corporate and other

Corporate and other revenue includes other corporate operations and management services.

Segment Adjusted EBITDAR and Consolidated Adjusted EBITDA

The following table presents Segment Adjusted EBITDAR and Consolidated Adjusted EBITDA. Segment Adjusted EBITDAR is our reportable segment GAAP measure, which we utilize as the primary profit measure for our reportable segments. See Note 11 to the accompanying consolidated financial statements and "Reportable Segment GAAP measure" below for additional information. Consolidated Adjusted EBITDA is a non-GAAP measure, discussed within "Non-GAAP measures" below.

	Three Months Ended March 31,	
	2026	2025
	<i>(In thousands)</i>	
Las Vegas Strip Resorts	\$ 749,207	\$ 811,160

Consolidated Adjusted EBITDA	\$ 580,164	\$ 637,054

(1) Includes triple net lease rent expense of \$565 million and \$564 million for the three month periods ended March 31, 2026 and 2025, respectively.

Las Vegas Strip Resorts.

Las Vegas Strip Resorts Segment Adjusted EBITDAR decreased 8% for the three months ended March 31, 2026 compared to the prior year quarter. Las Vegas Strip Resorts Segment Adjusted EBITDAR margin was 34.4% for the three months ended March 31, 2026, compared to 37.3% in the prior year quarter due primarily to the receipt of \$6 million of business interruption insurance proceeds related to the September 2023 cybersecurity issue in the current year quarter as compared to \$36 million in the prior year quarter and an increase in self insurance expense of \$37 million due to an increase in reserves.

Regional Operations

Regional Operations Segment Adjusted EBITDAR decreased 7% for the three months ended March 31, 2026, compared to the prior year quarter. Regional Operations Segment Adjusted EBITDAR margin was 28.3% for the three months ended March 31, 2026, compared to 31.0% in the prior year quarter due primarily to an increase in payroll related expenses, the receipt of \$2 million of business interruption insurance proceeds related to the September 2023 cybersecurity issue in the current year quarter as compared to \$12 million in the prior year quarter, and an increase in self insurance expense of \$9 million due to an increase in reserves, partially offset by the increase in net revenues discussed above.

MGM China

MGM China Segment Adjusted EBITDAR decreased 4% for the three months ended March 31, 2026, compared to the prior year quarter. MGM China Segment Adjusted EBITDAR margin was 24.4% for the three months ended March 31, 2026, compared to 27.8% in the prior year quarter due primarily to an increase in the intercompany branding license fee expense of \$23 million primarily as a result of a new intercompany long term branding agreement, and an increase in payroll related expenses, partially offset by the increase in net revenues.

MGM Digital

MGM Digital Segment Adjusted EBITDAR loss was \$26 million for the three months ended March 31, 2026 compared to a loss of \$34 million in the prior year quarter. The change was due primarily to an increase in revenue, as discussed above partially offset by an increase in marketing expenses and gaming taxes.

Income (loss) from Unconsolidated Affiliates

The following table summarizes information related to our share of operating income (loss) from unconsolidated affiliates:

	Three Months Ended March 31,	
	2026	2025
	<i>(In thousands)</i>	
BetMGM North America Venture	\$ 7,360	\$ (15,201)

Non-operating Results

Interest expense

Gross interest expense was \$101 million and \$108 million for the three months ended March 31, 2026 and 2025, respectively. See Note 5 to the accompanying consolidated financial statements for discussion on long-term debt and see “Liquidity and Capital Resources” for discussion on issuances and repayments of long-term debt.

Other, net

Other, net was income of \$4 million and expense of \$11 million for the three months ended March 31, 2026 and 2025, respectively. Other income, net for the three months ended March 31, 2026 was primarily comprised of a foreign currency transaction gain of \$25 million and interest and dividend income of \$10 million, partially offset by a net loss related to debt and equity investments of \$12 million and a net loss related to derivatives of \$19 million. Other expense, net for the three months ended March 31, 2025 was primarily comprised of a foreign currency transaction loss of \$101 million primarily related to USD denominated debt held by a foreign subsidiary, partially offset by a net gain related to derivatives of \$40 million, a gain related to debt and equity investments of \$35 million, and interest and dividend income of \$15 million.

Income taxes

Our effective income tax rate was 13.6% and 15.0% for the three months ended March 31, 2026 and March 31, 2025, respectively. The effective tax rate for each of the periods was favorably impacted primarily by the mix of U.S. and foreign income, including Macau gaming profits which are exempt from complementary tax.

Reportable Segment GAAP measure

“Segment Adjusted EBITDAR” is our reportable segment GAAP measure, which we utilize as the primary profit measure for our reportable segments and underlying operating segments. Segment Adjusted EBITDAR is a measure defined as earnings before interest and other non-operating income (expense), income taxes, depreciation and amortization,

preopening and start-up expenses, property transactions, net, triple net lease rent expense, income (loss) from unconsolidated affiliates, and also excludes corporate expense and stock compensation expense, which are not allocated to each operating segment. Triple net lease rent expense is the expense for rent to landlords under triple net operating leases for its domestic properties, the ground subleases of Beau Rivage and MGM National Harbor, and the land concessions at MGM China. "Segment Adjusted EBITDAR margin" is Segment Adjusted EBITDAR divided by related segment net revenues.

Non-GAAP measures

"Consolidated Adjusted EBITDA" is earnings before interest and other non-operating income (expense), income taxes, depreciation and amortization, preopening and start-up expenses, and property transactions, net.

Consolidated Adjusted EBITDA information is a non-GAAP measure that is presented solely as a supplemental disclosure to reported GAAP measures because it is among the measures used by management to evaluate our operating performance, and because we believe this measure is widely used by analysts, lenders, financial institutions, and investors as a measure of operating performance in the gaming industry and as a principal basis for the valuation of gaming companies. We believe that while items excluded from Consolidated Adjusted EBITDA may be recurring in nature and should not be disregarded in evaluation of our earnings performance, it is useful to exclude such items when analyzing current results and trends compared to other periods because these items can vary significantly depending on specific underlying transactions or events that may not be comparable between the periods being presented. Also, we believe excluded items may not relate specifically to current operating trends or be indicative of future results. For example, preopening and start-up expenses will be significantly different in periods when we are developing and constructing a major expansion project and will depend on where the current period lies within the development cycle, as well as the size and scope of the project(s). Property transactions, net includes normal recurring disposals, gains and losses on sales of assets related to specific assets within our properties, but also includes gains or losses on sales of an entire operating resort or a group of resorts and impairment charges on entire asset groups or investments in unconsolidated affiliates, which may not be comparable period over period. However, Consolidated Adjusted EBITDA has limitations as an analytical tool, and should not be construed as an alternative or substitute to any measure determined in accordance with generally accepted accounting principles. For example, we have significant uses of cash flows, including capital expenditures, interest payments, income taxes, and debt principal repayments, which are not reflected in Consolidated Adjusted EBITDA. Accordingly, while we believe that Consolidated Adjusted EBITDA is a relevant measure of performance, Consolidated Adjusted EBITDA should not be construed as an alternative to or substitute for operating income or net income as an indicator of our performance, or as an alternative to or substitute for cash flows from operating activities as a measure of liquidity. In addition, other companies in the gaming and hospitality industries that report Consolidated Adjusted EBITDA may calculate Consolidated Adjusted EBITDA in a different manner and such differences may be material. A reconciliation of GAAP net income to Consolidated Adjusted EBITDA is included herein.

The following table presents a reconciliation of net income attributable to MGM Resorts International to Consolidated Adjusted EBITDA:

Guarantor Financial Information

As of March 31, 2026, all of our registered principal debt arrangements are guaranteed by each of our wholly owned material domestic subsidiaries that guarantee our senior credit facilities. Our registered principal debt arrangements are not guaranteed by MGM Grand Detroit, LLC, MGM National Harbor, LLC, Blue Tarp reDevelopment, LLC (d/b/a MGM Springfield), MGM Sports & Interactive Gaming, LLC (the entity that holds our 50% interest in BetMGM North America Venture), MGM CEE Holdco, LLC (the entity that holds our consolidated digital gaming subsidiaries, including LeoVegas), and each of their respective subsidiaries. Our foreign subsidiaries, including MGM China and its subsidiaries, are also not guarantors of our registered principal debt arrangements. In the event that any subsidiary is no longer a guarantor of our senior credit facilities or any of our future capital markets indebtedness, that subsidiary will be released and relieved of its obligations to guarantee our existing registered principal debt arrangements. The indentures governing the registered principal debt arrangements further provide that in the event of a sale of all or substantially all of the assets of, or capital stock in a subsidiary guarantor then such subsidiary guarantor will be released and relieved of any obligations under its subsidiary guarantee.

The guarantees provided by the subsidiary guarantors rank senior in right of payment to any future subordinated debt of ours or such subsidiary guarantors, junior to any secured indebtedness to the extent of the value of the assets securing such debt and effectively subordinated to any indebtedness and other obligations of our subsidiaries that do not guarantee the senior notes. In addition, the obligations of each subsidiary guarantor under its guarantee are limited so as not to constitute a fraudulent conveyance under applicable law, which may eliminate the subsidiary guarantor's obligations or reduce such obligations to an amount that effectively makes the subsidiary guarantee lack value.

The summarized financial information of us and our guarantor subsidiaries, on a combined basis, is presented below.

Liquidity and Capital Resources

Cash Flows

Operating activities. Trends in our operating cash flows tend to follow trends in operating income, excluding non-cash charges, but can be affected by changes in working capital, the timing of significant interest payments, and income tax payments or refunds. Cash provided by operating activities was \$568 million in the three months ended March 31, 2026 compared to \$547 million in the prior year period. The increase from the prior year period was due primarily to the change in cash refunded for income taxes, partially offset by a decrease in Segment Adjusted EBITDAR at our Las Vegas Strip Resorts discussed within the Results of Operations section above.

Investing activities. Our investing cash flows can fluctuate significantly from year to year depending on our decisions with respect to strategic capital investments, business acquisitions or dispositions, and the timing of maintenance capital expenditures to maintain the quality of our properties. Capital expenditures related to regular investments in our existing properties can also vary depending on timing of larger remodel projects related to our public spaces and hotel rooms.

Cash used in investing activities was \$373 million in the three months ended March 31, 2026 compared to \$227 million in the prior year period. In the three months ended March 31, 2026, we made payments of \$155 million in capital expenditures, as further discussed below, and contributed \$138 million to unconsolidated affiliates. In comparison, in the prior year period we made payments of \$228 million in capital expenditures, as further discussed below.

Capital Expenditures

We made capital expenditures of \$155 million in the three months ended March 31, 2026, of which \$42 million related to MGM China and is inclusive of capital expenditures relating to the gaming concession investment. Capital expenditures primarily related to room remodels and information technology.

We made capital expenditures of \$228 million in the three months ended March 31, 2025, of which \$60 million related to MGM China and is inclusive of capital expenditures related to the gaming concession investment. Capital expenditures primarily related to room remodels and information technology.

Financing activities. Cash provided by financing activities was \$40 million in the three months ended March 31, 2026 compared to cash used in financing activities of \$470 million in the prior year period. In the three months ended March 31, 2026, we had net borrowings of debt of \$178 million, as further discussed below, and paid \$89 million for repurchases of our common stock. In comparison, in the prior year period, we had net borrowings of debt of \$50 million, as further discussed below, paid \$489 million for repurchases of our common stock, and distributed \$12 million to noncontrolling interest owners.

Borrowings and Repayments of Long-term Debt

During the three months ended March 31, 2026, we had net borrowings of debt of \$178 million on MGM China's revolving credit facility.

During the three months ended March 31, 2025, we had net borrowings of debt of \$50 million on MGM China's first revolving credit facility.

Share Repurchases

During the three months ended March 31, 2026, we paid \$89 million relating to repurchases of our common stock pursuant to our stock repurchase plans. See Note 10 for further information on the stock repurchases. The remaining availability under the April 2025 \$2.0 billion stock repurchase plan was \$1.5 billion as of March 31, 2026.

During the three months ended March 31, 2025, we paid \$489 million relating to repurchases of our common stock pursuant to our stock repurchase plans.

Other Factors Affecting Liquidity and Anticipated Uses of Cash

We require a certain amount of cash on hand to operate our businesses. In addition to required cash on hand for operations, we utilize corporate cash management procedures to minimize the amount of cash held on hand or in banks. Funds are swept from the accounts at most of our domestic properties daily into central bank accounts, and excess funds are invested overnight or are used to repay amounts drawn under our revolving credit facilities. In addition, from time to time we may use excess funds to repurchase our outstanding debt and equity securities subject to limitations in our revolving credit facility and Delaware law, as applicable. We have significant outstanding debt, interest payments, rent payments, and contractual obligations in addition to planned capital expenditures and commitments.

As of March 31, 2026, we had cash and cash equivalents of \$2.3 billion, of which MGM China held \$918 million, and we had \$6.4 billion in principal amount of indebtedness, including \$2.7 billion related to MGM China. No amounts were drawn on our revolving credit facility and, as of March 31, 2026, there was \$663 million outstanding under MGM China's revolving credit facility.

Our expected cash interest payments over the next twelve months, based on principal amounts of debt outstanding, contractual maturity dates, and interest rates, each as of March 31, 2026, are approximately \$190 million to \$210 million, excluding MGM China, and approximately \$325 million to \$345 million on a consolidated basis, which includes MGM China.

We are also required, as of March 31, 2026, to make annual contractual cash rent payments of \$1.8 billion to our landlords over the next twelve months under triple net lease agreements, which triple net leases are also subject to annual escalators and also require us to pay substantially all costs associated with the lease, including real estate taxes, ground lease payments, insurance, utilities and routine maintenance (with each lease obligating us to spend a specified percentage of net revenues at the properties on capital expenditures), in addition to the annual cash rent. Refer to Note 4 for discussion of the MGM Northfield Park transaction, which, in connection with the closing of the transaction in April 2026, the master lease between us and VICI was amended to remove MGM Northfield Park and to reflect a \$53 million reduction in annual cash rent.

We have planned capital expenditures expected over the remainder of 2026 of approximately \$780 million to \$880 million on a consolidated basis, of which \$130 million to \$180 million relates to MGM China and is inclusive of the estimated amount of the gaming concession investment that relates to capital projects.

We continue to explore potential development or investment opportunities, such as expanding our global online gaming presence, which may require cash commitments in the future.

Additionally, we have cash commitments to fund MGM Osaka relating to the development of an integrated resort in Osaka, Japan of JPY428 billion, which represents our expected approximate 43.5% equity share (our ownership percentage of MGM Osaka decreased from 50% as of March 31, 2026 to approximately 39% subsequent to minority interest equity funding in April 2026 and is expected to fluctuate over the equity funding period, with us holding an approximate 43.5% ownership interest upon completion of such fundings). We expect to fund the estimated remaining amount of approximately JPY335.9 billion (approximately \$2.1 billion as of March 31, 2026) on a quarterly basis through 2028, of which a portion we expect to fund with the proceeds from the senior secured yen credit facility. Project costs may increase due primarily to inflation, which increases may be offset by cost mitigation efforts and funded by additional financing. Refer to Note 8 to the accompanying consolidated financial statements for further discussion regarding our commitments and guarantees.

MGM China recommended a final dividend for 2025 in March 2026, subject to shareholders' approval. If approved, MGM China would pay an estimated approximate \$171 million in June 2026, of which we would receive an estimated approximate \$96 million.

Critical Accounting Policies and Estimates

A complete discussion of our critical accounting policies and estimates is included in our Form 10-K for the fiscal year ended December 31, 2025. There have been no significant changes in our critical accounting policies and estimates since year end.

Market Risk

There have been no material changes in our market risk from the quantitative and qualitative disclosures about market risk included in our Form 10-K for the fiscal year ended December 31, 2025, other than those below.

Interest rate risk. We are subject to interest rate risk associated with our variable rate long-term debt. We attempt to limit our exposure to interest rate risk by managing the mix of our long-term fixed rate borrowings and short-term borrowings under our bank credit facilities. A change in interest rates generally does not have an impact upon our future earnings and cash flow for fixed-rate debt instruments. As fixed-rate debt matures, however, and if additional debt is acquired to fund the debt repayment, future earnings and cash flow may be affected by changes in interest rates. This effect would be realized in the periods subsequent to the periods when the debt matures.

As of March 31, 2026, variable rate borrowings represented approximately 16% of our total borrowings. The following table provides additional information about our gross long-term debt subject to changes in interest rates:

	Debt maturing in						Fair Value

Cautionary Statement Concerning Forward-Looking Statements

This Form 10-Q contains “forward-looking statements” within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as “anticipates,” “intends,” “plans,” “seeks,” “believes,” “estimates,” “expects,” “will,” “may” and similar references to future periods. Examples of forward-looking statements include, but are not limited to: statements we make regarding expectations regarding the impact of macroeconomic trends on our business; our ability to execute on ongoing and future strategic initiatives, including the development of an integrated resort in Japan, expectations regarding the potential opportunity for gaming expansion in Dubai, investments we make in online sports betting and iGaming, and the expansion of LeoVegas and the MGM digital brand; positioning BetMGM North America Venture as a leader in sports betting and iGaming; amounts we will spend on capital expenditures and investments; our expectations with respect to future share repurchases and cash dividends on our common stock; dividends and distributions we will receive from MGM China and BetMGM North America Venture; amounts projected to be realized as deferred tax assets; expected tax refunds; the timing and outcome of investigations by state regulators related to the September 2023 cybersecurity issue, and the availability of cybersecurity insurance proceeds in connection with a cybersecurity incident and the nature and scope of any regulatory proceedings that may be brought against us. The foregoing is not a complete list of all forward-looking statements we make.

Forward-looking statements are based on our current expectations and assumptions regarding our business, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks, and changes in circumstances that are difficult to predict. Our actual results may differ materially from those contemplated by the forward-looking statements. They are neither statements of historical fact nor guarantees or assurances of future performance. Therefore, we caution you against relying on any of these forward-looking statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements include, but are not limited to, regional, national or global political, economic, business, competitive, market, and regulatory conditions and the following:

- our substantial indebtedness and significant financial commitments, including our rent payments and guarantees we provide of the indebtedness of the landlords of Bellagio, Mandalay Bay, and MGM Grand Las Vegas could adversely affect our operations, development options and financial results and impact our ability to satisfy our obligations;
- current and future economic, capital and credit market conditions could adversely affect our ability to service our substantial indebtedness and significant financial commitments, or make planned expenditures;
- the agreements governing our senior credit facility and other senior indebtedness contain restrictions and limitations that could significantly affect our ability to operate our business, as well as significantly affect our liquidity;
- the fact that we are required to pay a significant portion of our cash flows as rent, which could adversely affect our ability to fund our operations and growth initiatives, service our indebtedness and limit our ability to react to competitive and economic changes;
- significant competition we face with respect to destination travel locations generally and with respect to our peers in the industries in which we compete;
- the impact on our business of economic and market conditions in the jurisdictions in which we operate and in the locations in which our customers reside;
- the fact that we suspended our payment of ongoing regular dividends to our stockholders, and may not elect to resume paying dividends in the foreseeable future or at all;
- all of our domestic gaming facilities are leased and could experience risks associated with leased property, including risks relating to lease termination, lease extensions, charges and our relationship with the lessor, which could have a material adverse effect on our business, financial position or results of operations;
- financial, operational, regulatory or other potential challenges that may arise with respect to landlords under our master leases may adversely impair our operations;
- the concentration of a significant number of our major gaming resorts on the Las Vegas Strip;
- the fact that we extend credit to a large portion of our customers and we may not be able to collect such gaming receivables;

- the occurrence of impairments to goodwill, indefinite-lived intangible assets or long-lived assets which could negatively affect future profits;
- the susceptibility of leisure and business travel, especially travel by air, to global geopolitical events, such as terrorist attacks, other acts of violence or acts of war or hostility or outbreaks of infectious diseases;
- the fact that co-investing in properties or businesses, including our investments in BetMGM North America Venture and MGM Osaka, decreases our ability to manage risk;
- the fact that future construction, development, or expansion projects will be subject to significant development and construction risks, which could have a material adverse impact on related project timetables, costs, and our ability to complete the projects;
- the fact that our insurance coverage may not be adequate to cover all possible losses that our properties could suffer, our insurance costs may increase and we may not be able to obtain similar insurance coverage in the future;
- the fact that a failure to protect our intellectual property could have a negative impact on the value of our brand names and adversely affect our business;
- the fact that a significant portion of our labor force is covered by collective bargaining agreements;
- the sensitivity of our business to energy prices and a rise in energy prices could harm our operating results;
- the failure of future efforts to expand through investments in other businesses and properties or through alliances or acquisitions, or to divest some of our properties and other assets;
- the fact that our operational efforts to expand our digital business in new geographic markets may not be successful;
- the failure to maintain the integrity of our information and other systems or customer information could result in damage to our reputation and/or subject us to fines, payment of damages, lawsuits and restrictions on our use of data;
- reputational harm as a result of increased scrutiny related to our corporate social responsibility efforts;
- extreme weather conditions or climate change may cause property damage or interrupt business;
- water scarcity could negatively impact our operations;
- the fact that our businesses are subject to extensive regulation and the cost of compliance or failure to comply with such regulations may adversely affect our business;
- the risks associated with doing business outside of the United States and the impact of any potential violations of the Foreign Corrupt Practices Act or other similar anti-corruption laws;
- increases in taxes and fees, including gaming taxes, in the jurisdictions in which we operate;
- our ability to recognize our foreign tax credit deferred tax asset and the variability of the valuation allowance we may apply against such deferred tax asset;
- changes to fiscal and tax policies;
- risks related to pending claims that have been, or future claims that may be brought against us;
- disruptions in the availability of our information and other systems (including our website and digital platform) or those of third parties on which we rely, through cyber-attacks or otherwise, which could adversely impact our ability to service our customers and affect our sales and the results of operations;
- impact to our business, operations, and reputation from, and expenses and uncertainties associated with, a cybersecurity incident, including the September 2023 cybersecurity issue, the availability of cybersecurity insurance proceeds in connection with a cybersecurity incident, and any related legal proceedings, other claims or investigations, and costs of remediation, restoration, or enhancement of information technology systems;

- restrictions on our ability to have any interest or involvement in gaming businesses in mainland China, Macau, Hong Kong and Taiwan, other than through MGM China;
- the ability of the Macau government to (i) terminate MGM Grand Paradise's concession under certain circumstances without compensating MGM Grand Paradise, (ii) from the eighth year of MGM Grand Paradise's concession, redeem the concession by providing MGM Grand Paradise at least one year's prior notice and subject to the payment of reasonable and fair damages or indemnity to MGM Grand Paradise, or (iii) refuse to grant MGM Grand Paradise an extension of the concession prior to its expiry; and
- the potential for conflicts of interest to arise because certain of our directors and officers are also directors of MGM China.

Any forward-looking statement made by us in this Form 10-Q speaks only as of the date on which it is made. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by law. If we update one or more forward-looking statements, no inference should be made that we will make additional updates with respect to those or other forward-looking statements.

You should also be aware that while we from time to time communicate with securities analysts, we do not disclose to them any material non-public information, internal forecasts or other confidential business information. Therefore, you should not assume that we agree with any statement or report issued by any analyst, irrespective of the content of the statement or report. To the extent that reports issued by securities analysts contain projections, forecasts or opinions, those reports are not our responsibility and are not endorsed by us.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

We incorporate by reference the information appearing under "Market Risk" in Part I, Item 2 of this Form 10-Q.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

Our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer) have concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended ("the Exchange Act")) were effective as of March 31, 2026 to provide reasonable assurance that information required to be disclosed in the Company's reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC rules and regulations and to provide that such information is accumulated and communicated to management to allow timely decisions regarding required disclosures. This conclusion is based on an evaluation as required by Rules 13a-15(b) and 15d-15(b) under the Exchange Act conducted under the supervision and participation of the principal executive officer and principal financial officer along with company management.

Changes in Internal Control over Financial Reporting

During the quarter ended March 31, 2026, there were no changes in our internal control over financial reporting that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II. OTHER INFORMATION

Item 1. Legal Proceedings

See discussion of legal proceedings in Note 8 – *Commitments and Contingencies* in the accompanying consolidated financial statements.

Item 1A. Risk Factors

A description of certain factors that may affect our future results and risk factors is set forth in our Annual Report on Form 10-K for the year ended December 31, 2025. There have been no material changes to those factors previously disclosed in our 2025 Annual Report on Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table provides information about share repurchases of our common stock during the quarter ended March 31, 2026:

Period	Total Number of Shares Purchased	Average Price Paid per Share ⁽¹⁾	Total Number of Shares Purchased as Part of a Publicly Announced Program	Dollar Value of Shares that May Yet be Purchased Under the Program ⁽¹⁾ (In thousands)
January 1, 2026 — January 31, 2026	2,197,921	\$ 35.45	2,197,921	\$ 1,522,481
February 1, 2026 — February 28, 2026	—	\$ —	—	\$ 1,522,481
March 1, 2026 — March 31, 2026	—	\$ —	—	\$ 1,522,481

(1) The “Average Price Paid per Share” figures presented above are calculated on an execution date (trade date) basis and exclude commissions and excise taxes. Figures presented under “Dollar Value of Shares that May Yet be Purchased Under the Program” indicate the total amount of authorized capacity remaining in accordance with the terms of the applicable publicly announced share repurchase plan, which excludes the cost of commissions and excise taxes.

In April 2025, we announced that the Board of Directors had authorized a \$2.0 billion stock repurchase plan. Under the stock repurchase plan, we may repurchase shares from time to time in the open market or in privately negotiated agreements. Repurchases of common stock may also be made under a Rule 10b5-1 plan, which would permit common stock to be purchased when we might otherwise be precluded from doing so under insider trading laws. The timing, volume and nature of stock repurchases will be at the sole discretion of management, dependent on market conditions, applicable securities laws, and other factors, and may be suspended or discontinued at any time. All shares repurchased during the quarter ended March 31, 2026 were purchased pursuant to our publicly announced stock repurchase plan and have been retired.

Item 5. Other Information

During the three months ended March 31, 2026, none of our directors or officers (as defined in Rule 16a-1(f) of the Exchange Act) adopted, terminated or modified a Rule 10b5-1 trading arrangement or non-Rule 10b5-1 trading arrangement (as such terms are defined in Item 408 of Regulation S-K of the Securities Act of 1933, as amended (the “Securities Act”)).
