

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549

Form 10-Q

(Mark One)

- ☒ QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
FOR THE QUARTERLY PERIOD ENDED JUNE 30, 2026 OR
☐ TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
FOR THE TRANSITION PERIOD FROM _____ TO _____
Commission File Number: 001-41197

APOLLO

APOLLO GLOBAL MANAGEMENT, INC.
(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction of incorporation or organization)

86-3155788
(I.R.S. Employer Identification No.)

9 West 57th Street, 42nd Floor
New York, New York 10019
(Address of principal executive offices) (Zip Code)
(212) 515-3200
(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

<u>Title of each class</u>	<u>Trading Symbol(s)</u>	<u>Name of each exchange on which registered</u>
Common Stock	APO	New York Stock Exchange
6.75% Series A Mandatory Convertible Preferred Stock	APO.PRA	New York Stock Exchange
7.625% Fixed-Rate Resettable Junior Subordinated Notes due 2053	APOS	New York Stock Exchange

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes x No ☐

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes x No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer x Accelerated filer ☐ Non-accelerated filer ☐ Smaller reporting company ☐ Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No x

As of August 5, 2026, there were 590,543,159 shares of the registrant's common stock outstanding.

Forward-Looking Statements

This report may contain forward-looking statements that are within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). These statements include, but are not limited to, discussions related to Apollo’s expectations regarding the performance of its business, its liquidity and capital resources and the other non-historical statements in the discussion and analysis. These forward-looking statements are based on management’s beliefs, as well as assumptions made by, and information currently available to, management. When used in this report, the words “believe,” “anticipate,” “estimate,” “expect,” “intend,” “target” or future or conditional verbs, such as “will,” “should,” “could,” or “may,” and variations of such words and similar expressions are intended to identify forward-looking statements. Although management believes that the expectations reflected in these forward-looking statements are reasonable, it can give no assurance that these expectations will prove to have been correct. These statements are subject to certain risks, uncertainties and assumptions, including risks relating to inflation, interest rate fluctuations and market conditions generally, international trade barriers, domestic or international political developments and other geopolitical events, including geopolitical tensions and hostilities, the impact of energy market dislocation, our ability to manage our growth, our ability to operate in highly competitive environments, the performance of the funds we manage, our ability to raise new funds, the variability of our revenues, earnings and cash flow, the accuracy of management’s assumptions and estimates, our dependence on certain key personnel, our use of leverage to finance our businesses and investments by the funds we manage, Athene’s ability to maintain or improve financial strength ratings, the impact of Athene’s reinsurers failing to meet their assumed obligations, Athene’s ability to manage its business in a highly regulated industry, changes in our regulatory environment and tax status, and litigation risks, among others. We believe these factors include but are not limited to those described under the section entitled “Risk Factors” in the Company’s annual report on Form 10-K filed with the United States Securities and Exchange Commission (“SEC”) on February 25, 2026 (the “2025 Annual Report”), as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC’s website at www.sec.gov. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this report and in our other filings with the SEC. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future developments or otherwise, except as required by applicable law.

Terms Used in This Report

In this report, references to “Apollo,” “we,” “us,” “our,” and the “Company” refer to Apollo Global Management, Inc. (“AGM”) and its subsidiaries unless the context requires otherwise. References to “AGM common stock” or “common stock” of the Company refer to shares of common stock, par value \$0.00001 per share, of AGM and “Mandatory Convertible Preferred Stock” refers to the 6.75% Series A Mandatory Convertible Preferred Stock of AGM.

The use of any defined term in this report to mean more than one entity, person, security or other item collectively is solely for convenience of reference and in no way implies that such entities, persons, securities or other items are one indistinguishable group. For example, notwithstanding the use of the defined terms “Apollo,” “we,” “us,” “our,” and the “Company” in this report to refer to AGM and its subsidiaries, each subsidiary of AGM is a standalone legal entity that is separate and distinct from AGM and any of its other subsidiaries. Any Apollo entity (including any Athene entity) referenced herein is responsible for its own financial, contractual and legal obligations.

Term or Acronym	Definition
AAA	Apollo Aligned Alternatives Aggregator, L.P.
AAA Lux	Apollo Aligned Alternatives Lux Aggregator, L.P.
AAIA	Athene Annuity and Life Company
AAM	Apollo Asset Management, Inc. (f/k/a Apollo Global Management, Inc. prior to the Mergers.)
AARe	Athene Annuity Re Ltd., a Bermuda reinsurance subsidiary
ABS	Asset-backed securities
Accord+	Apollo Accord+ Fund, L.P., together with its parallel funds and alternative investment vehicles
Accord+ II	Apollo Accord+ II Fund, L.P., together with its parallel funds and alternative investment vehicles
Accord I	Apollo Accord Master Fund, L.P., together with its feeder funds
Accord II	Apollo Accord Master Fund II, L.P., together with its feeder funds
Accord III	Apollo Accord Master Fund III, L.P., together with its feeder funds
Accord III B	Apollo Accord Master Fund III B, L.P., together with its feeder funds
Accord IV	Apollo Accord Fund IV, L.P., together with its parallel funds and alternative investment vehicles

Accord V	Apollo Accord Fund V, L.P., together with its parallel funds and alternative investment vehicles
Accord VI	Apollo Accord Fund VI, L.P., together with its parallel funds and alternative investment vehicles
Accord VII	Apollo Accord Fund VII, L.P., together with its parallel funds and alternative investment vehicles
Accord Funds	Accord I, Accord II, Accord III, Accord III B, Accord IV, Accord V, Accord VI and Accord VII
Accord+ Funds	Accord+ and Accord+ II
ACRA	ACRA 1 and ACRA 2
ACRA 1	Athene Co-Invest Reinsurance Affiliate Holding Ltd., together with its subsidiaries
ACRA 2	Athene Co-Invest Reinsurance Affiliate Holding 2 Ltd., together with its subsidiaries
ADCF	Apollo Diversified Credit Fund
ADIP	ADIP I and ADIP II
ADIP I	Apollo/Athene Dedicated Investment Program (A), L.P., together with its parallel funds, a series of funds managed by Apollo including third-party capital that, through ACRA 1, invests alongside Athene in certain investments
ADIP II	Apollo/Athene Dedicated Investment Program II, L.P., a fund managed by Apollo including third-party capital that, through ACRA 2, invests alongside Athene in certain investments
Adjusted Net Income Shares Outstanding, or ANI Shares Outstanding	Consists of total shares of common stock outstanding, RSUs that participate in dividends, and shares of common stock assumed to be issuable upon the conversion of the shares of Mandatory Convertible Preferred Stock
ADREF	Apollo Diversified Real Estate Fund
ADS	Apollo Debt Solutions BDC
AFS	Available-for-sale
AIOF I	Apollo Infra Equity US Fund, L.P. and Apollo Infra Equity International Fund, L.P., including their feeder funds and alternative investment vehicles
AIOF II	Apollo Infrastructure Opportunities Fund II, L.P., together with its parallel funds and alternative investment vehicles
AIOF III	Apollo Infrastructure Opportunities Fund III, L.P., together with its parallel funds and alternative investment vehicles
ALRe	Athene Life Re Ltd., a Bermuda reinsurance subsidiary
Alternative investments	Alternative investments, including investment funds and certain VIEs, adjusted for reinsurance impacts and to include Athene's proportionate share of ACRA alternative investments based on its economic ownership
AMAPS	Apollo Multi-Asset Prime Securities
AMH	Apollo Management Holdings, L.P., a Delaware limited partnership, that is an indirect subsidiary of AGM
ANRP I	Apollo Natural Resources Partners, L.P., together with its alternative investment vehicles
ANRP II	Apollo Natural Resources Partners II, L.P., together with its alternative investment vehicles
ANRP III	Apollo Natural Resources Partners III, L.P., together with its parallel funds and alternative investment vehicles
AOCI	Accumulated other comprehensive income (loss)
AOG Units	Units of the Apollo Operating Group
Apollo DAF	The donor-advised fund established by Apollo
Apollo funds, our funds and references to the funds we manage	The funds (including the parallel funds and alternative investment vehicles of such funds), partnerships, accounts, including strategic investment accounts or “SIAs,” alternative asset companies and other entities for which subsidiaries of Apollo provide investment management or advisory services.
Apollo Operating Group	(i) The entities through which we currently operate our asset management business and (ii) one or more entities formed for the purpose of, among other activities, holding certain of our gains or losses on our principal investments in the funds, which we refer to as our “principal investments.”
Apollo TRA	The tax receivable agreement entered into by and among APO Corp., the Former Managing Partners, the Contributing Partners, and other parties thereto
ARI	Apollo Commercial Real Estate Finance, Inc.
ARIS	Apollo Realty Income Solutions, Inc.

Assets Under Management, or AUM

The assets of the funds, partnerships and accounts to which Apollo provides investment management, advisory, or certain other investment-related services, including, without limitation, capital that such funds, partnerships and accounts have the right to call from investors pursuant to capital commitments. Our AUM equals the sum of:

1. the NAV, plus used or available leverage and/or capital commitments, or gross assets plus capital commitments, of the credit and certain equity funds, partnerships and accounts for which we provide investment management or advisory services, other than certain CLOs, CDOs, and certain perpetual capital vehicles, which have a fee-generating basis other than the mark-to-market value of the underlying assets; for certain perpetual capital vehicles in credit, gross asset value plus available financing capacity;
 2. the fair value of the investments of equity and certain credit funds, partnerships and accounts Apollo manages or advises, plus the capital that such funds, partnerships and accounts are entitled to call from investors pursuant to capital commitments, plus portfolio level financings;
 3. the gross asset value associated with the reinsurance investments of the portfolio company assets Apollo manages or advises; and
 4. the fair value of any other assets that Apollo manages or advises for the funds, partnerships and accounts to which Apollo provides investment management, advisory, or certain other investment-related services, plus unused credit facilities, including capital commitments to such funds, partnerships and accounts for investments that may require pre-qualification or other conditions before investment plus any other capital commitments to such funds, partnerships and accounts available for investment that are not otherwise included in the clauses above.
- Apollo's AUM measure includes Assets Under Management for which Apollo charges either nominal or zero fees. Apollo's AUM measure also includes assets for which Apollo does not have investment discretion, including certain assets for which Apollo earns only investment-related service fees, rather than management or advisory fees. Apollo's definition of AUM is not based on any definition of Assets Under Management contained in its governing documents or in any management agreements of the funds Apollo manages. Apollo considers multiple factors for determining what should be included in its definition of AUM. Such factors include but are not limited to (1) Apollo's ability to influence the investment decisions for existing and available assets; (2) Apollo's ability to generate income from the underlying assets in the funds it manages; and (3) the AUM measures that Apollo uses internally or believes are used by other investment managers. Given the differences in the investment strategies and structures among other alternative investment managers, Apollo's calculation of AUM may differ from the calculations employed by other investment managers and, as a result, this measure may not be directly comparable to similar measures presented by other investment managers. Apollo's calculation also differs from the manner in which its affiliates registered with the SEC report "Regulatory Assets Under Management" on Form ADV and Form PF in various ways.

Apollo uses AUM, Gross capital deployment and Dry powder as performance measurements of its investment activities, as well as to monitor fund size in relation to professional resource and infrastructure needs.

ASU	Accounting Standards Update
Athene	Athene Holding Ltd. ("Athene Holding" or "AHL"), together with its subsidiaries, "Athene"), a leading financial services company specializing in retirement services that issues, reinsures and acquires retirement savings products designed for the increasing number of individuals and institutions seeking to fund retirement needs, and to which Apollo, through its consolidated subsidiary ISG, provides asset management and advisory services.
Athora	Athora Holding Ltd. ("Athora Holding", together with its subsidiaries, "Athora"), is a leading European savings and retirement services group focused on the traditional life and pensions market. Apollo, through ISGI, provides investment advisory services to Athora for certain of its assets.
Atlas	An equity investment of AAA and refers to certain subsidiaries of Atlas Securitized Products Holdings LP
AUM with Future Management Fee Potential	The committed uninvested capital portion of total AUM not currently earning management fees. The amount depends on the specific terms and conditions of each fund.
AUSA	Athene USA Corporation
Bermuda Capital	The capital of Athene's non-U.S. reinsurance subsidiaries as reported in the Bermuda statutory financial statements, adjusted to exclude deferred tax assets related to the enactment of the Government of Bermuda Corporate Income Tax Act 2023. Bermuda statutory financial statements apply U.S. statutory accounting principles for policyholder reserve liabilities, which Athene also subjects to U.S. cash flow testing requirements. There are certain differences between Bermuda statutory and U.S. statutory frameworks that result in Consolidated RBC being approximately 20 RBC points higher as of December 31, 2025. The primary driver of this difference is that Bermuda statutory financial statements require that assets assumed as part of a reinsurance transaction and any assets sold are recorded at their market value, without posting an interest maintenance reserve.
Bermuda RBC	The risk-based capital ratio of Athene's non-U.S. reinsurance subsidiaries calculated using Bermuda Capital and applying NAIC risk-based capital factors on an aggregate basis, excluding U.S. subsidiaries which are included within Athene's U.S. RBC Ratio.
BMA	Bermuda Monetary Authority
Bridge	Bridge Investment Group Holdings Inc.
Bridge funds	Funds, vehicles and accounts managed by subsidiaries of Bridge
Bridge TRA	The tax receivable agreement with certain equity holders of Bridge

Capital solutions fees and other, net	Primarily includes transaction fees earned by Apollo Capital Solutions (“ACS”) related to underwriting, structuring, arrangement and placement of debt and equity securities, and syndication for funds managed by Apollo, portfolio companies of funds managed by Apollo, and third parties. Capital solutions fees and other, net also includes advisory fees for the ongoing monitoring of portfolio operations, directors’ fees, as well as fees and earnings related to property management activities. These fees also include certain offsetting amounts, including reductions in management fees related to a percentage of these fees recognized (“management fee offset”), and other additional revenue sharing arrangements, including with certain subsidiaries and other affiliates.
CDO	Collateralized debt obligation
Class A shares	Class A common stock, \$0.00001 par value per share, of AAM prior to the Mergers.
CLO	Collateralized loan obligation
CMBS	Commercial mortgage-backed securities
CML	Commercial mortgage loan
Contributing Partners	Partners and their related parties (other than Messrs. Leon Black, Joshua Harris and Marc Rowan, our co-founders) who indirectly beneficially owned AOG units.
Consolidated RBC	The consolidated risk-based capital ratio of Athene’s non-U.S. reinsurance and U.S. insurance subsidiaries calculated by aggregating U.S. RBC and Bermuda RBC, with immaterial adjustments for net assets at the holding company.
Cost of funds	Cost of funds includes liability costs related to cost of crediting on deferred annuities, including, with respect to Athene’s indexed annuities, option costs, and institutional costs related to institutional products, as well as other liability costs, but does not include the proportionate share of the ACRA cost of funds associated with the non-controlling interests. Other liability costs include DAC, DSI and VOBA amortization, certain market risk benefit costs, the cost of liabilities on products other than deferred annuities and institutional products, premiums, product charges, excluding market value adjustments, and certain other revenues. Athene includes the costs related to business added through assumed reinsurance transactions but excludes the costs on business related to ceded reinsurance transactions. Cost of funds is computed as the total liability costs divided by the average net invested assets for the relevant period, presented on an annualized basis for interim periods.
Credit Strategies	Apollo Credit Strategies Master Fund Ltd., together with its feeder funds
CS	Credit Suisse AG
DAC	Deferred acquisition costs
Deferred annuities	Fixed indexed annuities, annual reset annuities, multi-year guaranteed annuities and registered index-linked annuities
Dry Powder	The amount of capital available for investment or reinvestment subject to the provisions of the applicable limited partnership agreements or other governing agreements of the funds, partnerships and accounts we manage. Dry powder excludes uncalled commitments which can only be called for fund fees and expenses and commitments from perpetual capital vehicles.
DSI	Deferred sales inducement
EPF Funds	Apollo European Principal Finance Fund, L.P., Apollo European Principal Finance Fund II (Dollar A), L.P., EPF III, and EPF IV, together with their parallel funds and alternative investment vehicles
EPF III	Apollo European Principal Finance Fund III (Dollar A), L.P., together with its parallel funds and alternative investment vehicles
EPF IV	Apollo European Principal Finance Fund IV (Dollar A), L.P., together with its parallel funds and alternative investment vehicles
Equity Plan	Refers collectively to the Company’s 2019 Omnibus Equity Incentive Plan and the Company’s 2019 Omnibus Equity Incentive Plan for Estate Planning Vehicles.
FABN	Funding agreement backed notes
FABR	Funding agreement backed repurchase agreement
FASB	Financial Accounting Standards Board
FCI Funds	Financial Credit Investment I, L.P., Financial Credit Investment II, L.P., together with its feeder funds, Financial Credit Investment Fund III L.P., and Financial Credit Investment IV, L.P., together with its feeder funds
Fee-Generating AUM	Fee-Generating AUM consists of assets of the funds, partnerships and accounts to which we provide investment management, advisory, or certain other investment-related services and on which we earn management fees, monitoring fees or other investment-related fees pursuant to management or other fee agreements on a basis that varies among the Apollo funds, partnerships and accounts. Management fees are normally based on “net asset value,” “gross assets,” “adjusted par asset value,” “adjusted cost of all unrealized portfolio investments,” “capital commitments,” “adjusted assets,” “stockholders’ equity,” “invested capital” or “capital contributions,” each as defined in the applicable management agreement. Monitoring fees, also referred to as advisory fees, with respect to the structured portfolio company investments of the funds, partnerships and accounts we manage or advise, are generally based on the total value of such structured portfolio company investments, which normally includes leverage, less any portion of such total value that is already considered in Fee-Generating AUM.

Fee Related Earnings, or FRE	Component of Segment Income that is used to assess the performance of the Asset Management segment. FRE is the sum of (i) management fees, (ii) capital solutions and other related fees, (iii) fee-related performance fees from indefinite term vehicles, that are measured and received on a recurring basis and not dependent on realization events of the underlying investments, excluding performance fees from Athene and performance fees from origination platforms dependent on capital appreciation, and (iv) other income, net, less (a) fee-related compensation, excluding equity-based compensation, (b) non-compensation expenses incurred in the normal course of business, (c) placement fees and (d) non-controlling interests in the management companies of certain funds the Company manages.
FIA	Fixed indexed annuity, which is an insurance contract that earns interest at a crediting rate based on a specified index on a tax-deferred basis
Fixed annuities	FIAs together with fixed rate annuities
Former Managing Partners	Messrs. Leon Black, Joshua Harris and Marc Rowan collectively and, when used in reference to holdings of interests in Apollo or AP Professional Holdings, L.P. includes certain related parties of such individuals
Freedom Parent Holdings	Freedom Parent Holdings, L.P.
GDP	Gross Domestic Product
Gross capital deployment	The gross capital that has been invested by the funds and accounts we manage during the relevant period, but excludes certain investment activities primarily related to hedging and cash management functions at the firm. Gross capital deployment is not reduced or netted down by sales or refinancings, and takes into account leverage used by the funds and accounts we manage in gaining exposure to the various investments that they have made.
GLWB	Guaranteed lifetime withdrawal benefit
GMDB	Guaranteed minimum death benefit
Gross IRR of accord series, ADIP funds and the European principal finance funds	The annualized return of a fund based on the actual timing of all cumulative fund cash flows before management fees, performance fees allocated to the general partner and certain other expenses. Calculations may include certain investors that do not pay fees. The terminal value is the net asset value as of the reporting date. Non-U.S. dollar denominated (“USD”) fund cash flows and residual values are converted to USD using the spot rate as of the reporting date. In addition, gross IRRs at the fund level will differ from those at the individual investor level as a result of, among other factors, timing of investor-level inflows and outflows. Gross IRR does not represent the return to any fund investor.
Gross IRR of a traditional private equity or hybrid value fund	The cumulative investment-related cash flows (i) for a given investment for the fund or funds which made such investment, and (ii) for a given fund, in the relevant fund itself (and not any one investor in the fund), in each case, on the basis of the actual timing of investment inflows and outflows (for unrealized investments assuming disposition on June 30, 2026 or other date specified) aggregated on a gross basis quarterly, and the return is annualized and compounded before management fees, performance fees and certain other expenses (including interest incurred by the fund itself) and measures the returns on the fund’s investments as a whole without regard to whether all of the returns would, if distributed, be payable to the fund’s investors. In addition, gross IRRs at the fund level will differ from those at the individual investor level as a result of, among other factors, timing of investor-level inflows and outflows. Gross IRR does not represent the return to any fund investor.
Gross IRR of infrastructure funds	The cumulative investment-related cash flows in the fund itself (and not any one investor in the fund), on the basis of the actual timing of cash inflows and outflows (for unrealized investments assuming disposition on June 30, 2026 or other date specified) starting on the date that each investment closes, and the return is annualized and compounded before management fees, performance fees, and certain other expenses (including interest incurred by the fund itself) and measures the returns on the fund’s investments as a whole without regard to whether all of the returns would, if distributed, be payable to the fund’s investors. Non-USD fund cash flows and residual values are converted to USD using the spot rate as of the reporting date. In addition, gross IRRs at the fund level will differ from those at the individual investor level as a result of, among other factors, timing of investor-level inflows and outflows. Gross IRR does not represent the return to any fund investor.
HoldCo	Apollo Global Management, Inc. (f/k/a Tango Holdings, Inc.)
HVF I	Apollo Hybrid Value Fund, L.P., together with its parallel funds and alternative investment vehicles
HVF II	Apollo Hybrid Value Fund II, L.P., together with its parallel funds and alternative investment vehicles
HVF III	Apollo Hybrid Value Fund III, L.P., together with its parallel funds and alternative investment vehicles
Inflows	(i) At the individual strategy level, subscriptions, commitments, and other increases in available capital, such as acquisitions or leverage, net of inter-strategy transfers, and (ii) on an aggregate basis, the sum of inflows across the credit and equity investing strategies.
IPO	Initial Public Offering
ISG	Apollo Insurance Solutions Group LP
ISGI	Refers collectively to Apollo Asset Management Europe LLP, a subsidiary of AAM (“AAME”) and Apollo Asset Management PC LLP, a wholly-owned subsidiary of AAME (“AAME PC”)
Management Fee Offset	Under the terms of the limited partnership agreements for certain funds, the management fee payable by the funds may be subject to a reduction based on a certain percentage of such advisory and transaction fees, net of applicable broken deal costs.
Market risk benefits	Guaranteed lifetime withdrawal benefits and guaranteed minimum death benefits

Mergers	Completion of the previously announced merger transactions pursuant to the Merger Agreement
Merger Agreement	The Agreement and Plan of Merger dated as of March 8, 2021 by and among AAM, AGM, AHL, Blue Merger Sub, Ltd., a Bermuda exempted company, and Green Merger Sub, Inc., a Delaware corporation.
MFIC	MidCap Financial Investment Corporation (f/k/a Apollo Investment Corporation or “AINV”)
MidCap FinCo	MidCap FinCo LLC, together with its subsidiaries
Modco	Modified coinsurance
NAIC	National Association of Insurance Commissioners
NAV	Net Asset Value
Net invested assets	Represent the investments that directly back Athene's net reserve liabilities as well as surplus assets. Net invested assets include Athene's (a) total investments on the condensed consolidated statements of financial condition, with available-for-sale securities, trading securities and mortgage loans at cost or amortized cost, excluding derivatives, (b) cash and cash equivalents and restricted cash, (c) investments in related parties, (d) accrued investment income, (e) VIE and VOE assets, liabilities and non-controlling interest adjustments, (f) net investment payables and receivables, (g) policy loans ceded (which offset the direct policy loans in total investments) and (h) an adjustment for the allowance for credit losses. Net invested assets exclude the derivative collateral offsetting the related cash positions. Athene includes the investments supporting assumed funds withheld and modco agreements and excludes the investments related to ceded reinsurance transactions in order to match the assets with the income received. Net invested assets include Athene's economic ownership of ACRA investments but do not include the investments associated with the non-controlling interests.
Net investment earned rate	Computed as income from Athene's net invested assets, excluding the proportionate share of the ACRA net investment income associated with the non-controlling interests, divided by the average net invested assets for the relevant period, presented on an annualized basis for interim periods.
Net investment spread	Net investment spread measures Athene's investment performance plus its strategic capital management fees less its total cost of funds, presented on an annualized basis for interim periods.
Net IRR of accord series, ADIP funds and the European principal finance funds	The annualized return of a fund after management fees, performance fees allocated to the general partner and certain other expenses, calculated on investors that pay such fees. The terminal value is the net asset value as of the reporting date. Non-USD fund cash flows and residual values are converted to USD using the spot rate as of the reporting date. In addition, net IRR at the fund level will differ from that at the individual investor level as a result of, among other factors, timing of investor-level inflows and outflows. Net IRR does not represent the return to any fund investor.
Net IRR of a traditional private equity or the hybrid value funds	The gross IRR applicable to a fund, including returns for related parties which may not pay fees or performance fees, net of management fees, certain expenses (including interest incurred or earned by the fund itself) and realized performance fees all offset to the extent of interest income, and measures returns at the fund level on amounts that, if distributed, would be paid to investors of the fund. The timing of cash flows applicable to investments, management fees and certain expenses, may be adjusted for the usage of a fund's subscription facility. To the extent that a fund exceeds all requirements detailed within the applicable fund agreement, the estimated unrealized value is adjusted such that a percentage of up to 20.0% of the unrealized gain is allocated to the general partner of such fund, thereby reducing the balance attributable to fund investors. In addition, net IRR at the fund level will differ from that at the individual investor level as a result of, among other factors, timing of investor-level inflows and outflows. Net IRR does not represent the return to any fund investor.
Net IRR of infrastructure funds	The cumulative cash flows in a fund (and not any one investor in the fund), on the basis of the actual timing of cash inflows received from and outflows paid to investors of the fund (assuming the ending net asset value as of the reporting date or other date specified is paid to investors), excluding certain non-fee and non-performance fee bearing parties, and the return is annualized and compounded after management fees, performance fees, and certain other expenses (including interest incurred by the fund itself) and measures the returns to investors of the fund as a whole. Non-USD fund cash flows and residual values are converted to USD using the spot rate as of the reporting date. In addition, net IRR at the fund level will differ from that at the individual investor level as a result of, among other factors, timing of investor-level inflows and outflows. Net IRR does not represent the return to any fund investor.
Net reserve liabilities	Represent Athene's policyholder and institutional liability obligations net of reinsurance and used to analyze the costs of its liabilities. Net reserve liabilities include Athene's (a) interest sensitive contract liabilities, (b) future policy benefits, (c) net market risk benefits, (d) long-term repurchase obligations, (e) dividends payable to policyholders and (f) other policy claims and benefits, offset by reinsurance recoverable, excluding policy loans ceded. Net reserve liabilities include Athene's economic ownership of ACRA reserve liabilities but do not include the reserve liabilities associated with the non-controlling interests. Net reserve liabilities are net of the ceded liabilities to third-party reinsurers as the costs of the liabilities are passed to such reinsurers and, therefore, Athene has no net economic exposure to such liabilities, assuming its reinsurance counterparties perform under the agreements. Net reserve liabilities include the underlying liabilities assumed through modco reinsurance agreements in order to match the liabilities with the expenses incurred.

Non-Fee-Generating AUM	AUM that does not produce management fees or monitoring fees. This measure generally includes the following: (i) fair value above invested capital for those funds that earn management fees based on invested capital; (ii) net asset values related to general partner and co-investment interests; (iii) unused credit facilities; (iv) available commitments on those funds that generate management fees on invested capital; (v) structured portfolio company investments that do not generate monitoring fees; and (vi) the difference between gross asset and net asset value for those funds that earn management fees based on net asset value.
NYC UBT	New York City Unincorporated Business Tax
Origination	Represents (i) capital that has been invested in new equity, debt or debt-like investments by Apollo's equity and credit strategies (whether purchased by funds and accounts managed by Apollo, or syndicated to third parties) where Apollo or one of Apollo's origination platforms has sourced, negotiated, or significantly affected the commercial terms of the investment; (ii) new capital pools formed by debt issuances, including CLOs; and (iii) net purchases of certain assets by the funds and accounts we manage that we consider to be private, illiquid, and hard to access assets and which the funds and accounts otherwise may not be able to meaningfully access. Origination generally excludes any issuance of debt or debt-like investments by the portfolio companies of the funds we manage.
Other operating expenses within the Principal Investing segment	Expenses incurred in the normal course of business and includes allocations of non-compensation expenses related to managing the business.
Other operating expenses within the Retirement Services segment	Expenses incurred in the normal course of business inclusive of compensation and non-compensation expenses, excluding the proportionate share of the ACRA operating expenses associated with the non-controlling interests.
Payout annuities	Annuities with a current cash payment component, which consist primarily of single premium immediate annuities, supplemental contracts and structured settlements.
Performance Fee-Eligible AUM	AUM that may eventually produce performance fees. All funds for which we are entitled to receive a performance fee allocation or incentive fee are included in Performance Fee-Eligible AUM, which consists of the following: (i) "Performance Fee-Generating AUM", which refers to invested capital of the funds, partnerships and accounts we manage, advise, or to which we provide certain other investment-related services, that is currently above its hurdle rate or preferred return, and profit of such funds, partnerships and accounts is being allocated to, or earned by, the general partner in accordance with the applicable limited partnership agreements or other governing agreements; (ii) "AUM Not Currently Generating Performance Fees", which refers to invested capital of the funds, partnerships and accounts we manage, advise, or to which we provide certain other investment-related services, that is currently below its hurdle rate or preferred return; and (iii) "Uninvested Performance Fee-Eligible AUM", which refers to capital of the funds, partnerships and accounts we manage, advise, or to which we provide certain other investment-related services, that is available for investment or reinvestment subject to the provisions of applicable limited partnership agreements or other governing agreements, which capital is not currently part of the NAV or fair value of investments that may eventually produce performance fees allocable to, or earned by, the general partner.
Perpetual capital	Assets under management of certain vehicles with an indefinite duration, which assets may only be withdrawn under certain conditions or subject to certain limitations, including satisfying required hold periods or percentage limits on the amounts that may be redeemed over a particular period. The investment management, advisory or other service agreements with our perpetual capital vehicles may be terminated under certain circumstances.
Principal Investing Income, or PII	Component of Segment Income that is used to assess the performance of the Principal Investing segment. For the Principal Investing segment, PII is the sum of (i) realized performance fees, including certain realizations received in the form of equity, and (ii) realized investment income, less (x) realized principal investing compensation expense, excluding expense related to equity-based compensation, and (y) certain corporate compensation and non-compensation expenses.
Principal investing compensation	Realized performance compensation, distributions related to investment income and dividends, and includes allocations of certain compensation expenses related to managing the business.
Policy loan	A loan to a policyholder under the terms of, and which is secured by, a policyholder's policy.
Realized Value	All cash investment proceeds received by the relevant Apollo fund, including interest and dividends, but does not give effect to management fees, expenses, incentive compensation or performance fees to be paid by such Apollo fund.
Redding Ridge	Redding Ridge Asset Management, LLC and its subsidiaries, which is a standalone, self-managed asset management business established in connection with risk retention rules that manages CLOs and retains the required risk retention interests.
Redding Ridge Holdings	Redding Ridge Holdings LP
Remaining Cost	Total Invested Capital, reduced for any return of capital proceeds received to date.
RMBS	Residential mortgage-backed securities
RML	Residential mortgage loan
RSUs	Restricted share units
SIA	Strategic investment account

Spread Related Earnings, or SRE	Component of Segment Income that is used to assess the performance of the Retirement Services segment, excluding certain market volatility, which consists of investment gains (losses), net of offsets, and non-operating change in insurance liabilities and related derivatives, and certain expenses related to integration, restructuring, and equity-based compensation, as well as other items. For the Retirement Services segment, SRE equals the sum of (i) the net investment earnings on Athene's net invested assets and (ii) management fees received on business managed for others, less (x) cost of funds, (y) operating expenses excluding equity-based compensation and (z) financing costs, including interest expense and preferred dividends, if any, paid to Athene preferred stockholders.
Surplus assets	Assets in excess of Athene's policyholder and institutional obligations, determined in accordance with the applicable domiciliary jurisdiction's statutory accounting principles.
S3 Equity and Hybrid Solutions	Apollo S3 Equity and Hybrid Solutions Fund, L.P.
Total Invested Capital	The aggregate cash invested by the relevant Apollo fund and includes capitalized costs relating to investment activities, if any, but does not give effect to cash pending investment or available for reserves and excludes amounts, if any, invested on a financed basis with leverage facilities
Total Value	The sum of the total Realized Value and Unrealized Value of investments
Traditional private equity funds	Apollo Investment Fund I, L.P. ("Fund I"), AIF II, L.P. ("Fund II"), a mirrored investment account established to mirror Fund I and Fund II for investments in debt securities ("MIA"), Apollo Investment Fund III, L.P. (together with its parallel funds, "Fund III"), Apollo Investment Fund IV, L.P. (together with its parallel fund, "Fund IV"), Apollo Investment Fund V, L.P. (together with its parallel funds and alternative investment vehicles, "Fund V"), Apollo Investment Fund VI, L.P. (together with its parallel funds and alternative investment vehicles, "Fund VI"), Apollo Investment Fund VII, L.P. (together with its parallel funds and alternative investment vehicles, "Fund VII"), Apollo Investment Fund VIII, L.P. (together with its parallel funds and alternative investment vehicles, "Fund VIII"), Apollo Investment Fund IX, L.P. (together with its parallel funds and alternative investment vehicles, "Fund IX") and Apollo Investment Fund X, L.P. (together with its parallel funds and alternative investment vehicles, "Fund X").
U.S. GAAP	Generally accepted accounting principles in the United States of America
U.S. RBC	The CAL RBC ratio for AAIA, Athene's U.S. insurance company
U.S. Treasury	United States Department of the Treasury
Unrealized Value	The fair value consistent with valuations determined in accordance with GAAP, for investments not yet realized and may include payments in kind, accrued interest and dividends receivable, if any, and before the effect of certain taxes. In addition, amounts include committed and funded amounts for certain investments.
Venerable	Venerable Holdings, Inc., together with its subsidiaries
VIAC	Venerable Insurance and Annuity Company
VIE	Variable interest entity
Vintage Year	The year in which a fund's final capital raise occurred, or, for certain funds, the year of a fund's effective date or the year in which a fund's investment period commences pursuant to its governing agreements.
VOBA	Value of business acquired
VOE	Voting interest entity
WACC	Weighted average cost of capital

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. Organization

Apollo Global Management, Inc. together with its consolidated subsidiaries (collectively, “Apollo” or the “Company”) is a high-growth, global alternative asset manager and a retirement services provider. Apollo’s asset management business focuses on two investing strategies: credit and equity. Through its asset management business, Apollo raises, invests and manages funds, accounts and other vehicles, on behalf of some of the world’s most prominent pension, endowment and sovereign wealth funds and insurance companies, as well as other institutional and individual investors. Apollo’s retirement services business is conducted by Athene, a leading financial services company that specializes in issuing, reinsuring and acquiring retirement savings products for the increasing number of individuals and institutions seeking to fund retirement needs.

Acquisition of Bridge

On September 2, 2025 (the “Acquisition Date”), Apollo completed the previously announced acquisition of Bridge in an all-stock transaction. As a result, Bridge became a consolidated subsidiary of AAM. Bridge’s results are included in the condensed consolidated financial statements commencing from the Acquisition Date.

2. Summary of Significant Accounting Policies

Basis of Presentation and Consolidation

The accompanying unaudited condensed consolidated financial statements are prepared in accordance with U.S. GAAP for interim financial information and the SEC’s rules and regulations for Form 10-Q and Article 10 of Regulation S-X. Certain disclosures included in the annual audited financial statements have been condensed or omitted as they are not required for interim financial statements under U.S. GAAP and the rules of the SEC. The operating results presented for interim periods are not necessarily indicative of the results that may be expected for any other interim period or for the entire year. These condensed consolidated financial statements should be read in conjunction with the annual audited financial statements included in our 2025 Annual Report.

The results of the Company and its subsidiaries are presented on a consolidated basis. Any ownership interest other than the Company’s interest in its subsidiaries is reflected as a non-controlling interest. Intercompany accounts and transactions have been eliminated. Management believes it has made all necessary adjustments (consisting only of normal recurring items) so that the condensed consolidated financial statements are presented fairly and that any estimates made are reasonable and prudent. Certain reclassifications have been made to previously reported amounts to conform to the current period’s presentation.

The Company’s principal subsidiaries, AAM and AHL, together with their subsidiaries, operate an asset management business and a retirement services business, respectively, which possess distinct characteristics. As a result, the Company’s financial statement presentation is organized into two tiers: asset management and retirement services. The Company believes that separate presentation provides a more informative view of the Company’s consolidated financial condition and results of operations than an aggregated presentation.

Deferred Revenue

Apollo records deferred revenue, which is a type of contract liability, when consideration is received in advance of management services provided. Deferred revenue is reversed and recognized as revenue over the period that the agreed upon services are performed. It is included in accounts payable, accrued expenses, and other liabilities in the condensed consolidated statements of financial condition. There was \$85 million of revenue recognized during the six months ended June 30, 2026 that was previously deferred as of January 1, 2026.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Recently Issued Accounting Pronouncements

Income Statement – Reporting Comprehensive Income – Expense Disaggregation Disclosures (ASU 2024-03)

In November 2024, the FASB issued guidance that requires disaggregation of certain expense captions into specified categories in disclosures within the notes to the financial statements. The ASU requires tabular presentation of each relevant expense caption on the face of the income statement including employee compensation, depreciation, intangible asset amortization, and certain other expenses, when applicable.

The guidance is mandatorily effective for the Company for fiscal years beginning after December 15, 2026, and interim periods beginning after December 15, 2027; early adoption is permitted. The Company is currently evaluating the impact of the new pronouncement on its consolidated financial statements.

Business Combinations and Consolidation (ASU 2025-03)

In May 2025, the FASB issued guidance clarifying how to identify the accounting acquirer in business combinations involving variable interest entities. The ASU requires an assessment of control and economic interests to determine the acquirer for consolidation purposes.

The guidance is mandatorily effective for the Company for fiscal years beginning after December 15, 2026, including interim periods therein; early adoption is permitted. The Company is currently evaluating the impact of the new pronouncement on its consolidated financial statements.

Compensation – Stock Compensation and Revenue from Contracts with Customers (ASU 2025-04)

In June 2025, the FASB issued guidance clarifying the accounting for share-based consideration payable to customers, specifically addressing when such payments should be classified as stock compensation expense versus a reduction of revenue.

The guidance is mandatorily effective for the Company for fiscal years beginning after December 15, 2026, including interim periods therein; early adoption is permitted. The Company is currently evaluating the impact of the new pronouncement on its consolidated financial statements.

Intangibles – Goodwill and Other – Internal-Use Software (ASU 2025-06)

In September 2025, the FASB issued guidance providing targeted improvements to the accounting for internal-use software. The ASU simplifies accounting for internal-use software by eliminating references to specific development project stages and clarifies the threshold entities should apply to begin capitalizing costs.

The guidance is mandatorily effective for the Company for fiscal years beginning after December 15, 2027, including interim periods therein; early adoption is permitted. The Company is currently evaluating the impact of the new pronouncement on its consolidated financial statements.

Derivatives and Hedging and Revenue from Contracts with Customers (ASU 2025-07)

In September 2025, the FASB issued amendments to refine the scope of derivatives within the derivatives guidance by excluding certain non-exchange-traded contracts for which settlement is based on operations or activities specific to a party, unless settlement involves a market-based variable or a financial instrument. The updates also clarify that share-based non-cash consideration from a customer in a revenue contract should be accounted for under revenue recognition guidance until the entity's right to receive or retain the consideration becomes unconditional.

The guidance is mandatorily effective for the Company for fiscal years beginning after December 15, 2026, including interim periods therein; early adoption is permitted. The Company is currently evaluating the impact of the new pronouncement on its consolidated financial statements.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Derivatives and Hedging – Hedge Accounting Improvements (ASU 2025-09)

In November 2025, the FASB issued guidance amending certain aspects of the hedge accounting guidance and to address several incremental hedge accounting issues arising from the global reference rate reform initiative. The objective of this ASU is to more closely align hedge accounting with the economics of an entity's risk management activities.

The guidance is mandatorily effective for the Company for fiscal years beginning after December 15, 2026, including interim periods therein; early adoption is permitted. The Company is currently evaluating the impact of the new pronouncement on its consolidated financial statements.

Interim Reporting (ASU 2025-11)

In December 2025, the FASB issued amendments to improve the guidance in Accounting Standards Codification ("ASC") 270, Interim Reporting, by improving the navigability of the required interim disclosures and clarifying when that guidance is applicable. The amendments also provide additional guidance on what disclosures should be provided in interim reporting periods. The amendments are not intended to change the fundamental nature of interim reporting or expand or reduce current interim disclosure requirements.

The guidance is mandatorily effective for the Company for interim reporting periods within annual reporting periods beginning after December 15, 2027; early adoption is permitted. The Company is currently evaluating the impact of the new pronouncement on its consolidated financial statements.

Recently Adopted Accounting Pronouncements

Income Taxes – Improvements to Income Tax Disclosures (ASU 2023-09)

In December 2023, the FASB made amendments to update disclosures on income taxes including rate reconciliation, income taxes paid, and certain amendments on disaggregation by federal, state, and foreign taxes, as relevant.

The Company adopted the guidance for the annual reporting period ended December 31, 2025, and there was no impact on the condensed consolidated financial statements in interim periods upon adoption.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

3. Business Combination

On September 2, 2025, Apollo completed the previously announced acquisition of Bridge in an all-stock transaction. As a result, Bridge became a consolidated subsidiary of AAM.

Under the terms of the agreement governing the Bridge acquisition, each share of Bridge Class A common stock and each Bridge Investment Group Holdings LLC (“Bridge LLC”) Class A common unit was converted into 0.07081 shares of common stock of AGM and cash paid in lieu of fractional shares. Additionally, each share of Bridge Class B common stock was converted into 0.00006 shares of common stock of AGM and cash paid in lieu of fractional shares. The purchase price was as follows:

(In millions, except share price data and exchange ratio)

Bridge Class A common stock purchased	55.8
Bridge Class B common stock purchased	62.7
Bridge LLC Class A common units purchased	76.7
Exchange ratio for Class A common stock and Class A common units	0.07081
Exchange ratio for Class B common stock	0.00006
Shares of AGM common stock issued in exchange	9.4
AGM common stock closing price	\$ 136.23
Value of AGM common stock issued in exchange	\$ 1,279
Fair value of estimated equity instruments assumed ¹	28
Purchase of certain non-controlling interests	50
Total consideration	1,357
Non-controlling interest	489
Total Bridge equity value	\$ 1,846

¹ All outstanding Bridge equity awards were converted into AGM equity awards, of which \$28 million was included as part of the consideration for the portion that was attributable to pre-combination services and \$81 million will be treated as post-combination compensation expense over the applicable service period.

The consideration transferred is subject to customary post-closing adjustments, which could affect the preliminary goodwill recognized. The Bridge acquisition was accounted for as a business combination. The consideration was allocated to Bridge’s assets acquired and liabilities assumed based on estimates of their fair values as of the Acquisition Date.

Adjustments to provisional amounts, if any, will be recognized in the period in which they are identified and reflected as if the accounting had been completed at the Acquisition Date. The effect on earnings of changes in amortization or other income effects, if any, as a result of any change to the provisional amounts, will be recorded in the financial statements for the period in which such change occurs, calculated as if the accounting had been completed at the Acquisition Date. The purchase price allocation is expected to be finalized as soon as practicable, but no later than one year from the Acquisition Date.

Goodwill of \$1.6 billion was recognized within the Asset Management segment and is primarily attributable to the assembled workforce, enhanced origination capabilities and the scale and synergies that can be achieved subsequent to the Bridge acquisition. A majority of the goodwill recognized is expected to be deductible for tax purposes.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The following table summarizes the fair value amounts recognized for the assets acquired and liabilities assumed and resulting goodwill as of the Acquisition Date:

<i>(In millions)</i>	Fair Value and Goodwill Calculation
Total consideration	\$ 1,357
Total Value to Allocate	
Cash and cash equivalents	83
Restricted cash and cash equivalents	16
Investments	519
Due from related parties	64
Other assets	718
Estimated fair value of total assets acquired, excluding goodwill	1,400
Accounts payable, accrued expenses, and other liabilities	280
Due to related parties	387
Debt	470
Estimated fair value of total liabilities assumed	1,137
Estimated fair value of net assets acquired, excluding goodwill	263
Non-controlling interests	489
Estimated fair value of net assets acquired less non-controlling interests, excluding goodwill	(226)
Goodwill attributable to the Bridge acquisition	\$ 1,583

Included within the above are provisional amounts based on the availability of data as of the date these condensed consolidated financial statements were issued for certain investments, deferred tax liabilities included within accounts payable, accrued expenses, and other liabilities and the Bridge TRA within due to related parties. Adjustments to provisional amounts will be made as described above.

The Company performed a valuation of the acquired investments and identifiable intangibles using methodologies consistent with those described in note 2 of the consolidated financial statements included in our 2025 Annual Report and note 7 herein.

Identifiable intangible assets

The identifiable intangible assets are included in other assets on the condensed consolidated statements of financial condition and summarized as follows:

Management Contracts	Trade Name
These assets are valued using the multi-period excess earnings method, which derives value based on the present value of the cash flow attributable to the management contracts, less returns for contributory assets. Amortization of these assets is on a straight-line basis.	This represents the Bridge trade name and was valued using the relief-from-royalty method considering publicly available third-party trade name royalty rates as well as expected premiums generated by the use of the trade name over its anticipated life. Amortization of this asset is on a straight-line basis.

	Fair value (in millions)	Average useful life (in years)
Management Contracts	\$ 605	11
Trade Name	20	8
Total	\$ 625	

The fair value and weighted average estimated useful lives of the identifiable intangible assets acquired in the Bridge acquisition consist of the following:

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Pro Forma Financial Information

Unaudited pro forma financial information for the three and six months ended June 30, 2025 are presented below. Pro forma financial information presented does not include adjustments to reflect any potential revenue synergies or cost savings that may be achievable in connection with the Bridge acquisition and assumes it occurred as of January 1, 2024. The unaudited pro forma financial information is presented for informational purposes only and is not necessarily indicative of future operations or results had the acquisition been completed as of January 1, 2024.

<i>(In millions)</i>	Three months ended June 30,	Six months ended June 30,
	2025	2025
Total Revenues	\$ 6,922	\$ 12,558
Net income attributable to Apollo Global Management, Inc.	629	1,051

Amounts above reflect certain pro forma adjustments that were directly attributable to the Bridge acquisition. These adjustments include the following:

- the elimination of historical amortization of Bridge’s intangibles and the additional amortization of intangibles measured at fair value as of the Acquisition Date;
- adjustments reflecting the purchase of all Bridge LLC Class A common units and certain other non-controlling interests in subsidiaries; and
- adjustments reflecting the transaction costs.

4. Investments

The following table outlines the Company’s investments:

Asset Management

Net Gains (Losses) from Investment Activities

The following outlines realized and net change in unrealized gains (losses) reported in net gains (losses) from investment activities:

<i>(In millions)</i>	Three months ended June 30,		Six months ended June 30,	
	2026	2025	2026	2025
Realized gains (losses) on sales of investments, net	\$ 16	\$ 3	\$ (55)	\$ (6)
Net change in unrealized gains (losses) due to changes in fair value	47	(271)	6	(280)
Net gains (losses) from investment activities	<u>\$ 63</u>	<u>\$ (268)</u>	<u>\$ (49)</u>	<u>\$ (286)</u>

Performance Allocations

Performance allocations receivable and those of consolidated VIEs are recorded within investments and investments of consolidated VIEs, respectively, in the condensed consolidated statements of financial condition. The following table presents the performance allocations:

<i>(In millions)</i>	June 30, 2026	December 31, 2025
Performance allocations	\$ 2,997	\$ 3,240
Performance allocations – consolidated VIEs	233	314
Total performance allocations	<u>\$ 3,230</u>	<u>\$ 3,554</u>

The table below provides a roll forward of the performance allocations balance:

<i>(In millions)</i>	Total
Total performance allocations, January 1, 2026	\$ 3,554
Change in fair value of funds	475
Fund distributions to the Company	(799)
Total performance allocations, June 30, 2026	<u>\$ 3,230</u>

The change in fair value of funds excludes the general partner obligation to return previously distributed performance allocations, which is recorded in due to related parties in the condensed consolidated statements of financial condition.

The timing of the payment of performance allocations due to the general partner or investment manager varies depending on the terms of the applicable fund agreements. Generally, performance allocations with respect to the equity funds and certain credit funds we manage are payable and are distributed to the fund's general partner upon realization of an investment if the fund's cumulative returns are in excess of the preferred return.

CLO	4,215	(19)	95	(2)	4,310	(21)
ABS	2,069	(6)	3,076	(162)	5,145	(168)
CMBS	70	(1)	5	—	75	(1)
Total AFS securities – related parties	6,524	(27)	3,553	(176)	10,077	(203)
Total AFS securities, including related parties	\$ 45,865	\$ (665)	\$ 56,038	\$ (11,277)	\$ 101,903	\$ (11,942)

The following summarizes the number of AFS securities that were in an unrealized loss position, including related parties, for which an allowance for credit losses has not been recorded:

	June 30, 2026	
	Unrealized Loss Position	Unrealized Loss Position 12 Months or More
AFS securities	6,551	4,820
AFS securities – related parties	177	66

The unrealized losses on AFS securities can primarily be attributed to changes in market interest rates since acquisition of the securities. Athene did not recognize the unrealized losses in income, unless as required for hedge accounting, as it intends to hold these securities and it is not more likely than not it will be required to sell a security before the recovery of its amortized cost.

As of December 31, 2025, \$907 million of repurchase agreements were presented net of reverse repurchase agreements on the condensed consolidated statements of financial condition, and the agreements were net settled during the first quarter of 2026.

Reverse Repurchase Agreements

As of June 30, 2026 and December 31, 2025, amounts loaned under reverse repurchase agreements were \$142 million and \$1,067 million, respectively, and the fair value of the collateral was \$787 million of asset-backed securities and \$1,822 million of asset-backed securities and short-term investments, respectively.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Mortgage Loans, including related parties and consolidated VIEs

Mortgage loans include both commercial and residential loans. Athene has elected the fair value option on its mortgage loan portfolio. See note 7 for further fair value option information. The following represents the mortgage loan portfolio, with fair value option loans presented at unpaid principal balance:

<i>(In millions)</i>	June 30, 2026	December 31, 2025
Commercial mortgage loans	\$ 48,372	\$ 38,869
Commercial mortgage loans under development	1,802	1,787
Total commercial mortgage loans	50,174	40,656
Mark to fair value	(1,883)	(1,585)
Commercial mortgage loans	48,291	39,071
Residential mortgage loans	55,030	55,613
Mark to fair value	260	860
Residential mortgage loans	55,290	56,473
Mortgage loans	\$ 103,581	\$ 95,544

Athene invests in commercial mortgage loans, primarily on income-producing properties including apartments, industrial properties, office buildings, hotels, and retail buildings. Athene diversifies the commercial mortgage loan portfolio by geographic region and property type to reduce concentration risk. Athene evaluates mortgage loans based on relevant current information to confirm whether properties are performing at a consistent and acceptable level to secure the related debt.

The distribution of commercial mortgage loans, including those under development, by property type and geographic region is as follows:

	June 30, 2026		December 31, 2025	
(In millions, except percentages)	Fair Value	Percentage of Total	Fair Value	Percentage of Total
Property type

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Athene's residential mortgage loan portfolio primarily consists of first lien residential mortgage loans collateralized by properties in various geographic locations and is summarized by proportion of the portfolio in the following table:

	June 30, 2026	December 31, 2025
U.S. States		
California	22.8 %	23.0 %
Texas	15.6 %	15.2 %
Florida	10.5 %	10.6 %
Other ¹	42.5 %	42.5 %
Total U.S. residential mortgage loan percentage	91.4 %	91.3 %
International ¹	8.6 %	8.7 %
Total residential mortgage loan percentage	100.0 %	100.0 %

¹ Represents all other states or countries, with each individual state or country comprising less than 5% of the portfolio.

Investment Funds

Athene's investment fund portfolio strategy primarily focuses on core holdings of origination and retirement services platforms, equity and credit, and other funds. Origination platforms include investments sourced by affiliated platforms that originate loans to third parties and in which Athene gains exposure directly to the loan or indirectly through its ownership of the origination platform and/or securitizations of assets originated by the origination platform. Retirement services platforms include investments in equity of financial services companies. The credit strategy comprises direct origination, asset-backed, multi-credit and opportunistic credit funds focused on generating excess returns through high-quality credit underwriting and origination. The equity strategy comprises private equity, hybrid value, secondaries equity, real estate equity, infrastructure and clean transition equity funds that raise capital from investors to pursue control-oriented investments across the universe of private assets. Investment funds can meet the definition of VIEs. The investment funds do not specify timing of distributions on the funds' underlying assets.

The following summarizes Athene's investment funds, including related parties and consolidated VIEs:

	June 30, 2026		December 31, 2025

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Derivatives Designated as Hedges

Cash Flow Hedges

Athene uses interest rate swaps to convert floating-rate interest payments to fixed-rate interest payments to reduce exposure to interest rate changes. The interest rate swaps will expire by January 2036. During the three months ended June 30, 2026 and 2025, Athene recognized losses of \$84 million and gains of \$76 million, respectively, in other comprehensive income (“OCI”) associated with these hedges. During the six months ended June 30, 2026 and 2025, Athene recognized losses of \$148 million and gains of \$172 million, respectively, in OCI associated with these hedges. There were no amounts deemed ineffective during the three and six months ended June 30, 2026 and 2025. As of June 30, 2026, Athene expected an estimated \$20 million of losses to be reclassified to income within the next 12 months based on current market economics; however, actual amounts recognized may vary as a result of changes in relevant market conditions.

Fair Value Hedges

Athene uses foreign currency forward contracts, foreign currency swaps, foreign currency interest rate swaps and interest rate swaps that are designated and accounted for as fair value hedges to hedge certain exposures to foreign currency risk and interest rate risk. The foreign currency forward price is agreed upon at the time of the contract and payment is made at a specified future date. The amortized cost of AFS debt securities in qualifying fair value hedges of foreign currency risk was \$21.2 billion and \$21.3 billion as of June 30, 2026 and December 31, 2025, respectively. The carrying value of interest sensitive contract liabilities in qualifying fair value hedges of foreign currency swaps was \$8.5 billion and \$8.4 billion as of June 30, 2026 and December 31, 2025, respectively.

The following represents the carrying amount and the cumulative amount of fair value hedging adjustments of hedged liabilities, excluding liabilities solely hedging foreign currency risk and cumulative amounts related to foreign currency gains (losses):

	June 30, 2026		December 31, 2025	
	Carrying amount of the hedged liabilities	Cumulative amount of fair value hedging gains (losses)	Carrying amount of the hedged liabilities	Cumulative amount of fair value hedging gains (losses)

Foreign currency swaps	(149)	(87)	44	20

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Net Investment Hedges

Athene uses foreign currency forwards to hedge the foreign currency exchange rate risk of its investments in subsidiaries that have a reporting currency other than the U.S. dollar. Hedge effectiveness is assessed based on the changes in forward rates. During the three months ended June 30, 2026 and 2025, these derivatives had losses of \$1 million and \$14 million, respectively. During the six months ended June 30, 2026 and 2025, these derivatives had gains of \$3 million and losses of \$22 million, respectively. These derivatives are included in foreign currency translation and other adjustments on the condensed consolidated statements of comprehensive income (loss). As of June 30, 2026 and December 31, 2025, the cumulative foreign currency translations recorded in AOCI related to these net investment hedges were gains of \$17 million and \$14 million, respectively. During the three and six months ended June 30, 2026 and 2025, there were no amounts deemed ineffective.

Derivatives Not Designated as Hedges

Equity options

Athene uses equity indexed options to economically hedge indexed annuity products that guarantee the return of principal to the policyholder and credit interest based on a percentage of the gain in a specified market index, including the S&P 500 and other bespoke indices. To hedge against adverse changes in equity indices, Athene enters into contracts to buy equity indexed options. The contracts are net settled in cash based on differentials in the indices at the time of exercise and the strike price.

Futures

Athene purchases futures contracts to hedge the growth in interest credited to the customer as a direct result of increases in the related indices. Athene enters into exchange-traded futures with regulated futures commission clearing brokers who are members of a trading exchange. Under exchange-traded futures contracts, Athene agrees to purchase a specified number of contracts with other parties and to post variation margin on a daily basis in an amount equal to the difference in the daily fair values of those contracts.

Interest rate swaps and forwards

Athene uses interest rate swaps and forwards to reduce market risks from interest rate changes and to alter interest rate exposure arising from duration mismatches between assets and liabilities. With an interest rate swap, Athene agrees with another party to exchange the difference between fixed-rate and floating-rate interest amounts tied to an agreed-upon notional principal amount at specified intervals. With an interest rate forward, including a bond forward, Athene agrees with a counterparty to lock in the terms of an investment purchase that will occur on a specified future date.

Other swaps

Other swaps include total return swaps, credit default swaps and swaptions. Athene purchases total rate of return swaps to gain exposure and benefit from a reference asset or index without ownership. Credit default swaps provide a measure of protection against the default of an issuer or allow Athene to gain credit exposure to an issuer or traded index. Athene uses credit default swaps coupled with a bond to synthetically create the characteristics of a reference bond. Swaptions provide an option to enter into an interest rate swap and are used by Athene to hedge against interest rate exposure.

Embedded derivatives

Athene has embedded derivatives which are required to be separated from their host contracts and reported as derivatives. Host contracts include reinsurance agreements structured on a modco or funds withheld basis and indexed annuity products.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The following is a summary of the gains (losses) related to derivatives not designated as hedges:

(In millions)	Three months ended June 30,		Six months ended June 30,	
	2026	2025	2026	2025
Equity options	\$ 2,847	\$ 871	\$ 1,692	\$ (65)
Futures	113	(9)	66	(16)
Foreign currency swaps	117	(1,009)	553	(1,288)
Interest rate swaps and forwards and other swaps	(35)	(70)	(149)	(137)
Foreign currency forwards	(258)	(401)	(212)	(611)
Embedded derivatives on funds withheld	(32)	41	(193)	199
Amounts recognized in investment related gains (losses)	2,752	(577)	1,757	(1,918)
Embedded derivatives in indexed annuity products ¹	(2,135)	(887)	(604)	116
Total gains (losses) on derivatives not designated as hedges	\$ 617	\$ (1,464)	\$ 1,153	\$ (1,802)

¹ Included in interest sensitive contract benefits on the condensed consolidated statements of operations.

Credit Risk

Athene may be exposed to credit-related losses in the event of counterparty nonperformance on derivative financial instruments. Generally, the current credit exposure of Athene's derivative contracts is the fair value at the reporting date less any collateral received from the counterparty.

Athene manages credit risk related to over-the-counter derivatives by entering into transactions with creditworthy counterparties. Where possible, Athene maintains collateral arrangements and uses master netting agreements that provide for a single net payment from one counterparty to another at each due date and upon termination. Athene has also established counterparty exposure limits, where possible, in order to evaluate if there is sufficient collateral to support the net exposure.

Collateral arrangements typically require the posting of collateral in connection with its derivative instruments. Collateral agreements often contain posting thresholds, some of which may vary depending on the posting party's financial strength ratings. Additionally, a decrease in Athene's financial strength rating to a specified level can result in settlement of the derivative position.

The estimated fair value of Athene's net derivative and other financial assets and liabilities after the application of master netting agreements and collateral were as follows:

(In millions)	Gross amount recognized ¹	Gross amounts not offset on the condensed consolidated statements of financial condition		Net amount	Off-balance sheet securities collateral ³	Net amount after securities collateral
		Financial instruments ²	Collateral (received)/pledged			
June 30, 2026						
Derivative assets	\$ 11,034	\$ (3,055)	\$ (7,934)	\$ 45	\$ (170)	\$ (125)
Derivative liabilities	(6,241)	3,055	2,945	(241)	631	390
December 31, 2025						
Derivative assets	\$ 9,190	\$ (2,602)	\$ (5,908)	\$ 680	\$ (889)	\$ (209)
Derivative liabilities	(5,742)	2,602	2,491	(649)	561	(88)

¹ The gross amounts of recognized derivative assets and derivative liabilities are reported on the condensed consolidated statements of financial condition. As of June 30, 2026 and December 31, 2025, amounts not subject to master netting or similar agreements were immaterial.

² Represents amounts offsetting derivative assets and derivative liabilities that are subject to an enforceable master netting agreement or similar agreement that are not netted against the gross derivative assets or gross derivative liabilities for presentation on the condensed consolidated statements of financial condition.

³ For non-cash collateral received, Athene does not recognize the collateral on the condensed consolidated statements of financial condition unless the obligor (transferor) has defaulted under the terms of the secured contract and is no longer entitled to redeem the pledged asset. Amounts do not include any excess of collateral pledged or received.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Certain derivative instruments contain provisions for credit-related events, such as a negative credit event of a credit default swap's reference entity. If a credit event were to occur, Athene may be required to settle an outstanding liability. Athene has written credit default swaps primarily on high-yield indices. As of June 30, 2026 and December 31, 2025, the carrying value of these derivatives was \$144 million and \$76 million in assets, respectively, and less than \$1 million of liabilities as of each respective period. As of June 30, 2026 and December 31, 2025, the maximum amount of potential future payments on the credit default swaps was \$1,010 million and \$510 million, respectively.

6. Variable Interest Entities

A variable interest in a VIE is an investment or other interest that will absorb portions of the VIE's expected losses and/or receive expected residual returns. Variable interests in consolidated VIEs and unconsolidated VIEs are discussed separately below.

Consolidated VIEs

Consolidated VIEs include certain CLOs and funds managed by the Company and other entities where the Company is deemed the primary beneficiary. Consolidated VIEs also include certain investment managers and general partners of the funds managed by the Company. Such investment managers and general partners have other equity investors at risk that do not have the ability to make significant decisions related to the entity's operations.

The assets of consolidated VIEs are not available to creditors of the Company, and the investors in these consolidated VIEs have no recourse against the assets of the Company. Similarly, there is no recourse to the Company for the consolidated VIEs' liabilities.

As of June 30, 2026, cash and cash equivalents of consolidated VIEs includes \$68 million of restricted cash held in escrow related to the sale of an investment, which is expected to be released over the next 12 months.

Other assets of the consolidated VIEs include short-term receivables due from investments sold and interest receivables. Accounts payable, accrued expenses, and other liabilities of consolidated VIEs include debt, profit sharing payable and other short-term payables.

Results from certain consolidated VIEs are reported on up to a three-month lag based upon the availability of financial information.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Consolidated Variable Interest Entities—Asset Management

The following table presents the investments of the consolidated VIEs:

<i>(In millions)</i>	June 30, 2026	December 31, 2025
Asset Management		
Investments, at fair value	\$ 3,359	\$ 3,078
Equity method investments	116	112
Performance allocations	233	314
Other investments	5	5
Total Investments – Asset Management	\$ 3,713	\$ 3,509

The following table presents net gains (losses) from investment activities of the consolidated VIEs:

<i>(In millions)</i>	Three months ended June 30,		Six months ended June 30,	
	2026	2025	2026	2025
Net gains (losses) from investment activities	\$ 28	\$ 18	\$ (22)	\$ 216
Net gains (losses) from debt	(3)	—	35	—
Interest and other income	34	5	89	39
Interest and other expenses	(66)	(19)	(124)	(40)
Net gains (losses) from investment activities of consolidated variable interest entities	\$ (7)	\$ 4	\$ (22)	\$ 215

In addition, we recognize revenues and expenses of certain consolidated VIEs within management fees, investment income (loss), compensation and benefits and general, administrative and other. The following table presents revenues, expenses and other gains (losses) related to the activities of these VIEs.

<i>(In millions)</i>	Three months ended June 30,		Six months ended June 30,	
	2026	2025	2026	2025
Revenues	\$ (12)	\$ 53	\$ (15)	\$ 85
Expenses	24	7	61	11
Other gains (losses)	(3)	(4)	(6)	(18)

Included within other liabilities are amounts due to third-party institutions and other debt obligations by the consolidated VIEs. The following table summarizes the principal provisions of those amounts:

<i>(In millions, except percentages)</i>	June 30, 2026			December 31, 2025		
	Principal Outstanding	Weighted Average Interest Rate	Weighted Average Remaining Maturity in Years	Principal Outstanding	Weighted Average Interest Rate	Weighted Average Remaining Maturity in Years
Asset Management						
Subscription lines ¹	\$ 1,381	6.25 %	0.08	\$ 1,443	5.66 %	0.24
Other debt obligations	501	11.00 %	0.38	—	N/A	N/A
Total – Asset Management	\$ 1,882			\$ 1,443		

¹ The subscription lines of the consolidated VIEs are collateralized by assets held by each respective vehicle and assets of one vehicle may not be used to satisfy the liabilities of another vehicle.

The consolidated VIEs' debt obligations contain various customary loan covenants. As of June 30, 2026, the Company was not aware of any instances of non-compliance with any of these covenants.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Consolidated Variable Interest Entities—Retirement Services

The following summarizes the statements of operations activity of the consolidated VIEs:

<i>(In millions)</i>	Three months ended June 30,		Six months ended June 30,	
	2026	2025	2026	2025
Trading securities	\$ 26	\$ 54	\$ 80	\$ 101

Net recognized investment gains (losses) on trading securities	4	4	(41)	6
Net recognized investment gains (losses) on mortgage loans	4	(13)	6	7
Net recognized investment gains on investment funds	656	455	1,098	940
Net other gains (losses)	(5)	16	2	17
Investment related gains (losses)	659	462	1,065	970
Revenues of consolidated variable interest entities	\$ 714	\$ 550	\$ 1,199	\$ 1,142

Unconsolidated Variable Interest Entities—Asset Management

The following table presents the maximum exposure to losses relating to these VIEs for which Apollo has concluded that it holds a significant variable interest, but that it is not the primary beneficiary.

<i>(In millions)</i>	June 30, 2026	December 31, 2025
Maximum Loss Exposure ^{1,2}	\$ 409	\$ 453

¹ Represents Apollo's direct investment in those entities in which it holds a significant variable interest and certain other investments. Additionally, cumulative performance allocations are subject to reversal in the event of future losses.

² Some amounts included are a quarter in arrears.

Unconsolidated Variable Interest Entities—Retirement Services

Athene has variable interests in certain unconsolidated VIEs in the form of securities and ownership stakes in investment funds.

Fixed maturity securities

Athene invests in securitization entities as a debt holder or an investor in the residual interest of the securitization vehicle. These entities are deemed VIEs due to insufficient equity within the structure and lack of control by the equity investors over the activities that significantly impact the economics of the entity. In general, Athene is a debt investor within these entities and, as such, holds a variable interest; however, due to the debt holders' lack of ability to control the decisions within the structure that significantly impact the entity, and the fact the debt holders are protected from losses due to the subordination of the equity tranche, the debt holders are not deemed the primary beneficiary. Securitization vehicles in which Athene holds the residual tranche are not consolidated because Athene does not unilaterally have substantive rights to remove the general partner, or when assessing related party interests, Athene is not under common control, as defined by U.S. GAAP, with the related parties, nor are substantially all of the activities conducted on Athene's behalf; therefore, Athene is not deemed the primary beneficiary. Debt investments and investments in the residual tranche of securitization entities are considered debt instruments, and are held at fair value.

Investment funds

Investment funds include non-fixed income, alternative investments in the form of limited partnerships or similar legal structures.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Equity securities

Athene invests in preferred equity securities issued by entities deemed to be VIEs due to insufficient equity within the structure.

Athene's risk of loss associated with its non-consolidated investments depends on the investment. Investment funds, equity securities and trading securities are limited to the carrying value plus unfunded commitments. AFS securities are limited to amortized cost plus unfunded commitments.

The following summarizes the carrying value and maximum loss exposure of these non-consolidated investments:

	June 30, 2026		December 31, 2025	
	Carrying Value	Maximum Loss Exposure	Carrying Value	Maximum Loss Exposure
<i>(In millions)</i>				
Investment funds	\$ 276	\$ 596	\$ 108	\$ 458

(Concluded)

¹ Investments as of June 30, 2026 and December 31, 2025 excludes \$231 million and \$235 million, respectively, of performance allocations classified as Level 3 related to certain investments for which the Company elected the fair value option.

² Due from/to related parties represents receivables and payables associated with funds. See note 16 for additional information on due from/ to related parties.

³ Derivative assets and derivative liabilities are presented as a component of other assets and other liabilities, respectively, in the condensed consolidated statements of financial condition.

⁴ Other liabilities include profit sharing payable related to contingent obligations classified as Level 3.

⁵ Other assets consist of market risk benefits assets. See note 9 for additional information on market risk benefits assets and liabilities valuation methodology and additional fair value disclosures.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Financial Instruments Without Readily Determinable Fair Values

The Company elected the measurement alternative to account for an equity security that did not have a readily determinable fair value. The equity security was held at cost less any impairment. In connection with the initial public offering of the issuer of the equity security during the second quarter of 2025, the Company transitioned to measuring the investment at fair value using Level 1 inputs. This resulted in an observable transaction price below the Company's carrying amount. Consequently, the Company recognized an impairment loss of \$257 million during the second quarter of 2025 and the carrying value of the investment was written down to its fair value of \$101 million as of June 30, 2025.

Fair Value Option – Retirement Services

The following represents the gains (losses) recorded for instruments for which Athene has elected the fair value option, including related parties and VIEs:

<i>(In millions)</i>	Three months ended June 30,		Six months ended June 30,	
	2026	2025	2026	2025
Trading securities	\$ 62	\$ 261	\$ (190)	\$ 336
Mortgage loans	(624)	892	(1,375)	1,933
Investment funds	6	114	(4)	155
Future policy benefits	7	10	31	5
Other	(2)	(29)	4	(17)
Total gains (losses)	<u>\$ (551)</u>	<u>\$ 1,248</u>	<u>\$ (1,534)</u>	<u>\$ 2,412</u>

Gains and losses on trading securities, mortgage loans, and other are recorded in investment related gains (losses) on the condensed consolidated statements of operations. Gains and losses related to investment funds are recorded in net investment income on the condensed consolidated statements of operations. Gains and losses related to investments of consolidated VIEs are recorded in revenues of consolidated VIEs on the condensed consolidated statements of operations. The change in fair value of future policy benefits is recorded in future policy and other policy benefits on the condensed consolidated statements of operations.

The following summarizes information for fair value option mortgage loans, including related parties and VIEs:

<i>(In millions)</i>	June 30, 2026	December 31, 2025
Unpaid principal balance	\$ 105,204	\$ 96,269
Mark to fair value	(1,623)	(725)
Fair value	<u>\$ 103,581</u>	<u>\$ 95,544</u>

The following represents the commercial mortgage loan portfolio 90 days or more past due and/or in non-accrual status:

<i>(In millions)</i>	June 30, 2026	December 31, 2025
Unpaid principal balance of commercial mortgage loans 90 days or more past due and/or in non-accrual status	\$ 1,027	\$ 992
Mark to fair value of commercial mortgage loans 90 days or more past due and/or in non-accrual status	(332)	(337)
Fair value of commercial mortgage loans 90 days or more past due and/or in non-accrual status	<u>\$ 695</u>	<u>\$ 655</u>
Fair value of commercial mortgage loans 90 days or more past due	\$ 298	\$ 274
Fair value of commercial mortgage loans in non-accrual status	695	655

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The following represents the residential mortgage loan portfolio 90 days or more past due and/or in non-accrual status:

<i>(In millions)</i>	June 30, 2026	December 31, 2025
Unpaid principal balance of residential mortgage loans 90 days or more past due and/or in non-accrual status	\$ 1,912	\$ 826
Mark to fair value of residential mortgage loans 90 days or more past due and/or in non-accrual status	(184)	(85)
Fair value of residential mortgage loans 90 days or more past due and/or in non-accrual status	\$ 1,728	\$ 741
Fair value of residential mortgage loans 90 days or more past due ¹	\$ 829	\$ 741
Fair value of residential mortgage loans in non-accrual status	1,655	678

¹ As of June 30, 2026 and December 31, 2025, includes \$73 million and \$63 million, respectively, of residential mortgage loans that are guaranteed by U.S. government-sponsored agencies.

The following is the estimated amount of gains (losses) included in earnings during the period attributable to changes in instrument-specific credit risk on Athene's mortgage loan portfolio:

<i>(In millions)</i>	Three months ended June 30,		Six months ended June 30,	
	2026	2025	2026	2025
Mortgage loans	\$ (20)	\$ (20)	\$ (44)	\$ (23)

The portion of gains and losses attributable to changes in instrument-specific credit risk is estimated by identifying commercial mortgage loans with loan-to-value ratios meeting credit quality criteria, and residential mortgage loans with delinquency status meeting credit quality criteria.

Fair Value of Financial Instruments Not Carried at Fair Value – Retirement Services

The following represents Athene's financial instruments not carried at fair value on the condensed consolidated statements of financial condition:

<i>(In millions)</i>	June 30, 2026

Total financial liabilities not carried at fair value	\$ 276,859	\$ 273,576	\$ —	\$ 576	\$ 12,965	\$ 260,035

The fair value for financial instruments not carried at fair value are estimated using the same methods and assumptions as those carried at fair value. The financial instruments presented above are reported at carrying value on the condensed consolidated statements of financial condition; however, in the case of policy loans, funds withheld at interest and liability, short-term investments, and securities to repurchase, the carrying amount approximates fair value.

Other investments – Other investments include investments in low-income housing and transferable energy tax credit structures. For those held using the proportional amortization method, the carrying value may include tax credits which have been received but not yet used, which are excluded from the measurement of the fair value estimate of the investment structures. Tax and other future benefits expected to be generated by these structures are valued using a discounted cash flow model.

Interest sensitive contract liabilities – The carrying and fair value of interest sensitive contract liabilities above includes indexed and traditional fixed annuities without mortality or morbidity risks, funding agreements, guaranteed investment contracts and payout annuities without life contingencies. The embedded derivatives within indexed annuities without mortality or morbidity risks are excluded, as they are carried at fair value. The valuation of these investment contracts is based on discounted cash flow methodologies using significant unobservable inputs. The estimated fair value is determined using current market risk-free interest rates, adding a spread to reflect nonperformance risk and subtracting a risk margin to reflect uncertainty inherent in the projected cash flows.

Debt – The fair value of debt is obtained from commercial pricing services. See note 12 for further information on debt.

Significant Unobservable Inputs

Asset Management

Discounted Cash Flow and Direct Capitalization Model

When a discounted cash flow or direct capitalization model is used to determine fair value, the significant input used in the valuation model is the discount rate applied to present value the projected cash flows or the capitalization rate, respectively. Increases in the discount or capitalization rate can significantly lower the fair value of an investment and the contingent consideration obligations; conversely decreases in the discount or capitalization rate can significantly increase the fair value of an investment and the contingent consideration obligations. See note 17 for further discussion of the contingent consideration obligations.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Option Model

When an option model is used to determine fair value, the significant input used in the valuation model is the volatility rate applied to present value the projected cash flows. Increases in the volatility rate can significantly lower the fair value of an investment; conversely decreases in the volatility rate can significantly increase the fair value of an investment.

Consolidated VIEs' Investments

The significant unobservable inputs used in the fair value measurement of the equity securities, bank loans and bonds are the discount rate and volatility rates applied in the valuation models. These inputs in isolation can cause significant increases or decreases in fair value, which would result in a significantly lower or higher fair value measurement. The discount and volatility rates are determined based on the market rates an investor would expect for a similar investment with similar risks.

NAV

Certain investments and investments of VIEs are valued using the NAV per share equivalent calculated by the investment manager as a practical expedient to determine an independent fair value.

Retirement Services*AFS, trading and equity securities*

Athene uses discounted cash flow models to calculate the fair value for certain fixed maturity and equity securities. The discount rate is a significant unobservable input because the credit spread includes adjustments made to the base rate. The base rate represents a market comparable rate for securities with similar characteristics. This excludes assets for which fair value is provided by independent broker quotes.

Mortgage loans

Athene uses discounted cash flow models from independent commercial pricing services to calculate the fair value of its mortgage loan portfolio. The discount rate is a significant unobservable input. This approach uses market transaction information and client portfolio-oriented information, such as prepayments or defaults, to support the valuations. For mortgage loans that Athene has entered into an agreement to sell at a specified price, the fair value is based on the estimated proceeds of the sale.

Interest sensitive contract liabilities – embedded derivative

Significant unobservable inputs used in the indexed annuities embedded derivative of the interest sensitive contract liabilities valuation include:

1. Nonperformance risk – For contracts Athene issues, it uses the credit spread, relative to the U.S. Treasury curve based on Athene's public credit rating as of the valuation date. This represents Athene's credit risk used in the fair value estimate of embedded derivatives.
2. Option budget – Athene assumes future hedge costs in the derivative's fair value estimate. The level of option budgets determines the future costs of the options and impacts future policyholder account value growth.
3. Policyholder behavior – Athene regularly reviews the full withdrawal (surrender rate) assumptions. These are based on initial pricing assumptions updated for actual experience. Actual experience may be limited for recently issued products.

*Valuation of Underlying Investments**Asset Management*

The underlying entities that Apollo manages and invests in are primarily investment companies that account for their investments at estimated fair value.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

On a quarterly basis, valuation committees consisting of members from senior management review and approve the valuation results related to the investments of the funds Apollo manages. Apollo also retains external valuation firms for third-party valuation consulting services, which consist of certain limited procedures that management identifies and requests them to perform. The limited procedures provided by the external valuation firms assist management with validating their valuation results or determining fair value. Apollo performs various back-testing procedures to validate its valuation approaches, including comparisons between expected and observed outcomes, forecast evaluations and variance analyses. However, because of the inherent uncertainty of valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the investments existed, and the differences could be material.

Credit Investments

Credit investments are generally valued based on third-party vendor prices and/or quoted market prices and valuation models. Valuations using quoted market prices are based on the average of the “bid” and the “ask” quotes provided by multiple brokers wherever possible without any adjustments. Apollo will designate certain brokers to use to value specific securities. In determining the designated brokers, Apollo considers the following: (1) brokers with which Apollo has previously transacted, (2) the underwriter of the security and (3) active brokers indicating executable quotes. In addition, when valuing a security based on broker quotes wherever possible Apollo tests the standard deviation amongst the quotes received and the variance between the concluded fair value and the value provided by a pricing service. When relying on a third-party vendor as a primary source, Apollo (1) analyzes how the price has moved over the measurement period, (2) reviews the number of brokers included in the pricing service’s population, if available, and (3) validates the valuation levels with Apollo’s pricing team and traders.

Debt securities that are not publicly traded or whose market prices are not readily available are valued at fair value utilizing a model-based approach to determine fair value. Valuation approaches used to estimate the fair value of illiquid credit investments also may include the income approach, as described below. The valuation approaches used consider, as applicable, market risks, credit risks, counterparty risks and foreign currency risks.

Equity Investments

The majority of illiquid equity investments are valued using the market approach and/or the income approach, as described below.

Market Approach

The market approach is driven by current market conditions, including actual trading levels of similar companies and, to the extent available, actual transaction data of similar companies. Judgment is required by management when assessing which companies are similar to the subject company being valued. Consideration may also be given to any of the following factors: (1) the subject company’s historical and projected financial data; (2) valuations given to comparable companies; (3) the size and scope of the subject company’s operations; (4) the subject company’s individual strengths and weaknesses; (5) expectations relating to the market’s receptivity to an offering of the subject company’s securities; (6) applicable restrictions on transfer; (7) industry and market information; (8) general economic and market conditions; and (9) other factors deemed relevant. Market approach valuation models typically employ a multiple that is based on one or more of the factors described above.

Enterprise value as a multiple of earnings before interest, taxes, depreciation and amortization (“EBITDA”) is common and relevant for most companies and industries; however, other industry specific multiples are employed where available and appropriate. Sources for gaining additional knowledge related to comparable companies include public filings, annual reports, analyst research reports and press releases. Once a comparable company set is determined, Apollo reviews certain aspects of the subject company’s performance and determines how its performance compares to the group and to certain individuals in the group. Apollo compares certain measurements such as EBITDA margins, revenue growth over certain time periods, leverage ratios and growth opportunities. In addition, Apollo compares the entry multiple and its relation to the comparable set at the time of acquisition to understand its relation to the comparable set on each measurement date.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Income Approach

The income approach provides an indication of fair value based on the present value of cash flows that a business or security is expected to generate in the future. The most widely used methodology for the income approach is a discounted cash flow method. Inherent in the discounted cash flow method are significant assumptions related to the subject company's expected results, the determination of a terminal value and a calculated discount rate, which is normally based on the subject company's WACC. The WACC represents the required rate of return on total capitalization, which comprises a required rate of return on equity, plus the current tax-effected rate of return on debt, weighted by the relative percentages of equity and debt that are typical in the industry. The most critical step in determining the appropriate WACC for each subject company is to select companies that are comparable in nature to the subject company and the credit quality of the subject company. Sources for gaining additional knowledge about the comparable companies include public filings, annual reports, analyst research reports and press releases. The general formula then used for calculating the WACC considers the after-tax rate of return on debt capital and the rate of return on common equity capital, which further considers the risk-free rate of return, market beta, market risk premium and small stock premium, if applicable. The variables used in the WACC formula are inferred from the comparable market data obtained. The Company evaluates the comparable companies selected and concludes on WACC inputs based on the most comparable company or analyzes the range of data for the investment.

The value of liquid investments, where the primary market is an exchange (whether foreign or domestic), is determined using period end market prices. Such prices are generally based on the close price on the date of determination.

Certain of the funds Apollo manages may also enter into foreign currency exchange contracts, total return swap contracts, credit default swap contracts and other derivative contracts, which may include options, caps, collars and floors. Foreign currency exchange contracts are marked-to-market by recognizing the difference between the contract exchange rate and the current market rate as unrealized appreciation or depreciation. If securities are held at the end of the period, the changes in value are recorded in income as unrealized. Realized gains or losses are recognized when contracts are settled. Total return swap and credit default swap contracts are recorded at fair value as an asset or liability with changes in fair value recorded as unrealized appreciation or depreciation. Realized gains or losses are recognized at the termination of the contract based on the difference between the close-out price of the total return or credit default swap contract and the original contract price. Forward contracts are valued based on market rates obtained from counterparties or prices obtained from recognized financial data service providers.

Retirement Services

AFS and trading securities

The fair values for most marketable securities without an active market are obtained from several commercial pricing services. These are classified as Level 2 assets. The pricing services incorporate a variety of market observable information in their valuation techniques, including benchmark yields, trading activity, credit quality, issuer spreads, bids, offers and other reference data. This category typically includes U.S. and non-U.S. corporate bonds, U.S. agency and government guaranteed securities, CLO, ABS, CMBS and RMBS.

Athene also has fixed maturity securities priced based on indicative broker quotes or by employing market accepted valuation models. For certain fixed maturity securities, the valuation model uses significant unobservable inputs and these are included in Level 3 in the fair value hierarchy. Significant unobservable inputs used include discount rates, issue-specific credit adjustments, material non-public financial information, estimation of future earnings and cash flows, default rate assumptions, liquidity assumptions and indicative quotes from market makers.

Privately placed fixed maturity securities are valued based on the credit quality and duration of comparable marketable securities, which may be securities of another issuer with similar characteristics. In some instances, a matrix-based pricing model is used. These models consider the current level of risk-free interest rates, corporate spreads, credit quality of the issuer and cash flow characteristics of the security. Additional factors such as net worth of the borrower, value of collateral, capital structure of the borrower, presence of guarantees and Athene's evaluation of the borrower's ability to compete in its relevant market are also considered. Privately placed fixed maturity securities are classified as Level 2 or 3.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Equity securities

Fair values of publicly traded equity securities are based on quoted market prices and classified as Level 1. Other equity securities, typically private equities or equity securities not traded on an exchange, are valued based on other sources, such as commercial pricing services or brokers, and are classified as Level 2 or 3.

Mortgage loans

Athene estimates fair value monthly using discounted cash flow analysis and rates being offered for similar loans to borrowers with similar credit ratings. Loans with similar characteristics are aggregated for purposes of the calculations. The discounted cash flow model uses unobservable inputs, including estimates of discount rates and loan prepayments. For mortgage loans that Athene has entered into an agreement to sell at a specified price, the fair value is based on the agreed upon price. Mortgage loans are classified as Level 3.

Investment funds

Investment funds are typically measured using NAV as a practical expedient in determining fair value and are not classified in the fair value hierarchy. The carrying value reflects a pro rata ownership percentage as indicated by NAV in the investment fund financial statements, which may be adjusted if it is determined NAV is not calculated consistent with investment company fair value principles. The underlying investments of the investment funds may have significant unobservable inputs, which may include but are not limited to, comparable multiples and WACC rates applied in valuation models or a discounted cash flow model.

Certain investment funds for which Athene has elected the fair value option are included in Level 3 and are priced based on market accepted valuation models. The valuation models use significant unobservable inputs, which include material non-public financial information, estimation of future distributable earnings and demographic assumptions.

Other investments

The fair values of other investments are determined using a discounted cash flow model using discount rates for similar investments.

Funds withheld at interest embedded derivatives

Funds withheld at interest embedded derivatives represent the right to receive or obligation to pay the total return on the assets supporting the funds withheld at interest or funds withheld liability, respectively, and are analogous to a total return swap with a floating rate leg. The fair value of embedded derivatives on funds withheld and modco agreements is measured as the unrealized gain (loss) on the underlying assets and classified as Level 3.

Derivatives

Derivative contracts can be exchange traded or over the counter. Exchange-traded derivatives typically fall within Level 1 of the fair value hierarchy depending on trading activity. Over-the-counter derivatives are valued using valuation models or an income approach using third-party broker valuations. Valuation models require a variety of inputs, including contractual terms, market prices, yield curves, credit curves, measures of volatility, prepayment rates and correlation of the inputs. Athene considers and incorporates counterparty credit risk in the valuation process through counterparty credit rating requirements and monitoring of overall exposure. Athene also evaluates and includes its own nonperformance risk in valuing derivatives. The majority of Athene's derivatives trade in liquid markets; therefore, it can verify model inputs and model selection does not involve significant management judgment. These are typically classified within Level 2 of the fair value hierarchy.

Interest sensitive contract liabilities embedded derivatives

Embedded derivatives related to interest sensitive contract liabilities with indexed annuity products and any corresponding reinsurance recoverable are classified as Level 3. The valuations include significant unobservable inputs associated with economic assumptions and actuarial assumptions for policyholder behavior.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

AmerUs Closed Block

Athene elected the fair value option for the future policy benefits liability in the AmerUs Closed Block. The valuation technique is to set the fair value of policyholder liabilities equal to the fair value of assets. There is an additional component which captures the fair value of the open block's obligations to the closed block business. This component is the present value of the projected release of required capital and future earnings before income taxes on required capital supporting the AmerUs Closed Block, discounted at a rate which represents a market participant's required rate of return, less the initial required capital. Unobservable inputs include estimates for these items. The AmerUs Closed Block policyholder liabilities and any corresponding reinsurance recoverable are classified as Level 3.

ILICO Closed Block

Athene elected the fair value option for the ILICO Closed Block. The valuation technique is to set the fair value of policyholder liabilities equal to the fair value of assets. There is an additional component which captures the fair value of the open block's obligations to the closed block business. This component uses the present value of future cash flows which include commissions, administrative expenses, reinsurance premiums and benefits, and an explicit cost of capital. The discount rate includes a margin to reflect the business and nonperformance risk. Unobservable inputs include estimates for these items. The ILICO Closed Block policyholder liabilities and corresponding reinsurance recoverable are classified as Level 3.

Universal life liabilities and other life benefits

Athene elected the fair value option for certain blocks of universal and other life business ceded to Global Atlantic. Athene uses a present value of liability cash flows. Unobservable inputs include estimates of mortality, persistency, expenses, premium payments and a risk margin used in the discount rates that reflect the riskiness of the business. The universal life policyholder liabilities and corresponding reinsurance recoverable are classified as Level 3.

Other liabilities

Other liabilities include funds withheld liability embedded derivatives, as described above in funds withheld at interest embedded derivatives, and a ceded modco agreement of certain inforce funding agreement contracts for which Athene elected the fair value option. Athene estimates the fair value of the ceded modco agreement by discounting projected cash flows for net settlements and certain periodic and non-periodic payments. Unobservable inputs include estimates for asset portfolio returns and economic inputs used in the discount rate, including risk margin. Depending on the projected cash flows and other assumptions, the contract may be recorded as an asset or liability. The estimate is classified as Level 3.

Deferred costs related to universal life-type policies and investment contracts with significant revenue streams from sources other than investment of the policyholder funds, including traditional deferred annuities and indexed annuities, are amortized on a constant-level basis for a cohort of contracts using initial premium or deposit. Significant inputs and assumptions are required for determining the expected duration of the cohort and involves using accepted actuarial methods to determine decrement rates related to policyholder behavior for lapses, withdrawals (surrenders) and mortality. The assumptions used to determine the amortization of DAC and DSI are consistent with those used to estimate the related liability balance.

Deferred costs related to investment contracts without significant revenue streams from sources other than investment of policyholder funds are amortized using the effective interest method, which primarily includes funding agreements. The effective interest method requires inputs to project future cash flows, which for funding agreements includes contractual terms of notional value, periodic interest payments based on either fixed or floating interest rates, and duration. For other investment-type contracts which include immediate annuities and assumed endowments without significant mortality risks, assumptions are required related to policyholder behavior for lapses and withdrawals (surrenders).

9. Long-duration Contracts

Interest sensitive contract liabilities – Interest sensitive contract liabilities primarily include:

- traditional deferred annuities (which include individual and group deferred annuities);
- indexed annuities consisting of fixed indexed, index-linked variable annuities, and assumed indexed universal life without significant mortality risk;
- funding agreements; and
- other investment-type contracts comprising immediate annuities without significant mortality risk (which include pension group annuities and structured settlements without life contingencies), guaranteed investment contracts, and assumed endowments without significant mortality risks.

The following is a reconciliation of future policy benefits to the condensed consolidated statements of financial condition:

	June 30,	
	2026	2025
<i>(In millions)</i>		
Payout annuities with life contingencies	\$ 40,388	\$ 41,926
Whole life	2,288	1,729
Reconciling items ¹	5,565	5,745
Future policy benefits	\$ 48,241	\$ 49,400

¹ Reconciling items primarily include the deferred profit liability and negative VOBA associated with the liability for future policy benefits. Additionally, it includes term life reserves, fully ceded whole life reserves, and reserves for immaterial lines of business including accident and health and disability, as well as other insurance benefit reserves for no-lapse guarantees with universal life contracts, all of which are fully ceded.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The following is a reconciliation of premiums and interest expense relating to future policy benefits to the condensed consolidated statements of operations:

	Premiums			
	Six months ended June 30,			
	2026		2025	
<i>(In millions)</i>				
Payout annuities with life contingencies	\$	199	\$	122
Whole life		177		101
Reconciling items ¹		11		11
Total premiums	\$	387	\$	234
	Interest Expense			
	Six months ended June 30,			
	2026		2025	
<i>(In millions)</i>				
Payout annuities with life contingencies	\$	861	\$	879
Whole life		59		25
Total interest expense	\$	920	\$	904

¹ Reconciling items primarily relate to immaterial lines of business including term life, fully ceded whole life, and accident and health and disability.

Significant assumptions and inputs to the calculation of future policy benefits for payout annuities with life contingencies include policyholder demographic data, assumptions for policyholder longevity and policyholder utilization for contracts with deferred lives, and discount rates. For whole life products, significant assumptions and inputs include policyholder demographic data, assumptions for mortality, morbidity, and lapse and discount rates.

Athene bases certain key assumptions related to policyholder behavior on industry standard data adjusted to align with actual company experience, if necessary. At least annually, Athene reviews all significant cash flow assumptions and updates as necessary, unless emerging experience indicates a more frequent review is necessary. The discount rate reflects market observable inputs from upper-medium grade fixed income instrument yields and is interpolated, where necessary, to conform to the duration of Athene's liabilities.

During the six months ended June 30, 2026, the present value of expected future policy benefits decreased by \$1,962 million, which was driven by \$2,360 million of benefit payments and a \$710 million change in discount rate assumptions related to an increase in market observable rates, partially offset by \$945 million of interest accruals and \$280 million of issuances.

During the six months ended June 30, 2025, the present value of expected future policy benefits decreased by \$449 million, which was driven by \$2,287 million of benefit payments, offset by \$914 million of interest accruals, a \$573 million change in discount rate assumptions related to a decrease in market observable rates, a \$345 million change in foreign exchange and \$133 million of issuances, primarily pension group annuities

The following is a summary of remeasurement gains (losses) included within future policy and other policy benefits on the condensed consolidated statements of operations:

	Six months ended June 30,			
	2026		2025	
<i>(In millions)</i>				
Reserves	\$	7	\$	61
Deferred profit liability		31		2
Negative VOBA		(6)		(3)
Total remeasurement gains (losses)	\$	32	\$	60

During the six months ended June 30, 2026 and 2025, Athene recorded reserve increases of \$12 million and \$8 million, respectively, on the condensed consolidated statements of operations as a result of the present value of benefits and expenses exceeding the present value of gross premiums.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Market risk benefits – Athene issues and reinsures traditional deferred and indexed annuity products that contain GLWB and GMDB riders that meet the criteria to be classified as market risk benefits.

The following is a rollforward of net market risk benefit liabilities by product:

	Six months ended June 30, 2026		
	Traditional Deferred Annuities	Indexed Annuities	Total
<i>(In millions, except years)</i>			
Balance at December 31, 2025	\$ 205	\$ 4,511	\$ 4,716

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The following is a reconciliation of market risk benefits to the condensed consolidated statements of financial condition. Market risk benefit assets are included in other assets on the condensed consolidated statements of financial condition.

<i>(In millions)</i>	June 30, 2026		
	Asset	Liability	Net Liability
Traditional deferred annuities	\$ —	\$ 207	\$ 207
Indexed annuities	169	5,076	4,907
Total	\$ 169	\$ 5,283	\$ 5,114

<i>(In millions)</i>	June 30, 2025		
	Asset	Liability	Net Liability
Traditional deferred annuities	\$ —	\$ 195	\$ 195
Indexed annuities	277	4,294	4,017
Total	\$ 277	\$ 4,489	\$ 4,212

During the six months ended June 30, 2026, net market risk benefit liabilities increased by \$398 million, which was primarily driven by \$213 million in fees collected from policyholders, \$193 million of issuances and \$99 million of interest accruals, partially offset by \$62 million of changes in equity and \$49 million of benefit payments.

During the six months ended June 30, 2025, net market risk benefit liabilities increased by \$497 million, which was primarily driven by \$201 million of issuances, \$190 million in fees collected from policyholders and \$93 million of interest accruals.

The determination of the fair value of market risk benefits requires the use of inputs related to fees and assessments and assumptions in determining the projected benefits in excess of the projected account balance. Judgment is required for both economic and actuarial assumptions, which can be either observable or unobservable, that impact future policyholder account growth.

Economic assumptions include interest rates and implied volatilities throughout the duration of the liability. For indexed annuities, assumptions also include projected equity returns which impact cash flows attributable to indexed strategies, implied equity volatilities, expected index credits on the next policy anniversary date and future equity option costs. Assumptions related to the level of option budgets used for determining the future equity option costs and the impact on future policyholder account value growth are considered unobservable inputs.

Policyholder behavior assumptions are unobservable inputs and are established using accepted actuarial valuation methods to estimate withdrawals (surrender rate) and income rider utilization. Assumptions are generally based on industry data and pricing assumptions which are updated for actual experience, if necessary. Actual experience may be limited for recently issued products.

All inputs are used to project excess benefits and fees over a range of risk-neutral, stochastic interest rate scenarios. For indexed annuities, stochastic equity return scenarios are also included within the range. A risk margin is incorporated within the discount rate to reflect uncertainty in the projected cash flows such as variations in policyholder behavior, as well as a credit spread to reflect nonperformance risk, which is considered an unobservable input. Athene uses its public credit rating relative to the U.S. Treasury curve as of the valuation date to reflect its nonperformance risk in the fair value estimate of market risk benefits.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The following summarizes the unobservable inputs for market risk benefits:

June 30, 2026							
<i>(In millions, except percentages)</i>	Fair Value	Valuation Technique	Unobservable Inputs	Minimum	Maximum	Weighted Average	Impact of an Increase in the Input on Fair Value
Market risk benefits, net	\$ 5,114	Discounted cash flow	Nonperformance risk	0.3 %	1.1 %	0.9 % ¹	Decrease
			Option budget	0.5 %	5.9 %	2.7 % ²	Decrease
			Surrender rate	4.0 %	7.5 %	5.1 % ²	Decrease
			Utilization rate	28.6 %	95.0 %	86.7 % ³	Increase
June 30, 2025							
<i>(In millions, except percentages)</i>	Fair Value	Valuation Technique	Unobservable Inputs	Minimum	Maximum	Weighted Average	Impact of an Increase in the Input on Fair Value
Market risk benefits, net	\$ 4,212	Discounted cash flow	Nonperformance risk	0.3 %	1.1 %	1.0 % ¹	Decrease
			Option budget	0.5 %	6.0 %	2.5 % ²	Decrease
			Surrender rate	3.1 %	6.7 %	4.4 % ²	Decrease
			Utilization rate	28.6 %	95.0 %	85.4 % ³	Increase

¹ The nonperformance risk weighted average is based on the cash flows underlying the market risk benefit reserve.

² The option budget and surrender rate weighted averages are calculated based on projected account values.

³ The utilization of GLWB withdrawals represents the estimated percentage of policyholders that are expected to use their income rider over the duration of the contract, with the weighted average based on current account values.

10. Profit Sharing Payable

Profit sharing payable, and those of consolidated VIEs, are recorded within accounts payable, accrued expenses, and other liabilities, and accounts payable, accrued expenses, and other liabilities of consolidated VIEs, respectively, in the condensed consolidated statements of financial condition. The below is a roll-forward of the profit-sharing payable balance:

<i>(In millions)</i>	Total
Profit sharing payable, January 1, 2026	\$ 2,035
Profit sharing expense	308
Payments/other	(496)
Profit sharing payable, June 30, 2026	<u>\$ 1,847</u>

Profit sharing expense includes (1) changes in amounts due to current and former employees entitled to a share of performance revenues in funds managed by Apollo and (2) changes to the fair value of the contingent consideration obligations recognized in connection with certain of the Company's acquisitions. Profit sharing payable excludes the potential return of profit-sharing distributions that would be due if certain funds were liquidated, which is recorded in due from related parties in the condensed consolidated statements of financial condition.

The Company requires that a portion of certain of the performance revenues distributed to the Company's employees be used to purchase restricted shares of common stock issued under its Equity Plan. Prior to distribution of the performance revenues, the Company records the value of the equity-based awards expected to be granted in other assets and accounts payable, accrued expenses, and other liabilities.

11. Income Taxes

The Company's income tax provision totaled \$396 million and \$3 million for the three months ended June 30, 2026 and 2025, respectively, and totaled \$2,090 million and \$246 million for the six months ended June 30, 2026 and 2025, respectively. The Company's effective income tax rate was approximately 15.9% and 0.4% for the three months ended June 30, 2026 and 2025, respectively, and 75.5% and 12.1% for the six months ended June 30, 2026 and 2025, respectively.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

On January 5, 2026, the OECD issued guidance exempting U.S.-parented groups from the IIR or UTPR taxes under the Pillar Two regime. The U.K. government has publicly announced its intention to enact this guidance into law. While the precise timing of such enactment is subject to the U.K. government's legislative process, once enacted, the Company expects that Athene and ACRA Bermuda entities would be exempt from the IIR and UTPR taxes in the U.K. In light of these developments, and the Company's expectation that maintaining alignment between the Bermuda CIT and Pillar Two tax groups would no longer be beneficial, in January 2026, the Company revoked ACRA's election to be subject to the Bermuda CIT.

Although the Company believes such an outcome would be unlikely, if the U.K. government does not enact the announced legislation, or subsequently amends its legislation in a manner that does not conform to the OECD guidance, the Company expects to re-elect ACRA into the Bermuda CIT regime at that time and utilize the Bermuda deferred tax assets to offset any resulting Bermuda CIT or Pillar Two cash tax obligations.

As a result of the foregoing, in the first quarter of 2026, the Company recorded a full valuation allowance against its Bermuda deferred tax assets, as the Company no longer expects Athene or ACRA to incur Bermuda CIT or Pillar Two tax expense against which such deferred tax assets could be utilized. This resulted in a reduction to other assets and a corresponding increase to the income tax provision equal to the net amount of the Bermuda deferred tax assets of \$1.7 billion.

Under U.S. GAAP, a tax benefit from an uncertain tax position may be recognized when it is more likely than not that the position will be sustained upon examination, including resolution of any related appeals or litigation, based on the technical merits of the position. As of June 30, 2026, the Company recorded \$3 million of unrecognized tax benefits for uncertain tax positions. Approximately all of the unrecognized tax benefits, if recognized, would impact the effective tax rate.

The primary jurisdictions in which the Company operates and incurs income taxes are the U.S., the U.K. and Bermuda. There are no material unremitted earnings with respect to the U.K. or other foreign jurisdictions.

In the normal course of business, the Company is subject to examination by federal, state, local and foreign tax authorities. As of June 30, 2026, the Company's U.S. federal, state, local and foreign income tax returns for the years 2022 through 2024 are open under the general statute of limitations provisions and therefore subject to examination. Currently, the Internal Revenue Service ("IRS") is examining the tax returns of the Company and certain subsidiaries for tax years 2019 to 2023. The State and City of New York are examining certain subsidiaries' tax returns for tax years 2014 to 2023. The U.K. tax authorities are currently examining certain subsidiaries' tax returns for certain tax years within the period from 2015 to 2023.

The Company received a draft Notice of Proposed Adjustment ("NOPA") from the IRS on April 13, 2026 proposing a significant increase to taxable income for tax years 2019 through 2021. The proposed adjustment primarily relates to the inclusion of additional income from some of the Company's minority interest investments in foreign entities. While the 2022 and 2023 tax years are also under examination by the IRS on the same issue, the IRS has not yet proposed any adjustments to the Company's historical position. The Company disagrees with the IRS' position and intends to pursue all available administrative and judicial remedies. There can be no assurance as to the outcome of these IRS examinations, any subsequent challenge, or the impact of adverse judicial rulings in other cases. At this time, the Company cannot reasonably estimate the actual potential loss. If the Company is required to pay additional federal and state tax, interest, and, potentially, penalties, then such amounts could be material.

There are other routine examinations ongoing in other state, local, and foreign jurisdictions in which the Company operates. The Company regularly assesses the likelihood of adverse outcomes resulting from these examinations to determine the adequacy of our provision for income taxes. The Company continues to monitor the progress of ongoing discussions with tax authorities. No provisions with respect to these examinations have been recorded.

APOLLO GLOBAL MANAGEMENT, INC.

¹ Interest rate is calculated as weighted average annualized.

² Fair value is based on broker quotes. These notes are valued using Level 2 inputs based on the number and quality of broker quotes obtained, the standard deviations of the observed broker quotes and the percentage deviation from external pricing services.

³ Fair value is based on quoted market prices. These notes are classified as a Level 1 liability within the fair value hierarchy.

⁴ Represents the nonrecourse warehouse facility of a consolidated entity. The facility is secured by the assets of the entity and creditors do not have recourse to the general credit of AAM or any of its subsidiaries. The carrying amount of the facility approximates fair value due to the short-term nature and variable rate structure of the facility and is classified as a Level 3 liability within the fair value hierarchy.

Asset Management – Notes Issued and Repayments

On March 30, 2026, AGM issued \$750 million aggregate principal amount of its 5.700% Senior Notes due 2036 (the “2036 Senior Notes”). The 2036 Senior Notes bear interest at a rate of 5.700% per annum and interest is payable semi-annually in arrears on March 30 and September 30 of each year, commencing on September 30, 2026. The 2036 Senior Notes will mature on March 30, 2036.

On May 27, 2026, AMH repaid in full the principal and accrued interest of the \$500 million aggregate principal amount of its 4.40% 2026 Senior Notes.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The indentures governing the Asset Management notes restrict the ability of AGM, AMH and the guarantors of the notes to incur indebtedness secured by liens on voting stock or profit participating equity interests of their respective subsidiaries, or merge, consolidate or sell, transfer or lease assets. The indentures also provide for customary events of default.

Retirement Services – Notes Issued

AHL Senior Notes – AHL’s senior unsecured notes are callable by AHL at any time. If called prior to a defined period before the scheduled maturity date, typically three or six months, the price is equal to the greater of (1) 100% of the principal and any accrued and unpaid interest and (2) an amount equal to the sum of the present values of remaining scheduled payments, discounted from the scheduled payment date to the redemption date at the treasury rate plus a spread (as defined in the applicable prospectus supplement) and any accrued and unpaid interest.

On August 7, 2026 AHL issued \$1.0 billion of 6.150% Senior Notes due August 15, 2036 (the “2036 AHL Senior Notes”). AHL will accrue interest quarterly and pay interest on the 2036 AHL Senior Notes semi-annually, commencing on February 15, 2027.

AHL Subordinated Notes – AHL has fixed-rate reset subordinated notes outstanding, which pay interest at the initially stated fixed rate until the interest rate reset dates, at which point the interest rate resets to the Five-Year U.S. Treasury Rate plus a spread. Reset terms are as defined in the applicable prospectus supplement. AHL may defer interest payments on the subordinated notes for up to five consecutive years.

Credit and Liquidity Facilities

The following table represents the Company’s credit and liquidity facilities as of June 30, 2026:

Instrument/Facility	Maturity Date	Administrative Agent	Key terms
Asset Management – AGM credit facility	November 21, 2029	Citibank	The borrowing capacity under the AGM credit facility is \$1.25 billion, subject to being increased up to \$1.5 billion in total.
Retirement Services – Athene credit facility	June 26, 2031	Citibank	The borrowing capacity under the Athene credit facility is \$1.75 billion, subject to being increased up to \$2.5 billion in total.
Retirement Services – Athene liquidity facility	June 25, 2027	Wells Fargo Bank	The borrowing capacity under the Athene liquidity facility is \$2.6 billion, subject to being increased up to \$3.1 billion in total.

Asset Management – Credit Facility

On November 21, 2024, AGM and AMH, as parent borrower and subsidiary borrower, respectively, entered into a \$1.25 billion revolving credit facility with Citibank, N.A., as administrative agent, which matures on November 21, 2029 (“AGM credit facility”). As of June 30, 2026, AGM and AMH, as borrowers under the facility, could incur incremental facilities in an aggregate amount not to exceed \$250 million plus additional amounts so long as AGM and AMH were in compliance with a net leverage ratio not to exceed 4.00 to 1.00.

As of June 30, 2026 and December 31, 2025, there were no amounts outstanding under the AGM credit facility and the Company was in compliance with all financial covenants under the facility.

Retirement Services – Credit and Liquidity Facilities

Athene Credit Facility—On June 26, 2026, AHL, AARe, ALRe and AUSA entered into a five-year revolving credit agreement with a syndicate of banks and Citibank, N.A. as administrative agent (“Athene credit facility”), which replaced the previous credit agreement dated June 30, 2023. The Athene credit facility is unsecured and has a commitment termination date of June 26, 2031, subject to up to two one-year extensions, in accordance with the terms of the Athene credit facility. In connection with the Athene credit facility, AHL and AUSA guaranteed all of the obligations of the other borrowers under the Athene credit facility and the related loan documents, and ALRe and AARe guaranteed certain of the obligations of the other borrowers under the Athene credit facility and the related loan documents. The borrowing capacity under the Athene credit facility is \$1.75 billion, subject to being increased up to \$2.5 billion in total on the terms described in the Athene credit facility.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The Athene credit facility contains various standard covenants with which Athene must comply, including the following:

1. Consolidated debt-to-capitalization ratio not to exceed 40%;
2. Minimum consolidated net worth of no less than \$22.1 billion; and
3. Restrictions on Athene's ability to incur liens, with certain exceptions.

Interest accrues on outstanding borrowings at either the term secured overnight financing rate plus a margin or the base rate plus a margin, with the applicable margin varying based on AHL's debt rating. Rates and terms are as defined in the Athene credit facility. As of June 30, 2026 and December 31, 2025, there were no amounts outstanding under the current or previous Athene credit facilities and Athene was in compliance with all financial covenants under the facilities.

Athene Liquidity Facility—On June 26, 2026, AARe, ALRe and AAIA entered into a revolving credit agreement with a syndicate of banks and Wells Fargo Bank, National Association, as administrative agent, ("Athene liquidity facility"), which replaced the previous credit agreement dated as of June 27, 2025 and the commitments under it, which expired on June 26, 2026. The Athene liquidity facility is unsecured and has a commitment termination date of June 25, 2027, subject to any extensions of additional 364-day periods with consent of extending lenders and/or "term-out" of outstanding loans (by which, at Athene's election, the outstanding loans may be converted to term loans which shall have a maturity of up to one year after the original maturity date), in each case in accordance with the terms of the Athene liquidity facility. In connection with the Athene liquidity facility, AARe guaranteed all of the obligations of each other borrower under the Athene liquidity facility and the related loan documents. The borrowing capacity under the Athene liquidity facility is \$2.6 billion, subject to being increased up to \$3.1 billion in total on the terms described in the Athene liquidity facility. The Athene liquidity facility contains various standard covenants with which Athene must comply, including the following:

1. AARe minimum consolidated net worth of no less than \$26.2 billion; and
2. Restrictions on Athene's ability to incur liens, with certain exceptions.

Interest accrues on outstanding borrowings at the term secured overnight financing rate plus a margin or the base rate plus a margin, with applicable margin varying based on AARe's financial strength rating. Rates and terms are as defined in the Athene liquidity facility. As of June 30, 2026 and December 31, 2025, there were no amounts outstanding under the current or previous Athene liquidity facilities and Athene was in compliance with all financial covenants under the facilities.

Interest Expense

The following table presents the interest expense incurred related to the Company's debt:

(In millions)	Three months ended June 30,		Six months ended June 30,	
	2026	2025	2026	2025
Asset Management	\$ 88	\$ 60	\$ 165	\$ 120
Retirement Services ¹	102	83	204	158
Total Interest Expense	\$ 190	\$ 143	\$ 369	\$ 278

Note: Debt issuance costs incurred are amortized into interest expense over the term of the debt arrangement, as applicable.

¹ Interest expense for Retirement Services is included in policy and other operating expenses on the condensed consolidated statements of operations.

13. Equity-Based Compensation

Under the Equity Plan, the Company grants equity-based awards to employees. Equity-based awards granted to employees and non-employees as compensation are measured based on the grant date fair value of the award, which considers the public share price of AGM's common stock subject to certain discounts, as applicable.

The Company grants both service-based and performance-based awards. The estimated total grant date fair value for service-based awards is charged to compensation expense on a straight-line basis over the vesting period, which is generally one to five years from the date of grant. Performance-based awards are typically recognized on an accelerated recognition method over the requisite service period to the extent the performance metrics are met or deemed probable. Equity-based awards that do not require future service are expensed immediately.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

For the three months ended June 30, 2026 and 2025, the Company recorded equity-based compensation expense of \$246 million and \$166 million, respectively. For the six months ended June 30, 2026 and 2025, the Company recorded equity-based compensation expense of \$478 million and \$315 million, respectively. As of June 30, 2026, there was \$1.1 billion of estimated unrecognized compensation expense related to unvested RSU awards. This cost is expected to be recognized over a weighted-average period of 2.2 years.

Service-Based Awards

During the six months ended June 30, 2026 and 2025, the Company awarded 6.9 million and 3.4 million of service-based RSUs, with a grant date fair value of \$883 million and \$527 million, respectively.

During the three months ended June 30, 2026 and 2025, the Company recorded equity-based compensation expense on service-based RSUs of \$174 million and \$126 million, respectively. During the six months ended June 30, 2026 and 2025, the Company recorded compensation expense on service-based RSUs of \$344 million and \$243 million, respectively.

Performance-Based Awards

During the six months ended June 30, 2026, the Company awarded 0.3 million of performance-based RSUs with a grant date fair value of \$30 million. During the six months ended June 30, 2025, there were no performance-based RSUs awarded.

During the three months ended June 30, 2026 and 2025, the Company recorded compensation expense on performance-based awards of \$39 million and \$21 million, respectively. During the six months ended June 30, 2026 and 2025, the Company recorded compensation expense on performance-based awards of \$57 million and \$37 million, respectively. These awards primarily vest subject to continued employment and the Company's receipt of performance revenues, within prescribed periods, sufficient to cover the associated equity-based compensation expense.

In December 2021, the Company awarded one-time grants to the then Co-Presidents of AAM of 6.0 million RSUs which vest on a cliff basis subject to continued employment over five years, with 2.0 million of those RSUs also subject to the Company's achievement of certain fee related earnings and spread related earnings per share metrics. The Company records approximately \$14 million and \$6 million of compensation expense each quarter for these service-based awards and performance-based awards, respectively.

The following table summarizes RSU activity:

	Unvested	Weighted Average Grant Date Fair Value	Vested	Total Number of RSUs Outstanding
Balance at January 1, 2026	13,047,189	\$ 81.72	19,437,942	32,485,131
Granted	7,075,733	126.52	136,605	7,212,338
Forfeited	(131,872)	135.27	(643)	(132,515)
Vested	(1,771,769)	100.91	1,771,769	—
Issued	—	—	(4,272,642)	(4,272,642)
Balance at June 30, 2026	<u>18,219,281</u>	<u>\$ 88.25</u>	<u>17,073,031</u>	<u>35,292,312</u>

Restricted Stock Awards

The Company also grants certain restricted stock awards tied to profit sharing arrangements. During the six months ended June 30, 2026 and 2025, the Company awarded 0.2 million and 0.1 million restricted stock awards, respectively, from profit sharing arrangements with a grant date fair value of \$24 million and \$18 million, respectively.

During the three months ended June 30, 2026 and 2025, the Company recorded compensation expense related to restricted stock awards from profit sharing arrangements of \$18 million and \$10 million, respectively. During the six months ended June 30, 2026 and 2025, the Company recorded compensation expense related to restricted stock awards from profit sharing arrangements of \$45 million and \$18 million, respectively.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

14. Equity

Common Stock

Holders of common stock are entitled to participate in dividends from the Company on a pro rata basis.

The Company issues shares of common stock in settlement of vested RSUs, and generally allows holders of vested RSUs and exercised share options to settle their tax liabilities by reducing the number of shares of common stock issued to them, which the Company refers to as “net share settlement.” Additionally, the Company has generally allowed holders of share options to settle their exercise price by reducing the number of shares of common stock issued to them at the time of exercise by an amount sufficient to cover the exercise price. The net share settlement results in a liability for the Company and a corresponding adjustment to retained earnings.

On February 8, 2024, the AGM board of directors terminated the Company’s prior share repurchase program and approved a new share repurchase program, pursuant to which, the Company is authorized to repurchase up to \$3.0 billion of shares of its common stock to opportunistically reduce the Company’s share count or offset the dilutive impact of share issuances under the Company’s equity incentive plans.

Effective February 9, 2026, the AGM board of directors terminated the Company’s prior share repurchase program and approved a new share repurchase program, pursuant to which, the Company is authorized to repurchase up to \$4.0 billion of shares of its common stock to opportunistically reduce the Company’s share count or offset the dilutive impact of share issuances under the Company’s equity incentive plans. Shares of common stock may be repurchased from time to time in open market transactions, in privately negotiated transactions, pursuant to a trading plan adopted in accordance with Rule 10b5-1 of the Exchange Act, or otherwise, as well as through reductions of shares that otherwise would have been issued to participants under the Company’s Equity Plan in order to satisfy associated tax obligations. The repurchase program does not obligate the Company to make any repurchases at any specific time. The program is effective until the aggregate repurchase amount that has been approved by the AGM board of directors has been expended and may be suspended, extended, modified or discontinued at any time.

The table below outlines the share activity:

	Six months ended June 30,	
	2026	2025
Shares of common stock issued in settlement of vested RSUs and options exercised ¹	4,557,767	8,017,170
Reduction of shares of common stock issued ²	(1,735,561)	(3,298,981)
Issuance of shares of common stock for equity-based awards	2,822,206	4,718,189

¹ The gross value of shares issued was \$591 million and \$1.3 billion for the six months ended June 30, 2026 and 2025, respectively, based on the closing price of the shares of common stock at the time of issuance.

² Cash paid for tax liabilities associated with net share settlement was \$229 million and \$542 million for the six months ended June 30, 2026 and 2025, respectively.

During the six months ended June 30, 2026 and 2025, 5,926,713 and 1,392,000 shares of common stock, respectively, were repurchased in open market transactions as part of the publicly announced share repurchase programs discussed above, and such shares were subsequently canceled by the Company. The Company paid \$729 million and \$193 million for these open market share repurchases during the six months ended June 30, 2026 and 2025, respectively.

During the six months ended June 30, 2025, the Company issued 540,177 shares of common stock in settlement of a deferred consideration obligation.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Mandatory Convertible Preferred Stock

On August 11, 2023, the Company issued 28,750,000 shares, or \$1.4 billion aggregate liquidation preference, of its 6.75% Series A Mandatory Convertible Preferred Stock (the “Mandatory Convertible Preferred Stock”).

As of December 31, 2025, there were 28,749,665 shares of Mandatory Convertible Preferred Stock issued and outstanding. Holders of Mandatory Convertible Preferred Stock shares had the option to convert all or any portion of their shares at any time. During the six months ended June 30, 2026, 438 shares of Mandatory Convertible Preferred Stock were converted at the option of the respective holders. As of June 30, 2026, there were 28,749,227 shares of Mandatory Convertible Preferred Stock issued and outstanding.

On July 31, 2026, each outstanding share of Mandatory Convertible Preferred Stock automatically converted (the “Conversion”) into shares of common stock pursuant to the certificate of designations related to the Mandatory Convertible Preferred Stock, at a conversion rate of 0.5074 shares of common stock per share of Mandatory Convertible Preferred Stock (the “Mandatory Conversion Rate”). The Mandatory Conversion Rate was determined based on the average volume weighted average price per share of common stock over the 20 consecutive trading day settlement period ended July 29, 2026. Cash was paid in lieu of fractional shares of common stock. An aggregate of 14,587,300 shares of common stock were issued following June 30, 2026, including early conversions and shares issued as part of the Conversion. Following the Conversion, there were no shares of Mandatory Convertible Preferred Stock outstanding.

Dividends on the Mandatory Convertible Preferred Stock were paid on a cumulative basis when and as declared by the AGM board of directors, or an authorized committee thereof, at an annual rate of 6.75% on the liquidation preference of \$50.00 per share, and were paid in cash. Dividends on the Mandatory Convertible Preferred Stock were paid quarterly on January 31, April 30, July 31 and October 31 of each year, with the final dividend paid on July 31, 2026. For the quarters ended June 30, 2026 and 2025, the Company paid quarterly cash dividends of \$0.8438 per share of Mandatory Convertible Preferred Stock.

Warrants

In 2022, the Company issued warrants in a private placement exercisable for up to 12.5 million shares of common stock at an exercise price of \$82.80 per share. In April 2025, the Company issued 1,080,041 shares of common stock in relation to a cashless exercise of 2.6 million vested warrants issued in 2022. As of June 30, 2026, pursuant to certain anti-dilution provisions, the exercise price for the warrants was adjusted to \$82.56. As of June 30, 2026, warrants exercisable for 9.9 million shares of common stock were vested and exercisable.

In November 2024, the Company issued warrants in a private placement exercisable for up to 2.9 million shares of common stock at an exercise price of \$173.51 per share. The warrants are exercisable on the issuance date and each of the first, second, third, fourth, fifth and sixth anniversaries thereof. As of June 30, 2026, warrants exercisable for 0.8 million shares of common stock were vested and exercisable. Each warrant, to the extent exercised, will be settled on a “cashless net exercise basis.” The warrants will expire on the seventh anniversary of the issuance date, with any vested but unexercised warrants being automatically exercised at such time if the trading price of common stock is above the exercise price.

Donor-Advised Fund

In February 2025, the Company established a donor-advised fund (the “Apollo DAF”) as part of its ongoing commitment to philanthropy. The Company issued 1,213,003 shares of common stock in February 2025 to fund the Apollo DAF.

Purchase of Interests

In June 2026, the Company entered into an agreement to purchase interests in a consolidated partnership previously issued to employees, which resulted in a modification of the original agreement and incremental compensation expense of \$177 million, of which \$46 million was recognized during the three months ended June 30, 2026, and the remaining expense will be recognized over the next three years. As part of the purchase, the Company will issue \$128 million of equity, with the number of shares determined in August 2026.

¹ See note 14 for information regarding quarterly dividends.

² Participating securities consist of vested and unvested RSUs that have rights to dividends and unvested restricted shares.

³ For the six months ended June 30, 2026, all of the classes of securities were determined to be anti-dilutive.

The Company has granted RSUs that provide the right to receive, subject to vesting during continued employment, shares of common stock pursuant to the Equity Plan.

Any dividend equivalent paid to an employee on RSUs will not be returned to the Company upon forfeiture of the award by the employee. Vested and unvested RSUs that are entitled to non-forfeitable dividend equivalents qualify as participating securities and are included in the Company's basic and diluted earnings per share computations using the two-class method. The holder of an RSU participating security would have a contractual obligation to share in the losses of the entity if the holder is obligated to fund the losses of the issuing entity or if the contractual principal or mandatory redemption amount of the participating security is reduced as a result of losses incurred by the issuing entity. The RSU participating securities do not have a mandatory redemption amount and the holders of the participating securities are not obligated to fund losses; therefore, neither the vested RSUs nor the unvested RSUs are subject to any contractual obligation to share in losses of the Company.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

16. Related Parties

Asset Management

Due from/to related parties

Due from/to related parties includes:

- unpaid management fees, transaction and advisory fees and reimbursable expenses from the funds Apollo manages and their portfolio companies;
- reimbursable payments for certain operating costs incurred by these funds as well as their related parties; and
- other related party amounts arising from transactions, including loans to employees and periodic sales of ownership interests in funds managed by Apollo.

Due from/to related parties consisted of the following:

<i>(In millions)</i>	June 30, 2026		December 31, 2025	
Due from Related Parties				
Due from funds	\$	817	\$	496
Due from portfolio companies		57		57
Due from employees and former employees		89		110
Total Due from Related Parties ¹	\$	963	\$	663
Due to Related Parties				
Due to TRA holders	\$	768	\$	781
Due to funds		318		241
Due to portfolio companies		87		40
Total Due to Related Parties	\$	1,173	\$	1,062

¹ Includes due from related parties of certain consolidated VIEs.

Tax Receivable Agreements

All Apollo Operating Group entities have made an election under Section 754 of the U.S. Internal Revenue Code (“IRC”). The election results in an increase to the tax basis of underlying assets which will reduce the amount of gain and associated tax that AGM and its subsidiaries will otherwise be required to pay in the future.

The Apollo TRA provides for payment to the Former Managing Partners and Contributing Partners of 85% of the amount of cash tax savings, if any, in U.S. federal, state, local and foreign income taxes the Company realizes as a result of the increases in tax basis of assets resulting from exchanges of AOG Units for Class A shares that have occurred in prior years. AGM and its subsidiaries retain the benefit of the remaining 15% of actual cash tax savings. If the Company does not make the required annual payment on a timely basis as outlined in the tax receivable agreement, interest is accrued on the balance until the payment date.

In connection with its IPO, Bridge entered into a tax receivable agreement with certain equity holders in its business which was amended and restated in connection with the Bridge acquisition. Under the Bridge TRA, the Company is obligated to make payments to Bridge TRA holders based on 85% of the tax benefits realized from the acquisition. As part of the Bridge

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

acquisition, the Company recorded a \$383 million TRA liability due under the Bridge TRA, which is measured in accordance with ASC 450-20, *Loss Contingencies*.

Apollo and Bridge TRA holders no longer own any operating units that could be exchanged pursuant to the Apollo TRA and Bridge TRA, respectively.

Due from Employees and Former Employees

As of June 30, 2026 and December 31, 2025, due from related parties includes various amounts due to Apollo, including employee loans and return of profit-sharing distributions. As of June 30, 2026 and December 31, 2025, the balance includes interest-bearing employee loans receivable of \$13 million and \$12 million, respectively. The outstanding principal amount of the loans as well as all accrued and unpaid interest is required to be repaid on a specified date, either during the relevant employee's tenure or at the date of the relevant employee's resignation, in accordance with the contractual terms of each respective loan arrangement.

The receivable from certain employees and former employees includes an amount for the potential return of profit-sharing distributions that would be due if certain funds were liquidated of \$69 million and \$91 million at June 30, 2026 and December 31, 2025, respectively.

Indemnity

Certain of the performance revenues Apollo earns from funds may be subject to repayment by its subsidiaries that are general partners of the funds in the event that certain specified return thresholds are not ultimately achieved. The Former Managing Partners, Contributing Partners and certain other investment professionals have personally guaranteed, subject to certain limitations, the obligations of these subsidiaries in respect of this obligation. Such guarantees are several and not joint and are limited to a particular individual's distributions. Apollo has agreed to indemnify each of the Former Managing Partners and certain Contributing Partners against all amounts that they pay pursuant to any of these personal guarantees in favor of certain funds that it manages (including costs and expenses related to investigating the basis for or objecting to any claims made in respect of the guarantees) for all interests that the Former Managing Partners and Contributing Partners contributed or sold to the Apollo Operating Group.

Apollo recorded an indemnification liability of \$0.4 million as of each of June 30, 2026 and December 31, 2025.

Due to Related Parties

Based upon an assumed liquidation of certain of the funds Apollo manages, it has recorded a general partner obligation to return previously distributed performance allocations, which represents amounts due to certain funds. The obligation is recognized based upon an assumed liquidation of a fund's net assets as of the reporting date. The actual determination and any required payment would not take place until the final disposition of a fund's investments based on the contractual termination of the fund or as otherwise set forth in the respective governing document of the fund.

Apollo recorded general partner obligations to return previously distributed performance allocations related to certain funds of \$163 million and \$212 million as of June 30, 2026 and December 31, 2025, respectively.

AAA

From time to time, Apollo engages in certain transactions with AAA and its subsidiaries and affiliates, including purchases and sales of investments in connection with AAA's investment activities. All such transactions are executed in accordance with Apollo's policies and procedures. See "—AAA" in the Retirement Services section below for details on Athene's relationship with AAA.

Athora

Apollo, through ISGI, provides investment advisory services to certain portfolio companies of funds managed by Apollo and Athora, a leading European savings and retirement services group focused on the traditional life and pensions market. AAM and its subsidiaries had equity commitments outstanding to Athora of up to \$57 million as of June 30, 2026. During the first

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

quarter of 2026, Athora completed the acquisition of Pension Insurance Corporation (“PIC”). See “—Athora” in the Retirement Services section below for details on Athene’s transactions and commitments to Athora.

Athora Sub-Advised

Apollo provides sub-advisory services with respect to a portion of the assets in certain portfolio companies of funds managed by Apollo and the Athora Accounts. Apollo broadly refers to “Athora Sub-Advised” assets as those assets in the Athora Accounts which Apollo explicitly sub-advises as well as those assets in the Athora Accounts which are invested directly in funds and investment vehicles Apollo manages.

Apollo earns a base management fee on the aggregate market value of substantially all of the investment accounts of or relating to Athora and also a sub-advisory fee on the Athora Sub-Advised assets, which varies depending on the specific asset class.

See “—Athora” in the Retirement Services section below for further details on Athene’s relationship with Athora.

Regulated Entities and Affiliated Service Providers

Apollo Global Securities, LLC (“AGS”) is a registered broker-dealer with the SEC and is a member of the Financial Industry Regulatory Authority, subject to the minimum net capital requirements of the SEC. AGS was in compliance with these requirements as of June 30, 2026. From time to time AGS, as well as other Apollo affiliates, provide services to related parties of Apollo, including Apollo funds and their portfolio companies, whereby the Company or its affiliates earn fees for providing such services.

Griffin Capital Securities, LLC (“GCS”) is a registered broker-dealer with the SEC and is a member of the Financial Industry Regulatory Authority, subject to the minimum net capital requirements of the SEC. GCS was in compliance with these requirements as of June 30, 2026.

Retirement Services

AAA

Athene consolidates AAA as a VIE and AAA holds the majority of Athene’s alternative investment portfolio. Apollo established AAA to provide a single vehicle through which investors may participate in a portfolio of alternative investments, including those managed by Apollo. Additionally, the Company believes AAA enhances its ability to increase alternative assets under management by raising capital from third parties, which allows it to achieve greater scale and diversification for alternatives.

Athene also consolidates AAA Lux as a VIE. AAA Lux provides a single vehicle designed primarily for foreign investors to participate in a portfolio of alternative investments, including alternative investments in which AAA participates.

Athora

Athene has investments in Athora’s equity and other securities, which are included in investments in related parties on the condensed consolidated statements of financial condition. Athene’s investments in Athora are summarized below.

<i>(In millions)</i>	June 30, 2026	December 31, 2025
Investment fund	\$ 2,167	\$ 1,171
Fixed maturity securities	1,024	50
Non-redeemable preferred equity	—	266
Total investment in Athora	\$ 3,191	\$ 1,487

During the first quarter of 2026, Athene funded a series of investments to provide Athora financing for its acquisition of PIC. These transactions included the conversion of Athene’s previously held non-redeemable preferred equity interests in Athora into common equity and additional purchases of Athora common equity, as well as purchases of fixed maturity securities.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Additionally, as of June 30, 2026 and December 31, 2025, Athene had \$29 million of funding agreements outstanding to Athora as of each respective period. As of June 30, 2026, Athene had commitments to make additional investments in Athora of \$134 million.

Atlas

Athene has an equity investment in Atlas, an asset-backed specialty lender, indirectly through its investments in AAA and AAA Lux and, as of June 30, 2026 and December 31, 2025, Athene held \$4.8 billion and \$5.7 billion, respectively, of AFS securities issued by Atlas or its affiliates. See note 17 for further information on assurance letters issued in support of Atlas.

Catalina

Athene has a strategic modco reinsurance agreement with certain affiliates of Catalina to cede certain in force funding agreements. Athene elected the fair value option on this agreement and had a liability of \$77 million and \$103 million as of June 30, 2026 and December 31, 2025, respectively, which is included in other liabilities on the condensed consolidated statements of financial condition. Athene also has a modco reinsurance agreement with Catalina to cede a quota share of certain of Athene's retail deferred annuity products. As of June 30, 2026 and December 31, 2025, Athene had a reinsurance recoverable balance of \$7.3 billion and \$6.3 billion, respectively, related to this agreement.

Skyline

Athene has investments in Skyline Aviation Holdings, LP ("Skyline"), a leading aviation finance group focused on aviation lending and leasing, both directly through notes issued by PK AirFinance, a subsidiary of Skyline, and indirectly through its investments in AAA and AAA Lux. As of June 30, 2026 and December 31, 2025, Athene directly held \$504 million and \$566 million, respectively, of Skyline notes, which are included in investments in related parties on the condensed consolidated statements of financial condition.

Venerable

VA Capital Company LLC ("VA Capital") is owned by a consortium of investors, led by affiliates of Apollo, Crestview Partners III Management, LLC and Reverence Capital Partners L.P., and is the parent of Venerable. Athene also has coinsurance and modco agreements with VIAC, which is a subsidiary of Venerable. VIAC is a related party due to Athene's minority equity investment in VA Capital, which is included in investments in related parties on the condensed consolidated statements of financial condition. Athene also has AFS securities and term loans receivable issued by Venerable. Athene's investments in VA Capital and Venerable are summarized below.

<i>(In millions)</i>	June 30, 2026	December 31, 2025
AFS securities	\$ 102	\$ 105
Investment fund	223	226
Term loans receivable	333	344
Total investments in VA Capital and Venerable	\$ 658	\$ 675

Additionally, Athene consolidates AP Violet ATH Holdings, L.P. ("AP Violet"). AP Violet's investment fund primarily represents an interest in VA Capital and was \$143 million and \$142 million as of June 30, 2026 and December 31, 2025, respectively.

Wheels

Athene invests in Wheels Inc. ("Wheels") indirectly through its investments in AAA and AAA Lux. As of June 30, 2026 and December 31, 2025, Athene also directly held \$946 million and \$949 million, respectively, of AFS securities issued by Wheels, which are included in investments in related parties on the condensed consolidated statements of financial condition. Athene also had commitments to make additional investments in Wheels of \$56 million as of June 30, 2026.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Apollo/Athene Dedicated Investment Programs

Athene's subsidiary, ACRA 1, is partially owned by ADIP I, a series of funds managed by Apollo. Athene's subsidiary, ALRe, directly holds 37% of the economic interests in ACRA 1 and all of ACRA 1's voting interests, with ADIP I holding the remaining 63% of the economic interests. Athene's subsidiary, ACRA 2, is partially owned by ADIP II, a fund managed by Apollo. ADIP II owns 63% of the economic interests in ACRA 2, with ALRe directly owning the remaining 37% of the economic interests. ALRe holds all of ACRA 2's voting interests.

Athene received capital contributions and paid distributions relating to ACRA of the following:

<i>(In millions)</i>	Three months ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
Contributions from ADIP	\$ 145	\$ 126	\$ 271	\$ 126
Distributions to ADIP	(47)	(95)	(301)	(190)

In addition, Athene holds investments in ADIP directly and through ADIP Advisors (PA), LP, a consolidated VIE. The investments are accounted for as equity method investments and included in investments in related parties or investments of consolidated VIEs on the condensed consolidated statements of financial condition. As of June 30, 2026 and December 31, 2025, these investments were \$253 million and \$231 million, respectively. Athene also had commitments to make additional investments in ADIP of \$357 million as of June 30, 2026.

ARI

On April 24, 2026, Athene completed the purchase of a commercial mortgage loan portfolio, including accrued interest, for \$8.7 billion from ARI.

17. Commitments and Contingencies

Investment Commitments

The Company has unfunded capital commitments of \$806 million as of June 30, 2026 related to the funds it manages. Separately, Athene had commitments to make investments, inclusive of related party commitments discussed previously and those of its consolidated VIEs, of \$37.0 billion as of June 30, 2026. Athene's commitments primarily include capital contributions to investment funds and mortgage loan commitments. The Company expects most of the current commitments will be invested over the next five years; however, these commitments could become due any time upon counterparty request.

Contingent Obligations

Performance allocations with respect to certain funds are subject to reversal in the event of future losses to the extent of the cumulative revenues recognized in income to date. If all of the existing investments became worthless, the amount of cumulative revenues that have been recognized by Apollo through June 30, 2026 and that could be reversed approximates \$5.6 billion. Performance allocations are affected by changes in the fair values of the underlying investments in the funds that Apollo manages. Valuations, on an unrealized basis, can be significantly affected by a variety of external factors including, but not limited to, bond yields and industry trading multiples. Movements in these items can affect valuations quarter to quarter even if the underlying business fundamentals remain stable. Management views the possibility of all of the investments becoming worthless as remote.

Additionally, at the end of the life of certain funds, Apollo may be obligated as general partner, to repay the funds' performance allocations received in excess of what was ultimately earned. This obligation amount, if any, will depend on final realized values of investments at the end of the life of each fund or as otherwise set forth in the partnership agreement of the fund.

Certain funds may not generate performance allocations as a result of unrealized and realized losses that are recognized in the current and prior reporting periods. In certain cases, performance allocations will not be generated until additional unrealized and realized gains occur. Any appreciation would first cover the deductions for invested capital, unreturned organizational expenses, operating expenses, management fees and priority returns based on the terms of the respective fund agreements.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

One of Apollo's subsidiaries, AGS, provides underwriting commitments in connection with securities offerings of related parties of Apollo, including portfolio companies of the funds Apollo manages, as well as third parties. As of June 30, 2026, there were no open underwriting commitments.

AGS has entered into an arrangement with certain funds managed by State Street Global Advisors ("SSG") to provide firm bids for certain securities sold to SSG managed funds. These firm bids are at market prices determined by AGS on an intra-daily basis, which if accepted by SSG, would obligate AGS to purchase the securities at such prices. The total obligation of AGS to provide these firm bids is limited to 25% of the prior day's end-of-day net asset value of the securities held by SSG that were originated from AGS, with an additional weekly cap set at 50% of the net asset value from five trading days prior.

The Company, along with a third-party institutional investor, has committed to provide financing to a consolidated VIE that invests across Apollo's capital markets platform (such VIE, the "Apollo Capital Markets Partnership"). Pursuant to these arrangements, the Company has committed equity financing to the Apollo Capital Markets Partnership. The Apollo Capital Markets Partnership also has a revolving credit facility with Sumitomo Mitsui Banking Corporation, as lead arranger, administrative agent and letter of credit issuer, Mizuho Bank Ltd., and other lenders party thereto, pursuant to which it may borrow up to \$2.5 billion. The revolving credit facility, which has a final maturity date of October 15, 2027, is non-recourse to the Company, except that the Company provided customary comfort letters with respect to its capital contributions to the Apollo Capital Markets Partnership. As of June 30, 2026, the Apollo Capital Markets Partnership had funded commitments of \$2.0 billion, on a net basis, to transactions across Apollo's capital markets platform, all of which were funded through the revolving credit facility and other asset-based financing. No capital had been funded by the Company to the Apollo Capital Markets Partnership pursuant to its commitment.

Whether the commitments of the Apollo Capital Markets Partnership are actually funded, in whole or in part, depends on the contractual terms of such commitments, including the satisfaction or waiver of any conditions to closing or funding. It is expected that between the time the Apollo Capital Markets Partnership makes a commitment and funding of such commitment, efforts will be made to syndicate such commitment to, among others, third parties, which should reduce its risk when committing to certain transactions. The Apollo Capital Markets Partnership may also, with respect to a particular transaction, enter into other arrangements with third parties which reduce its commitment risk.

In connection with the acquisition of Stone Tower in 2012, Apollo agreed to pay its former owners a specified percentage of future performance revenues earned from certain of its funds, CLOs, and strategic investment accounts. This obligation was determined based on the present value of estimated future performance revenue payments and is recorded in other liabilities. The fair value of the remaining contingent obligation was \$56 million and \$72 million as of June 30, 2026 and December 31, 2025, respectively. This contingent consideration obligation is remeasured to fair value at each reporting period until the obligations are satisfied. The changes in the fair value of the Stone Tower contingent consideration obligation is reflected in profit sharing expense within compensation and benefits in the condensed consolidated statements of operations.

Indemnifications and Contingent Performance Guarantees

In connection with the Bridge acquisition and consistent with standard business practices, Bridge provides property management and various other services to Bridge funds and third parties, and has agreed, in certain cases, to reimburse such service recipients (or their affiliates) for losses arising from, among other things, fraud, misconduct, gross negligence, or misappropriation of funds in each case attributable to Bridge or its affiliates. Bridge's maximum exposure under these arrangements cannot be determined as these indemnities relate to future claims that may be made against Bridge or related parties, but which have not yet occurred. No liability related to these indemnities has been recorded in the condensed consolidated statements of financial condition as of June 30, 2026. Based on past experience, management believes that the risk of loss related to these indemnities is remote.

The Company may incur contingent liabilities for claims that may be made against it in the future. For example, Bridge and certain Bridge funds have provided non-recourse carve-out guarantees for fraud, willful misconduct and other customary wrongful acts, environmental indemnities, mechanics liens, and other performance guarantees. As of June 30, 2026, the aggregate notional amount of loans that Bridge provided contingent performance guarantees for under these arrangements is \$622 million, and the Company's liabilities for these matters would require a claim to be made against the Company in the future.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Funding Agreements

Athene is a member of the Federal Home Loan Bank of Des Moines (“FHLB”) and, through its membership, has issued funding agreements to the FHLB in exchange for cash advances. As of June 30, 2026 and December 31, 2025, Athene had \$27.7 billion and \$23.3 billion, respectively, of FHLB funding agreements outstanding. Athene is required to provide collateral in excess of the funding agreement amounts outstanding, considering any discounts to the securities posted and prepayment penalties.

Athene has a FABN program, which allows Athene Global Funding, a special purpose, unaffiliated statutory trust, to offer its senior secured medium-term notes. Athene Global Funding uses the net proceeds from each sale to purchase one or more funding agreements from Athene. As of June 30, 2026 and December 31, 2025, Athene had \$33.9 billion and \$34.6 billion, respectively, of FABN funding agreements outstanding. Athene had \$11.1 billion of board-authorized FABN capacity remaining as of June 30, 2026.

Athene also issues secured and other funding agreements. Secured funding agreements issued under Athene’s FABR programs involve special-purpose, unaffiliated entities entering into repurchase agreements with a third party, the proceeds of which are used by the special-purpose entities to purchase funding agreements from Athene. As of June 30, 2026 and December 31, 2025, Athene had \$32.1 billion and \$27.1 billion, respectively, of secured and other funding agreements outstanding, of which \$26.0 billion and \$21.0 billion were issued under the FABR program, respectively, and \$6.1 billion and \$6.1 billion were direct funding agreements, respectively.

Pledged Assets and Funds in Trust (Restricted Assets)

Athene’s restricted investments and cash balances included on the condensed consolidated statements of financial condition are as follows:

<i>(In millions)</i>	June 30, 2026	December 31, 2025
AFS securities	\$ 64,567	\$ 59,336
Trading securities	3,788	3,350
Equity securities	200	156
Mortgage loans	48,172	44,204
Investment funds	296	293
Derivative assets	207	160
Other investments	2,154	1,880
Restricted cash and cash equivalents	1,601	1,349
Total restricted assets	\$ 120,985	\$ 110,728

The restricted assets are primarily related to reinsurance trusts established in accordance with coinsurance agreements and the FHLB and secured funding agreements described above.

Letters of Credit

Athene has undrawn letters of credit totaling \$1.0 billion as of June 30, 2026. These letters of credit were issued for Athene’s reinsurance program and have expirations through June 19, 2028.

Atlas

In connection with the Company and CS’s previously announced transaction, whereby Atlas acquired certain assets of the CS Securitized Products Group, two subsidiaries of the Company have each issued an assurance letter to CS to guarantee the full five year deferred purchase obligation of Atlas in the amount of \$3.3 billion. In March 2024, in connection with Atlas concluding its investment management agreement with CS, the deferred purchase obligation amount was reduced to \$2.5 billion. In addition, certain strategic investors have made equity commitments to Atlas, which obligate these investors for a portion of the deferred purchase obligation. The Company’s guarantee is not probable of payment, therefore, there is no liability on the Company’s condensed consolidated financial statements.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Purchase Obligation Guarantee

In the second quarter of 2026, Apollo-managed funds and affiliates, including Athene, in partnership with certain third parties, entered into a \$35 billion capital solution agreement with Broadcom Inc., which facilitates Anthropic, PBC's compute infrastructure expansion beginning in mid-2026.

As part of the agreement, an Apollo-managed fund, WarehouseCo Intermediate Holdings LP ("WHCO"), has a purchase obligation for the compute infrastructure produced under the agreement. WHCO is expected to satisfy its obligation through the committed financing arrangements established as part of the transaction structure. In connection with this purchase obligation, AHL provided a limited guarantee to satisfy WHCO's purchase obligation should WHCO default under its purchase obligation. AHL's guarantee represents 15% of the outstanding purchase obligation, which is expected to be satisfied as fundings occur and no later than 2028. AHL's guarantee is not probable of payment as the funding obligations are expected to be satisfied by the committed financing arrangements established as part of the transaction structure; therefore, there is no liability on the Company's condensed consolidated financial statements. Separately, AHL has an agreement with a third party under which AHL would be reimbursed for 35% of any amounts paid by AHL under its guarantee.

Guaranty Association Assessments

Guaranty associations may subject member insurers, including Athene, to assessments that require the insurers to pay funds to cover contractual obligations under insurance policies issued by insurance companies that become impaired or insolvent. The assessments are based on an insurer's proportionate share of premiums written in that state during a specified one-year or three-year period for lines of business in which the impaired or insolvent insurer engaged, subject to prescribed limits.

Litigation and Regulatory Matters

The Company is party to various legal actions arising from time to time in the ordinary course of business, including claims and lawsuits, arbitrations, reviews, investigations or proceedings by governmental and self-regulatory agencies regarding the Company's business.

On August 17, 2023, a purported stockholder of AGM filed a shareholder derivative complaint (the "Original Complaint") in the Court of Chancery of the State of Delaware against current AGM directors Marc Rowan, Scott Kleinman, and James Zelter, former AGM directors Alvin Krongard, Michael Ducey, and Pauline Richards, Apollo Former Managing Partners Leon Black and Joshua Harris, and, as a nominal defendant, AGM. The action is captioned Anguilla Social Security Board vs. Black et al., C.A. No. 2023-0846-JTL and challenges the \$570 million in payments made to the Former Managing Partners and Contributing Partners in connection with the elimination of the Up-C structure that was in place prior to Apollo's merger with Athene. As previously disclosed in Apollo's SEC filings, this purported stockholder previously had sought and received documents relating to the transaction pursuant to Section 220 of the Delaware General Corporation Law. The Original Complaint alleged that the challenged payments amount to corporate waste, that the challenged payments exceed fair value and therefore the Former Managing Partners and Contributing Partners that received those payments breached their fiduciary duties, and that the independent conflicts committee of the AAM board of directors (which then consisted of Mr. Krongard, Mr. Ducey, and Ms. Richards) that negotiated the challenged payments breached their fiduciary duties. The Original Complaint alleged that pre-suit demand was futile because a majority of AGM's board is either not independent from the Former Managing Partners or face a substantial likelihood of liability in light of the challenges to the transaction. The Original Complaint sought, among other things, declaratory relief, unspecified monetary damages, interest, restitution, disgorgement, injunctive relief, costs, and attorneys' fees. On November 16, 2023, the defendants moved to dismiss the Original Complaint on the basis that, among other things, the plaintiff failed to make a pre-suit demand on the Apollo board of directors. On February 9, 2024, the plaintiff filed an amended complaint (the "Amended Complaint") that adds new factual allegations but names the same defendants, asserts the same causes of action, and seeks the same relief as the Original Complaint. The Amended Complaint alleges that pre-suit demand was futile for the same reasons alleged in the Original Complaint. On April 25, 2024, the defendants moved to dismiss the Amended Complaint. On September 20, 2024, the Court of Chancery denied the defendants' motion to dismiss. AGM and the defendants filed answers to the Amended Complaint on November 25, 2024. On October 28, 2024, the AGM board of directors adopted resolutions forming a Special Litigation Committee (the "SLC") comprising directors whom the board determined to be independent and disinterested. The AGM board of directors delegated to the SLC, among other things, the full and exclusive power and authority of the board to investigate, review and evaluate the facts and circumstances asserted in the litigation and determine whether pursuing the litigation is in the best interests of AGM and its stockholders. Pursuant to an order of the court, all proceedings in the litigation are stayed while parties discuss a potential negotiated resolution of derivative claims through mediation. No reasonable estimate of possible loss, if any, can be made at this time.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

On March 14, 2024, a purported stockholder of AGM filed a class action complaint in the Court of Chancery of the State of Delaware against AGM. The complaint alleges, among other things, that certain provisions of the stockholders agreement, entered into on January 1, 2022 between AGM and the Former Managing Partners, violate Delaware law. On July 11, 2024, AGM moved to dismiss. Following the expiration of a court-approved stay, briefing on AGM's motion to dismiss resumed and was completed as of March 14, 2026. That motion is currently pending before the court. AGM believes the claims in this action are without merit. No reasonable estimate of possible loss, if any, can be made at this time.

Two purported stockholders of AGM have filed separate class action complaints in the United States District Court for the Southern District of New York, asserting claims against AGM, Marc Rowan, and Leon Black, and alleging violations of the federal securities laws. The actions are captioned Solomon Feldman v. Apollo Global Management, Inc., No. 1:26-cv-1692 (filed March 2, 2026), and Richard Perez v. Apollo Global Management, Inc., No. 1:26-cv-3550 (filed April 29, 2026), which were subsequently consolidated by order of the Court. Both complaints challenge, among other things, certain of the defendants' public statements in 2021 and 2022 that AGM never did any business with Jeffrey Epstein. The class period alleged in both complaints is May 10, 2021 through February 21, 2026, inclusive. Motions for appointment of a lead plaintiff and lead counsel to represent the putative class are pending. AGM intends to vigorously defend against the claims brought by plaintiffs in this matter. No reasonable estimate of possible loss, if any, can be made at this time.

Following assertions made by German tax authorities regarding historical transactions in one of the Company's funds, the Company voluntarily disclosed certain internal reorganization transactions of fund entities to these authorities. Consequently, the Company has received certain assessments with respect to such reorganizations, and the Company believes the German tax authorities may seek further assessments; any final assessment could be material. The Company believes no such tax is due and intends to contest any assessment vigorously. At this time, the Company cannot reasonably estimate any potential loss.

18. Segments

The Company conducts its business through three reportable segments: (i) Asset Management, (ii) Retirement Services and (iii) Principal Investing. Segment information is utilized by the Company's chief operating decision maker ("CODM") to assess performance and to allocate resources. AGM's CEO is the CODM, who is also solely responsible for decisions related to the allocation of resources on a company-wide basis.

For each segment, the CODM uses the key measure of Segment Income to allocate resources (including employees, financial or capital resources) to that segment in the annual budget and forecasting process. The performance is measured by the Company's chief operating decision maker on an unconsolidated basis because the chief operating decision maker makes operating decisions and assesses the performance of each of the Company's business segments based on financial and operating metrics and data that exclude the effects of consolidation of any of the affiliated funds.

Segment Income

Segment Income is the key performance measure used by management in evaluating the performance of the asset management, retirement services, and principal investing segments. Management uses Segment Income to make key operating decisions such as the following:

- decisions related to the allocation of resources such as staffing decisions, including hiring and locations for deployment of the new hires;
- decisions related to capital deployment such as providing capital to facilitate growth for the business and/or to facilitate expansion into new businesses;
- decisions related to expenses, such as determining annual discretionary bonuses and equity-based compensation awards to its employees. With respect to compensation, management seeks to align the interests of certain professionals and selected other individuals with those of the investors in the funds and those of Apollo's stockholders by providing such individuals a profit sharing interest in the performance fees earned in relation to the funds. To achieve that objective, a certain amount of compensation is based on Apollo's performance and growth for the year; and
- decisions related to the amount of earnings available for dividends to common stockholders and holders of equity-based awards that participate in dividends.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Segment Income is a measure of profitability and has certain limitations in that it does not take into account certain items included under U.S. GAAP. Segment Income is the sum of (i) Fee Related Earnings, (ii) Spread Related Earnings and (iii) Principal Investing Income. Segment Income excludes the effects of the consolidation of any of the related funds, interest and other financing costs related to AGM not attributable to any specific segment, taxes and related payables, and transaction-related charges, restructuring and other non-operating expenses. Transaction-related charges include equity-based compensation charges, the amortization of intangible assets, contingent consideration, and certain other charges associated with acquisitions. Non-operating expenses include certain charitable contributions and other non-operating expenses. In addition, Segment Income excludes non-cash revenue and expense related to equity awards granted by unconsolidated related parties to employees of the Company, compensation and administrative related expense reimbursements, as well as the assets, liabilities and operating results of the funds and certain VIEs that are included in the condensed consolidated financial statements.

Segment Income may not be comparable to similarly titled measures used by other companies and is not a measure of performance calculated in accordance with U.S. GAAP. We use Segment Income as a measure of operating performance, not as a measure of liquidity. Segment Income should not be considered in isolation or as a substitute for net income or other income data prepared in accordance with U.S. GAAP. The use of Segment Income without consideration of related U.S. GAAP measures is not adequate due to the adjustments described above. Management compensates for these limitations by using Segment Income as a supplemental measure to U.S. GAAP results, to provide a more complete understanding of our performance as management measures it. A reconciliation of Segment Income to its most directly comparable U.S. GAAP measure of income (loss) before income tax provision can be found in this note.

Fee Related Earnings

Fee Related Earnings (“FRE”) is a component of Segment Income that is used to assess the performance of the Asset Management segment. FRE is the sum of (i) management fees, (ii) capital solutions and other related fees, (iii) fee-related performance fees from indefinite term vehicles, that are measured and received on a recurring basis and not dependent on realization events of the underlying investments, excluding performance fees from Athene and performance fees from origination platforms dependent on capital appreciation, and (iv) other income, net, less (a) fee-related compensation, excluding equity-based compensation, (b) non-compensation expenses incurred in the normal course of business, (c) placement fees and (d) non-controlling interests in the management companies of certain funds the Company manages.

Spread Related Earnings

Spread Related Earnings (“SRE”) is a component of Segment Income that is used to assess the performance of the Retirement Services segment, excluding certain market volatility, which consists of investment gains (losses), net of offsets, and non-operating change in insurance liabilities and related derivatives, and certain expenses related to integration, restructuring, and equity-based compensation, as well as other items. For the Retirement Services segment, SRE equals the sum of (i) the net investment earnings on Athene’s net invested assets and (ii) management fees received on business managed for others, less (x) cost of funds, (y) operating expenses excluding equity-based compensation and (z) financing costs, including interest expense and preferred dividends, if any, paid to Athene preferred stockholders.

Principal Investing Income

Principal Investing Income (“PII”) is a component of Segment Income that is used to assess the performance of the Principal Investing segment. For the Principal Investing segment, PII is the sum of (i) realized performance fees, including certain realizations received in the form of equity, and (ii) realized investment income, less (x) realized principal investing compensation expense, excluding expense related to equity-based compensation, and (y) certain corporate compensation and non-compensation expenses.

APOLLO GLOBAL MANAGEMENT, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The following presents the reconciliation of Segment Income and Segment Revenue to income (loss) before income tax (provision) benefit and total revenues reported in the condensed consolidated statements of operations:

(In millions)	Three months ended June 30,		Six months ended June 30,	
	2026	2025	2026	2025
Segment Income	\$ 1,678	\$ 1,495	\$ 3,200	\$ 2,872
Asset Management Adjustments:				
Equity-based profit sharing expense ^{1,5}	(71)	(38)	(123)	(68)
Equity-based compensation	(129)	(102)	(285)	(201)
Net income (loss) attributable to non-controlling interests in consolidated entities	698	266	953	815
Unrealized performance fees ⁵	320	(28)	(101)	91
Unrealized profit sharing expense ⁵	(152)	43	55	(62)
HoldCo interest and other financing costs ²	(53)	(36)	(98)	(70)
Unrealized principal investment (income) loss ⁵	(45)	11	(165)	9
Unrealized net gains (losses) from investment activities ⁵	28	(293)	(29)	(354)
Transaction-related costs, restructuring and other non-operating expenses ³	(117)	(70)	(186)	(346)
Retirement Services Adjustments:				
Investment gains (losses), net of offsets	23	(509)	(673)	(358)
Non-operating change in insurance liabilities and related derivatives ⁴	358	149	316	(218)
Integration, restructuring and other non-operating items	(41)	(32)	(74)	(62)
Equity-based compensation	(12)	(11)	(22)	(22)
Income (loss) before income tax (provision) benefit	<u>\$ 2,485</u>	<u>\$ 845</u>	<u>\$ 2,768</u>	<u>\$ 2,026</u>

¹ Equity-based profit sharing expense includes stock-based grants that are tied to realized performance within the Principal Investing segment.

² Represents interest and other financing costs related to AGM not attributable to any specific segment.

³ Transaction-related costs, restructuring and other non-operating expenses includes: (a) contingent consideration, certain equity-based charges, amortization of intangible assets and certain other expenses associated with acquisitions; (b) gains (losses) from changes in the tax receivable agreement liability; (c) merger-related transaction and integration costs associated with Company's merger with Athene and (d) other non-operating expenses, including the issuance of shares of AGM common stock for charitable contributions. In the six months ended June 30, 2025, other non-operating expenses includes \$200 million in charitable contributions related to the issuance of shares to the Apollo DAF in February 2025.

⁴ Includes change in fair values of derivatives and embedded derivatives, non-operating change in funding agreements, change in fair value of market risk benefits, and non-operating change in liability for future policy benefits.

⁵ Represents adjustments that primarily impact the Principal Investing segment.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with Apollo Global Management, Inc.'s condensed consolidated financial statements and the related notes within this quarterly report. This discussion contains forward-looking statements that are subject to known and unknown risks and uncertainties. Actual results and the timing of events may differ significantly from those expressed or implied in such forward-looking statements due to a number of factors, including those included in the section entitled "Item 1A. Risk Factors" in our 2025 Annual Report. The highlights listed below have had significant effects on many items within our condensed consolidated financial statements and affect the comparison of the current period's activity with those of prior periods.

General

Our Businesses

Founded in 1990, Apollo is a high-growth, global alternative asset manager and a retirement services provider. Apollo conducts its business primarily in the U.S. through the following three reportable segments: Asset Management, Retirement Services and Principal Investing. These business segments are differentiated based on the investment services they provide as well as varying investing strategies.

Asset Management

Our Asset Management segment focuses on credit and equity investing strategies. We have a flexible mandate in many of the funds we manage which enables the funds to invest opportunistically across a company's capital structure. We raise, invest and manage funds, accounts and other vehicles on behalf of some of the world's most prominent pension, endowment and sovereign wealth funds and insurance companies, as well as other institutional and individual investors. As of June 30, 2026, we had total AUM of \$1.05 trillion.

The credit and equity investing strategies of our Asset Management segment reflect the range of investment capabilities across our platform, from investment grade to private equity. As an asset manager, we earn fees for providing investment management services and expertise to our client base. The amount of fees charged for managing these assets depends on the underlying investment strategy, liquidity profile, and, ultimately, our ability to generate returns for our clients. We also earn capital solutions fees as part of our growing capital solutions business and as part of monitoring and deployment activity alongside our private equity franchise. After expenses, we call the resulting earnings stream "Fee Related Earnings" or "FRE", which represents the primary performance measure for the Asset Management segment.

Credit

Credit is our largest asset management strategy with \$849 billion of AUM as of June 30, 2026. Our credit strategy spans third-party strategies and Apollo's retirement services business across four main investment pillars: direct origination, asset-backed, multi credit and opportunistic credit. Our credit strategy provides flexible, scaled and diverse capital solutions across the entire credit risk-return spectrum, with a focus on generating excess returns through high-quality credit underwriting and origination. Beyond participation in the traditional issuance and secondary credit markets, through our origination platforms and corporate solutions capabilities we seek to originate attractive and safe-yielding assets for the investors in the funds we manage.

Equity

Our equity strategy managed \$198 billion of AUM as of June 30, 2026. Across our equity strategy, we maintain our focus on creative structuring and sourcing while working with the management teams of the portfolio companies of the Apollo-managed funds to help transform and grow their businesses. Our flexible mandate and purchase price discipline allow us to embrace complexity and seek attractive outcomes for our stakeholders. Apollo's equity team has experience across sectors, industries, and geographies spanning its private equity, hybrid value, secondaries equity, AAA, real estate equity, infrastructure and clean transition equity strategies. We have consistently produced attractive long-term investment returns in the traditional private equity funds we manage, generating a 39% gross IRR and a 24% net IRR on a compound annual basis from inception through June 30, 2026.

Acquisition of Bridge

On September 2, 2025, we completed the previously announced acquisition of Bridge in an all-stock transaction. As a result, Bridge became a consolidated subsidiary of AAM, and its results are included in the condensed consolidated financial statements commencing from the Acquisition Date.

Retirement Services

Our retirement services business is conducted by Athene, a leading financial services company that specializes in issuing, reinsuring and acquiring retirement savings products designed for the increasing number of individuals and institutions seeking to fund retirement needs. Athene's primary product line is annuities, which include fixed rate, indexed, payout and group annuities issued in connection with pension group annuity transactions and benefit plans. Athene also offers funding agreements and guaranteed investment contracts issued in connection with defined contribution plans. Funding agreements are composed of funding agreements issued under its FABN program, secured and other funding agreements, which include Athene's FABR program and direct funding agreements, funding agreements issued to the FHLB and repurchase agreements with an original maturity exceeding one year. Guaranteed investment contracts support stable value investment options within defined contribution plans and allow the contract holder to earn a guaranteed return of principal plus interest. Our asset management business provides a full suite of services for Athene's investment portfolio, including direct investment management, asset allocation, mergers and acquisitions asset diligence, and certain operational support services including investment compliance, tax, legal and risk management support.

Our retirement services business focuses on generating spread income by combining the two core competencies of (1) sourcing long-term, persistent liabilities and (2) using the global scale and reach of our asset management business to actively source or originate assets with Athene's preferred risk and return characteristics. Athene's investment philosophy is to invest a portion of its assets in securities that earn an incremental yield by taking measured liquidity and complexity risk and capitalize on its long-dated, persistent liability profile to prudently achieve higher net investment earned rates, rather than assuming incremental credit risk. A cornerstone of Athene's investment philosophy is that given the operating leverage inherent in its business, modest investment outperformance can translate to outsized return performance. Because Athene maintains discipline in underwriting attractively priced liabilities, it has the ability to invest in a broad range of high-quality assets to generate attractive earnings.

Principal Investing

Our Principal Investing segment is composed of our realized performance fee income, realized investment income earned from our balance sheet investments, and certain allocable expenses related to corporate functions supporting the entire company. The Principal Investing segment also includes our growth capital and liquidity resources at AGM. Over time, we may deploy capital into strategic investments that will help accelerate the growth of our Asset Management segment, by broadening our investment management and/or product distribution capabilities or increasing the scalability and/or efficiency of our existing operations. We believe these investments may translate into greater compounded annual growth of Fee Related Earnings.

Given the cyclical nature of realized performance fees, earnings from our Principal Investing segment, or PII, are inherently more volatile in nature than earnings from the Asset Management and Retirement Services segments. We earn fees based on the investment performance of the funds, partnerships and accounts we manage and compensate our employees, primarily investment professionals, with a meaningful portion of these proceeds to align our team with investors whose capital we manage and incentivize them to deliver strong investment performance over time. To enhance this alignment, we have increased the proportion of performance fee income we pay to our employees over time.

Business Environment

Economic and Market Conditions

Our asset management and retirement services businesses are affected by the condition of global financial markets and the economy. Price fluctuations within equity, credit, commodity and foreign exchange markets, as well as interest rates and global inflation, which may be volatile and mixed across geographies, can significantly impact the performance of our business, including, but not limited to, the valuation of investments, including those of the funds we manage, and related income we may recognize.

Adverse economic conditions may result from domestic and global economic and political developments, including slower economic growth and business activity, changes in U.S. and foreign tariff policies, civil unrest, geopolitical tensions or military action, such as the armed conflicts in the Middle East, including with Iran, and between Ukraine and Russia, and related sanctions. Additional risks include new or evolving legal and regulatory requirements affecting business investment, hiring, migration, labor supply and global supply chains, as well as disruptions to energy markets and critical shipping routes.

Uncertainty surrounding U.S. trade policy, the conflict with Iran and persistent inflation remain downside risks. However, U.S. economic activity remains resilient, supported by consumer spending, investment in artificial intelligence infrastructure, increased domestic manufacturing and fiscal stimulus. These drivers continue to support solid growth and a modest risk of recession. Tariffs remain inflationary and may weigh on growth and corporate earnings, with the ultimate impact dependent on their scope, duration and the outcome of trade negotiations.

Inflation remains elevated, limiting the scope of monetary easing and placing upward pressure on shorter term rates. Simultaneously, fiscal deficits and increased U.S. Treasury issuances may place upward pressure on longer term rates, increasing the likelihood that interest rates and credit yields remain elevated.

We carefully monitor economic and market conditions, including global inflation, that could potentially give rise to global market volatility and affect our business operations, investment portfolios and derivatives. U.S. inflation remains elevated, with the U.S. Bureau of Labor Statistics reporting the annual U.S. inflation rate increased to 3.5% as of June 30, 2026, compared to 3.3% as of March 31, 2026. The U.S. Federal Reserve has a current benchmark interest rate target range of 3.50% to 3.75%, unchanged from its December 2025 meeting.

Equity market performance was strong during the second quarter of 2026. In the U.S., the S&P 500 Index increased by 14.9% during the second quarter of 2026, following a decrease of 4.6% in the first quarter of 2026. Global equity markets increased during the quarter, with the MSCI All Country World ex USA Index increasing by 10.5%, following a decrease of 0.8% in the first quarter of 2026.

Conditions in the credit markets may have a significant impact on our business. Credit fundamentals remain generally constructive, with default rates in high yield bonds and leveraged loans declining and distressed exchanges moderating. Current stresses in software and artificial intelligence related credit appear concentrated rather than indicative of a broader macroeconomic downturn. Credit markets experienced increases in the second quarter of 2026, with the BofAML HY Master II Index increasing by 2.5% and the Morningstar/LSTA Leveraged Loan Index increasing by 1.2%.

In terms of economic conditions in the U.S., the Bureau of Economic Analysis reported real GDP increased at an annual rate of 1.5% in the second quarter of 2026, following an increase of 2.1% in the first quarter of 2026. As of July 2026, the International Monetary Fund estimated the U.S. economy will expand by 2.3% in 2026 and 2.2% in 2027. The U.S. Bureau of Labor Statistics reported the U.S. unemployment rate decreased to 4.2% as of June 30, 2026.

Foreign exchange rates can materially impact the valuations of our investments and those of the funds we manage that are denominated in currencies other than the U.S. dollar. Strong foreign demand for U.S. assets remains an important support for the U.S. dollar. The U.S. dollar strengthened in the second quarter of 2026 compared to the euro and Japanese yen, however, the U.S. dollar weakened compared to the British pound. Relative to the U.S. dollar, the euro depreciated 1.1% during the second quarter of 2026, after depreciating 1.6% in the first quarter of 2026 and the Japanese yen depreciated 2.4% in the second quarter of 2026, after depreciating 1.3% in the first quarter of 2026, while the British pound appreciated 0.3% during the second quarter of 2026, after depreciating 1.8% in the first quarter of 2026. We generally undertake hedging activities to eliminate or mitigate foreign exchange currency risk. Oil prices ended the second quarter of 2026 down 31.4% from the first quarter of 2026, primarily related to the temporary easing of tensions in the ongoing conflict in the Middle East.

We are actively monitoring the developments in Ukraine resulting from the Russia/Ukraine conflict and the economic sanctions and restrictions imposed against Russia, Belarus, and certain Russian and Belarusian entities and individuals. The Company continues to (i) identify and assess any exposure to designated persons or entities across the Company's business; (ii) ensure existing surveillance and controls are calibrated to the evolving sanctions; and (iii) ensure appropriate levels of communication across the Company, and with other relevant market participants, as appropriate.

As of June 30, 2026, the funds we manage have no investments that would cause Apollo or any Apollo managed fund to be in violation of current international sanctions, and we believe the direct exposure of investment portfolios of the funds we manage

to Russia and Ukraine is insignificant. The Company and the funds we manage do not intend to make any new material investments in Russia, and have appropriate controls in place to ensure review of any new exposure.

Institutional investors continue to allocate capital towards alternative investment managers in search of more attractive returns, and we believe the business environment remains generally accommodative to raise larger successor funds, launch new products, and pursue attractive strategic growth opportunities and addressable markets.

Private credit, which represents an estimated \$40 trillion primarily investment-grade market, has experienced heightened focus, generating industry inquiries around liquidity, valuation methodologies, global wealth access and technology-related portfolio allocations. We believe such inquiries are natural to an evolving asset class that is experiencing strong overall growth. However, the magnified focus has corresponded to increased redemption requests within perpetual non-traded business development company structures across the industry, resulting in lower growth for these products.

While investor demand for perpetual non-traded business development company structures may experience variability, we believe that the long-term opportunity to provide investors with access to private credit, both investment-grade and sub investment-grade, will remain compelling across cycles.

Interest Rate Environment

Medium and long-term rates increased during the second quarter of 2026, with the U.S. 10-year Treasury yield at 4.44% as of June 30, 2026, compared to 4.30% as of March 31, 2026. Short-term rates increased during the second quarter of 2026, with the 3-month secured overnight financing rate at 3.73% as of June 30, 2026, compared to 3.68% as of March 31, 2026.

With respect to Retirement Services, Athene's investment portfolio predominantly consists of fixed maturity investments. If prevailing interest rates were to rise, we believe the yield on Athene's new investment purchases may also rise and its investment income from floating rate investments would increase, while the value of its existing investments may decline. If prevailing interest rates were to decline significantly, the yield on Athene's new investment purchases may decline and its investment income from floating rate investments would decrease, while the value of its existing investments may increase.

Athene addresses interest rate risk through managing the duration of the liabilities it sources with assets it acquires through asset liability management ("ALM") modeling. As part of its investment strategy, Athene purchases floating rate investments, which are expected to perform well in a rising interest rate environment and are expected to underperform in a declining rate environment. Athene manages its interest rate risk in a declining rate environment through hedging activity or the issuance of additional floating rate liabilities to lower its overall net floating rate position. As of June 30, 2026, Athene's net invested asset portfolio included \$71.2 billion of floating rate assets, or 23% of its net invested assets, and its net reserve liabilities included \$68.9 billion of floating rate liabilities at notional, or 22% of its net invested assets, resulting in \$2.3 billion of net floating rate assets, or 1% of its net invested assets. Athene's floating rate asset position includes floating rate investments and cash and cash equivalents on a net invested asset basis, adjusted for net investment payables/receivables and cash posted as collateral for derivative transactions.

If prevailing interest rates were to rise, we believe Athene's products would be more attractive to consumers and its sales would likely increase. If prevailing interest rates were to decline, it is likely that Athene's products would be less attractive to consumers and its sales would likely decrease. In periods of prolonged low interest rates, the net investment spread may be negatively impacted by reduced investment income to the extent Athene is unable to adequately reduce policyholder crediting rates due to policyholder guarantees in the form of minimum crediting rates or otherwise due to market conditions. A significant majority of Athene's deferred annuity products have crediting rates that it may reset annually upon renewal, following the expiration of the current guaranteed period. While Athene has the contractual ability to lower these crediting rates to the guaranteed minimum levels at renewal, its willingness to do so may be limited by competitive pressures. Athene's funding agreements and other investment-type contracts provide little to no discretionary ability to change the rates of interest that determine the amounts payable to the respective policyholder or institution. Other investment-type contracts include immediate annuities without significant mortality risk (which include pension group annuities and structured settlements without life contingencies), guaranteed investment contracts, and assumed endowments without significant mortality risks.

See "Part I—Item 3. Quantitative and Qualitative Disclosures About Market Risk" in this report and "Part II—Item 7A. Quantitative and Qualitative Disclosures About Market Risk" in our 2025 Annual Report, which include a discussion regarding interest rate and other significant risks and our strategies for managing these risks.

Overview of Results of Operations

Financial Measures under U.S. GAAP – Asset Management

The following discussion of financial measures under U.S. GAAP is based on Apollo's asset management business as of June 30, 2026.

Revenues

Management Fees

The significant growth of the assets we manage has had a positive effect on our revenues. Management fees are typically calculated based upon any of “net asset value,” “gross assets,” “adjusted par asset value,” “adjusted costs of all unrealized portfolio investments,” “capital commitments,” “invested capital,” “adjusted assets,” “capital contributions,” or “stockholders’ equity,” each as defined in the applicable limited partnership agreement and/or management agreement of the unconsolidated funds or accounts.

Advisory and Transaction Fees, Net

As a result of providing advisory services with respect to actual and potential investments, we are entitled to receive fees for transactions related to the acquisition and, in certain instances, disposition and financing of companies, some of which are portfolio companies of the funds we manage, as well as fees for ongoing monitoring of portfolio company operations and directors’ fees. We also receive advisory fees for advisory services provided to certain funds. In addition, monitoring fees are generated on certain structured portfolio company investments. Under the terms of the limited partnership agreements for certain funds, the management fee payable by the funds may be subject to a reduction based on a certain percentage (up to 100%) of such advisory and transaction fees, net of applicable broken deal costs (“Management Fee Offset”). Such amounts are presented as a reduction to advisory and transaction fees, net, in the condensed consolidated statements of operations.

Performance Fees

The general partners of the funds we manage are entitled to an incentive return of normally up to 20% of the total returns of a fund’s capital, depending upon performance of the underlying funds and subject to preferred returns and high water marks, as applicable. Performance fees, categorized as performance allocations, are accounted for as an equity method investment, and effectively, the performance fees for any period are based upon an assumed liquidation of the funds’ assets at the reporting date, and distribution of the net proceeds in accordance with the funds’ allocation provisions. Performance fees categorized as incentive fees, which are not accounted for as an equity method investment, are deferred until fees are probable to not be significantly reversed. The majority of performance fees consist of performance allocations.

As of June 30, 2026, approximately 31% of the value of the investments of the funds we manage, on a gross basis, was determined using market-based valuation methods (i.e., reliance on broker or listed exchange quotes) and the remaining 69% was determined primarily by comparable company and industry multiples or discounted cash flow models. See “Item 1A. Risk Factors—Risks Relating to Our Asset Management Business—*The performance of the funds we manage, and our performance, may be adversely affected by the financial performance of portfolio companies of the funds we manage and the industries in which the funds we manage invest*” in our 2025 Annual Report for discussion regarding certain industry-specific risks that could affect the fair value of certain of the portfolio company investments of the funds we manage.

In certain funds we manage, generally in our equity strategy, the Company does not earn performance fees until the investors have achieved cumulative investment returns on invested capital (including management fees and expenses) in excess of an 8% hurdle rate. Additionally, certain of the credit funds we manage have various performance fee rates and hurdle rates. Certain of the credit funds we manage allocate performance fees to the general partner in a similar manner as the equity funds. In certain funds we manage, as long as the investors achieve their priority returns, there is a catch-up formula whereby the Company earns a priority return for a portion of the return until the Company’s performance fees equate to its performance fee rate for that fund; thereafter, the Company participates in returns from the fund at the performance fee rate. Performance fees, categorized as performance allocations, are subject to reversal to the extent that the performance fees distributed exceed the amount due to the general partner based on a fund’s cumulative investment returns. The Company recognizes potential repayment of previously received performance fees as a general partner obligation representing all amounts previously distributed to the general partner that would need to be repaid to the Apollo funds if these funds were to be liquidated based on the current fair value of the

underlying fund's investments as of the reporting date. The actual general partner obligation, however, would not become payable or realized until the end of a fund's life or as otherwise set forth in the respective limited partnership agreement of the fund.

The table below presents an analysis of Apollo's (i) performance fees receivable on an unconsolidated basis, (ii) unrealized performance fees and (iii) realized performance fees, inclusive of realized incentive fees:

	June 30, 2026	Performance Fees for the Three Months Ended June 30, 2026			Performance Fees for the Six Months Ended June 30, 2026		
(In millions)	Performance Fees Receivable on an Unconsolidated Basis	Unrealized	Realized	Total	Unrealized	Realized	Total
Accord and Accord+ Funds	\$ 76	\$ 8	\$ 2	\$ 10	\$ 11	\$ 9	\$ 20

Athora	—	(5)	—	(5)	(22)	—	(22)
Champ L.P.	16	—	—	—	(148)	141	(7)
Credit Strategies	56	12	1	13	49	5	54
EPF Funds ¹	52	9	—	9	20	—	20
FCI Funds	89	1	—	1	(1)	—	(1)
Freedom Parent Holdings	15	5	—	5	15	—	15
Fund X	542	93	7	100	61	68	129
Fund IX	918	(91)	—	(91)	(217)	65	(152)
Fund VIII ²	132	308	1	309	199	2	201
Fund VI	43	—	2	2	—	4	4
HVF I	70	(3)	4	1	(11)	14	3
HVF II	220	(3)	30	27	30	30	60
HVF III	36	29	—	29	36	—	36
MidCap FinCo	38	—	5	5	—	10	10
Redding Ridge Holdings	231	22	8	30	36	16	52
Bridge Funds	95	(28)	2	(26)	(51)	12	(39)
Other ^{1,3}	574	(14)	115	101	(56)	221	165
Total	\$ 3,272	\$ 320	\$ 196	\$ 516	\$ (101)	\$ 616	\$ 515
Total, net of profit sharing payable ⁴ /expense	\$ 1,511	\$ 167	\$ 86	\$ 253	\$ (46)	\$ 209	\$ 163

¹ As of June 30, 2026, certain funds had \$163 million in general partner obligations to return previously distributed performance fees. The fair value gain on investments and income at the fund level needed to reverse the general partner obligations was \$2.4 billion as of June 30, 2026.

² As of June 30, 2026, the remaining investments and escrow cash of Fund VIII was valued at 102% of the fund's unreturned capital, which was below the required escrow ratio of 115%. As a result, the fund is required to place in escrow current and future performance fee distributions to the general partner until the specified return ratio of 115% is met (at the time of a future distribution) or upon liquidation. As of June 30, 2026, Fund VIII had \$164 million of gross performance fees, or \$92 million net of profit sharing in escrow. With respect to Fund VIII, realized performance fees currently distributed to the general partner are limited to potential tax distributions and interest on escrow balances per the fund's partnership agreement. Performance fees receivable as of June 30, 2026 and realized performance fees for the three and six months ended June 30, 2026 include interest earned on escrow balances that is not subject to contingent repayment.

³ Other includes certain SIAs.

⁴ There was a corresponding profit sharing payable of \$1.8 billion as of June 30, 2026, including profit sharing payable related to amounts in escrow and contingent consideration obligations of \$56 million.

The general partners of certain of the funds we manage accrue performance fees, categorized as performance allocations, when the fair value of investments exceeds the cost basis of the individual investors' investments in the fund, including any allocable share of expenses incurred in connection with such investments, which we refer to as "high water marks." These high water marks are applied on an individual investor basis. Certain of the funds we manage have investors with various high water marks, the achievement of which is subject to market conditions and investment performance.

Performance fees from certain funds we manage are subject to contingent repayment by the general partner in the event of future losses to the extent that the cumulative performance fees distributed from inception to date exceeds the amount computed

as due to the general partner at the final distribution. These general partner obligations, if applicable, are included in due to related parties on the condensed consolidated statements of financial condition.

The following table summarizes our performance fees since inception through June 30, 2026:

(In millions)	Performance Fees Since Inception ¹				
	Undistributed by Fund and Recognized	Distributed by Fund and Recognized ²	Total Undistributed and Distributed by Fund and Recognized ³	General Partner Obligation ³	Maximum Performance Fees Subject to Potential Reversal ⁴
Accord and Accord+ Funds	\$ 76	\$ 157	\$ 233	\$ —	\$ 130
AIOF I, II and III	22	86	108	—	39
ANRP I, II and III	47	225	272	28	100
Champ L.P.	16	134	150	—	13
Credit Strategies	56	611	667	—	55
EPF Funds	52	567	619	109	65
FCI Funds	89	24	113	—	89
Freedom Parent Holdings	15	194	209	—	15
Fund X	542	211	753	—	637
Fund IX	918	1,744	2,662	—	1,814
Fund VIII	132	1,792	1,924	—	1,104
Fund VII	—	3,271	3,271	—	—
Fund VI	43	1,664	1,707	—	—
Fund IV and Fund V	—	2,023	2,023	1	—
HVF I	70	270	340	—	210
HVF II	220	141	361	—	283
HVF III	36	—	36	—	36
MidCap FinCo	38	166	204	—	38
Redding Ridge Holdings	231	—	231	—	215
Bridge Funds	95	21	116	—	59
Other ⁵	574	2,978	3,552	25	695
Total	\$ 3,272	\$ 16,279	\$ 19,551	\$ 163	\$ 5,597

¹ Certain funds are denominated in euros and historical figures are translated into U.S. dollars at an exchange rate of €1.00 to \$1.14 as of June 30, 2026. Certain funds are denominated in pounds sterling and historical figures are translated into U.S. dollars at an exchange rate of £1.00 to \$1.33 as of June 30, 2026.

² Amounts exclude certain performance fees from business development companies and Redding Ridge Holdings, an affiliate of Redding Ridge.

³ Amounts were computed based on the fair value of fund investments on June 30, 2026. Performance fees have been allocated to and recognized by the general partner. Based on the amount allocated, a portion is subject to potential reversal or, to the extent applicable, has been reduced by the general partner obligation to return previously distributed performance fees as of June 30, 2026. The actual determination and any required payment of any such general partner obligation would not take place until the final disposition of the fund's investments based on contractual termination of the fund.

⁴ Represents the amount of performance fees that would be reversed if remaining fund investments became worthless on June 30, 2026. Amounts subject to potential reversal of performance fees include amounts undistributed by a fund (*i.e.*, the performance fees receivable), as well as a portion of the amounts that have been distributed by a fund, net of taxes and not subject to a general partner obligation to return previously distributed performance fees, except for those funds that are gross of taxes as defined in the respective funds' governing documents.

⁵ Other includes certain SIAs.

Property Management, Development and Other Fees

Apollo provides property management services through Bridge. Apollo earns property management fees over time as the related services are provided under the terms of the respective property management agreements. Apollo also earns leasing commission revenue associated with the leasing of commercial assets, which is recognized upon the execution of the applicable lease agreements, and records development fees as the services are provided under the terms of the applicable development agreements. Other fees are primarily composed of interest on catch-up management fees, fees related to accounting, in-house legal and tax professional services.

Expenses

Compensation and Benefits

The most significant expense in our asset management business is compensation and benefits expense. This consists of fixed salary, discretionary and non-discretionary bonuses, profit sharing expense associated with the performance fees earned and compensation expense associated with the vesting of non-cash equity-based awards.

Our compensation arrangements with certain employees contain a significant performance-based incentive component. Therefore, as our net revenues increase, our compensation costs rise. Our compensation costs also reflect the increased investment in people as we expand geographically and create new funds.

In addition, certain professionals and selected other individuals have a profit sharing interest in the performance fees earned in order to better align their interests with our own and with those of the investors in the funds we manage. Profit sharing expense is part of our compensation and benefits expense and is generally based upon a fixed percentage of performance fees. Certain of our performance-based incentive arrangements provide for compensation based on realized performance fees which includes fees earned by the general partners of the funds we manage under the applicable fund limited partnership agreements based upon transactions that have closed or other rights to incentive income cash that have become fixed in the applicable calendar year period. Profit sharing expense can reverse during periods when there is a decline in performance fees that were previously recognized. Profit sharing amounts are normally distributed to employees after the corresponding investment gains have been realized. Therefore, changes in our unrealized performance fees have the same effect on our profit sharing expense. Profit sharing expense increases when unrealized performance fees increase. Realizations only impact profit sharing expense to the extent that the effects on investments have not been recognized previously. If losses on other investments within a fund are subsequently realized, the profit sharing amounts previously distributed are normally subject to a general partner obligation to return performance fees previously distributed back to the funds. This general partner obligation due to the funds would generally be realized only when the fund is liquidated, which generally occurs at the end of the fund's term. However, indemnification obligations also exist for realized gains with respect to certain funds, which, although our Former Managing Partners and Contributing Partners would remain personally liable, may indemnify our Former Managing Partners and Contributing Partners for 17.5% to 100% of the previously distributed profits regardless of the fund's future performance. See note 16 to our condensed consolidated financial statements for further information regarding the Company's indemnification liability.

The Company grants equity awards to certain employees, including RSUs and restricted shares of common stock, that generally vest and become exercisable in quarterly installments or annual installments depending on the award terms. In some instances, vesting of an RSU is also subject to the Company's receipt of performance fees, within prescribed periods, sufficient to cover the associated equity-based compensation expense. See note 13 to our condensed consolidated financial statements for further discussion of equity-based compensation.

Other expenses

The balance of our other expenses includes interest, placement fees, and general, administrative and other operating expenses. Interest expense consists primarily of interest related to the senior and subordinated notes as discussed in note 12 to our condensed consolidated financial statements. Placement fees are incurred in connection with our capital raising activities. In cases where the limited partners of the funds are determined to be the customer in an arrangement, placement fees may be capitalized as a cost to acquire a customer contract, and amortized over the life of the customer contract. General, administrative and other expenses includes occupancy expense, depreciation and amortization, professional fees and costs related to travel, information technology and administration. Occupancy expense represents charges related to office leases and associated expenses, such as utilities and maintenance fees. Depreciation and amortization of fixed assets is normally calculated using the straight-line method over their estimated useful lives, ranging from two to sixteen years, taking into consideration any residual value. Leasehold improvements are amortized over the shorter of the useful life of the asset or the expected term of the lease. Intangible assets are amortized based on the future cash flows over the expected useful lives of the assets.

Other Income (Loss)

Net Gains (Losses) from Investment Activities

Net gains (losses) from investment activities include both realized gains and losses and the change in unrealized gains and losses in our investment portfolio between the opening reporting date and the closing reporting date. Net unrealized gains (losses) are a result of changes in the fair value of unrealized investments and reversal of unrealized gains (losses) due to dispositions of investments during the reporting period. Significant judgment and estimation goes into the assumptions that drive these models and the actual values realized with respect to investments could be materially different from values obtained based on the use of those models. The valuation methodologies applied impact the reported value of investment company holdings and their underlying portfolios in our condensed consolidated financial statements.

Net Gains (Losses) from Investment Activities of Consolidated Variable Interest Entities ("VIEs")

Changes in the fair value of the consolidated VIEs' assets and liabilities and related interest, dividend and other income and expenses subsequent to consolidation are presented within net gains (losses) from investment activities of consolidated variable interest entities and are attributable to non-controlling interests in the condensed consolidated statements of operations.

Other Income (Losses), Net

Other income (losses), net includes interest income, gains (losses) arising from the remeasurement of foreign currency denominated assets and liabilities, remeasurement of the tax receivable agreement liability and other miscellaneous non-operating income and expenses.

Financial Measures under U.S. GAAP – Retirement Services

The following discussion of financial measures under U.S. GAAP is based on the Company's retirement services business, which is operated by Athene, as of June 30, 2026.

Revenues

Premiums

Premiums for long-duration contracts, including products with fixed and guaranteed premiums and benefits, are recognized as revenue when due from policyholders. Insurance revenues are reported net of reinsurance ceded.

Product charges

Revenues for universal life-type policies and investment contracts, including surrender and market value adjustments, costs of insurance, policy administration, GMDB, GLWB and no-lapse guarantee charges, are earned when assessed against policyholder account balances during the period.

Net investment income

Net investment income is a significant component of Athene's total revenues. Athene recognizes investment income as it accrues or is legally due, net of investment management and custody fees. Investment income on fixed maturity securities includes coupon interest, as well as the amortization of any premium and the accretion of any discount. Investment income on equity securities represents dividend income and preferred coupon interest.

Investment related gains (losses)

Investment related gains (losses) primarily consist of (i) realized gains and losses on sales of investments, (ii) unrealized gains or losses relating to identified risks within AFS securities in fair value hedging relationships, (iii) gains and losses on trading securities, (iv) gains and losses on equity securities, (v) changes in the fair value of the embedded derivatives and derivatives not designated as a hedge, (vi) changes in the fair value of mortgage loan assets, (vii) foreign exchange gains and losses and (viii) changes in the provision for credit losses.

Expenses

Interest sensitive contract benefits

Interest sensitive contract liabilities are typically associated with universal life-type policies and investment contracts. Universal life-type policies and investment contracts include traditional deferred annuities (which include individual and group deferred annuities); indexed annuities consisting of fixed indexed, index-linked variable annuities in the accumulation phase, and assumed indexed universal life without significant mortality risk; funding agreements; immediate annuities without significant mortality risk (which include pension group annuities and structured settlements without life contingencies); universal life insurance; and other investment contracts inclusive of guaranteed investment contracts and assumed endowments without significant mortality risk. Liabilities for traditional deferred annuities, indexed annuities and universal life insurance are carried at the account balances without reduction for potential surrender or withdrawal charges, except for a block of universal life business ceded to Global Atlantic Financial Group Limited (together with its subsidiaries, "Global Atlantic"), which is carried at fair value. Fixed indexed annuity, index-linked variable annuity and indexed universal life insurance contracts contain an embedded derivative. Benefit reserves for these contracts are reported as the sum of the fair value of the embedded derivative and the host (or guaranteed) component of the contracts. The fair value of the embedded derivatives represents the present value of cash flows attributable to the indexed strategies. The host contract is established at contract inception as the initial account value less the initial fair value of the embedded derivative and accreted over the policy's life. Liabilities for immediate annuities without significant mortality risk (which include pension group annuities and structured settlements without life contingencies), funding agreements, assumed endowments without significant mortality risk and guaranteed investment contracts are calculated as the present value of future liability cash flows and policy maintenance expenses, if any, discounted at contractual interest rates. Certain contracts are offered with additional contract features that meet the definition of a market risk benefit. See "—Market risk benefits remeasurement (gains) losses" below for further information.

Changes in interest sensitive contract liabilities, excluding deposits and withdrawals, are recorded in interest sensitive contract benefits or product charges on the condensed consolidated statements of operations.

Future policy and other policy benefits

Athene issues or reinsures contracts classified as long-duration, which include term and whole life, accident and health, disability, and deferred and immediate annuities with life contingencies (which include pension group annuities and structured settlements with life contingencies).

Liabilities for nonparticipating long-duration contracts are established as the estimated present value of benefits Athene expects to pay to or on behalf of the policyholder and related expenses less the present value of the net premiums to be collected, referred to as the net premium ratio. Liabilities for nonparticipating long-duration contracts are established using accepted actuarial valuation methods, which require the use of assumptions related to discount rate, expenses, longevity, mortality, morbidity, persistency and other policyholder behavior. The liability for nonparticipating long-duration contracts is discounted using an upper-medium grade fixed income instrument yield aligned to the characteristics of the liability, including the duration and currency of the underlying cash flows.

Changes in the value of the liability for nonparticipating long-duration contracts due to changes in the discount rate are recognized as a component of OCI on the condensed consolidated statements of comprehensive income (loss). Changes in the liability for remeasurement gains or losses and all other changes in the liability are recorded in future policy and other policy benefits on the condensed consolidated statements of operations.

Future policy benefits include liabilities for no-lapse guarantees on universal life insurance and fixed indexed universal life insurance. Each reporting period, expected excess benefits and assessments are updated with actual excess benefits and assessments. Athene also periodically revises the key assumptions used in the calculation of the liabilities that result in revisions to the expected excess benefits and assessments. The effects of changes in assumptions are recorded as unlocking in the period in which the changes are made. Changes in the liabilities associated with no-lapse guarantees are recorded in future policy and other policy benefits on the condensed consolidated statements of operations.

Market risk benefits remeasurement (gains) losses

Market risk benefits represent contracts or contract features that both provide protection to the contract holder from, and expose the insurance entity to, other-than-nominal capital market risk. Athene's deferred annuity contracts contain GLWB and GMDB riders that meet the criteria for, and are classified as, market risk benefits.

Market risk benefits are measured at fair value at the contract level and may be recorded as a liability or an asset, which are included in market risk benefits or other assets, respectively, on the condensed consolidated statements of financial condition. Fees and assessments collectible from the policyholder at contract inception are allocated to the extent they are attributable to the market risk benefit. If the fees are sufficient to cover the projected benefits, a non-option based valuation model is used. If the fees are insufficient to cover the projected benefits, an option-based valuation model is used to compute the market risk benefit liability at contract inception, with an equal and offsetting adjustment recognized in interest sensitive contract liabilities.

Changes in the fair value of market risk benefits are recorded in market risk benefits remeasurement (gains) losses on the condensed consolidated statements of operations, excluding portions attributed to changes in instrument-specific credit risk, which are recorded in OCI on the condensed consolidated statements of comprehensive income (loss). Ceded market risk benefits are measured at fair value and recorded within reinsurance recoverable on the condensed consolidated statements of financial condition.

Amortization of deferred acquisition costs, deferred sales inducements, and value of business acquired

Costs related directly to the successful acquisition of new, or the renewal of existing, insurance or investment contracts are deferred. These costs consist of commissions and policy issuance costs, as well as sales inducements credited to policyholder account balances, and are included in deferred acquisition costs, deferred sales inducements and value of business acquired on the condensed consolidated statements of financial condition.

Deferred costs related to universal life-type policies and investment contracts with significant revenue streams from sources other than investment of the policyholder funds are grouped into cohorts based on issue year and contract type and amortized on a constant level basis over the expected term of the related contracts. The cohorts and assumptions used for the amortization of deferred costs are consistent with those used in estimating the related liabilities for these contracts. Deferred costs related to investment contracts without significant revenue streams from sources other than investment of the policyholder funds are amortized using the effective interest method. The effective interest method amortizes the deferred costs by discounting the future liability cash flows at a break-even rate. The break-even rate is solved for such that the present value of future liability cash flows is equal to the net liability at the inception of the contract. VOBA associated with acquired contracts can be either positive or negative and is amortized in relation to respective policyholder liabilities. Significant assumptions that impact VOBA amortization are consistent with those that impact the measurement of policyholder liabilities.

Amortization of DAC, DSI and VOBA is included in amortization of deferred acquisition costs, deferred sales inducements and value of business acquired on the condensed consolidated statements of operations.

Policy and other operating expenses

Policy and other operating expenses include normal operating expenses, policy acquisition expenses, interest expense, dividends to policyholders, integration, restructuring and other non-operating expenses and stock compensation expenses.

Other Financial Measures under U.S. GAAP

Income Taxes

Significant judgment is required in determining the provision for income taxes and in evaluating income tax positions, including evaluating uncertainties. We recognize the income tax benefits of uncertain tax positions only where the position is "more likely than not" to be sustained upon examination, including resolution of any related appeals or litigation, based on the technical merits of the positions. The tax benefit is measured as the largest amount of benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. If a tax position is not considered more likely than not to be sustained, then no benefits of the position are recognized. The Company's income tax positions are reviewed and evaluated quarterly to determine whether or not we have uncertain tax positions that require financial statement recognition or de-recognition.

Deferred tax assets and liabilities are recognized for the expected future tax consequences, using currently enacted tax rates, of differences between the carrying amount of assets and liabilities and their respective tax basis. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period when the change is enacted. Deferred tax assets are reduced by a valuation allowance when it is more likely than not that some portion or all of the deferred tax assets will not be realized.

Non-Controlling Interests

For entities that are consolidated, but not 100% owned, a portion of the income or loss and corresponding equity is allocated to owners other than Apollo. The aggregate of the income or loss and corresponding equity that is not owned by the Company is included in non-controlling interests in the condensed consolidated financial statements. Non-controlling interests primarily include limited partner interests in certain consolidated funds and VIEs.

The authoritative guidance for non-controlling interests in the condensed consolidated financial statements requires reporting entities to present non-controlling interest as equity and provides guidance on the accounting for transactions between an entity and non-controlling interests. According to the guidance, (1) non-controlling interests are presented as a separate component of stockholders' equity on the Company's condensed consolidated statements of financial condition, (2) net income (loss) includes the net income (loss) attributable to the non-controlling interest holders on the Company's condensed consolidated statements of operations, and (3) profits and losses are allocated to non-controlling interests in proportion to their ownership interests regardless of their basis.

Managing Business Performance – Key Segment and Non-U.S. GAAP Performance Measures

We believe that the presentation of Segment Income supplements a reader's understanding of the economic operating performance of each of our segments.

Segment Income and Adjusted Net Income

Segment Income is the key performance measure used by management in evaluating the performance of the Asset Management, Retirement Services, and Principal Investing segments. See note 18 to the condensed consolidated financial statements for more details regarding the components of Segment Income and management's consideration of Segment Income.

We believe that Segment Income is helpful for an understanding of our business and that investors should review the same supplemental financial measure that management uses to analyze our segment performance. This measure supplements and should be considered in addition to and not in lieu of the results of operations discussed above in "— Overview of Results of Operations" that have been prepared in accordance with U.S. GAAP.

Adjusted Net Income ("ANI") represents Segment Income less HoldCo interest and other financing costs and estimated income taxes. For purposes of calculating the Adjusted Net Income tax rate, Segment Income is reduced by HoldCo interest and financing costs. Income taxes on FRE and PII represents the total current corporate, local, and non-U.S. taxes as well as the current amounts payable under Apollo's tax receivable agreement. Income taxes on FRE and PII excludes the impacts of deferred taxes and the remeasurement of the tax receivable agreement, which arise from changes in estimated future tax rates. Certain assumptions and methodologies that impact the implied FRE and PII income tax provision are similar to those used under U.S. GAAP. Specifically, certain deductions considered in the income tax provision under U.S. GAAP relating to transaction-related costs, equity-based compensation, charitable contributions and tax deductible interest expense are taken into account for the implied tax provision. Income Taxes on SRE represent the total current and deferred tax expense or benefit on income before taxes adjusted to eliminate the impact of the tax expense or benefit associated with the non-operating adjustments. Management believes the methodologies used to compute income taxes on FRE, SRE, and PII are meaningful to each segment and increases comparability of income taxes between periods.

Fee Related Earnings, Spread Related Earnings and Principal Investing Income

Fee Related Earnings, or “FRE”, is a component of Segment Income that is used to assess the performance of the Asset Management segment.

Spread Related Earnings, or “SRE”, is a component of Segment Income that is used to assess the performance of the Retirement Services segment, excluding certain market volatility, which consists of investment gains (losses), net of offsets and non-operating change in insurance liabilities and related derivatives, and certain expenses related to integration, restructuring, and equity-based compensation, as well as other items.

Non-operating change in insurance liabilities and related derivatives includes the change in fair values of derivatives and embedded derivatives, non-operating change in funding agreements, change in fair value of market risk benefits, and non-operating change in liability for future policy benefits.

Principal Investing Income, or “PII”, is a component of Segment Income that is used to assess the performance of the Principal Investing segment.

See note 18 to the condensed consolidated financial statements for more details regarding the components of FRE, SRE, and PII.

We use Segment Income, ANI, FRE, SRE and PII as measures of operating performance, not as measures of liquidity. These measures should not be considered in isolation or as a substitute for net income or other income data prepared in accordance with U.S. GAAP. The use of these measures without consideration of their related U.S. GAAP measures is not adequate due to the adjustments described above.

Net Invested Assets

In managing its business, Athene analyzes net invested assets, which does not correspond to total Athene investments, including investments in related parties, as disclosed in the condensed consolidated statements of financial condition and notes thereto. Net invested assets represent the investments that directly back Athene’s net reserve liabilities, as well as surplus assets. Net invested assets is used in the computation of net investment earned rate, which is used to analyze the profitability of Athene’s investment portfolio. Net invested assets include (a) total investments on the condensed consolidated statements of financial condition with AFS securities, trading securities and mortgage loans at cost or amortized cost, excluding derivatives, (b) cash and cash equivalents and restricted cash, (c) investments in related parties, (d) accrued investment income, (e) VIE and VOE assets, liabilities and non-controlling interest adjustments, (f) net investment payables and receivables, (g) policy loans ceded (which offset the direct policy loans in total investments) and (h) an adjustment for the allowance for credit losses. Net invested assets exclude the derivative collateral offsetting the related cash positions. Athene includes the underlying investments supporting its assumed funds withheld and modco agreements and excludes the underlying investments related to ceded reinsurance transactions in its net invested assets calculation to match the assets with the income received. Athene believes the adjustments for reinsurance provide a view of the assets for which it has economic exposure. Net invested assets include Athene’s proportionate share of ACRA investments, based on its economic ownership, but do not include the proportionate share of investments associated with the non-controlling interests. Net invested assets are averaged over the number of quarters in the relevant period to compute a net investment earned rate for such period. While Athene believes net invested assets is a meaningful financial metric and enhances the understanding of the underlying drivers of its investment portfolio, it should not be used as a substitute for Athene’s total investments, including related parties, presented under U.S. GAAP.

Results of Operations

Below is a discussion of our condensed consolidated statements of operations for the three and six months ended June 30, 2026 and 2025. For additional analysis of the factors that affected our results at the segment level, see “—Segment Analysis” below:

(In millions, except percentages)	Three months ended June 30,		Total Change	Percentage Change	Six months ended June 30,		Total Change	Percentage Change

Note: “NM” denotes not meaningful. Changes from negative to positive amounts and positive to negative amounts are not considered meaningful. Increases or decreases from zero and changes greater than 500% are also not considered meaningful.

Three Months Ended June 30, 2026 Compared to the Three Months Ended June 30, 2025

In this section, references to 2026 refer to the three months ended June 30, 2026 and references to 2025 refer to the three months ended June 30, 2025.

Asset Management

Revenues

Revenues were \$1,627 million in 2026, an increase of \$520 million from \$1,107 million in 2025, primarily driven by higher investment income, management fees, advisory and transaction fees, net, and property management, development and other fees.

Investment income increased by \$190 million in 2026 to \$379 million compared to \$189 million in 2025. The increase in investment income was primarily driven by an increase in performance allocations of \$258 million, partially offset by a decrease in principal investment income of \$68 million.

Significant drivers for performance allocations in 2026 were performance allocations earned from Fund VIII, Fund X, Redding Ridge Holdings, HVF III, HVF II and Credit Strategies of \$309 million, \$100 million, \$30 million, \$29 million, \$27 million and \$13 million, respectively, partially offset by performance allocation losses from Fund IX of \$91 million.

See below for details on the respective performance allocations in 2026.

The performance allocations earned from Fund VIII in 2026 were primarily driven by the appreciation and realization of the fund's investments in the (i) media, cable and leisure and (ii) financial and business services sectors.

The performance allocations earned from Fund X in 2026 were primarily driven by the appreciation and realization of the fund's investments in the (i) manufacturing and industrial and (ii) consumer and retail sectors.

The performance allocations earned from Redding Ridge Holdings in 2026 were primarily driven by existing and new CLO issuances, resets, accumulation of warehouse assets, new consulting contracts and the net income generated by the vehicle's strategic investments.

The performance allocations earned from HVF III in 2026 were primarily driven by the appreciation of the fund's investments in the (i) climate and sustainability, (ii) consumer and retail and (iii) business services sectors.

The performance allocations earned from HVF II in 2026 were primarily driven by the appreciation and realization of the fund's investments in the (i) transportation and logistics, (ii) consumer and retail and (iii) manufacturing and industrial sectors.

The performance allocations earned from Credit Strategies in 2026 were primarily driven by the net income generated by the fund's investments.

The performance allocation losses from Fund IX in 2026 were primarily driven by the depreciation of the fund's investments in (i) media, telecom and technology, (ii) consumer services, and (iii) consumer and retail sectors.

Management fees increased by \$166 million to \$749 million in 2026 from \$583 million in 2025. The increase in management fees was primarily attributable to \$165 million of aggregate management fees earned from Bridge funds, Atlas, Athora, Apollo Asset-Backed Finance Fund, L.P. ("ABF"), Apollo Credit Strategies Absolute Return Fund (Delaware), L.P. ("Credit Strategies Absolute Return Fund") and ADS, partially offset by a decrease in management fees earned from S3 Equity and Hybrid Solutions of \$17 million. The increase in management fees earned from Bridge funds was due to the Bridge acquisition, while the increase from Atlas was driven by higher fee-generating AUM due to an upsize in Atlas warehousing financing facilities. The increase in management fees earned from Athora was primarily driven by its acquisition of PIC. The increase in management fees earned from ABF, Apollo Credit Strategies Absolute Return Fund and ADS was primarily driven by an

increase in subscriptions. The decrease in management fees earned from S3 Equity and Hybrid Solutions was primarily related to the catch-up management fees for additional closes in 2025.

Advisory and transaction fees, net increased by \$141 million to \$418 million in 2026 from \$277 million in 2025. Advisory and transaction fees earned during 2026 were primarily attributable to advisory and transaction fees earned from our opportunistic credit, direct origination, multi-credit, traditional private equity and hybrid value strategies.

Property management, development and other fees increased by \$22 million in 2026 resulting from the Bridge acquisition in the third quarter of 2025.

Expenses

Expenses were \$1,494 million in 2026, an increase of \$462 million from \$1,032 million in 2025, primarily due to increases in compensation and benefits, general, administrative and other and interest expense.

Total compensation and benefits were \$927 million in 2026, an increase of \$325 million from \$602 million in 2025, primarily due to an increase in profit sharing expense, salary, bonus and benefits and equity-based compensation of \$141 million, \$105 million and \$79 million, respectively. The increase in profit sharing expense of \$141 million corresponds to higher investment income in 2026. In any period, the blended profit sharing percentage is impacted by the respective profit sharing ratios of the funds generating performance allocations in the period. The increase in salary, bonus and benefits of \$105 million was primarily driven by increased headcount in 2026 relative to 2025 due in part to the Bridge acquisition. The increase in equity-based compensation of \$79 million was primarily due to additional RSUs and equity granted and the related amortization. Equity-based compensation expense, in any given period, generally includes: (i) performance grants which are tied to the Company's receipt of performance fees, within prescribed periods and are typically recognized on an accelerated recognition method over the requisite service period to the extent the performance revenue metrics are met or deemed probable, and (ii) the impact of the 2021 one-time grants awarded to the then Co-Presidents of AAM, all of which vest on a cliff basis subject to continued employment over five years, and a portion of which also vest on the Company's achievement of FRE and SRE per share metrics.

General, administrative and other expenses were \$479 million in 2026, an increase of \$109 million from \$370 million in 2025. The increase in 2026 was primarily driven by increases in professional fees, transaction related expenses, depreciation and amortization, and travel and entertainment expenses.

Interest expense was \$88 million in 2026, an increase of \$28 million from \$60 million in 2025. The increase in 2026 was primarily driven by higher interest rates from additional debt issuances in 2025 and 2026.

Other Income (Loss)

Other income was \$73 million in 2026, an increase of \$324 million from a loss of \$251 million in 2025, primarily driven by increases in net gains (losses) from investment activities of \$331 million.

The increase in net gains (losses) from investment activities of \$331 million was primarily driven by a prior year impairment loss on an equity investment triggered by the initial public offering of the issuer of the equity security, which resulted in an observable transaction price below the Company's carrying amount, as well as appreciation in the Company's investments in Global Business Travel Group, Inc. in 2026.

Retirement Services

Revenues

Retirement Services revenues were \$9.5 billion in 2026, an increase of \$3.8 billion from \$5.7 billion in 2025. The increase was primarily driven by an increase in investment related gains (losses), an increase in net investment income, an increase in revenues of consolidated VIEs and an increase in premiums.

Investment related gains (losses) were \$3.0 billion in 2026, an increase of \$3.0 billion from \$(5) million in 2025, primarily driven by a favorable change in the fair value of indexed annuity hedging derivatives, net foreign exchange gains and a \$673 million gain resulting from the early call of Athene's investment in AP Grange, partially offset by an unfavorable change in the

fair value of mortgage loans and reinsurance assets. The change in fair value of indexed annuity hedging derivatives increased \$2.1 billion, primarily driven by the favorable performance of the equity indices upon which Athene's call options are based. The largest percentage of Athene's call options are based on the S&P 500 Index, which increased 14.9% in 2026, compared to an increase of 10.6% in 2025. The net foreign exchange gains were primarily related to the strengthening of the U.S. dollar against foreign currencies in 2026 compared to 2025, including the impact from derivatives not designated as a hedge where the foreign exchange impact on the related asset is reported through AOCI. The change in fair value of mortgage loans decreased \$568 million and the change in fair value of reinsurance assets decreased \$73 million, primarily driven by an increase in U.S. Treasury rates in 2026 compared to a decrease in 2025.

Net investment income was \$5.4 billion in 2026, an increase of \$574 million from \$4.8 billion in 2025, primarily driven by significant growth in Athene's investment portfolio attributable to strong net flows of \$37.6 billion during the previous twelve months and higher rates on new deployment in comparison to Athene's existing portfolio related to the higher interest rate environment. These impacts were partially offset by lower floating rate income, later deployment into assets during the quarter compared to 2025 and run-off of higher-yielding assets.

Revenues of consolidated VIEs were \$714 million in 2026, an increase of \$164 million from \$550 million in 2025, primarily driven by the consolidation of AAA Lux in the fourth quarter of 2025 and additional contributions into AAA and AAA Lux in 2026.

Premiums were \$170 million in 2026, an increase of \$63 million from \$107 million in 2025, primarily driven by an increase in payout annuity premiums related to the issuance of structured settlements and life renewal premiums from the Sony Life Insurance Co., Ltd. ("Sony") block reinsurance transaction executed in the fourth quarter of 2025, partially offset by an increase in ceded premium related to the retrocession of mortality risk on a pension group annuity transaction.

Expenses

Retirement Services expenses were \$7.2 billion in 2026, an increase of \$2.6 billion from \$4.7 billion in 2025. The increase was primarily driven by an increase in interest sensitive contract benefits, an increase in market risk benefits remeasurement (gains) losses, an increase in future policy and other policy benefits, an increase in policy and other operating expenses and an increase in the amortization of DAC, DSI and VOBA.

Interest sensitive contract benefits were \$5.7 billion in 2026, an increase of \$2.3 billion from \$3.4 billion in 2025, primarily driven by an increase in the change in Athene's indexed annuity reserves, significant growth in Athene's deferred annuity and funding agreement blocks of business over the previous twelve months, higher rates on new deferred annuity and funding agreement issuances and run-off of lower rate business, in comparison to its existing blocks of business, partially offset by lower rates on floating rate funding agreements and later origination of new business within the quarter compared to 2025. The change in Athene's indexed annuity reserves includes the impact from changes in the fair value of indexed annuity embedded derivatives. The increase in the change in fair value of indexed annuity embedded derivatives of \$1.2 billion was primarily due to the performance of the equity indices to which Athene's indexed annuity policies are linked. The largest percentage of Athene's indexed annuity policies are linked to the S&P 500 Index, which increased 14.9% in 2026, compared to an increase of 10.6% in 2025. This impact was partially offset by a favorable change in discount rates used in Athene's embedded derivative calculations as there was a smaller decrease in discount rates in 2026 compared to 2025.

Market risk benefits remeasurement (gains) losses were \$(24) million in 2026, an increase of \$87 million from \$(111) million in 2025. The decrease in gains in 2026 compared to 2025 was primarily driven by an unfavorable change in the fair value of market risk benefits. The change in fair value of market risk benefits was primarily driven by an unfavorable \$213 million impact due to a smaller increase in the risk-free discount rates across the long end of the curve compared to 2025, which are used in the fair value measurement of the liability for market risk benefits, partially offset by a favorable \$128 million impact related to more favorable equity market performance compared to 2025.

Future policy and other policy benefits were \$594 million in 2026, an increase of \$67 million from \$527 million in 2025, primarily driven by an increase in payout annuity reserves related to the issuance of structured settlements, as well as life reserves related to renewal premiums from the Sony block reinsurance transaction executed in the fourth quarter of 2025, partially offset by an increase in ceded benefit payments related to the retrocession of mortality risk on a pension group annuity transaction.

Policy and other operating expenses were \$613 million in 2026, an increase of \$63 million from \$550 million in 2025, primarily driven by an increase in interest expense, as well as increases in policy acquisition and other operating expenses related to significant growth. The increase in interest expense was primarily related to an increase in host accretion on business ceded to Catalina, as well as a full quarter of interest on long-term debt issued in the second quarter of 2025.

Amortization of DAC, DSI and VOBA was \$350 million in 2026, an increase of \$58 million from \$292 million in 2025, primarily driven by an increase in acquisition and sales incentive costs that are deferred and amortized due to strong growth in Athene's deferred annuity business, partially offset by a decrease in VOBA amortization.

Income Tax Provision

The Company's income tax provision was \$396 million and \$3 million in 2026 and 2025, respectively. The change to the provision was primarily related to the increase in pretax income subject to tax in 2026 and the Bermuda CIT benefit included in 2025. The provision for income taxes includes federal, state, local and foreign income taxes resulting in an effective income tax rate of 15.9% and 0.4% for 2026 and 2025, respectively. The most significant reconciling items between the U.S. federal statutory income tax rate and the effective income tax rate were due to the following: (i) foreign, state and local income taxes, including NYC UBT, (ii) income attributable to non-controlling interests, (iii) equity-based compensation net of the limiting provisions for executive compensation under IRC Section 162(m). See note 11 to the condensed consolidated financial statements for further details regarding the Company's income tax provision.

Six Months Ended June 30, 2026 Compared to the Six Months Ended June 30, 2025

In this section, references to 2026 refer to the six months ended June 30, 2026 and references to 2025 refer to the six months ended June 30, 2025.

Asset Management

Revenues

Revenues were \$2,638 million in 2026, an increase of \$485 million from \$2,153 million in 2025, primarily driven by higher management fees, advisory and transaction fees, net, property management, development and other fees, and incentive fees, partially offset by lower investment income.

Management fees increased by \$354 million to \$1,445 million in 2026 from \$1,091 million in 2025. The increase in management fees was primarily attributable to \$269 million of aggregate management fees earned from Bridge funds, Atlas, Athora, ADS, Redding Ridge Holdings, ABF and Credit Strategies Absolute Return Fund, partially offset by a decrease in management fees earned from S3 Equity and Hybrid Solutions of \$26 million. The increase in management fees earned from Bridge funds was due to the Bridge acquisition, while the increase from Atlas was driven by higher fee-generating AUM due to an upside in Atlas warehousing financing facilities. The increase in management fees earned from Athora was primarily driven by its acquisition of PIC. The increase in management fees earned from ADS, ABF and Credit Strategies Absolute Return Fund was primarily driven by an increase in subscriptions. Further, the increase in management fees earned from Redding Ridge Holdings was primarily driven by a fee basis adjustment, resulting from a change to the fee calculation in 2026. The decrease in management fees earned from S3 Equity and Hybrid Solutions was primarily related to the catch-up management fees for additional closes in 2025.

Advisory and transaction fees, net increased by \$252 million to \$724 million in 2026 from \$472 million in 2025. Advisory and transaction fees earned during 2026 were primarily attributable to advisory and transaction fees earned from our direct origination, opportunistic credit, multi-credit, traditional private equity and hybrid value strategies.

Property management, development and other fees increased by \$44 million in 2026 resulting from the Bridge acquisition in the third quarter of 2025.

Incentive fees increased by \$25 million to \$123 million in 2026 from \$98 million in 2025, primarily attributable to sustained growth across a variety of perpetual capital vehicles.

Investment income decreased by \$190 million in 2026 to \$302 million compared to \$492 million in 2025. The decrease in investment income was primarily driven by decreases in principal investment income and performance allocations of \$103

million and \$87 million, respectively. The decrease in principal investment income in 2026 was primarily driven by the depreciation in value of investments held by certain funds we manage in which the Company has a direct interest.

Significant drivers for performance allocations in 2026 were performance allocations earned from Fund VIII, Fund X, HVF II, Credit Strategies, Redding Ridge Holdings and HVF III of \$201 million, \$129 million, \$60 million, \$54 million, \$52 million and \$36 million, respectively, partially offset by performance allocation losses from Fund IX of \$152 million.

See below for details on the respective performance allocations in 2026.

The performance allocations earned from Fund VIII in 2026 were primarily driven by the appreciation and realization of the fund's investments in the (i) media, cable and leisure and (ii) financial and business services sectors.

The performance allocations earned from Fund X in 2026 were primarily driven by the appreciation and realization of the fund's investments in the (i) consumer and retail and (ii) manufacturing and industrial sectors.

The performance allocations earned from HVF II in 2026 were primarily driven by the appreciation and realization of the fund's investments in the (i) consumer and retail, (ii) manufacturing and industrial and (iii) transportation and logistics sectors.

The performance allocations earned from Credit Strategies in 2026 were primarily driven by the net income generated by the fund's investments.

The performance allocations earned from Redding Ridge Holdings in 2026 were primarily driven by existing and new CLO issuances, resets, accumulation of warehouse assets, new consulting contracts and the net income generated by the vehicle's strategic investments.

The performance allocations earned from HVF III in 2026 were primarily driven by the appreciation of the fund's investments in the (i) climate and sustainability, (ii) consumer and retail and (iii) business services sectors.

The performance allocation losses from Fund IX in 2026 were primarily driven by the depreciation of the fund's investments in (i) media, telecom and technology, (ii) consumer services and (iii) consumer and retail sectors.

Expenses

Expenses were \$2,721 million in 2026, an increase of \$576 million from \$2,145 million in 2025, primarily due to increases in total compensation and benefits, general, administrative and other and interest expense.

Total compensation and benefits were \$1,638 million in 2026, an increase of \$291 million from \$1,347 million in 2025, primarily due to increases in salary, bonus and benefits and equity-based compensation. The increase in salary, bonus and benefits of \$192 million was primarily driven by increased headcount in 2026 relative to 2025 due in part to the Bridge acquisition. The increase in equity-based compensation of \$163 million was primarily due to additional RSUs and equity granted and the related amortization. Equity-based compensation expense, in any given period, generally includes: (i) performance grants which are tied to the Company's receipt of performance fees, within prescribed periods and are typically recognized on an accelerated recognition method over the requisite service period to the extent the performance revenue metrics are met or deemed probable, and (ii) the impact of the 2021 one-time grants awarded to the then Co-Presidents of AAM, all of which vest on a cliff basis subject to continued employment over five years, and a portion of which also vest on the Company's achievement of FRE and SRE per share metrics. The decrease in profit sharing expense of \$64 million correlates to lower investment income in 2026. In any period, the blended profit sharing percentage is impacted by the respective profit sharing ratios of the funds generating performance allocations in the period.

General, administrative and other expenses were \$918 million in 2026, an increase of \$240 million from \$678 million in 2025. The increase in 2026 was primarily driven by increases in professional fees, depreciation and amortization, transaction related expenses, technology expenses and travel and entertainment expenses.

Interest expense was \$165 million in 2026, an increase of \$45 million from \$120 million in 2025. The increase in 2026 was primarily driven by higher interest rates from additional debt issuances in the full year 2025 and 2026.

Other Income (Loss)

Other income (loss) was \$(24) million in 2026, an increase of \$252 million from \$(276) million in 2025, primarily driven by increases in other income (loss), net and net gains (losses) from investment activities of \$252 million and \$237 million, respectively, partially offset by a decrease in net gains (losses) from investment activities of consolidated VIEs of \$237 million.

The increase in other income (loss), net of \$252 million was primarily attributable to expense related to the issuance of common stock to the Apollo DAF in the prior year, which did not recur in the current year. Additionally, the increase was also driven by derivative gains primarily on forward contracts, partially offset by foreign exchange losses due to the significant fluctuations in foreign exchange rates in 2026.

The increase in net gains (losses) from investment activities of \$237 million was primarily driven by a prior-year impairment loss on an equity investment triggered by the initial public offering of the issuer of the equity security which resulted in an observable transaction price below the Company's carrying amount, as well as appreciation in the Company's investments in Global Business Travel Group, Inc. in 2026. The increase was partially offset by losses on the sale of certain investments held by the Company in 2026.

The decrease in net gains (losses) from investment activities of consolidated VIEs of \$237 million was primarily driven by a significant portfolio company valuation increase in 2025 related to the sale of the consolidated VIE's primary holding.

Retirement Services

Revenues

Retirement Services revenues were \$13.6 billion in 2026, an increase of \$3.4 billion from \$10.2 billion in 2025. The increase was primarily driven by an increase in investment related gains (losses), an increase in net investment income, an increase in premiums and an increase in revenues of consolidated VIEs.

Investment related gains (losses) were \$911 million in 2026, an increase of \$1.7 billion from \$(833) million in 2025, primarily driven by a favorable change in fair value of indexed annuity hedging derivatives, net foreign exchange gains and a \$673 million gain resulting from the early call of Athene's investment in AP Grange, partially offset by an unfavorable change in the fair value of mortgage loans, reinsurance assets and trading securities. The change in fair value of indexed annuity hedging derivatives increased \$1.8 billion, primarily driven by the favorable performance of the equity indices upon which Athene's call options are based. The largest percentage of Athene's call options are based on the S&P 500 Index, which increased 9.6% in 2026, compared to an increase of 5.5% in 2025. The net foreign exchange gains were primarily related to the strengthening of the U.S. dollar against foreign currencies in 2026 compared to 2025, including the impact from derivatives not designated as a hedge where the foreign exchange impact on the related asset is reported through AOCI. The change in fair value of mortgage loans decreased \$1.7 billion, reinsurance assets decreased \$392 million and trading securities decreased \$267 million, primarily driven by an increase in U.S. Treasury rates in 2026 compared to a decrease in 2025.

Net investment income was \$10.5 billion in 2026, an increase of \$1.4 billion from \$9.1 billion in 2025, primarily driven by significant growth in Athene's investment portfolio attributable to strong net flows during the previous twelve months and higher rates on new deployment in comparison to Athene's existing portfolio related to the higher interest rate environment. These impacts were partially offset by lower floating rate income, later deployment into assets during the year compared to 2025 and run-off of higher-yielding assets.

Premiums were \$387 million in 2026, an increase of \$153 million from \$234 million in 2025, primarily driven by an increase in payout annuity premiums related to the issuance of structured settlements and life renewal premiums from the Sony block reinsurance transaction executed in the fourth quarter of 2025, partially offset by an increase in ceded premium related to the retrocession of mortality risk on a pension group annuity transaction.

Revenues of consolidated VIEs were \$1.2 billion in 2026, an increase of \$57 million from \$1.1 billion in 2025, primarily driven by the consolidation of AAA Lux in the fourth quarter of 2025 and additional contributions into AAA and AAA Lux in 2026. These impacts were partially offset by lower returns on the underlying assets within AAA and AAA Lux in 2026 and an unfavorable change in the fair value of trading securities held in VIEs related to an increase in U.S. Treasury rates in 2026 compared to a decrease in 2025.

Expenses

Retirement Services expenses were \$10.7 billion in 2026, an increase of \$2.8 billion from \$7.9 billion in 2025. The increase was primarily driven by an increase in interest sensitive contract benefits, an increase in future policy and other policy benefits, an increase in policy and other operating expenses and an increase in the amortization of DAC, DSI and VOBA, partially offset by a decrease in market risk benefits remeasurement (gains) losses.

Interest sensitive contract benefits were \$7.3 billion in 2026, an increase of \$2.4 billion from \$4.9 billion in 2025, primarily driven by significant growth in Athene's deferred annuity and funding agreement blocks of business over the previous twelve months, higher rates on new deferred annuity and funding agreement issuances and run-off of lower rate business, in comparison to Athene's existing blocks of business, and an increase in the change in Athene's indexed annuity reserves, partially offset by lower rates on floating rate funding agreements and later origination of new business within the year compared to 2025. The change in Athene's indexed annuity reserves includes the impact from changes in the fair value of indexed annuity embedded derivatives. The increase in the change in fair value of indexed annuity embedded derivatives of \$720 million was primarily due to the performance of the equity indices to which Athene's indexed annuity policies are linked. The largest percentage of Athene's indexed annuity policies are linked to the S&P 500 Index, which increased 9.6% in 2026, compared to an increase of 5.5% in 2025. The change in fair value of indexed annuity embedded derivatives was also driven by the unfavorable impact of rate movements on policyholder projected benefits. These impacts were partially offset by a favorable change in discount rates used in Athene's embedded derivative calculations as discount rates increased in 2026 compared to a decrease in 2025.

Future policy and other policy benefits were \$1.2 billion in 2026, an increase of \$165 million from \$1.1 billion in 2025, primarily driven by an increase in payout annuity reserves related to the issuance of structured settlements, as well as life reserves related to renewal premiums from the Sony block reinsurance transaction executed in the fourth quarter of 2025. These impacts were partially offset by an increase in ceded benefit payments related to the retrocession of mortality risk on a pension group annuity transaction and a decrease in the AmerUs Closed Block fair value liability. The change in the AmerUs Closed Block fair value liability was primarily due to unrealized losses on the underlying assets reflecting an increase in U.S. Treasury rates in 2026 compared to a decrease in 2025.

Policy and other operating expenses were \$1.2 billion in 2026, an increase of \$147 million from \$1.1 billion in 2025, primarily driven by an increase in interest expense, as well as increases in policy acquisition and other operating expenses related to significant growth. The increase in interest expense was primarily related to a full six months of interest on long-term debt issued in the second quarter of 2025, as well as an increase in host accretion on business ceded to Catalina.

Amortization of DAC, DSI and VOBA was \$687 million in 2026, an increase of \$128 million from \$559 million in 2025, primarily driven by an increase in acquisition and sales incentive costs that are deferred and amortized due to strong growth in Athene's deferred annuity business, partially offset by a decrease in VOBA amortization.

Market risk benefits remeasurement (gains) losses were \$235 million in 2026, a decrease of \$39 million from \$274 million in 2025. The decrease in losses in 2026 compared to 2025 was primarily driven by a favorable change in the fair value of market risk benefits, partially offset by a \$23 million increase in fees collected due to growth in the in-force population of policies with income rider benefits, increasing the market risk benefit reserve. The change in fair value of market risk benefits was primarily driven by a favorable \$62 million impact related to more favorable equity market performance compared to 2025.

Income Tax Provision

The Company's income tax provision totaled \$2,090 million and \$246 million in 2026 and 2025, respectively. The change to the provision was primarily related to the Bermuda valuation allowance and the increase in pretax income subject to tax in 2026. The provision for income taxes includes federal, state, local and foreign income taxes resulting in an effective income tax rate of 75.5% and 12.1% for 2026 and 2025, respectively. The most significant reconciling items between the U.S. federal statutory income tax rate and the effective income tax rate were due to the following: (i) foreign, state and local income taxes, including NYC UBT, (ii) income attributable to non-controlling interests, (iii) equity-based compensation net of the limiting provisions for executive compensation under IRC Section 162(m), (iv) Bermuda CIT and (v) the Bermuda valuation allowance recorded in the first quarter of 2026. See note 11 to the condensed consolidated financial statements for further details regarding the Company's income tax provision.

Segment Analysis

The results of operations for our reportable segments are discussed below and represent the segment information available to and used by management to assess performance and allocate resources. See note 18 to our condensed consolidated financial statements for more information regarding our segment reporting.

Asset Management

The following table presents Fee Related Earnings, the performance measure of our Asset Management segment.

(In millions, except percentages)	Three months ended June 30,		Total Change	Percentage Change	Six months ended June 30,		Total Change	Percentage Change
	2026	2025			2026	2025		
Asset Management								
Management fees – Credit	\$ 722	\$ 605	\$ 117	19.3%	\$ 1,403	\$ 1,174	\$ 229	19.5%
Management fees – Equity	279	211	68	32.2	550	412	138	33.5
Management fees	1,001	816	185	22.7	1,953	1,586	367	23.1

Non-compensation expenses	(215)	(189)	26	13.8	(416)	(349)	67	19.2
Fee Related Earnings	\$ 785	\$ 627	\$ 158	25.2%	\$ 1,513	\$ 1,186	\$ 327	27.6%

Three Months Ended June 30, 2026 Compared to the Three Months Ended June 30, 2025

In this section, references to 2026 refer to the three months ended June 30, 2026 and references to 2025 refer to the three months ended June 30, 2025.

FRE was \$785 million in 2026, an increase of \$158 million compared to \$627 million in 2025. This increase was primarily attributable to growth in fee related revenues, including management fees and capital solutions fees and other, net, partially offset by increases in fee-related compensation and non-compensation expenses.

The increase in management fees was primarily attributable to \$140 million of aggregate management fees earned from Bridge funds, Athene and Athora, as well as increased subscriptions in 2026 across various funds, partially offset by a decrease in management fees earned from S3 Equity and Hybrid Solutions of \$16 million. The increase in management fees earned from Bridge funds is due to the Bridge acquisition, while the increase from Athene was primarily driven by increases in fee-generating AUM as a result of strong organic inflows. The increase in management fees earned from Athora was primarily driven by its acquisition of PIC. The decrease in management fees earned from S3 Equity and Hybrid Solutions was primarily related to the catch-up management fees for additional closes in 2025.

Capital solutions fees earned in 2026 were primarily attributable to fees earned from our opportunistic credit, direct origination, traditional private equity and hybrid value strategies.

The growth in fee related revenues was partially offset by higher fee-related compensation and non-compensation expenses. Higher fee-related compensation expense in 2026 was driven by the associated fee related revenues and increased headcount as a result of our investment in the next phase of our growth and from the acquisition of Bridge. The increase in non-compensation expenses in 2026 was primarily driven by increases in professional fees, depreciation and amortization, and higher technology expenses, including increases due to the acquisition of Bridge, partially offset by a decrease in placement fees.

Six Months Ended June 30, 2026 Compared to the Six Months Ended June 30, 2025

In this section, references to 2026 refer to the six months ended June 30, 2026 and references to 2025 refer to the six months ended June 30, 2025.

FRE was \$1,513 million in 2026, an increase of \$327 million compared to \$1,186 million in 2025. This increase was primarily attributable to growth in fee related revenues, including management fees, capital solutions fees and other, net and fee-related performance fees, partially offset by increases in fee-related compensation and non-compensation expenses.

The increase in management fees was primarily attributable to \$292 million of aggregate management fees earned from Bridge funds, Athene, Athora and Redding Ridge Holdings, as well as increased subscriptions in 2026 across various funds, partially offset by a decrease in management fees earned from S3 Equity and Hybrid Solutions of \$27 million. The increase in management fees earned from Bridge funds is due to the Bridge acquisition, while the increase from Athene was primarily driven by increases in fee-generating AUM as a result of strong organic inflows. The increase in management fees earned from Athora was primarily driven by its acquisition of PIC. The increase in management fees earned from Redding Ridge Holdings was primarily driven by a fee basis adjustment, resulting from a change to the fee calculation in 2026. The decrease in management fees earned from S3 Equity and Hybrid Solutions was primarily related to the catch-up management fees for additional closes in 2025.

Capital solutions fees earned in 2026 were primarily attributable to fees earned from our direct origination, opportunistic credit, traditional private equity, multi-credit and infrastructure and clean transition equity strategies.

The increase in fee-related performance fees in 2026 was primarily driven by growth across global wealth products, Bridge funds, and perpetual capital vehicles.

The growth in fee related revenues was partially offset by higher fee-related compensation expense and non-compensation expenses. Higher fee-related compensation expense in 2026 was driven by the associated fee related revenues and increased headcount as a result of our investment in the next phase of our growth and from the acquisition of Bridge. The increase in non-compensation expenses in 2026 was primarily driven by increases in professional fees, technology expenses, depreciation and amortization, and travel and entertainment expenses, including increases due to the acquisition of Bridge, partially offset by a decrease in placement fees.

Asset Management Operating Metrics

We monitor certain operating metrics that are common to the alternative asset management industry and directly impact the performance of our Asset Management segment. These operating metrics include Assets Under Management, origination, gross capital deployment and uncalled commitments.

Assets Under Management

The following presents Apollo’s Total AUM and Fee-Generating AUM by investing strategy (in billions):

Note: Totals may not add due to rounding.

The following presents Apollo's AUM with Future Management Fee Potential by investing strategy (in billions):

Note: Totals may not add due to rounding

The following tables present the components of Performance Fee-Eligible AUM for Apollo's investing strategies within the Asset Management segment:

<i>(In millions)</i>	June 30, 2026		
	Credit	Equity	Total
Performance Fee-Generating AUM ¹	\$ 126,924	\$ 83,062	\$ 209,986
AUM Not Currently Generating Performance Fees	48,874	22,072	70,946
Uninvested Performance Fee-Eligible AUM	25,609	33,528	59,137
Total Performance Fee-Eligible AUM	\$ 201,407	\$ 138,662	\$ 340,069

<i>(In millions)</i>	June 30, 2025		
	Credit	Equity	Total
Performance Fee-Generating AUM ¹	\$ 125,597	\$ 60,438	\$ 186,035
AUM Not Currently Generating Performance Fees	10,409	5,822	16,231
Uninvested Performance Fee-Eligible AUM	28,917	30,230	59,147
Total Performance Fee-Eligible AUM	\$ 164,923	\$ 96,490	\$ 261,413

<i>(In millions)</i>	December 31, 2025		
	Credit	Equity	Total
Performance Fee-Generating AUM ¹	\$ 138,572	\$ 83,282	\$ 221,854
AUM Not Currently Generating Performance Fees	20,690	19,499	40,189
Uninvested Performance Fee-Eligible AUM	28,958	30,890	59,848
Total Performance Fee-Eligible AUM	\$ 188,220	\$ 133,671	\$ 321,891

¹ Performance Fee-Generating AUM of \$6.3 billion, \$8.8 billion and \$9.8 billion as of June 30, 2026, June 30, 2025 and December 31, 2025, respectively, are above the hurdle rates or preferred returns and have been deferred to future periods when the fees are probable to not be significantly reversed.

The components of Fee-Generating AUM by investing strategy are presented below:

<i>(In millions)</i>	June 30, 2026		
	Credit	Equity	Total
Fee-Generating AUM based on capital commitments	\$ —	\$ 32,708	\$ 32,708
Fee-Generating AUM based on invested capital	14,678	50,882	65,560
Fee-Generating AUM based on gross/adjusted assets	647,701	6,063	653,764
Fee-Generating AUM based on NAV	91,751	14,226	105,977
Total Fee-Generating AUM	\$ 754,130	\$ 103,879 ¹	\$ 858,009

¹ The weighted average remaining life of the traditional private equity funds as of June 30, 2026 was 51 months.

<i>(In millions)</i>	June 30, 2025		
	Credit	Equity	Total
Fee-Generating AUM based on capital commitments	\$ —	\$ 27,408	\$ 27,408
Fee-Generating AUM based on invested capital	13,662	30,666	44,328
Fee-Generating AUM based on gross/adjusted assets	479,169	6,641	485,810
Fee-Generating AUM based on NAV	69,208	11,554	80,762
Total Fee-Generating AUM	\$ 562,039	\$ 76,269 ¹	\$ 638,308

¹ The weighted average remaining life of the traditional private equity funds as of June 30, 2025 was 62 months.

<i>(In millions)</i>	December 31, 2025		
	Credit	Equity	Total
Fee-Generating AUM based on capital commitments	\$ —	\$ 32,928	\$ 32,928
Fee-Generating AUM based on invested capital	15,495	50,467	65,962
Fee-Generating AUM based on gross/adjusted assets	511,385	6,180	517,565
Fee-Generating AUM based on NAV	79,586	13,098	92,684
Total Fee-Generating AUM	\$ 606,466	\$ 102,673 ¹	\$ 709,139

¹ The weighted average remaining life of the traditional private equity funds as of December 31, 2025 was 56 months.

Apollo, through its consolidated subsidiary, ISG, provides asset management services to Athene with respect to assets in the accounts owned by or related to Athene (“Athene Accounts”), including asset allocation services, direct asset management services, asset and liability matching management, mergers and acquisitions, asset diligence, hedging and other asset management services and receives management fees for providing these services. We also provide sub-allocation services with respect to a portion of the assets in the Athene Accounts. Apollo, through its asset management business, managed or advised \$415.7 billion, \$366.8 billion and \$392.2 billion of AUM on behalf of Athene as of June 30, 2026, June 30, 2025 and December 31, 2025, respectively.

Apollo, through ISGI, provides investment advisory services to Athora with respect to certain of its assets (“Athora Accounts”). We broadly refer to “Athora Sub-Advised” assets as those assets in the Athora Accounts which we explicitly sub-advise, as well as those assets in the Athora Accounts which are invested directly in funds and investment vehicles Apollo manages. We refer to the portion of the Athora AUM that is not Athora Sub-Advised AUM as “Athora Non-Sub Advised” AUM. See note 16 to the condensed consolidated financial statements for more details regarding the fee arrangements with respect to the assets in the Athora Accounts. Apollo managed or advised \$120.9 billion, \$58.7 billion and \$57.2 billion of AUM on behalf of Athora as of June 30, 2026, June 30, 2025 and December 31, 2025, respectively.

The following tables summarize changes in total AUM for Apollo's investing strategies within the Asset Management segment:

(In millions)	Three months ended June 30,					
	2026			2025		
	Credit	Equity	Total	Credit	Equity	Total
Change in Total AUM ¹ :						
Beginning of Period	\$ 834,132	\$ 192,235	\$ 1,026,367	\$ 641,345	\$ 143,813	\$ 785,158
Inflows	48,703	10,973	59,676	52,250	8,828	61,078
Outflows ²	(24,158)	(476)	(24,634)	(16,528)	(399)	(16,927)
Other, net ⁴	(9,871)	—	(9,871)	—	—	—
Net Flows	14,674	10,497	25,171	35,722	8,429	44,151
Realizations	(2,984)	(8,332)	(11,316)	(1,548)	(3,881)	(5,429)
Market Activity ³	3,520	3,537	7,057	14,054	1,671	15,725
End of Period	\$ 849,342	\$ 197,937	\$ 1,047,279	\$ 689,573	\$ 150,032	\$ 839,605

¹ At the individual strategy level, inflows include new subscriptions, commitments, capital raised, other increases in available capital, purchases, acquisitions and portfolio company appreciation. Outflows represent redemptions, other decreases in available capital and portfolio company depreciation. Realizations represent fund distributions of realized proceeds. Market activity represents gains (losses), the impact of foreign exchange rate fluctuations and other income.

² Outflows for Total AUM include redemptions of \$7.3 billion and \$1.4 billion during the three months ended June 30, 2026 and 2025, respectively.

³ Includes foreign exchange impacts of \$(1.8) billion and \$6.9 billion during the three months ended June 30, 2026 and 2025, respectively.

⁴ Other, net comprises certain adjustments to inflows, including amounts related to new capital pools formed by credit issuances in which Athene participates, primarily AMAPS.

Outflows represent redemptions, other decreases in available capital and portfolio company depreciation. Realizations represent fund distributions of realized proceeds. Market activity represents gains (losses), the impact of foreign exchange rate fluctuations and other income.

² Outflows for Total AUM include redemptions of \$10.5 billion and \$3.0 billion during the six months ended June 30, 2026 and 2025, respectively.

³ Includes foreign exchange impacts of \$(3.4) billion and \$10.3 billion during the six months ended June 30, 2026 and 2025, respectively.

⁴ Other, net comprises certain adjustments to inflows, including amounts related to new capital pools formed by credit issuances in which Athene participates, primarily AMAPS.

Three Months Ended June 30, 2026

Total AUM was \$1.05 trillion at June 30, 2026, an increase of \$20.9 billion, or 2.0%, compared to \$1.03 trillion at March 31, 2026. The net increase was primarily driven by subscriptions across the platform, the growth of our retirement services client assets and market activity, partially offset by normal course outflows at Athene, as well as realizations. More specifically, the net increase was due to:

- Net flows of \$25.2 billion primarily attributable to:
 - a \$14.7 billion increase related to the funds we manage in our credit strategy primarily consisting of (i) \$26.2 billion of subscriptions mostly related to multi-credit, asset-backed finance and direct origination funds; (ii) \$10.1 billion related to the growth of our retirement services client assets, partially offset by (i) \$(9.9) billion of adjustments to inflows primarily driven by AMAPS; (ii) \$(7.8) billion related to ARI following the sale of its commercial mortgage loan

- portfolio to Athene; and (iii) \$(6.9) billion of redemptions, including \$(5.0) billion related to the prepayment of AP Grange; and
- a \$10.5 billion increase related to the funds we manage in our equity strategy, primarily driven by \$9.6 billion of subscriptions across traditional private equity, infrastructure equity and real estate equity funds.
- Market activity of \$7.1 billion, primarily attributable to:
 - \$3.5 billion related to the funds we manage in our equity strategy primarily consisting of traditional private equity, real estate equity and hybrid value funds; and
 - \$3.5 billion related to the funds we manage in our credit strategy primarily consisting of (i) \$5.6 billion driven by our retirement services clients; (ii) \$2.1 billion related to the direct origination, asset-backed finance and opportunistic funds we manage, partially offset by \$(4.8) billion decrease related to the clients of ISGI.
- Realizations of \$(11.3) billion primarily attributable to:
 - \$(8.3) billion related to the funds we manage in our equity strategy, largely driven by distributions from the traditional private equity and real estate equity funds; and
 - \$(3.0) billion related to the funds we manage in our credit strategy, largely driven by distributions from the direct origination, asset-backed finance and opportunistic credit funds.

Six Months Ended June 30, 2026

Total AUM was \$1.05 trillion at June 30, 2026, an increase of \$108.9 billion, or 11.6%, compared to \$938.4 billion at December 31, 2025. The net increase was primarily driven by Athora's acquisition of PIC, subscriptions across the platform, the growth of our retirement services client assets and market activity, partially offset by normal course outflows at Athene, as well as realizations. More specifically, the net increase was due to:

- Net flows of \$116.4 billion primarily attributable to:
 - a \$99.5 billion increase related to the funds we manage in our credit strategy primarily consisting of (i) \$65.3 billion of inorganic inflows from Athora's acquisition of PIC; (ii) \$46.4 billion of subscriptions mostly related to the multi-credit, direct origination, asset-backed finance and opportunistic credit funds we manage; and (iii) \$14.4 billion related to the growth of our retirement services clients, partially offset by (i) \$(13.2) billion of adjustments to inflows primarily driven by AMAPS; (ii) \$(9.5) billion of redemptions, including \$(5.0) billion related to the prepayment of AP Grange; and (iii) \$(7.8) billion related to ARI following the sale of its commercial mortgage loan portfolio to Athene; and
 - a \$16.9 billion increase related to the funds we manage in our equity strategy, primarily driven by \$14.6 billion of subscriptions across the traditional private equity, hybrid value and real estate equity funds we manage.
- Market activity of \$11.5 billion primarily attributable to:
 - \$6.8 billion related to the funds we manage in our credit strategy primarily consisting of (i) \$10.0 billion related to our retirement services clients; and (ii) \$1.0 billion related to the opportunistic credit funds we manage, partially offset by \$(5.2) billion decrease related to the clients of ISGI; and
 - \$4.7 billion related to the funds we manage in our equity strategy primarily driven by our hybrid value, AAA and traditional private equity funds.
- Realizations of \$(19.0) billion primarily attributable to:
 - \$(12.8) billion related to the funds we manage in our equity strategy, largely driven by distributions across traditional private equity and real estate equity funds; and
 - \$(6.2) billion related to the funds we manage in our credit strategy, largely driven by distributions from the direct origination and opportunistic credit funds.

The following tables summarize changes in Fee-Generating AUM for Apollo's investing strategies within the Asset Management segment:

(In millions)	Three months ended June 30,					
	Credit	2026 Equity	Total	Credit	2025 Equity	Total
Change in Fee-Generating AUM ¹ :						
Beginning of Period	\$ 732,020	\$ 103,847	\$ 835,867	\$ 522,844	\$ 72,314	\$ 595,158
Inflows	48,149	3,092	51,241	38,424	5,804	44,228
Outflows ²	(16,860)	(1,915)	(18,775)	(9,429)	(929)	(10,358)
Other, net ⁴	(9,146)	—	(9,146)	—	—	—
Net Flows	22,143	1,177	23,320	28,995	4,875	33,870
Realizations	(2,533)	(1,676)	(4,209)	(1,132)	(1,359)	(2,491)
Market Activity ³	2,500	531	3,031	11,332	439	11,771
End of Period	\$ 754,130	\$ 103,879	\$ 858,009	\$ 562,039	\$ 76,269	\$ 638,308

¹ At the individual strategy level, inflows include new subscriptions, commitments, capital raised, other increases in available capital, purchases, acquisitions and portfolio company appreciation. Outflows represent redemptions, other decreases in available capital and portfolio company depreciation. Realizations represent fund distributions of realized proceeds. Market activity represents gains (losses), the impact of foreign exchange rate fluctuations and other income.

² Outflows for Fee-Generating AUM include redemptions of \$2.2 billion and \$1.0 billion during the three months ended June 30, 2026 and 2025, respectively.

³ Includes foreign exchange impacts of \$(1.6) billion and \$5.4 billion during the three months ended June 30, 2026 and 2025, respectively.

⁴ Other, net comprises certain adjustments to inflows, including amounts related to new capital pools formed by credit issuances in which Athene participates, primarily AMAPS.

(In millions)	Six months ended June 30,

Market Activity ⁴	5,751	949	6,700	18,882	693	19,575
End of Period	\$ 754,130	\$ 103,879	\$ 858,009	\$ 562,039	\$ 76,269	\$ 638,308

¹ At the individual strategy level, inflows include new subscriptions, commitments, capital raised, other increases in available capital, purchases, acquisitions and portfolio company appreciation. Outflows represent redemptions, other decreases in available capital and portfolio company depreciation. Realizations represent fund distributions of realized proceeds. Market activity represents gains (losses), the impact of foreign exchange rate fluctuations and other income.

² Outflows for Fee-Generating AUM include redemptions of \$5.0 billion and \$2.5 billion during the six months ended June 30, 2026 and 2025, respectively.

³ Included in the equity outflows for Fee-Generating AUM for the six months ended June 30, 2025 is \$4.5 billion related to the expiration of Fund VIII's fee-paying period.

⁴ Includes foreign exchange impacts of \$(2.7) billion and \$8.0 billion during the six months ended June 30, 2026 and 2025, respectively.

⁵ Other, net comprises certain adjustments to inflows, including amounts related to new capital pools formed by credit issuances in which Athene participates, primarily AMAPS.

Three Months Ended June 30, 2026

Total Fee-Generating AUM was \$858.0 billion at June 30, 2026, an increase of \$22.1 billion, or 2.6%, compared to \$835.9 billion at March 31, 2026. The net increase was primarily driven by subscriptions across the platform, growth of our retirement services client assets and market activity primarily in our credit strategy, partially offset by realizations. More specifically, the net increase was due to:

- Net flows of \$23.3 billion attributable to the funds we manage in our credit strategy primarily consisting of (i) \$13.7 billion of subscriptions primarily related to multi-credit and asset-backed finance funds; and (ii) \$10.1 billion related to the growth of our retirement services client assets, partially offset by (i) \$(9.1) billion of adjustments to inflows primarily driven by AMAPS; and (ii) \$(1.7) billion of redemptions.

- Market activity of \$3.0 billion attributable to the funds we manage in our credit strategy primarily consisting of (i) \$5.6 billion driven by our retirement services clients; and (ii) \$1.4 billion related to the direct origination and asset-backed finance funds we manage, partially offset by \$(4.9) billion decrease related to the clients of ISGI.
- Realizations of \$(4.2) billion across the credit and equity strategies.

Six Months Ended June 30, 2026

Total Fee-Generating AUM was \$858.0 billion at June 30, 2026, an increase of \$148.9 billion, or 21.0%, compared to \$709.1 billion at December 31, 2025. The net increase was primarily driven by Athora's acquisition of PIC, subscriptions across the platform, growth of our retirement services client assets and market activity primarily in our credit strategy, partially offset by realizations. More specifically, the net increase was due to:

- Net flows of \$150.9 billion attributable to the funds we manage in our credit strategy primarily consisting of (i) \$65.3 billion of inorganic inflows from Athora's acquisition of PIC; (ii) \$41.6 billion primarily due to a fee basis adjustment related to Redding Ridge; (iii) \$23.5 billion of subscriptions primarily related to multi-credit and direct origination funds we manage; and (iv) \$14.4 billion related to the growth of our retirement services client assets, partially offset by (i) \$(12.3) billion of adjustments to inflows primarily driven by AMAPS; and (ii) \$(4.2) billion of redemptions.
- Market activity of \$6.7 billion attributable to the funds we manage in our credit strategy primarily consisting of \$10.0 billion related to our retirement services clients, partially offset by \$(5.3) billion decrease related to clients of ISGI.
- Realizations of \$(8.8) billion across the credit and equity strategies.

Origination, Gross Capital Deployment and Uncalled Commitments

Origination represents (i) capital that has been invested in new equity, debt or debt-like investments by Apollo's equity and credit strategies (whether purchased by funds and accounts managed by Apollo, or syndicated to third parties) where Apollo or one of Apollo's origination platforms has sourced, negotiated, or significantly affected the commercial terms of the investment; (ii) new capital pools formed by debt issuances, including CLOs; and (iii) net purchases of certain assets by the funds and accounts we manage that we consider to be private, illiquid, and hard to access assets and which the funds and accounts otherwise may not be able to meaningfully access. Origination generally excludes any issuance of debt or debt-like investments by the portfolio companies of the funds we manage.

Gross capital deployment represents the gross capital that has been invested by the funds and accounts we manage during the relevant period, but excludes certain investment activities primarily related to hedging and cash management functions at the Company. Gross capital deployment is not reduced or netted down by sales or refinancings, and takes into account leverage used by the funds and accounts we manage in gaining exposure to the various investments that they have made.

Uncalled commitments, by contrast, represent unfunded capital commitments that certain of the funds we manage have received from fund investors to fund future or current fund investments and expenses.

Origination is indicative of our ability to originate assets for the funds we manage, through our origination platforms and our corporate solutions capabilities. Gross capital deployment and uncalled commitments are indicative of the pace and magnitude of fund capital that is deployed or will be deployed. Origination, gross capital deployment and uncalled commitments could result in future revenues that include management fees, capital solutions fees and performance fees to the extent they are fee-generating. They can also give rise to future costs that are related to the hiring of additional resources to manage and account for the additional origination activities and the capital that is deployed or will be deployed. Management uses origination, gross capital deployment and uncalled commitments as key operating metrics since we believe the results are measures of investment activities of the funds we manage.

The following presents origination, gross capital deployment and uncalled commitments (in billions):

Note: Totals may not add due to rounding

As of June 30, 2026 and December 31, 2025, Apollo had \$82 billion and \$73 billion of dry powder, respectively, which represents the amount of capital available for investment or reinvestment subject to the provisions of the applicable limited partnership agreements or other governing agreements of the funds, partnerships and accounts we manage. These amounts exclude uncalled commitments which can only be called for fund fees and expenses and commitments from perpetual capital vehicles.

Retirement Services

Spread Related Earnings

SRE was \$877 million in 2026, an increase of \$56 million, or 7%, compared to \$821 million in 2025. The increase in SRE was primarily driven by an increase in net investment earnings and strategic capital management fees, partially offset by an increase in cost of funds and interest and other financing costs.

Net investment earnings were \$4.0 billion in 2026, an increase of \$536 million from \$3.5 billion in 2025, primarily driven by \$38.5 billion of growth in Athene's average net invested assets during the previous twelve months, higher rates on new deployment compared to Athene's existing portfolio related to the higher interest rate environment, favorable derivative impacts and an increase in alternative net investment income. These impacts were partially offset by lower floating rate income, higher investment management fees driven by the significant growth in Athene's investment portfolio over the previous twelve months, later deployment into assets during the quarter compared to 2025 and run-off of higher-yielding assets. The increase in alternative net investment income compared to 2025 was primarily driven by more favorable performance within equity funds, partially offset by less favorable performance within origination and retirement services platforms, as well as within credit funds. The increase in income from equity funds was mainly attributable to significant growth in Athene's structured equity portfolio, as well as more favorable performance within real assets in 2026 compared to 2025. The decrease in income from origination platforms was mainly attributable to a valuation increase related to strong performance from Wheels in 2025 and strong growth from origination partnerships within Aqua Finance, Inc. ("Aqua Finance") in 2025, partially offset by favorable pricing that increased the valuation of an investment within Athene's other origination platforms in 2026. The decrease in income from retirement services platforms was related to a valuation increase on Venerable in 2025 related to the announcement of the reinsurance transaction with Corebridge Financial, Inc. ("Corebridge"), partially offset by the upside of Athene's investment in Athora and a valuation increase on Athora in 2026 related to updated business plans following its acquisition of PIC.

Strategic capital management fees were \$37 million in 2026, an increase of \$5 million from \$32 million in 2025, primarily driven by additional fees received from ADIP II attributable to strong net flows into ACRA 2 over the previous twelve months.

Cost of funds was \$2.9 billion in 2026, an increase of \$472 million from \$2.5 billion in 2025, primarily driven by significant growth in deferred annuity and funding agreement business, higher rates on new business, as well as run-off of lower rate business, compared to existing blocks and an increase in the amortization of DAC and DSI. These impacts were partially offset by lower rates on floating rate funding agreements, later origination of new business within the quarter compared to 2025, lower VOBA amortization and increased product charge income.

Interest and other financing costs were \$141 million in 2026, an increase of \$9 million from \$132 million in 2025, primarily driven by a full quarter of interest expense on long-term debt issued in the second quarter of 2025, partially offset by a decrease in preferred stock dividends due to the redemption of Athene's Fixed-Rate Reset Perpetual Non-Cumulative Preferred Stock, Series C ("Series C preferred stock") in the second quarter of 2025.

Net Investment Spread

	Three months ended June 30,		Change
	2026	2025	
Fixed income and other net investment earned rate	5.05 %	4.97 %	8 bps
Alternative net investment earned rate	9.04 %	9.86 %	(82) bps
Net investment earned rate	5.25 %	5.21 %	4 bps
Strategic capital management fees	0.05 %	0.05 %	0 bps
Cost of funds	(3.83) %	(3.68) %	15 bps
Net investment spread	1.47 %	1.58 %	(11) bps

Net investment spread was 1.47% in 2026, a decrease of 11 basis points compared to 1.58% in 2025, driven by higher cost of funds, partially offset by a higher net investment earned rate.

Cost of funds was 3.83% in 2026, an increase of 15 basis points compared to 3.68% in 2025, primarily driven by higher rates on new business, as well as run-off of lower rate business, compared to existing blocks, and an increase in the amortization of DAC and DSI, partially offset by lower rates on floating rate funding agreements, later origination of new business within the quarter compared to 2025, lower VOBA amortization and increased product charge income.

Net investment earned rate was 5.25% in 2026, an increase of 4 basis points compared to 5.21% in 2025, primarily driven by higher returns on Athene's fixed income portfolio, partially offset by lower returns on its alternative investment portfolio. The fixed income and other net investment earned rate was 5.05% in 2026, an increase from 4.97% in 2025, primarily driven by higher rates on new deployment compared to Athene's existing portfolio related to the higher interest rate environment and favorable derivative impacts, partially offset by lower floating rate income, later deployment into assets during the quarter compared to 2025 and run-off of higher-yielding assets. The alternative net investment earned rate was 9.04% in 2026, a decrease from 9.86% in 2025, primarily due to growth in Athene's average alternative net invested assets of \$2.5 billion compared to 2025, which outpaced the increase in alternative net investment income. The lower alternative net investment earned rate was primarily driven by lower returns within origination and retirement services platforms, as well as within credit funds, partially offset by higher returns within equity funds. The lower returns from origination platforms were mainly attributable to a valuation increase related to strong performance from Wheels in 2025 and strong growth from origination partnerships within Aqua Finance in 2025, partially offset by favorable pricing that increased the valuation of an investment within Athene's other origination platforms in 2026. The lower returns from retirement services platforms were related to a valuation increase on Venerable in 2025 related to the announcement of the reinsurance transaction with Corebridge, partially offset by a valuation increase on Athora in 2026 related to updated business plans following its acquisition of PIC. The higher returns from equity funds were primarily driven by strong performance within real assets.

Six Months Ended June 30, 2026 Compared to the Six Months Ended June 30, 2025

In this section, references to 2026 refer to the six months ended June 30, 2026 and references to 2025 refer to the six months ended June 30, 2025.

Spread Related Earnings

SRE was \$1.6 billion in 2026, a decrease of \$29 million, or 2%, compared to \$1.6 billion in 2025. The decrease in SRE was primarily driven by an increase in cost of funds and interest and other financing costs, partially offset by an increase in net investment earnings and strategic capital management fees.

Cost of funds was \$5.7 billion in 2026, an increase of \$1.1 billion from \$4.7 billion in 2025, primarily driven by significant growth in deferred annuity and funding agreement business, higher rates on new business, as well as run-off of lower rate business, compared to existing blocks, and an increase in the amortization of DAC and DSI. These impacts were partially offset by lower rates on floating rate funding agreements, later origination of new business within the year compared to 2025, lower VOBA amortization and increased product charge income.

Interest and other financing costs were \$294 million in 2026, an increase of \$32 million from \$262 million in 2025, primarily driven by a full six months of interest expense on long-term debt issued in the second quarter of 2025, partially offset by a decrease in preferred stock dividends due to the redemption of Athene's Series C preferred stock in the second quarter of 2025.

Net investment earnings were \$7.8 billion in 2026, an increase of \$1.1 billion from \$6.7 billion in 2025, primarily driven by \$40.2 billion of growth in Athene's average net invested assets, higher rates on new deployment compared to Athene's existing portfolio related to the higher interest rate environment and favorable derivative impacts. These impacts were partially offset by a decrease in alternative net investment income, lower floating rate income, higher investment management fees driven by the significant growth in Athene's investment portfolio, later deployment into assets during the year compared to 2025 and run-off of higher-yielding assets. The decrease in alternative net investment income compared to 2025 was primarily driven by less favorable performance within origination platforms and credit funds, partially offset by more favorable performance within equity funds and retirement services platforms. The decrease in income from origination platforms was mainly attributable to a valuation increase related to strong performance from Wheels in 2025, outsized performance from MidCap FinCo attributable to increased projections in 2025, strong performance from Redding Ridge related to greater issuance in 2025 and a valuation decrease on Atlas resulting from an underlying asset impairment in 2026, partially offset by favorable pricing that increased the valuation of an investment within Athene's other origination platforms in 2026. The increase in income from equity funds was mainly attributable to significant growth in Athene's structured equity portfolio, as well as more favorable performance within

real assets in 2026 compared to 2025, partially offset by outperformance from A-A Onshore Fund, LLC (“A-A Onshore”) in 2025. The increase in income from retirement services platforms was primarily related to the upsize of Athene’s investment in Athora and a valuation increase on Athora in 2026 related to updated business plans following its acquisition of PIC, partially offset by a valuation increase on Venerable in 2025 related to the announcement of the reinsurance transaction with Corebridge.

Strategic capital management fees were \$73 million in 2026, an increase of \$12 million from \$61 million in 2025, primarily driven by additional fees received from ADIP II attributable to strong net flows into ACRA 2 in 2026.

Net Investment Spread

	Six months ended June 30,		Change
	2026	2025	
Fixed income and other net investment earned rate	5.04 %	4.89 %	15 bps
Alternative net investment earned rate	7.49 %	10.05 %	NM
Net investment earned rate	5.16 %	5.14 %	2 bps
Strategic capital management fees	0.05 %	0.05 %	0 bps
Cost of funds	(3.80)%	(3.57)%	23 bps
Net investment spread	1.41 %	1.62 %	(21) bps

Net investment spread was 1.41% in 2026, a decrease of 21 basis points compared to 1.62% in 2025, driven by higher cost of funds, partially offset by a higher net investment earned rate.

Cost of funds was 3.80% in 2026, an increase of 23 basis points compared to 3.57% in 2025, primarily driven by higher rates on new business, as well as run-off of lower rate business, compared to existing blocks and an increase in the amortization of DAC and DSI, partially offset by lower rates on floating rate funding agreements, later origination of new business within the year compared to 2025, lower VOBAs amortization and increased product charge income.

Net investment earned rate was 5.16% in 2026, an increase of 2 basis points compared to 5.14% in 2025, primarily driven by higher returns on Athene’s fixed income portfolio, partially offset by lower returns on its alternative investment portfolio. The fixed income and other net investment earned rate was 5.04% in 2026, an increase from 4.89% in 2025, primarily driven by higher rates on new deployment compared to Athene’s existing portfolio related to the higher interest rate environment and favorable derivative impacts, partially offset by lower floating rate income, later deployment into assets during the year compared to 2025 and run-off of higher-yielding assets. The alternative net investment earned rate was 7.49% in 2026, a decrease from 10.05% in 2025, primarily driven by lower returns within origination and retirement services platforms, as well as within credit funds, partially offset by higher returns within equity funds. The lower returns from origination platforms were mainly attributable to a valuation increase related to strong performance from Wheels in 2025, outsized performance from MidCap FinCo attributable to increased projections in 2025, strong performance from Redding Ridge related to greater issuance in 2025 and a valuation decrease on Atlas resulting from an underlying asset impairment in 2026, partially offset by favorable pricing that increased the valuation of an investment within Athene’s other origination platforms in 2026. The lower returns from retirement services platforms were primarily related to a valuation increase on Venerable in 2025 related to the announcement of the reinsurance transaction with Corebridge, partially offset by a valuation increase on Athora in 2026 related to updated business plans following its acquisition of PIC. The higher equity fund returns were primarily driven by strong performance within real assets, partially offset by outperformance from A-A Onshore in 2025.

Investment Portfolio

Athene had total investments, including related parties and consolidated VIEs, of \$409.0 billion and \$386.1 billion as of June 30, 2026 and December 31, 2025, respectively. Athene’s investment strategy seeks to achieve sustainable risk-adjusted returns through the disciplined management of its investment portfolio against its long-duration liabilities, coupled with the diversification of risk. The investment strategies focus primarily on a buy-and-hold asset allocation strategy that may be adjusted periodically in response to changing market conditions and the nature of Athene’s liability profile. Athene takes advantage of its generally persistent liability profile by identifying investment opportunities with an emphasis on earning incremental yield by taking measured liquidity and complexity risk rather than assuming incremental credit risk. Athene is invested in a diverse array of primarily high-grade fixed income assets including corporate bonds, structured securities, and commercial and residential real estate loans, among others. Athene also maintains holdings in floating rate and less rate-sensitive instruments, including CLOs, non-agency RMBS and various types of structured products. In addition to its fixed

income portfolio, Athene opportunistically allocates approximately 5% of its portfolio to alternative investments where it primarily focuses on fixed income-like, cash flow-based investments.

The following table presents the carrying values of Athene's total investments, including related parties and consolidated VIEs:

	June 30, 2026		December 31, 2025	
	Carrying Value	Percentage of Total	Carrying Value	Percentage of Total
<i>(In millions, except percentages)</i>				
Available-for-sale securities, at fair value

Total investments of consolidated VIEs	31,884	7.8 %	29,992	7.7 %
Total investments, including related parties and consolidated VIEs	\$ 409,026	100.0 %	\$ 386,052	100.0 %

Athene's total investments, including related parties and consolidated VIEs, were \$409.0 billion and \$386.1 billion as of June 30, 2026 and December 31, 2025, respectively. The \$23.0 billion increase was primarily driven by significant growth from

gross organic inflows of \$41.8 billion in excess of gross liability outflows of \$20.9 billion, reinvestment of earnings, an increase in consolidated VIE investments and an increase in derivative assets. The increase in consolidated VIE investments was primarily related to an increase in investment funds attributable to net contributions from third-party investors into AAA and AAA Lux and favorable performance of the underlying assets within AAA and AAA Lux, partially offset by the impact on investments from the deconsolidation of a VIE. The increase in derivative assets was primarily related to Athene's call options due to favorable equity market performance in 2026, as well as favorable impacts from derivative swap and forward contracts. These impacts were partially offset by unrealized losses on investments, including foreign exchange impacts, and a decrease in short-term repurchase agreements outstanding. The unrealized losses on investments during the six months ended June 30, 2026 included AFS securities of \$1.7 billion, as well as unrealized losses on mortgage loans, attributable to an increase in U.S. Treasury rates in 2026. The unrealized foreign exchange losses on foreign-denominated assets were primarily attributable to the strengthening of the U.S. dollar against foreign currencies in 2026.

Athene's investment portfolio consists largely of high-quality fixed maturity securities, loans and short-term investments, as well as additional opportunistic holdings in investment funds and other instruments, including equity holdings. Fixed maturity securities and loans include publicly issued corporate bonds, government and other sovereign bonds, privately placed corporate bonds and loans, mortgage loans, CMBS, RMBS, CLOs and ABS. A significant majority of Athene's AFS portfolio, 97.8% and 97.3% as of June 30, 2026 and December 31, 2025, respectively, was invested in assets considered investment grade with an NAIC designation of 1 or 2.

Athene invests a portion of its investment portfolio in mortgage loans, which are generally composed of high-quality commercial first-lien, as well as mezzanine real estate loans. Athene has acquired mortgage loans through acquisitions and reinsurance arrangements, as well as through an active program to invest in new mortgage loans. It invests in CMLs, primarily on income-producing properties including apartments, industrial properties, office buildings, hotels and retail buildings. Athene's RML portfolio primarily consists of first-lien RMLs collateralized by properties located in the U.S.

Funds withheld at interest represent a receivable for amounts contractually withheld by ceding companies in accordance with modco and funds withheld reinsurance agreements in which Athene acts as the reinsurer. Generally, assets equal to statutory reserves are withheld and legally owned by the ceding company.

While the substantial majority of Athene's investment portfolio has been allocated to corporate bonds and structured credit products, a key component of Athene's investment strategy is the opportunistic acquisition of investment funds with attractive risk and return profiles. Athene's investment fund portfolio consists of funds or similar equity structures that employ various strategies including equity and credit funds. Athene has a strong preference for alternative investments that have some or all of the following characteristics, among others: (1) investments with credit- or debt-like characteristics (for example, a stipulated maturity and par value), or alternatively, investments with reduced volatility when compared to pure equity; or (2) investments that Athene believes have less downside risk.

Athene holds derivatives for economic hedging purposes to reduce its exposure to the cash flow variability of assets and liabilities, equity market risk, foreign exchange risk and interest rate risk. Athene's primary use of derivative instruments relates to providing the income needed to fund the annual index credits on its indexed annuity products. Athene primarily uses indexed options to economically hedge indexed annuity products that guarantee the return of principal to the policyholder and credit interest based on a percentage of the gain in a specific market index. Athene also uses derivative instruments, such as forward contracts and swaps, to hedge foreign currency exposure resulting from foreign-denominated assets and liabilities and to help manage its net floating rate position.

Net Invested Assets

The following summarizes Athene's net invested assets:

	June 30, 2026		December 31, 2025	
	Net Invested Asset Value ¹	Percentage of Total	Net Invested Asset Value ¹	Percentage of Total
<i>(In millions, except percentages)</i>				
Corporate	\$ 89,692	28.5 %	\$ 86,664	29.6 %
CLO	21,897	7.0 %	25,401	8.7 %
Credit	111,589	35.5 %	112,065	38.3 %
CML	38,930	12.4 %	31,789	10.9 %
RML	42,786	13.6 %	43,326	14.8 %
RMBS	7,056	2.2 %	7,592	2.6 %
CMBS	9,414	3.0 %	9,877	3.4 %
Real estate	98,186	31.2 %	92,584	31.7 %
ABS	44,155	14.1 %	38,417	13.1 %
Alternative investments	15,745	5.0 %	13,868	4.7 %
State, municipal, political subdivisions and foreign government	3,024	1.0 %	3,081	1.0 %
Equity securities	1,797	0.6 %	2,039	0.7 %
Short-term investments	242	0.1 %	207	0.1 %
U.S. government and agencies	19,724	6.3 %	14,225	4.9 %
Other investments	84,687	27.1 %	71,837	24.5 %
Cash and cash equivalents	13,512	4.3 %	10,490	3.6 %
Other	6,116	1.9 %	5,438	1.9 %
Net invested assets	\$ 314,090	100.0 %	\$ 292,414	100.0 %

¹ See "Managing Business Performance - Key Segment and Non-U.S. GAAP Performance Measures" for the definition of net invested assets.

Athene's net invested assets were \$314.1 billion and \$292.4 billion as of June 30, 2026 and December 31, 2025, respectively. As of June 30, 2026, corporate securities included \$24.1 billion of private placements, which represented 7.7% of Athene's net invested assets. The \$21.7 billion increase in net invested assets was primarily driven by growth from net organic inflows of \$33.1 billion in excess of net liability outflows of \$16.2 billion, the reinvestment of earnings and favorable alternative investment performance. These impacts were partially offset by a decrease in net short-term repurchase agreements outstanding in 2026 and the payment of common and preferred stock dividends.

In managing its business, Athene utilizes net invested assets as presented in the above table. Net invested assets do not correspond to Athene's total investments, including related parties, on the condensed consolidated statements of financial condition, as discussed previously in "Managing Business Performance — Key Segment and Non-U.S. GAAP Performance Measures." Net invested assets represent Athene's investments that directly back its net reserve liabilities and surplus assets. Athene believes this view of its portfolio provides a view of the assets for which it has economic exposure. Athene adjusts the presentation for assumed and ceded reinsurance transactions to include or exclude the underlying investments based upon the contractual transfer of economic exposure to such underlying investments. Athene also adjusts for VIEs to show the net investment in the funds, which are included in the alternative investments line above, as well as adjusting for the allowance for credit losses. Net invested assets include Athene's proportionate share of ACRA investments, based on its economic ownership, but exclude the proportionate share of investments associated with the non-controlling interests.

Net invested assets is utilized by management to evaluate Athene's investment portfolio. Net invested assets is used in the computation of net investment earned rate, which allows Athene to analyze the profitability of its investment portfolio. Net invested assets is also used in Athene's risk management processes for asset purchases, product design and underwriting, stress scenarios, liquidity and ALM.

AP Grange

During the second quarter of 2026, AP Grange called its outstanding ABS debt and as a result, Athene recognized a gain of \$673 million in GAAP income. Additionally, within its non-GAAP results for the second quarter of 2026, Athene recognized a non-operating gain of \$458 million, net of the ACRA non-controlling interests.

Principal Investing

The following table presents Principal Investing Income, the performance measure of our Principal Investing segment.

(In millions, except percentages)	Three months ended June 30,		Total Change	Percentage Change	Six months ended June 30,		Total Change	Percentage Change
	2026	2025			2026	2025		
Principal Investing:								
Realized performance fees	\$ 130	\$ 219	\$ (89)	(40.6)%	\$ 487	\$ 409	\$ 78	19.1%
Realized investment income (loss)	27	13	14	107.7	73	41	32	78.0
Principal investing compensation	(123)	(168)	(45)	(26.8)	(436)	(356)	80	22.5
Other operating expenses	(18)	(17)	1	5.9	(33)	(33)	—	—
Principal Investing Income (PII)	\$ 16	\$ 47	\$ (31)	(66.0)%	\$ 91	\$ 61	\$ 30	49.2%

As described in “Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations—General”, earnings from our Principal Investing segment are inherently more volatile in nature than earnings from our Asset Management segment due to the intrinsic cyclical nature of performance fees, one of the key drivers of PII performance.

Three Months Ended June 30, 2026 Compared to the Three Months Ended June 30, 2025

In this section, references to 2026 refer to the three months ended June 30, 2026 and references to 2025 refer to the three months ended June 30, 2025.

PII was \$16 million in 2026, a decrease of \$31 million, as compared to \$47 million in 2025. This decrease was primarily attributable to a decrease in realized performance fees of \$89 million, partially offset by a decrease in principal investing compensation expense of \$45 million and an increase in realized investment income of \$14 million.

The decrease in realized performance fees of \$89 million in 2026 was primarily due to a decrease in realized performance fees generated from Fund IX, partially offset by an increase in realized performance fees earned from ADIP, HVF II and ANRP III.

Principal investing compensation expense of \$123 million in 2026 decreased \$45 million, as compared to \$168 million in 2025. The decrease in 2026 was primarily due to a decrease in profit sharing expense corresponding to the decrease in realized performance fees. In any period, the blended profit sharing percentage is impacted by the respective profit sharing ratios of the funds generating performance allocations in the period.

The increase in realized investment income of \$14 million in 2026 was primarily attributable to realizations from certain of the Company’s investments.

Six Months Ended June 30, 2026 Compared to the Six Months Ended June 30, 2025

In this section, references to 2026 refer to the six months ended June 30, 2026 and references to 2025 refer to the six months ended June 30, 2025.

PII was \$91 million in 2026, an increase of \$30 million, as compared to \$61 million in 2025. This increase was primarily attributable to increases in realized performance fees and realized investment income of \$78 million and \$32 million, respectively, partially offset by an increase in principal investing compensation expense of \$80 million.

The increase in realized performance fees of \$78 million in 2026 was primarily driven by an increase in realized performance fees generated from a portfolio company sale and Fund X, partially offset by a decrease in realized performance fees earned from Fund IX.

The increase in realized investment income of \$32 million in 2026 was primarily attributable to gains realized in connection with a portfolio company sale and from certain of the Company’s investments, partially offset by realized loss on disposition of investments.

Principal investing compensation expense of \$436 million in 2026 increased \$80 million, as compared to \$356 million in 2025. The increase in 2026 was primarily due to an increase in profit sharing expense corresponding to the increase in realized

performance fees. In any period, the blended profit sharing percentage is impacted by the respective profit sharing ratios of the funds generating performance allocations in the period.

The Historical Investment Performance of Our Funds

Below we present information relating to the historical performance of the funds we manage, including certain legacy Apollo funds that do not have a meaningful amount of unrealized investments, and in respect of which the general partner interest has not been contributed to us.

When considering the data presented below, you should note that the historical results of funds we manage are not indicative of the future results that you should expect from such funds, from any future funds we may raise or from your investment in our common stock.

An investment in our common stock is not an investment in any of the Apollo managed funds, and the assets and revenues of the funds we manage are not directly available to us. The historical and potential future returns of the funds we manage are not directly linked to returns on our common stock. Therefore, you should not conclude that continued positive performance of the funds we manage will necessarily result in positive returns on an investment in our common stock. However, poor performance of the funds that we manage would cause a decline in our revenue from such funds, and would therefore have a negative effect on our performance and in all likelihood the value of our common stock.

Moreover, the historical returns of funds we manage should not be considered indicative of the future results you should expect from such funds or from any future funds we may raise. There can be no assurance that any Apollo fund will continue to achieve the same results in the future.

Finally, our private equity IRRs have historically varied greatly from fund to fund. For example, Fund VI generated a 12% gross IRR and a 9% net IRR since its inception through June 30, 2026, while Fund V generated a 61% gross IRR and a 44% net IRR since its inception through its liquidation in 2023. Accordingly, the IRR going forward for any current or future fund may vary considerably from the historical IRR generated by any particular fund, or for our private equity funds as a whole. Future returns will also be affected by the applicable risks, including risks of the industries and businesses in which a particular fund invests. See “Item 1A. Risk Factors—Risks Relating to Our Asset Management Business—*“Historical performance metrics are unreliable indicators of our current or future results of operations”*” in our 2025 Annual Report.

Investment Record

The following table summarizes the investment record by strategy of Apollo's significant commitment-based funds that have a defined maturity date in which investors make a commitment to provide capital at the formation of such funds and deliver capital when called as investment opportunities become available. All amounts are as of June 30, 2026, unless otherwise noted.

<i>(In millions, except IRR)</i>	Vintage Year	Total AUM	Committed Capital	Total Invested Capital	Realized Value	Remaining Cost	Unrealized Value	Total Value	Gross IRR	Net IRR

¹ Accord funds have investment periods shorter than 24 months, therefore Gross and Net IRR are presented after 12 months of investing.

² The general partners and managers of Funds I, II and MIA, as well as the general partner of Fund III, were excluded assets in connection with the reorganization of the Company that occurred in 2007. As a result, Apollo did not receive the economics associated with these entities. The investment performance of these funds, combined with Fund IV, is presented to illustrate fund performance associated with Apollo's investment professionals.

³ Total IRR is calculated based on total cash flows for all funds presented.

⁴ Data has not been presented as the fund's effective date is less than 24 months prior to the period indicated and such information was deemed not meaningful.

Equity

The following tables provide additional detail on the composition of the Fund X, Fund IX and Fund VIII private equity portfolios based on investment strategy as of June 30, 2026:

<i>(In millions)</i>	Fund X		Fund IX		Fund VIII	
	Total Invested Capital	Total Value	Total Invested Capital	Total Value	Total Invested Capital	Total Value
Opportunistic Buyouts	\$ 8,262	\$ 11,355	\$ 15,156	\$ 23,597	\$ 13,237	\$ 20,771
Corporate Carve-outs	2,904	4,498	6,771	12,109	3,122	7,299
Deleveraging Investment and other ¹	289	1,019	1,787	4,989	567	754
Total	\$ 11,455	\$ 16,872	\$ 23,714	\$ 40,695	\$ 16,926	\$ 28,824

¹ The deleveraging investment strategy includes deleveraging for control and non-control deleveraging.

Perpetual Capital

The following table summarizes the investment record for the perpetual capital vehicles we manage, excluding Athene and Athora-related assets.

(In millions)	IPO Year ¹	Total AUM	Total Returns			
			For the Three Months Ended June 30, 2026	For the Three Months Ended June 30, 2025	For the Six Months Ended June 30, 2026	For the Six Months Ended June 30, 2025
ADS ²	N/A	\$ 30,598	2 %	2 %	2 %	4 %
MidCap FinCo ³	N/A	13,927	2 %	4 %	3 %	8 %
MFIC ^{4,5}	2004	3,533	(7)%	1 %	(7)%	(1)%
ADREF ⁶	N/A	4,506	3 %	— %	5 %	— %
ADCF ⁶	N/A	2,438	1 %	3 %	2 %	5 %
ARIS ⁶	N/A	2,421	1 %	1 %	3 %	3 %
Other ⁷	N/A	26,526	N/A	N/A	N/A	N/A
Total		<u>\$ 83,949</u>				

¹ An IPO year represents the year in which the vehicle commenced trading on a national securities exchange.

² ADS is not a publicly traded vehicle and therefore IPO year is not applicable. The returns presented are net returns based on NAV.

³ MidCap FinCo is not a publicly traded vehicle and therefore IPO year is not applicable. The returns presented are a gross return based on NAV. The net returns based on NAV were 2% and 3% for the three months ended June 30, 2026 and 2025, respectively. The net returns based on NAV were 2% and 7% for the six months ended June 30, 2026 and 2025, respectively.

⁴ Total returns are based on the change in closing trading prices during the respective periods presented taking into account dividends and distributions, if any, as if they were reinvested without regard to commission.

⁵ AUM is presented on a three-month lag, as of March 31, 2026, based upon the availability of the information.

⁶ ADREF, ADCF and ARIS are not publicly traded vehicles and therefore IPO years are not applicable. The returns presented are for their respective Class I shares and are net returns based on NAV.

⁷ Other includes, among others, AUM of \$1.9 billion related to a publicly traded business development company from which Apollo earns investment-related service fees, but for which Apollo does not provide management or advisory services, as of March 31, 2026. Returns and IPO year are not provided for these AUM. Other also includes AUM of \$12.2 billion related to third-party capital within AAA.

Summary of Non-U.S. GAAP Measures

The table below sets forth a reconciliation of net income attributable to Apollo Global Management, Inc. common stockholders to Segment Income and Adjusted Net Income:

(In millions)	Three months ended June 30,		Six months ended June 30,	
	2026	2025	2026	2025

Unrealized net (gains) losses from investment activities	(28)	293	29	354
Transaction-related costs, restructuring and other non-operating expenses ³	117	70	186	346
<i>Retirement Services Adjustments</i>				
Investment (gains) losses, net of offsets	(23)	509	673	358
Non-operating change in insurance liabilities and related derivatives ⁴	(358)	(149)	(316)	218
Integration, restructuring and other non-operating items	41	32	74	62
Equity-based compensation	12	11	22	22
Segment Income	1,678	1,495	3,200	2,872
HoldCo interest and other financing costs ²	(53)	(36)	(98)	(70)
Taxes and related payables	(311)	(280)	(580)	(504)
Adjusted Net Income	\$ 1,314	\$ 1,179	\$ 2,522	\$ 2,298

¹ Equity-based profit sharing expense includes stock-based grants that are tied to realized performance within the Principal Investing segment.

² Represents interest and other financing costs related to AGM not attributable to any specific segment.

³ Transaction-related costs, restructuring and other non-operating expenses includes: (a) contingent consideration, certain equity-based charges, amortization of intangible assets and certain other expenses associated with acquisitions; (b) gains (losses) from changes in the tax receivable agreement liability; (c) merger-related transaction and integration costs associated with the Company's merger with Athene; and (d) other non-operating expenses, including the issuance of shares of AGM common stock for charitable contributions. In the six months ended June 30, 2025, other non-operating expenses includes \$200 million in charitable contributions related to the issuance of common stock to the Apollo DAF in February 2025.

⁴ Includes change in fair values of derivatives and embedded derivatives, non-operating change in funding agreements, change in fair value of market risk benefits, and non-operating change in liability for future policy benefits.

The table below sets forth a reconciliation of common stock outstanding to our Adjusted Net Income Shares Outstanding:

	June 30, 2026	December 31, 2025
Total GAAP Common Stock Outstanding	575,971,752	578,981,398
Non-GAAP Adjustments:		
Mandatory Convertible Preferred Stock ¹	14,587,841	14,564,883
Vested RSUs	17,073,031	19,437,942
Unvested RSUs Eligible for Dividend Equivalents	15,921,831	10,518,154
Adjusted Net Income Shares Outstanding	623,554,455	623,502,377

¹ Reflects the number of shares of underlying common stock assumed to be issuable upon conversion of the Mandatory Convertible Preferred Stock during each period.

The table below sets forth a reconciliation of Athene's total investments, including related parties, to net invested assets:

(In millions)	June 30, 2026	December 31, 2025
Total investments, including related parties	\$ 377,142	\$ 356,060
Derivative assets	(11,034)	(9,190)

ACRA non-controlling interests	(99,508)	(94,559)
Net invested assets	\$ 314,090	\$ 292,414

Liquidity and Capital Resources

Overview

The Company primarily derives revenues and cash flows from the assets it manages and the retirement savings products it issues, reinsures and acquires. Based on management's experience, we believe the Company's current liquidity position, together with the cash generated from revenues will be sufficient to meet the Company's anticipated expenses and other working capital needs for at least the next 12 months. For the longer-term liquidity needs of the asset management business, we expect to continue to fund the asset management business' operations through management fees and performance fees received. The principal sources of liquidity for the retirement services business, in the ordinary course of business, are operating cash flows and holdings of cash, cash equivalents and other readily marketable assets.

AGM is a holding company whose primary source of cash flow is distributions and other intercompany transfers from its subsidiaries, which are expected to be sufficient to fund cash flow requirements based on current estimates of future obligations. AGM's primary liquidity needs include the cash-flow requirements relating to its corporate activities, including its day-to-day operations, common stock and preferred stock dividend payments and strategic transactions, such as acquisitions.

As of June 30, 2026, the Company had \$25.4 billion of unrestricted cash and cash equivalents, as well as \$5.6 billion of available funds from the AGM credit facility, Athene credit facility and Athene liquidity facility.

Primary Uses of Cash

Over the next 12 months, we expect the Company's primary liquidity needs will be to:

- support the future growth of Apollo's businesses through strategic corporate investments;
- pay the Company's operating expenses including compensation, general, administrative, and other expenses;
- make payments to policyholders for surrenders, withdrawals and payout benefits;
- make interest and principal payments on funding agreements;
- make payments to satisfy pension group annuity obligations and policy acquisition costs;
- make interest and principal payments on the Company's debt;
- pay taxes and tax-related payments;
- pay cash dividends;
- repurchase common stock; and
- make payments under the tax receivable agreements.

Over the long term, we believe we will be able to (i) grow Apollo's Assets Under Management and generate positive investment performance in the funds we manage, which we expect will allow us to grow the Company's management fees and performance fees and (ii) grow the investment portfolio of retirement services, in each case in amounts sufficient to cover our long-term liquidity requirements, which may include:

- supporting the future growth of our businesses;
- creating new or enhancing existing products and investment platforms;
- making payments to policyholders;
- pursuing new strategic corporate investment opportunities;
- paying interest and principal on the Company's financing arrangements;
- repurchasing common stock;
- making payments under the tax receivable agreements; and
- paying cash dividends.

Cash Flow Analysis

The section below discusses in more detail the Company's primary sources and uses of cash and the primary drivers of cash flows within the Company's condensed consolidated statements of cash flows:

(In millions)	Six months ended June 30,	
	2026	2025
Operating Activities	\$ 4,501	\$ 2,274
Investing Activities	(23,871)	(36,517)
Financing Activities	27,198	32,089
Effect of exchange rate changes on cash and cash equivalents	(2)	13
Net increase (decrease) in cash and cash equivalents, restricted cash and cash held at consolidated variable interest entities	\$ 7,826	\$ (2,141)

The assets of our consolidated funds and VIEs, on a gross basis, could have a substantial effect on the accompanying statement of cash flows. Because our consolidated funds and VIEs are generally treated as investment companies for accounting purposes, their investing cash flow amounts are included in our cash flows from operating activities. The table below summarizes our condensed consolidated statements of cash flows by activity attributable to the Company and to our consolidated funds and VIEs.

(In millions)	Six months ended June 30,	
	2026	2025
Net cash provided by the Company's operating activities	\$ 4,069	\$ 2,441
Net cash provided by (used in) the Consolidated Funds and VIEs operating activities	432	(167)
Net cash provided by operating activities	4,501	2,274
Net cash used in the Company's investing activities	(21,438)	(35,450)
Net cash used in the Consolidated Funds and VIEs investing activities	(2,433)	(1,067)
Net cash used in investing activities	(23,871)	(36,517)
Net cash provided by the Company's financing activities	25,783	31,392
Net cash provided by the Consolidated Funds and VIEs financing activities	1,415	697
Net cash provided by financing activities	\$ 27,198	\$ 32,089

Operating Activities

The Company's operating activities support its Asset Management, Retirement Services and Principal Investing activities. The primary sources of cash within operating activities include: (a) management fees, (b) advisory and transaction fees, (c) realized performance revenues, (d) realized principal investment income, (e) investment sales from our consolidated funds and VIEs, (f) net investment income and (g) insurance premiums. The primary uses of cash within operating activities include: (a) compensation and non-compensation related expenses, (b) interest and taxes, (c) investment purchases from our consolidated funds and VIEs, (d) benefit payments and (e) other operating expenses.

- During the six months ended June 30, 2026, cash provided by operating activities reflects cash inflows from management fees, advisory and transaction fees, realized performance revenues, realized principal investment income, net investment income and a tax refund, partially offset by cash paid for interest on funding agreements and debt, cash paid for pension group annuity and other payout annuity benefits, net of premium received, and cash paid for policy acquisition expenses and other operating expenses. Cash provided by our consolidated funds and VIEs primarily includes net proceeds from the sale of VIE investments, partially offset by net purchases of VIE investments.
- During the six months ended June 30, 2025, cash provided by operating activities reflects cash inflows of management fees, advisory and transaction fees, realized performance revenues, realized principal investment income, and net investment income, partially offset by pension group annuity benefit payments and cash paid for interest on funding agreements, policy acquisition expenses and other operating expenses. Net cash provided by operating activities includes net cash used by our consolidated funds and VIEs, which primarily includes net purchases of VIE's investments, partially offset by proceeds from the sale of VIEs' investments.

Investing Activities

The Company's investing activities support the growth of its business. The primary sources of cash within investing activities include: (a) distributions from investments and (b) sales, maturities and repayments of investments. The primary uses of cash within investing activities include: (a) capital expenditures, (b) purchases and acquisitions of new investments, including purchases of U.S. Treasury securities and (c) equity method investments in the funds we manage.

- During the six months ended June 30, 2026, cash used in investing activities primarily reflects the purchase of investments, mainly AFS and mortgage loans, due to the deployment of significant cash inflows from Athene's strong growth, cash paid for the settlement of derivatives and an increase in cash posted as collateral by Athene for derivative transactions, partially offset by the sales, maturities and repayments of investments and an increase in investment payables, net of receivables.
- During the six months ended June 30, 2025, cash used in investing activities primarily reflects the purchase of investments, mainly AFS and mortgage loans, due to the deployment of significant cash inflows from Athene's

organic growth and cash collateral posted by Athene for derivative transactions, partially offset by the sales, maturities and repayments of investments and an increase in net investment payables.

Financing Activities

The Company's financing activities reflect its capital market transactions and transactions with equity holders. The primary sources of cash within financing activities include: (a) proceeds from debt and preferred equity issuances, (b) inflows on Athene's investment-type policies and contracts, (c) changes of cash collateral for derivative transactions posted by counterparties, (d) capital contributions, and (e) proceeds from other borrowing activities. The primary uses of cash within financing activities include: (a) dividends, (b) payments under the tax receivable agreement, (c) share repurchases, (d) cash paid to settle tax withholding obligations in connection with net share settlements of equity-based awards, (e) repayments of debt, (f) withdrawals on Athene's investment-type policies and contracts, (g) changes in cash collateral for derivative transactions posted by counterparties and (h) capital distributions.

- During the six months ended June 30, 2026, cash provided by financing activities primarily reflects cash received from deferred annuity, funding agreement and guaranteed investment contract inflows, net of cash outflows, cash proceeds from the issuance of long-term debt, an increase in cash collateral posted by counterparties for derivative transactions and net capital contributions from non-controlling interests, partially offset by the repayment of debt, the repayment of short-term repurchase agreements and the payment of common and preferred stock dividends. Cash provided by financing activities of our consolidated funds and VIEs primarily includes proceeds from the issuance of debt and contributions from non-controlling interests, partially offset by repayment of debt and distributions to non-controlling interests.
- During the six months ended June 30, 2025, cash provided by financing activities primarily reflects cash received from deferred annuity and funding agreement inflows, net of cash outflows, cash proceeds from the issuance of long-term debt and net capital contributions from non-controlling interests, partially offset by a decrease in cash collateral posted by counterparties for derivative transactions, the repayment of outstanding short-term repurchase agreements, cash paid for the redemption of Athene's Series C preferred stock and the payment of common and preferred stock dividends. Cash provided by financing activities of our consolidated funds and VIEs primarily includes proceeds from the issuance of debt and contributions from non-controlling interests, partially offset by repayment of debt and distributions to non-controlling interests.

Contractual Obligations, Commitments and Contingencies

For a summary and a description of the nature of the Company's commitments, contingencies and contractual obligations, see note 17 to the condensed consolidated financial statements and "—Contractual Obligations, Commitments and Contingencies." The Company's commitments are primarily fulfilled through cash flows from operations and financing activities.

Consolidated Funds and VIEs

The Company manages its liquidity needs by evaluating unconsolidated cash flows; however, the Company's financial statements reflect the financial position of Apollo as well as Apollo's consolidated funds and VIEs. The primary sources and uses of cash at Apollo's consolidated funds and VIEs include: (a) raising capital from their investors, which have been reflected historically as non-controlling interests of the consolidated subsidiaries in our financial statements, (b) using capital to make investments, (c) generating cash flows from operations through distributions, interest and the realization of investments, (d) distributing cash flow to investors, and (e) issuing debt to finance investments (CLOs).

Dividends and Distributions

For information regarding the quarterly dividends that were made to common stockholders and distribution equivalents on participating securities, see note 14 to the condensed consolidated financial statements. Although the Company currently expects to pay dividends, we may not pay dividends if, among other things, we do not have the cash necessary to pay the dividends. To the extent we do not have cash on hand sufficient to pay dividends, we may have to borrow funds to pay dividends, or we may determine not to pay dividends. The declaration, payment and determination of the amount of our dividends are at the sole discretion of the AGM board of directors.

Because AGM is a holding company, the primary source of funds for AGM's dividends is distributions and other intercompany transfers from its operating subsidiaries, AAM and AHL, which are expected to be adequate to fund AGM's dividends and other cash flow requirements based on current estimates of future obligations. The ability of these operating subsidiaries to make distributions to AGM will depend on satisfying applicable law with respect to such distributions, including surplus and minimum solvency requirements among others, as well as making prior distributions on AHL's outstanding preferred stock. Moreover, the ability of AAM and AHL to receive distributions from their own respective subsidiaries will continue to depend on applicable law with respect to such distributions.

On August 4, 2026, AGM declared a cash dividend of \$0.5625 per share of its common stock, which will be paid on August 31, 2026 to holders of record at the close of business on August 19, 2026.

Repurchase of Securities

Share Repurchase Program

For information regarding the Company's share repurchase program, see note 14 to the condensed consolidated financial statements.

Repurchase of Other Securities

We may from time to time seek to retire or purchase our other outstanding debt or equity securities through cash purchases and/or exchanges for other securities, purchases in the open market, privately negotiated transactions or otherwise. Any such repurchases will be dependent upon several factors, including our liquidity requirements, contractual restrictions, general market conditions and applicable regulatory, legal and accounting factors. Whether or not we repurchase any of our other securities and the size and timing of any such repurchases will be determined at our discretion.

Mandatory Convertible Preferred Stock

On August 11, 2023, the Company issued 28,750,000 shares, or \$1.4 billion aggregate liquidation preference, of its 6.75% Series A Mandatory Convertible Preferred Stock. There were 28,749,227 shares of Mandatory Convertible Preferred Stock issued and outstanding as of June 30, 2026. On July 31, 2026, all then outstanding shares of Mandatory Convertible Preferred Stock were converted to common stock. See note 14 to the condensed consolidated financial statements for further details.

Asset Management Liquidity

Our asset management business requires limited capital resources to support the working capital or operating needs of the business. For the asset management business' longer-term liquidity needs, we expect to continue to fund the asset management business' operations through management fees and performance fees received. Liquidity needs are also met (to a limited extent) through proceeds from borrowings and equity issuances as described in notes 12 and 14 to the condensed consolidated financial statements, respectively. From time to time, if the Company determines that market conditions are favorable after taking into account our liquidity requirements, we may seek to raise proceeds through the issuance of additional debt or equity instruments. AGM has a registration statement on Form S-3 to provide it with access to the capital markets, subject to market conditions and other factors.

At June 30, 2026, the asset management business had \$3.4 billion of unrestricted cash and cash equivalents, as well as \$1.25 billion of available funds from the AGM credit facility.

Future Debt Obligations

The asset management business had debt of \$5.9 billion as of June 30, 2026, which includes notes with various maturities from 2027 through 2054 and nonrecourse debt. See note 12 to the condensed consolidated financial statements for further information regarding the asset management business' debt arrangements.

Future Cash Flows

Our ability to execute our business strategy, particularly our ability to increase our AUM, depends on our ability to establish new funds and to raise additional investor capital within such funds. Our liquidity will depend on a number of factors, such as our ability to project our financial performance, which is highly dependent on the funds we manage and our ability to manage our projected costs, fund performance, access to credit facilities, compliance with existing credit agreements, as well as industry and market trends. Also, during economic downturns the funds we manage might experience cash flow issues or liquidate entirely. In these situations we might be asked to reduce or eliminate the management fee and performance fees we charge, which could adversely impact our cash flow in the future.

An increase in the fair value of the investments of the funds we manage, by contrast, could favorably impact our liquidity through higher management fees where the management fees are calculated based on the net asset value, gross assets or adjusted assets. Additionally, higher performance fees not yet realized would generally result when investments appreciate over their cost basis which would not have an impact on the asset management business' cash flow until realized.

Consideration of Financing Arrangements

As noted above, in limited circumstances, the asset management business may issue debt or equity to supplement its liquidity. The decision to enter into a particular financing arrangement is made after careful consideration of various factors, including the asset management business' cash flows from operations, future cash needs, current sources of liquidity, demand for the asset management business' debt or equity, and prevailing interest rates.

Revolver Facility

Under the AGM credit facility, AGM and AMH, as parent borrower and subsidiary borrower, respectively, may borrow in an aggregate amount not to exceed \$1.25 billion and may incur incremental facilities in an aggregate amount not to exceed \$250 million plus additional amounts so long as AGM and AMH are in compliance with a net leverage ratio not to exceed 4.00 to 1.00. Borrowings under the AGM credit facility may be used for working capital and general corporate purposes, including without limitation, permitted acquisitions. The AGM credit facility has a final maturity date of November 21, 2029.

Tax Receivable Agreements

The Apollo TRA provides for the payment to the Former Managing Partners and Contributing Partners of 85% of the amount of cash savings, if any, in U.S. federal, state, local and foreign income taxes that AGM and its subsidiaries realize as a result of the increases in tax basis of assets resulting from exchanges of AOG Units for Class A shares that occurred in prior years. The Bridge TRA provides for the payment to Bridge TRA holders based on 85% of the tax benefits realized from the Bridge acquisition. For more information regarding the tax receivable agreements, see note 16 to the condensed consolidated financial statements.

Athora

AAM and its subsidiaries had equity commitments outstanding to Athora of up to \$57 million as of June 30, 2026.

An AAM subsidiary and Athene are minority investors in Athora with a long-term strategic relationship. Through its share ownership, the AAM subsidiary has approximately 16% of the total voting power in Athora, and Athene holds shares in Athora representing 10% of the total voting power in Athora. In addition, Athora shares held by funds and other accounts managed by Apollo represent, in the aggregate, approximately 4% of the total voting power in Athora. See note 16 to the condensed consolidated financial statements for details on AAM's and Athene's transactions and commitments to Athora.

Fund Escrow

As of June 30, 2026, the remaining investments and escrow cash of Fund VIII was valued at 102% of the fund's unreturned capital, which was below the required escrow ratio of 115%. As a result, the fund is required to place in escrow current and future performance fee distributions to the general partner until the specified return ratio of 115% is met (at the time of a future distribution) or upon liquidation. Realized performance fees currently distributed to the general partner are limited to potential tax distributions and interest on escrow balances per the fund's partnership agreement.

Clawback

Performance fees from certain of the funds we manage are subject to contingent repayment by the general partner in the event of future losses to the extent that the cumulative performance fees distributed from inception to date exceeds the amount computed as due to the general partner at the final distribution. See “—Overview of Results of Operations—Performance Fees” for the maximum performance fees subject to potential reversal by each fund.

Indemnification Liability

The asset management business recorded an indemnification liability in the event that the Former Managing Partners, Contributing Partners and certain investment professionals are required to pay amounts in connection with a general partner obligation to return previously distributed performance fees. See note 16 to the condensed consolidated financial statements for further information regarding the asset management business’ indemnification liability.

Retirement Services Liquidity

There are two forms of liquidity relevant to our retirement services business: funding liquidity and balance sheet liquidity. Funding liquidity relates to the ability to fund operations. Balance sheet liquidity relates to the ability to sell assets held in Athene’s investment portfolio without incurring significant costs from fees, bid-offer spreads, or market impact. Athene manages its liquidity position by matching projected cash demands with adequate sources of cash and other liquid assets. The principal sources of liquidity for our retirement services business, in the ordinary course of business, are operating cash flows and holdings of cash, cash equivalents and other readily marketable assets.

Athene’s investment portfolio is structured to ensure a strong liquidity position over time to permit timely payment of policy and contract benefits without requiring asset sales at inopportune times or at depressed prices. In general, liquid assets include cash and cash equivalents, highly rated bonds, short-term investments, unaffiliated preferred stock and publicly traded common stock, all of which generally have liquid markets with a large number of buyers, but exclude pledged assets, mainly associated with funding agreement and repurchase agreement liabilities. Assets included in modified coinsurance and funds withheld portfolios, including assets held in reinsurance trusts, are available to fund the benefits for the associated obligations but are restricted from other uses. Although the investment portfolio of our retirement services business does contain assets that are generally considered less liquid for liquidity monitoring purposes (primarily mortgage loans, policy loans, real estate and investment funds), there is some ability to raise cash from these assets if needed. In periods of economic downturn, Athene may seek to raise or hold additional cash and liquid assets to manage its liquidity risk and to take advantage of market dislocations as they arise.

Athene has access to additional liquidity through its Athene credit facility and Athene liquidity facility. Athene entered into a new credit facility on June 26, 2026, which replaced its previous agreement dated as of June 30, 2023. The Athene credit facility has a borrowing capacity of \$1.75 billion, subject to being increased up to \$2.5 billion in total on the terms described in the credit facility. The Athene credit facility has a commitment termination date of June 26, 2031, subject to up to two one-year extensions, and was undrawn as of June 30, 2026. Athene entered into a new liquidity facility on June 26, 2026, which replaced its previous agreement dated as of June 27, 2025. The Athene liquidity facility has a borrowing capacity of \$2.6 billion, subject to being increased up to \$3.1 billion in total on the terms described in the liquidity facility. The Athene liquidity facility has a commitment termination date of June 25, 2027, subject to additional 364-day extensions, and was undrawn as of June 30, 2026. Athene also has access to \$2.0 billion of committed repurchase facilities. Athene has a registration statement on Form S-3 to provide it with access to the capital markets, subject to market conditions and other factors. Athene is also the counterparty to repurchase agreements with several different financial institutions, pursuant to which it may obtain short-term liquidity, to the extent available. In addition, through Athene’s membership in the FHLB, it is eligible to borrow under variable-rate short-term federal funds arrangements to provide additional liquidity.

Athene proactively manages its liquidity position to meet cash needs while minimizing adverse impacts on investment returns. Athene analyzes its cash-flow liquidity over the upcoming 12 months by modeling potential demands on liquidity under a variety of scenarios, taking into account the provisions of its policies and contracts in force, its cash flow position, and the volume of cash and readily marketable securities in its portfolio.

Liquidity risk is monitored, managed and mitigated through a number of stress tests and analyses to assess Athene’s ability to meet its cash flow requirements, as well as the ability of its reinsurance and insurance subsidiaries to meet their collateral

obligations, under various stress scenarios. Athene further seeks to mitigate liquidity risk by maintaining access to alternative, external sources of liquidity.

Insurance Subsidiaries' Operating Liquidity

The primary cash flow sources for Athene's insurance subsidiaries include retirement services product inflows (premiums and deposits), investment income, principal repayments on its investments, net transfers from separate accounts and financial product inflows. Uses of cash include investment purchases, payments to policyholders for surrenders, withdrawals and payout benefits, interest and principal payments on funding agreements and outstanding debt, payments to satisfy pension group annuity obligations, policy acquisition and general operating costs and payment of cash dividends.

Athene's policyholder obligations are generally long-term in nature. However, policyholders may elect to withdraw some or all of their account value in amounts that exceed Athene's estimates and assumptions over the life of an annuity contract. Athene includes provisions within its annuity policies, such as surrender charges and market value adjustments ("MVAs"), which are intended to protect it from early withdrawals. As of June 30, 2026 and December 31, 2025, approximately 87% and 85%, respectively, of Athene's deferred annuity liabilities were subject to penalty upon surrender. In addition, as of each of June 30, 2026 and December 31, 2025, approximately 69% of policies contained MVAs that may also have the effect of limiting early withdrawals if interest rates increase but may encourage early withdrawals by effectively subsidizing a portion of surrender charges when interest rates decrease. As of June 30, 2026, approximately 36% of Athene's net reserve liabilities were generally non-surrenderable, including buy-out pension group annuities other than those that can be withdrawn as lump sums, funding agreements, payout annuities and guaranteed investment contracts, while 54% were subject to penalty upon surrender.

Membership in Federal Home Loan Bank

Through its membership in the FHLB, Athene is eligible to borrow under variable-rate short-term federal funds arrangements to provide additional liquidity. The borrowings must be secured by eligible collateral such as mortgage loans, eligible CMBS or RMBS, government or agency securities and guaranteed loans. As of each of June 30, 2026 and December 31, 2025, Athene had no outstanding borrowings under these arrangements.

Athene has issued funding agreements to the FHLB. These funding agreements were issued in an investment spread strategy, consistent with other investment spread operations. As of June 30, 2026 and December 31, 2025, Athene had funding agreements outstanding with the FHLB in the aggregate principal amount of \$27.7 billion and \$23.3 billion, respectively.

The maximum FHLB indebtedness by a member is determined by the amount of collateral pledged and cannot exceed a specified percentage of the member's total statutory assets, dependent on the internal credit rating assigned to the member by the FHLB. As of June 30, 2026, Athene's total maximum borrowing capacity under the FHLB facilities was limited to \$70.1 billion. However, Athene's ability to borrow under the facilities is constrained by the availability of assets that qualify as eligible collateral under the facilities and certain other limitations. Considering these limitations, as of June 30, 2026, Athene had the ability to draw up to an estimated \$33.8 billion, inclusive of borrowings then outstanding. This estimate is based on Athene's internal analysis and assumptions and may not accurately measure collateral that is ultimately acceptable to the FHLB.

Securities Repurchase Agreements

Athene engages in repurchase transactions whereby it sells fixed income securities to third parties, primarily major brokerage firms or commercial banks, with a concurrent agreement to repurchase such securities at a determined future date. Athene requires that, at all times during the term of the repurchase agreements, it maintains sufficient cash or other liquid assets to allow it to fund substantially all of the repurchase price. Proceeds received from the sale of securities pursuant to these arrangements are generally invested in short-term investments or maintained in cash, with the offsetting obligation to repurchase the security included within payables for collateral on derivatives and securities to repurchase on the condensed consolidated statements of financial condition. Under the terms of the repurchase agreements, Athene monitors the market value of the securities sold and may be required to deliver additional collateral (which may be in the form of cash or additional securities) to the extent the value of the securities sold decreases prior to the repurchase date.

As of June 30, 2026 and December 31, 2025, the payables for repurchase agreements were \$3.2 billion and \$6.0 billion, respectively, while the fair value of securities and collateral held by counterparties backing the repurchase agreements was \$3.4 billion and \$6.2 billion, respectively. As of June 30, 2026, payables for repurchase agreements, based on original issuance,

included no short-term and \$3.2 billion of long-term repurchase agreements. As of December 31, 2025, payables for repurchase agreements, based on original issuance, included \$2.8 billion of short-term and \$3.2 billion of long-term repurchase agreements.

Dividends from Insurance Subsidiaries

AHL is a holding company whose primary liquidity needs include the cash flow requirements relating to its corporate activities, including its day-to-day operations, debt servicing, preferred and common stock dividend payments and strategic transactions, such as acquisitions. The primary sources of AHL's cash flows are dividends from its subsidiaries, capital market issuances and intercompany borrowings, which are expected to be adequate to fund cash flow requirements based on current estimates of future obligations.

The ability of AHL's insurance subsidiaries to pay dividends is limited by applicable laws and regulations of the jurisdictions where the subsidiaries are domiciled, as well as agreements entered into with regulators. These laws and regulations require, among other things, the insurance subsidiaries to maintain minimum solvency requirements and limit the amount of dividends these subsidiaries can pay.

Subject to these limitations and prior notification to the appropriate regulatory agency, Athene's U.S. insurance subsidiaries are permitted to pay ordinary dividends based on calculations specified under insurance laws of the relevant state of domicile. Any distributions above the amount permitted by statute in any twelve-month period are considered to be extraordinary dividends, and require the approval of the appropriate regulator prior to payment. AHL does not currently plan on having the U.S. subsidiaries pay any dividends to their parents.

Dividends from AHL's subsidiaries are projected to be the primary source of AHL's liquidity. Under the Bermuda Insurance Act, each of Athene's Bermuda insurance subsidiaries is prohibited from paying a dividend in an amount exceeding 25% of the prior year's statutory capital and surplus, unless at least two members of the board of directors of the Bermuda insurance subsidiary and its principal representative in Bermuda sign and submit to the BMA an affidavit attesting that a dividend in excess of this amount would not cause the Bermuda insurance subsidiary to fail to meet its relevant margins. In certain instances, the Bermuda insurance subsidiary would also be required to provide prior notice to the BMA in advance of the payment of dividends. In the event that such an affidavit is submitted to the BMA in accordance with the Bermuda Insurance Act, and further subject to the Bermuda insurance subsidiary meeting its relevant margins, the Bermuda insurance subsidiary is permitted to distribute up to the sum of 100% of statutory surplus and an amount less than 15% of its total statutory capital. Distributions in excess of this amount require the approval of the BMA.

The maximum distribution permitted by law or contract is not necessarily indicative of the insurance subsidiaries' actual ability to pay such distributions, which may be further restricted by business and other considerations, such as the impact of such distributions on surplus, which could affect Athene's ratings or competitive position and the amount of premiums that can be written. Specifically, the level of capital needed to maintain desired financial strength ratings from rating agencies, including S&P Global, Inc., A.M. Best Company, Inc., Fitch Ratings, Inc. and Moody's Ratings, Inc., is of particular concern when determining the amount of capital available for distributions. AHL believes its insurance subsidiaries have sufficient statutory capital and surplus, combined with additional capital available to be provided by AHL, to meet their financial strength ratings objectives. Finally, state insurance laws and regulations require that the statutory surplus of Athene's insurance subsidiaries following any dividend or distribution must be reasonable in relation to their outstanding liabilities and adequate for the insurance subsidiaries' financial needs.

Other Sources of Funding

Athene may seek to secure additional funding at the AHL level by means other than dividends from subsidiaries, such as by drawing on its undrawn \$1.75 billion Athene credit facility or by pursuing future issuances of debt or preferred stock to third-party investors. The Athene credit facility contains various standard covenants with which Athene must comply, including maintaining a consolidated debt-to-capitalization ratio of not greater than 40%, maintaining a minimum consolidated net worth of no less than \$22.1 billion and restrictions on the ability to incur liens, with certain exceptions. Rates, ratios and terms are as defined in the Athene credit facility.

Future Debt Obligations

Athene had long-term debt of \$7.8 billion as of June 30, 2026, which includes notes with various maturities from 2028 through 2064. See note 12 to the condensed consolidated financial statements for further information regarding Athene's debt arrangements.

Capital

Athene believes it has a strong capital position and is well positioned to meet policyholder and other obligations. Athene measures capital sufficiency using various internal capital metrics that reflect management's view on the various risks inherent to its business, the amount of capital required to support its core operating strategies and the amount of capital necessary to maintain its current ratings in a recessionary environment. The amount of capital required to support Athene's core operating strategies is determined based upon internal modeling and analysis of economic risk, as well as inputs from rating agency capital models and consideration of both NAIC RBC and Bermuda capital requirements. Capital in excess of this required amount is considered excess equity capital, which is available to deploy.

As of December 31, 2025 and December 31, 2024, Athene's U.S. RBC ratio was 436% and 419%, respectively, its Bermuda RBC ratio was 454% and 450%, respectively, and its consolidated RBC ratio was 441% and 430%, respectively. The formulas for determining the amount of RBC specify various weighting factors that are applied to financial balances or various levels of activity based on the perceived degree of risk. Bermuda Capital, as used in the calculation of Bermuda RBC, represents the capital of Athene's non-U.S. reinsurance subsidiaries as reported in the Bermuda statutory financial statements, adjusted to exclude deferred tax assets related to Bermuda CIT. Bermuda statutory financial statements apply U.S. statutory accounting principles for policyholder reserve liabilities, which Athene also subjects to U.S. cash flow testing requirements. There are certain differences between Bermuda statutory and U.S. statutory frameworks that result in Consolidated RBC being approximately 20 RBC points higher as of December 31, 2025. The primary driver of this difference is that Bermuda statutory financial statements require that assets assumed as part of a reinsurance transaction and any assets sold are recorded at their market value, without posting an interest maintenance reserve. Athene expects this difference to reduce over time, and to decline to immaterial levels over the next five years.

ACRA

ACRA 1 provided Athene with access to on-demand capital to support its growth strategies and capital deployment opportunities. ACRA 1 provided a capital source to fund both Athene's inorganic and organic channels. ALRe directly owns 37% of the economic interests in ACRA 1 and all of ACRA 1's voting interests, with ADIP I owning the remaining 63% of the economic interests. The commitment period for ACRA 1 expired in August 2023.

Similar to ACRA 1, ACRA 2 was funded in December 2022 as another long-duration, on-demand capital vehicle. ALRe directly owns 37% of the economic interests in ACRA 2 and all of ACRA 2's voting interests, with ADIP II owning the remaining 63% of the economic interests. ACRA 2 participates in certain transactions by drawing a portion of the required capital for such transactions from third-party investors equal to ADIP II's proportionate economic interests in ACRA 2.

These strategic capital solutions allow Athene the flexibility to simultaneously deploy capital across multiple accretive avenues, while maintaining a strong financial position.

Bermuda Corporate Income Tax

On January 5, 2026, the OECD issued guidance exempting U.S.-parented groups from the IIR or UTPR taxes under the Pillar Two regime. The U.K. government has publicly announced its intention to enact this guidance into law. While the precise timing of such enactment is subject to the U.K. government's legislative process, once enacted, the Company expects that Athene and ACRA entities would be exempt from the IIR and UTPR taxes in the U.K. In light of these developments, and the Company's expectation that maintaining alignment between the Bermuda CIT and Pillar Two tax groups would no longer be beneficial, in January 2026, the Company revoked ACRA's election to be subject to the Bermuda CIT.

Although the Company believes such an outcome would be unlikely, if the U.K. government does not enact the announced legislation, or subsequently amends its legislation in a manner that does not conform to the OECD guidance, the Company expects to re-elect ACRA into the Bermuda CIT regime at that time and utilize the Bermuda deferred tax assets to offset any resulting Bermuda CIT or Pillar Two cash tax obligations.

As a result of the foregoing, in the first quarter of 2026, the Company recorded a full valuation allowance against its Bermuda deferred tax assets, as the Company no longer expects Athene or ACRA to incur Bermuda CIT or Pillar Two tax expense against which such deferred tax assets could be utilized. This resulted in a reduction to other assets and a corresponding increase to income tax provision, resulting in a reduction to equity, equal to the net amount of the Bermuda deferred tax assets of \$1.7 billion. Notwithstanding this near-term impact on these financial metrics, and without assurance as to future results, the Company believes that these developments, including the revocation of ACRA's election to be subject to the Bermuda CIT, will have favorable implications for the Company's overall tax position over the longer term.

Critical Accounting Estimates and Policies

This Management's Discussion and Analysis of Financial Condition and Results of Operations is based upon the condensed consolidated financial statements, which have been prepared in accordance with U.S. GAAP. The preparation of financial statements in accordance with U.S. GAAP requires the use of estimates and assumptions that could affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported amounts of revenues and expenses and should be read in conjunction with our significant accounting policies described in note 2 of our consolidated financial statements in our 2025 Annual Report. Actual results could differ from these estimates.

The following is a summary of our accounting policies that are affected most by judgments, estimates and assumptions.

- *Consolidation of VIEs*
- *Revenue Recognition*
 - *Performance Fees within Investment Income*
 - *Management Fees*
- *Investments, at fair value*
- *Fair value of financial instruments*
- *Equity-based compensation*
- *Profit sharing expense*
- *Income taxes*
- *Valuation of Fixed Maturity Securities, Equity Securities and Mortgage Loans*
- *Impairment of investments and allowances for expected credit losses*
- *Derivatives valuation, including embedded derivatives*
- *Future policy benefits*
- *Market risk benefits*

The above critical accounting estimates and judgments are discussed in detail in "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Estimates and Policies" of our 2025 Annual Report.

Recent Accounting Pronouncements

A list of recent accounting pronouncements that are relevant to us is included in note 2 to our condensed consolidated financial statements.

Contractual Obligations, Commitments and Contingencies

Fixed and determinable payments due in connection with the Company's material contractual obligations are as follows as of June 30, 2026:

(In millions)	2026	2027 - 2028	2029 - 2030	2031 and Thereafter	Total
Asset Management					
Operating lease obligations ¹	\$ 47	\$ 193	\$ 185	\$ 482	\$ 907
Other long-term obligations ²	28	13	—	—	41
AGM credit facility ³	1	2	1	—	4
Debt obligations ³	159	634	1,740	8,202	10,735
	235	842	1,926	8,684	11,687
Retirement Services					
Interest sensitive contract liabilities	15,029	95,144	94,647	139,773	344,593
Future policy benefits	1,603	5,853	5,327	35,458	48,241
Market risk benefits	—	—	—	7,792	7,792
Other policy claims and benefits	98	—	—	—	98
Dividends payable to policyholders	4	17	14	52	87
Debt obligations ³	220	1,859	1,282	13,692	17,053
Securities to repurchase ⁴	79	2,369	1,143	—	3,591
	17,033	105,242	102,413	196,767	421,455
Obligations	<u>\$ 17,268</u>	<u>\$ 106,084</u>	<u>\$ 104,339</u>	<u>\$ 205,451</u>	<u>\$ 433,142</u>

¹ Operating lease obligations exclude \$135 million of other operating expenses associated with operating leases.

² Includes (i) payments on management service agreements related to certain assets and (ii) payments with respect to certain consulting agreements entered into by the Company. Note that a significant portion of these costs are reimbursable by funds.

³ The obligations for debt payments include contractual maturities of principal and estimated future interest payments based on the terms of the debt agreements. See note 12 of the condensed consolidated financial statements for further discussion of these debt obligations.

⁴ The obligations for securities to repurchase payments include contractual maturities of principal and estimated future interest payments based on the terms of the agreements. Future interest payments on floating rate repurchase agreements were calculated using the June 30, 2026 interest rate.

Note: Due to the fact that the timing of certain amounts to be paid cannot be determined or for other reasons discussed below, the following contractual commitments have not been presented in the table above.

- (i) We have tax receivable agreements that require us to pay tax savings the Company may receive to the holders under those agreements. See note 16 to the condensed consolidated financial statements for further information regarding the tax receivable agreements. The tax savings achieved may not ensure that we have sufficient cash available to pay this liability and we might be required to incur additional debt to satisfy this liability.
- (ii) Debt amounts related to certain consolidated VIEs and VEOs are not presented in the table above as the Company is not a guarantor of these non-recourse liabilities and the servicing of the debt is entirely within the applicable entity. See notes 6 and 12 to the condensed consolidated financial statements for further information.
- (iii) In connection with the Stone Tower acquisition, Apollo agreed to pay the former owners of Stone Tower a specified percentage of any future performance fees earned from certain of the Stone Tower funds, CLOs and strategic investment accounts. These contingent consideration liabilities are remeasured to fair value at each reporting period until the obligations are satisfied. See note 17 to the condensed consolidated financial statements for further information regarding the contingent consideration liabilities.
- (iv) Commitments from certain of our subsidiaries to contribute to the funds we manage and certain related parties.

Atlas

In connection with the Company and CS's previously announced transaction, certain subsidiaries of Atlas acquired certain assets of the CS Securitized Products Group (the "Transaction"). Under the terms of the Transaction, Atlas originally agreed to pay CS an amount of \$3.3 billion by February 8, 2028. This deferred purchase price is an obligation first of Atlas, second of AAA, third of AAM, fourth of AHL and fifth of AARE. Each of AARE and AAM issued an assurance letter to CS for the full deferred purchase obligation amount of \$3.3 billion. In March 2024, in connection with Atlas concluding its investment management agreement with CS, Atlas will no longer receive \$0.8 billion of fees and the deferred purchase price obligation is reduced by a corresponding amount from \$3.3 billion to \$2.5 billion. In addition, certain strategic investors have made equity commitments to Atlas which therefore obligates these investors for a portion of the deferred purchase price obligation.

In exchange for the purchase price, Atlas originally received approximately \$0.4 billion in cash and a portfolio of senior secured warehouse assets, subject to debt, with approximately \$1 billion of tangible equity value. These warehouse assets are senior secured assets at industry standard loan-to-value ratios, structured to investment grade-equivalent criteria, and were approved by Atlas in connection with this Transaction. Atlas also benefits generally from the net spread earned on these assets in excess of its cost of financing. Finally, Atlas will earn total fees of \$0.4 billion under the terms of the investment

management agreement with CS, including management fees and transition and termination payments. As a result, the guarantee related to the Company's aforementioned assurance letter is not probable of payment and, therefore, a liability has not been reflected on the condensed consolidated financial statements.

Supplemental Guarantor Financial Information

The 2031 Senior Notes, 2033 Senior Notes, the 2035 Senior Notes, the 2036 Senior Notes and the 2054 Senior Notes issued by AGM are each guaranteed on a senior, unsecured basis, and the 2053 Subordinated Notes and the 2054 Subordinated Notes issued by AGM are guaranteed on a junior, unsecured basis, by AAM, together with certain Apollo intermediary holding companies (collectively, the "Guarantors"). The Guarantors fully and unconditionally guarantee payments of principal, premium, if any, and interest (i) on the 2031 Senior Notes, the 2033 Senior Notes, the 2035 Senior Notes, the 2036 Senior Notes and the 2054 Senior Notes on a senior, unsecured basis and (ii) on the 2053 Subordinated Notes and the 2054 Subordinated Notes on a subordinated, unsecured basis. See note 12 of the condensed consolidated financial statements for further discussion on these debt obligations.

AGM, as issuer, and the Guarantors are holding companies. The primary sources of cash flow are dependent upon distributions from their respective subsidiaries to meet their future obligations under the notes and the guarantees, respectively. The 2031 Senior Notes, 2033 Senior Notes, the 2035 Senior Notes, the 2036 Senior Notes, the 2054 Senior Notes, the 2053 Subordinated Notes and the 2054 Subordinated Notes are not guaranteed by any fee generating businesses, Apollo-managed funds, or Athene and its direct and indirect subsidiaries. Holders of the guaranteed registered debt securities will have a direct claim only against AGM as issuer.

The following tables present summarized financial information of AGM, as the issuer of the debt securities, and the Guarantors on a combined basis after elimination of intercompany transactions and balances within the Guarantors and equity in the earnings from and investments in any non-guarantor subsidiary. As used herein, "obligor group" means AGM, as the issuer of the debt securities, and the Guarantors on a combined basis. The summarized financial information is provided in accordance with the reporting requirements of Rule 13-01 under SEC Regulation S-X for the obligor group and is not intended to present the financial position or results of operations of the obligor group in accordance with U.S. GAAP.

<i>(In millions)</i>	June 30, 2026	December 31, 2025
Summarized Statements of Financial Condition		
Current assets, less receivables from non-guarantor subsidiaries	\$ 3,093	\$ 3,061
Non-current assets	9,276	8,724
Due from related parties, excluding non-guarantor subsidiaries	789	647
Current liabilities, less payables to non-guarantor subsidiaries	960	934
Non-current liabilities	9,018	8,278
Due to related parties, excluding non-guarantor subsidiaries	394	277
Non-controlling interests	39	35

<i>(In millions)</i>	Six months ended June 30, 2026
Summarized Statements of Operations	
Revenues	\$ 2,272
Net income (loss)	53
Net income (loss) attributable to obligor group	1

The following are transactions of the obligor group with non-guarantor subsidiaries.

<i>(In millions)</i>	June 30, 2026	December 31, 2025
Due from non-guarantor subsidiaries	\$ 1,175	\$ 1,150
Due to non-guarantor subsidiaries	1,617	1,364
<i>(In millions)</i>		Six months ended June 30, 2026
Intercompany revenue		\$ 785
Intercompany expense		300
Intercompany interest income		17

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the risk of incurring losses due to adverse changes in market rates and prices. Included in market risk are potential losses in value due to credit and counterparty risk, interest rate risk, currency risk, commodity price risk, equity price risk and inflation risk.

In our asset management business, our predominant exposure to market risk is related to our role as investment manager and general partner for the funds we manage and the sensitivity to movements in the fair value of their investments and resulting impact on performance fees and management fee revenues. Our direct investments in the funds we manage also expose us to market risk whereby movements in the fair values of the underlying investments will increase or decrease both net gains (losses) from investment activities and income (loss) from equity method investments.

Our retirement services business is exposed to market risk through its investment portfolio, its counterparty exposures and its hedging and reinsurance activities. Athene's primary market risk exposures are to credit risk, interest rate risk and equity price risk.

For a discussion of our market risk exposures in general, please see "Part II—Item 7A. Quantitative and Qualitative Disclosures About Market Risk" in our 2025 Annual Report.

There have been no material changes to market risk exposures from those previously disclosed in our 2025 Annual Report, except as described below.

Sensitivities

Retirement Services

Interest Rate Risk

Athene assesses interest rate exposure for financial assets and liabilities using hypothetical stress tests and exposure analyses. Assuming all other factors are constant, if there was an immediate parallel increase in interest rates of 100 basis points from levels as of June 30, 2026, Athene estimates a net decrease to its point-in-time income (loss) before income tax (provision) benefit from changes in the fair value of these financial instruments of \$4.9 billion, net of offsets. If there was a similar parallel increase in interest rates from levels as of December 31, 2025, Athene estimates a net decrease to its point-in-time income (loss) before income tax (provision) benefit from changes in the fair value of these financial instruments of \$4.2 billion, net of offsets. The increase in sensitivity to point-in-time income (loss) before income tax (provision) benefit from changes in the fair value of these financial instruments as of June 30, 2026, when compared to December 31, 2025, is primarily driven by the purchase of assets with longer maturity dates and derivative activity during 2026. The financial instruments included in the sensitivity analysis are carried at fair value and changes in fair value are recognized in earnings. These financial instruments include derivative instruments, embedded derivatives, mortgage loans, certain fixed maturity securities and market risk benefits. The sensitivity analysis excludes those financial instruments carried at fair value for which changes in fair value are recognized in equity, such as AFS fixed maturity securities.

Assuming a 25 basis point increase in interest rates that persists for a 12-month period, the estimated impact to spread related earnings due to the change in net investment spread from floating rate assets and liabilities would be an increase of

approximately \$10 million, and a 25 basis point decrease would generally result in a similar decrease. This is calculated without regard to future changes to assumptions. Athene's floating rate asset position includes floating rate investments and cash and cash equivalents on a net invested asset basis, adjusted for net investment payables/receivables and cash posted as collateral for derivative transactions.

Changes in the fair value of market risk benefits due to current period movement in the interest rate curve used to discount the reserve are reflected in net income (loss) but excluded from spread related earnings. However, changes in interest rates that impact the cost of the projected GLWB and GMDB rider benefits, included within Athene's market risk benefit reserve, are amortized within cost of funds in spread related earnings over the life of the business. Assuming a parallel increase in interest rates of 25 basis points, the estimated impact to spread related earnings over a 12-month period related to market risk benefits would be an increase of approximately \$30 to \$50 million, and a parallel decrease in interest rates of 25 basis points would generally result in a similar decrease. This is calculated without regard to future changes to assumptions.

Athene is unable to make forward-looking estimates regarding the impact on net income (loss) of changes in interest rates that persist for a longer period of time, or changes in the shape of the yield curve over time, as a result of an inability to determine how such changes will affect certain of the items that Athene characterizes as "adjustments to income before income taxes" in its reconciliation between net income (loss) available to Athene Holding Ltd. common stockholder and spread related earnings. See "Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations—Summary of Non-U.S. GAAP Measures" for the reconciliation of net income (loss) attributable to Apollo Global Management, Inc. common stockholders to adjusted net income, of which spread related earnings is a component. The impact of changing rates on these adjustments is likely to be significant. See above for a discussion regarding the estimated impact on income (loss) before income tax (provision) benefit of an immediate, parallel increase in interest rates of 100 basis points from levels as of June 30, 2026, which discussion encompasses the impact of such an increase on certain of the adjustment items.

The models used to estimate the impact of changes in market interest rates incorporate numerous assumptions, require significant estimates and assume an immediate change in interest rates without any discretionary management action to counteract such a change. Consequently, potential changes in Athene's valuations indicated by these simulations will likely be different from the actual changes experienced under any given interest rate scenarios and these differences may be material. Because Athene actively manages its assets and liabilities, the net exposure to interest rates can vary over time. However, any such decreases in the fair value of fixed maturity securities, unless related to credit concerns of the issuer requiring recognition of credit losses, would generally be realized only if Athene were required to sell such securities at losses to meet liquidity needs.

ITEM 4. CONTROLS AND PROCEDURES

We maintain “disclosure controls and procedures”, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, that are designed to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing disclosure controls and procedures, our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible disclosure controls and procedures. The design of any disclosure controls and procedures also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired objectives.

Our management, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures pursuant to Rule 13a-15 under the Exchange Act as of the end of the period covered by this report. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of the period covered by this report, our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) are effective at the reasonable assurance level to accomplish their objectives of ensuring that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer as appropriate, to allow timely decisions regarding required disclosure.

No changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) occurred during our most recent quarter, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

See a summary of the Company’s legal proceedings set forth in note 17 to our condensed consolidated financial statements, which is incorporated by reference herein.

ITEM 1A. RISK FACTORS

For a discussion of our potential risks and uncertainties, see the information under the heading “Item 1A. Risk Factors” in our 2025 Annual Report, which is accessible on the SEC’s website at www.sec.gov. There have been no material changes to the risk factors disclosed in the 2025 Annual Report.

The risks described in our 2025 Annual Report are not the only risks facing us. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Unregistered Sales of Equity Securities

In May 2026, the Company issued 24,383 restricted shares under the 2019 Omnibus Equity Incentive Plan for Estate Planning Vehicles and 2,796 restricted shares under the 2019 Omnibus Equity Incentive Plan to certain holders of vested performance fee rights. The shares were issued in private placements in reliance on Regulation D or Section 4(a)(2) of the Securities Act.

Purchases of Equity Securities by the Issuer and Affiliated Purchasers

The following table sets forth information regarding repurchases of shares of common stock during the fiscal quarter ended June 30, 2026.

Period	Total number of shares of common stock purchased	Average price paid per share	Total number of shares of common stock purchased as part of publicly announced plans or programs ¹	Approximate dollar value of common stock that may yet be purchased under the plans or programs
April 1, 2026 through April 30, 2026				
Opportunistic repurchases	—		—	
Equity award-related repurchases ²	6,002		6,002	
Total	6,002	\$ 111.42	6,002	\$ 3,133,320,128
May 1, 2026 through May 31, 2026				
Opportunistic repurchases	31,772		31,772	
Equity award-related repurchases ²	543,477		543,477	
Total	575,249	\$ 133.57	575,249	\$ 3,056,486,601
June 1, 2026 through June 30, 2026				
Opportunistic repurchases	200,445		200,445	
Equity award-related repurchases ²	—		—	
Total	200,445	\$ 124.76	200,445	\$ 3,031,478,576
Total				
Opportunistic repurchases	232,217		232,217	
Equity award-related repurchases ²	549,479		549,479	
Total	781,696		781,696	

¹ Effective February 9, 2026, the AGM board of directors terminated the Company's prior share repurchase program and approved a new share repurchase program, pursuant to which, the Company is authorized to repurchase up to \$4.0 billion of shares of its common stock to opportunistically reduce the Company's share count or offset the dilutive impact of share issuances under the Equity Plan. Under the share repurchase program, repurchases may be of outstanding shares of common stock occurring from time to time in open market transactions, in privately negotiated transactions, pursuant to a trading plan adopted in accordance with Rule 10b5-1 of the Exchange Act, or otherwise, as well as through reductions of shares that otherwise would have been issued to participants under the Equity Plan in order to satisfy associated tax obligations. The share repurchase program does not obligate the Company to make any repurchases at any specific time. The program is effective until the aggregate repurchase amount that has been approved by the AGM board of directors has been expended. The program may be suspended, extended, modified or discontinued at any time.

² Represents repurchases of shares of common stock in order to offset the dilutive impact of share issuances under the Equity Plan including reductions of shares of common stock that otherwise would have been issued to participants under the Equity Plan in order to satisfy associated tax obligations.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

Not applicable.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

On June 10, 2026, John Zito, Co-President of AAM, terminated a trading arrangement intended to satisfy the affirmative defense of Rule 10b5-1(c). The trading arrangement was entered into on March 12, 2026, and was scheduled to terminate on December 31, 2026. The plan provided for the potential sale of up to 50,000 shares of the Company's common stock. No shares were sold under the plan.

**DIRECTOR RESTRICTED SHARE UNIT AWARD AGREEMENT
UNDER THE APOLLO GLOBAL MANAGEMENT, INC.
2019 OMNIBUS EQUITY INCENTIVE PLAN**

In accordance with the attached Notice delivered to the Participant, the Company and the Participant agree that the terms and conditions contained in the Notice, this Award Agreement (this "Agreement") and the Plan shall apply to the grant of RSUs set forth in the Notice. Capitalized terms not otherwise defined herein shall have the meaning ascribed to them in the Notice and otherwise in the Plan.

1. Vesting. The RSUs shall vest in accordance with the vesting schedule set forth in the Notice, provided that the Participant remains in continuous employment with or provides services to the Company or its Affiliates (collectively, the "Company Group") through the Vesting Date. For purposes of this Agreement and vesting, as applicable, the Participant shall be deemed to be in continuous employment or service until such time as the Participant dies or otherwise experiences a "separation from service" (as such term is defined in Treasury Regulation §1.409A-1(h)(1)).

2. Settlement; Delivery of Shares. The Company shall issue and deliver to the Participant one (1) Share (either by delivering one or more certificates for such Shares or by entering such shares in book-entry form, as determined by the Company in its discretion), as settlement of each vested RSU (such Shares, the "RSU Shares"). Such RSU Shares shall be delivered as soon as administratively practicable following the Delivery Date. Upon delivery, all such RSU Shares shall be fully assignable, alienable, saleable and transferrable by the Participant; *provided* that any such assignment, alienation, sale or transfer with respect to such RSU Shares shall comply with applicable securities laws and applicable Company policy as described in Section 4.

3. Restrictions on RSUs. The RSUs may not be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of or encumbered, other than with respect to transfers (a) to the Company, (b) by will or pursuant to the laws of descent and distribution, or (c), if approved by the Administrator in its sole discretion, in accordance with the requirements of Instruction A.1.(a)(5) of Form S-8 under the Securities Act or other applicable law.

4. Disposition of Shares. Subject to applicable law, the Participant may dispose of the RSU Shares issued under this Agreement during any "window period" in which sales by Company personnel are permitted, and in accordance with the Company's insider trading policy. All dispositions of RSU Shares are subject to compliance with the terms of the Participant's engagement letter with the Company (as amended, modified or supplemented from time to time, the "Engagement Letter") and Company policies as in effect from time to time.

5. [Reserved.]

6. Shareholder Rights; Dividend Equivalents. The Participant shall have no rights of a shareholder (including voting rights and the right to dividends or distributions) and will not be treated as an owner of Shares for tax or other purposes, except with respect to RSU Shares that have already been delivered. Notwithstanding the foregoing, in the event ordinary cash dividends are paid in respect of the Company's Shares during the period beginning with the date an RSU vests until the date the RSU Share is issued with respect to it (such period, the "Vested but Unissued Period"), then a dividend equivalent of equal value shall be paid to the Participant with respect to each vested RSU no later than 30 days after such ordinary cash dividend is paid to the holders of Shares. Rights to dividend equivalents on each vested RSU shall terminate upon the issuance of the underlying RSU Share following vesting. Under no circumstances

shall the Participant be entitled to receive (a) both a dividend and a dividend equivalent with respect to an RSU (or its associated RSU Share) or (b) any dividend or dividend equivalent with respect to any unvested, forfeited or fractional RSU.

7. Agreement Subject to Plan. This Agreement is subject to all of the terms, conditions and provisions of the Plan, which are incorporated herein by reference. Without limiting the generality of the immediately preceding sentence, this Agreement specifically incorporates the following sections of the Plan: Section 14(i) (Electronic Delivery), and Section 17 (Section 409A). In the event of any conflict between any provision of this Agreement and the Plan, the Plan shall govern.

8. No Rights to Continuation of Employment or Service. Nothing in the Plan or this Agreement shall confer upon the Participant any right to continued employment or service with the Company Group or interfere with, or restrict, the right of any member of the Company Group (or its shareholders, as the case may be) to terminate the Participant's employment or service at any time for any reason whatsoever, with or without Cause. The Plan and this Agreement shall not (a) form any part of any contract of employment or contract for services between any current or former member of the Company Group and any directors, officers or employees thereof, (b) confer any legal or equitable rights (other than those constituting the Awards themselves) against any current or former member of the Company Group, directly or indirectly, or (c) give rise to any cause of action in law or in equity against any current or former member of the Company Group.

9. Restrictive Covenants. The Participant agrees that the restrictive covenants regarding confidential information set forth in the Engagement Letter are incorporated herein and Participant understands, acknowledges and agrees that such restrictive covenants apply to Participant.

10. Tax Withholding. The Participant is responsible for all federal, state, local and other taxes and any tax-related penalties the Participant incurs in connection with the Award. To the extent any withholding requirements apply to the Participant in connection with the Award, the Company Group shall be entitled to require a cash payment by or on behalf of the Participant and/or to deduct, from other compensation payable to the Participant, any sums required by applicable law to be withheld or accounted for by the Company Group with respect to any RSU. The Company in its discretion may alternatively reduce the number of shares to be issued by the appropriate number of whole Shares, valued at their then Fair Market Value, or require any other available method to satisfy any withholding or tax obligations of the Company Group with respect to the RSUs at the applicable rates. Fractional RSU Shares shall not be issued and shall be forfeited without any consideration provided therefor, including in instances where the number of RSU Shares was reduced to satisfy any withholding or tax obligations.

11. Governing Law; Arbitration; Waiver of Jury Trial.

(a) This Agreement shall be governed by, interpreted under and construed and enforced in accordance with the laws of the State of Delaware (without regard to any conflicts of laws principles thereof that would give effect to the laws of another jurisdiction).

(b) Any dispute, controversy, suit, action or proceeding ("Proceeding") arising out of or relating to this Award or any other Award, other than the injunctive relief described in Section 11(c), will, notwithstanding anything to the contrary contained in the Plan, be settled exclusively by arbitration, conducted before a single arbitrator in New York County, New York (applying Delaware law) in accordance with, and pursuant to, the Commercial Arbitration Rules and Procedures of JAMS ("JAMS"). The decision of the arbitrator will be final and binding upon the parties hereto. Any arbitral award may be entered as a

judgment or order in any court of competent jurisdiction. The Company and the Participant will share the JAMS administrative fees, the arbitrator's fee and expenses. Each party shall be responsible for such party's attorneys' fees.

(c) Either party may commence litigation in court to obtain injunctive relief in aid of arbitration, to compel arbitration, or to confirm or vacate an award, to the extent authorized by the U.S. Federal Arbitration Act or the New York Arbitration Act. The arbitrator may grant interim injunctive relief and the Company or its successors or assigns may commence litigation in court to obtain injunctive relief or an order requiring specific performance to enforce, or prevent any violations of, the Restrictive Covenants.

(d) **IF THIS AGREEMENT TO ARBITRATE IS HELD INVALID OR UNENFORCEABLE THEN, TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW THAT CANNOT BE WAIVED, THE PARTICIPANT AND THE COMPANY WAIVE AND COVENANT THAT THE PARTICIPANT AND THE COMPANY WILL NOT ASSERT (WHETHER AS PLAINTIFF, DEFENDANT OR OTHERWISE) ANY RIGHT TO TRIAL BY JURY IN ANY ACTION ARISING IN WHOLE OR IN PART UNDER OR IN CONNECTION WITH AN AWARD UNDER THE PLAN OR ANY MATTERS CONTEMPLATED THEREBY, WHETHER NOW OR HEREAFTER ARISING, AND WHETHER SOUNDING IN CONTRACT, TORT OR OTHERWISE, AND AGREE THAT THE COMPANY GROUP OR THE PARTICIPANT MAY FILE A COPY OF THIS PARAGRAPH WITH ANY COURT AS WRITTEN EVIDENCE OF THE KNOWING, VOLUNTARY AND BARGAINED-FOR AGREEMENT BETWEEN THE COMPANY GROUP AND THE PARTICIPANT IRREVOCABLY TO WAIVE THE RIGHT TO TRIAL BY JURY IN ANY PROCEEDING WHATSOEVER BETWEEN SUCH PARTIES ARISING OUT OF OR RELATING TO AN AWARD UNDER THE PLAN AND THAT ANY PROCEEDING PROPERLY HEARD BY A COURT UNDER AN AWARD AGREEMENT UNDER THE PLAN WILL INSTEAD BE TRIED IN A COURT OF COMPETENT JURISDICTION BY A JUDGE SITTING WITHOUT A JURY.**

12. Agreement Binding on Successors. The terms of this Agreement shall be binding upon the Participant and their heirs, executors, administrators, personal representatives, transferees, assignees and successors in interest and upon the Company Group and its successors and assignees, subject to the terms of the Plan.

13. No Assignment. Subject to Section 3, neither this Agreement nor any rights granted herein shall be assignable by the Participant other than (with respect to any rights that survive the Participant's death) by will or the laws of descent and distribution. No purported sale, assignment, mortgage, hypothecation, transfer, pledge, encumbrance, gift, transfer in trust (voting or other) or other disposition of, or creation of a security interest in or lien on, any RSUs or RSU Shares by any holder thereof in violation of the provisions of this Agreement or the Plan will be valid, and the Company will not transfer any of said RSUs or RSU Shares on its books nor will any RSU Shares be entitled to vote, nor will any distributions be paid thereon, unless and until there has been full compliance with said provisions to the satisfaction of the Company. The foregoing restrictions are in addition to, and not in lieu of, any other remedies, legal or equitable, available to enforce said provisions.

14. Limitation on the Participant's Rights. The Participant has no legal or equitable rights, interests or claims in any property of the Company due to the Plan, the Notice, this Agreement or the grant of RSUs contained herein. The Participant shall have only the rights of a general unsecured creditor of the Company with respect to amounts credited and benefits payable, if any, with respect to the RSUs, and rights no greater than the right to receive the RSU Shares as a general unsecured creditor with respect to RSUs, as and when payable hereunder.

15. Severability. Should any provision of this Agreement be held by an arbitrator or court of competent jurisdiction to be unenforceable, or enforceable only if modified, such holding shall not affect the validity of the remainder of this Agreement, the balance of which shall continue to be binding upon the parties hereto with such modification (if any) to become a part hereof and treated as though contained in this original Agreement. Moreover, if one or more of the provisions contained in this Agreement shall for any reason be held to be excessively broad as to scope, activity, subject or otherwise so as to be unenforceable, then in lieu of severing any such provisions, they shall be construed by the appropriate judicial body or arbitral tribunal by limiting or reducing them, so as to be enforceable to the maximum extent compatible with the applicable law as it shall then appear, and such determination by a judicial body or arbitral tribunal shall not affect the enforceability of any such provisions in any other jurisdiction.

16. Failure to Enforce Not a Waiver. The failure of the Company to enforce at any time any provision of this Agreement shall in no way be construed to be a waiver of that provision or of any other provision hereof.

17. Entire Agreement. The Notice, this Agreement and the Plan contain the entire agreement and understanding among the parties as to the subject matter hereof and supersede all prior writings and understandings with respect to the grant of RSUs covered by this Agreement and these RSUs are granted in full settlement of the Participant's rights to receive RSUs in respect of the particular Award Type referenced in the Notice. The Participant acknowledges that any summary of the Plan or this Agreement provided by the Company is subject in its entirety to the terms of the Plan and this Agreement.

18. Headings. Headings are used solely for the convenience of the parties and shall not be deemed to be a limitation upon or description of the contents of any Section.

19. Amendment. Except as otherwise provided in the Plan, no amendment or modification hereof shall be valid unless it shall be in writing and signed by all parties hereto.

20. Acknowledgements and Representations. By acceptance of this Award, the Participant is deemed to have agreed to the acknowledgements and representations in this Section 20 and otherwise in this Agreement. The Participant is acquiring the RSUs and, if and when the RSUs vest, will acquire the RSU Shares covered thereby solely for the Participant's own account, for investment purposes only, and not with a view to or an intent to sell or distribute, or to offer for resale in connection with any unregistered distribution, all or any portion of the RSUs or RSU Shares within the meaning of the Securities Act and/or any applicable state securities laws. The Participant has had an opportunity to ask questions and receive answers from the Company regarding the terms and conditions of this Award and the restrictions imposed on the RSUs and the RSU Shares. The Participant has been furnished with, and/or has access to, such information as he or she considers necessary or appropriate for deciding whether to accept this Award. However, in evaluating the merits and risks of an investment in the Company, the Participant has and will rely upon the advice of his/her own legal counsel, tax advisors, and/or investment advisors. The Participant is aware that the RSU Shares may be of no practical value. The Participant has read and understands the restrictions and limitations set forth in the Plan and this Agreement, which are imposed on the RSUs and the RSU Shares. The Participant is responsible for all taxes and any tax-related penalties the Participant incurs or is liable for in connection with this Award, including but not limited to any withholding taxes, employment or payroll taxes and social security. The Participant confirms that the Participant has not relied on any warranty, representation, assurance or promise of any kind whatsoever in entering into this Agreement other than as expressly set out in this Agreement or in the Plan.

21. Recoupment. By accepting this Award, the Participant is deemed to acknowledge and agree that the Participant will be subject to any policy adopted by the Company that provides for the repayment or forfeiture of incentive compensation, including, without limitation, the Apollo Corporate Recoupment Policy, as may be amended from time to time, and this Award shall be subject to recoupment or forfeiture per any such policy, in accordance therewith, or as otherwise required by law or applicable regulatory rules or guidance.

22. Deemed Acceptance. This Award shall be effective as of the Date of Grant and shall not require the Participant's countersignature. The Participant shall be deemed to accept this Award, subject to the terms and conditions set forth in the Notice, this Agreement and the Plan unless the Participant provides to the Company written notification to the attention of its Global Head of Human Capital, of the Participant's rejection of this Award not later than 30 days after the Date of Grant (in which case this Award will be forfeited and the Participant shall have no further right or interest therein as of such date).

**NOTICE OF DIRECTOR RESTRICTED SHARE UNIT AWARD
UNDER THE APOLLO GLOBAL MANAGEMENT, INC.
2019 OMNIBUS EQUITY INCENTIVE PLAN**

Apollo Global Management, Inc. (the "Company"), pursuant to the Apollo Global Management, Inc. 2019 Omnibus Equity Incentive Plan (as amended from time to time, the "Plan"), hereby grants to the individual listed below the number of Restricted Share Units (the "RSUs") set forth below. The RSUs are subject to the terms and conditions as set forth in this Notice of Restricted Share Unit Award (the "Notice"), the attached Award Agreement (the "Award Agreement") and the Plan.

Participant:

Award Type: Deferred Restricted Share Units

Conversion Price: \$, which reflects the volume weighted average price of the Company's shares for the ten-day period prior to the grant; this was used to convert the dollar value of the award into a number of RSUs

Number of RSUs Granted:

Date of Grant:

Vesting Schedule: Subject to the terms and conditions referenced in the Award Agreement, the RSUs will vest on the following schedule (the "Vesting Date(s)"):

APOLLO GLOBAL MANAGEMENT, INC.

**DIRECTOR RESTRICTED SHARE UNIT AWARD AGREEMENT
UNDER THE APOLLO GLOBAL MANAGEMENT, INC.
2019 OMNIBUS EQUITY INCENTIVE PLAN**

In accordance with the attached Notice delivered to the Participant, the Company and the Participant agree that the terms and conditions contained in the Notice, this Award Agreement (this "Agreement") and the Plan shall apply to the grant of RSUs set forth in the Notice. Capitalized terms not otherwise defined herein shall have the meaning ascribed to them in the Notice and otherwise in the Plan.

1. Vesting. The RSUs shall vest in accordance with the vesting schedule set forth in the Notice, provided that the Participant remains in continuous employment with or provides services to the Company or its Affiliates (collectively, the "Company Group") through the Vesting Date(s). For purposes of this Agreement and vesting, as applicable, the Participant shall be deemed to be in continuous employment or service until such time as the Participant dies or otherwise experiences a "separation from service" (as such term is defined in Treasury Regulation §1.409A-1(h)).

2. Settlement; Delivery of Shares. The Company shall issue and deliver to the Participant one (1) Share (either by delivering one or more certificates for such Shares or by entering such shares in book-entry form, as determined by the Company in its discretion), as settlement of each vested RSU (such Shares, the "RSU Shares"). Such RSU Shares shall be delivered as soon as administratively practicable following the date of termination of the Participant's employment or service with the Company Group (a "Termination"). Upon delivery, all such RSU Shares shall be fully assignable, alienable, saleable and transferrable by the Participant; *provided* that any such assignment, alienation, sale or transfer with respect to such RSU Shares shall comply with applicable securities laws and applicable Company policy as described in Section 4.

3. Restrictions on RSUs. The RSUs may not be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of or encumbered, other than with respect to transfers (a) to the Company, (b) by will or pursuant to the laws of descent and distribution, or (c), if approved by the Administrator in its sole discretion, in accordance with the requirements of Instruction A.1.(a)(5) of Form S-8 under the Securities Act or other applicable law.

4. Disposition of Shares. Subject to applicable law, the Participant may dispose of the RSU Shares issued under this Agreement during any "window period" in which sales by Company personnel are permitted, and in accordance with the Company's insider trading policy. All dispositions of RSU Shares are subject to compliance with the terms of the Participant's engagement letter with the Company (as amended, modified or supplemented from time to time, the "Engagement Letter") and Company policies as in effect from time to time.

5. [Reserved.]

6. Shareholder Rights; Dividend Equivalents. The Participant shall have no rights of a shareholder (including voting rights and the right to dividends or distributions) and will not be treated as an owner of Shares for tax or other purposes, except with respect to RSU Shares that have already been delivered. Notwithstanding the foregoing, in the event ordinary cash dividends are paid in respect of the Company's Shares during the period beginning with the date an RSU vests until the date the RSU Share is issued with respect to it (such period, the "Vested but Unissued Period"), then a dividend equivalent of equal value shall be paid to the Participant with respect to each vested RSU no later than 30 days after such ordinary cash dividend is paid to the holders of Shares. Rights to dividend equivalents on each vested RSU shall terminate upon the issuance of the underlying RSU Share following vesting. Under no circumstances

shall the Participant be entitled to receive (a) both a dividend and a dividend equivalent with respect to an RSU (or its associated RSU Share) or (b) any dividend or dividend equivalent with respect to any unvested, forfeited or fractional RSU.

7. Agreement Subject to Plan. This Agreement is subject to all of the terms, conditions and provisions of the Plan, which are incorporated herein by reference. Without limiting the generality of the immediately preceding sentence, this Agreement specifically incorporates the following sections of the Plan: Section 14(i) (Electronic Delivery), and Section 17 (Section 409A). In the event of any conflict between any provision of this Agreement and the Plan, the Plan shall govern.

8. No Rights to Continuation of Employment or Service. Nothing in the Plan or this Agreement shall confer upon the Participant any right to continued employment or service with the Company Group or interfere with, or restrict, the right of any member of the Company Group (or its shareholders, as the case may be) to terminate the Participant's employment or service at any time for any reason whatsoever, with or without Cause. The Plan and this Agreement shall not (a) form any part of any contract of employment or contract for services between any current or former member of the Company Group and any directors, officers or employees thereof, (b) confer any legal or equitable rights (other than those constituting the Awards themselves) against any current or former member of the Company Group, directly or indirectly, or (c) give rise to any cause of action in law or in equity against any current or former member of the Company Group.

9. Restrictive Covenants. The Participant agrees that the restrictive covenants regarding confidential information set forth in the Engagement Letter are incorporated herein and Participant understands, acknowledges and agrees that such restrictive covenants apply to Participant.

10. Tax Withholding. The Participant is responsible for all federal, state, local and other taxes and any tax-related penalties the Participant incurs in connection with the Award. To the extent any withholding requirements apply to the Participant in connection with the Award, the Company Group shall be entitled to require a cash payment by or on behalf of the Participant and/or to deduct, from other compensation payable to the Participant, any sums required by applicable law to be withheld or accounted for by the Company Group with respect to any RSU. The Company in its discretion may alternatively reduce the number of shares to be issued by the appropriate number of whole Shares, valued at their then Fair Market Value, or require any other available method to satisfy any withholding or tax obligations of the Company Group with respect to the RSUs at the applicable rates. Fractional RSU Shares shall not be issued and shall be forfeited without any consideration provided therefor, including in instances where the number of RSU Shares was reduced to satisfy any withholding or tax obligations.

11. Governing Law; Arbitration; Waiver of Jury Trial.

(a) This Agreement shall be governed by, interpreted under and construed and enforced in accordance with the laws of the State of Delaware (without regard to any conflicts of laws principles thereof that would give effect to the laws of another jurisdiction).

(b) Any dispute, controversy, suit, action or proceeding ("Proceeding") arising out of or relating to this Award or any other Award, other than the injunctive relief described in Section 11(c), will, notwithstanding anything to the contrary contained in the Plan, be settled exclusively by arbitration, conducted before a single arbitrator in New York County, New York (applying Delaware law) in accordance with, and pursuant to, the Commercial Arbitration Rules and Procedures of JAMS ("JAMS"). The decision of the arbitrator will be final and binding upon the parties hereto. Any arbitral award may be entered as a

judgment or order in any court of competent jurisdiction. The Company and the Participant will share the JAMS administrative fees, the arbitrator's fee and expenses. Each party shall be responsible for such party's attorneys' fees.

(c) Either party may commence litigation in court to obtain injunctive relief in aid of arbitration, to compel arbitration, or to confirm or vacate an award, to the extent authorized by the U.S. Federal Arbitration Act or the New York Arbitration Act. The arbitrator may grant interim injunctive relief and the Company or its successors or assigns may commence litigation in court to obtain injunctive relief or an order requiring specific performance to enforce, or prevent any violations of, the Restrictive Covenants.

(d) **IF THIS AGREEMENT TO ARBITRATE IS HELD INVALID OR UNENFORCEABLE THEN, TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW THAT CANNOT BE WAIVED, THE PARTICIPANT AND THE COMPANY WAIVE AND COVENANT THAT THE PARTICIPANT AND THE COMPANY WILL NOT ASSERT (WHETHER AS PLAINTIFF, DEFENDANT OR OTHERWISE) ANY RIGHT TO TRIAL BY JURY IN ANY ACTION ARISING IN WHOLE OR IN PART UNDER OR IN CONNECTION WITH AN AWARD UNDER THE PLAN OR ANY MATTERS CONTEMPLATED THEREBY, WHETHER NOW OR HEREAFTER ARISING, AND WHETHER SOUNDING IN CONTRACT, TORT OR OTHERWISE, AND AGREE THAT THE COMPANY GROUP OR THE PARTICIPANT MAY FILE A COPY OF THIS PARAGRAPH WITH ANY COURT AS WRITTEN EVIDENCE OF THE KNOWING, VOLUNTARY AND BARGAINED-FOR AGREEMENT BETWEEN THE COMPANY GROUP AND THE PARTICIPANT IRREVOCABLY TO WAIVE THE RIGHT TO TRIAL BY JURY IN ANY PROCEEDING WHATSOEVER BETWEEN SUCH PARTIES ARISING OUT OF OR RELATING TO AN AWARD UNDER THE PLAN AND THAT ANY PROCEEDING PROPERLY HEARD BY A COURT UNDER AN AWARD AGREEMENT UNDER THE PLAN WILL INSTEAD BE TRIED IN A COURT OF COMPETENT JURISDICTION BY A JUDGE SITTING WITHOUT A JURY.**

12. Agreement Binding on Successors. The terms of this Agreement shall be binding upon the Participant and their heirs, executors, administrators, personal representatives, transferees, assignees and successors in interest and upon the Company Group and its successors and assignees, subject to the terms of the Plan.

13. No Assignment. Subject to Section 3, neither this Agreement nor any rights granted herein shall be assignable by the Participant other than (with respect to any rights that survive the Participant's death) by will or the laws of descent and distribution. No purported sale, assignment, mortgage, hypothecation, transfer, pledge, encumbrance, gift, transfer in trust (voting or other) or other disposition of, or creation of a security interest in or lien on, any RSUs or RSU Shares by any holder thereof in violation of the provisions of this Agreement or the Plan will be valid, and the Company will not transfer any of said RSUs or RSU Shares on its books nor will any RSU Shares be entitled to vote, nor will any distributions be paid thereon, unless and until there has been full compliance with said provisions to the satisfaction of the Company. The foregoing restrictions are in addition to, and not in lieu of, any other remedies, legal or equitable, available to enforce said provisions.

14. Limitation on the Participant's Rights. The Participant has no legal or equitable rights, interests or claims in any property of the Company due to the Plan, the Notice, this Agreement or the grant of RSUs contained herein. The Participant shall have only the rights of a general unsecured creditor of the Company with respect to amounts credited and benefits payable, if any, with respect to the RSUs, and rights no greater than the right to receive the RSU Shares as a general unsecured creditor with respect to RSUs, as and when payable hereunder.

15. Severability. Should any provision of this Agreement be held by an arbitrator or court of competent jurisdiction to be unenforceable, or enforceable only if modified, such holding shall not affect the validity of the remainder of this Agreement, the balance of which shall continue to be binding upon the parties hereto with such modification (if any) to become a part hereof and treated as though contained in this original Agreement. Moreover, if one or more of the provisions contained in this Agreement shall for any reason be held to be excessively broad as to scope, activity, subject or otherwise so as to be unenforceable, then in lieu of severing any such provisions, they shall be construed by the appropriate judicial body or arbitral tribunal by limiting or reducing them, so as to be enforceable to the maximum extent compatible with the applicable law as it shall then appear, and such determination by a judicial body or arbitral tribunal shall not affect the enforceability of any such provisions in any other jurisdiction.

16. Failure to Enforce Not a Waiver. The failure of the Company to enforce at any time any provision of this Agreement shall in no way be construed to be a waiver of that provision or of any other provision hereof.

17. Entire Agreement. The Notice, this Agreement and the Plan contain the entire agreement and understanding among the parties as to the subject matter hereof and supersede all prior writings and understandings with respect to the grant of RSUs covered by this Agreement and these RSUs are granted in full settlement of the Participant's rights to receive RSUs in respect of the particular Award Type referenced in the Notice. The Participant acknowledges that any summary of the Plan or this Agreement provided by the Company is subject in its entirety to the terms of the Plan and this Agreement.

18. Headings. Headings are used solely for the convenience of the parties and shall not be deemed to be a limitation upon or description of the contents of any Section.

19. Amendment. Except as otherwise provided in the Plan, no amendment or modification hereof shall be valid unless it shall be in writing and signed by all parties hereto.

20. Acknowledgements and Representations. By acceptance of this Award, the Participant is deemed to have agreed to the acknowledgements and representations in this Section 20 and otherwise in this Agreement. The Participant is acquiring the RSUs and, if and when the RSUs vest, will acquire the RSU Shares covered thereby solely for the Participant's own account, for investment purposes only, and not with a view to or an intent to sell or distribute, or to offer for resale in connection with any unregistered distribution, all or any portion of the RSUs or RSU Shares within the meaning of the Securities Act and/or any applicable state securities laws. The Participant has had an opportunity to ask questions and receive answers from the Company regarding the terms and conditions of this Award and the restrictions imposed on the RSUs and the RSU Shares. The Participant has been furnished with, and/or has access to, such information as he or she considers necessary or appropriate for deciding whether to accept this Award. However, in evaluating the merits and risks of an investment in the Company, the Participant has and will rely upon the advice of his/her own legal counsel, tax advisors, and/or investment advisors. The Participant is aware that the RSU Shares may be of no practical value. The Participant has read and understands the restrictions and limitations set forth in the Plan and this Agreement, which are imposed on the RSUs and the RSU Shares. The Participant is responsible for all taxes and any tax-related penalties the Participant incurs or is liable for in connection with this Award, including but not limited to any withholding taxes, employment or payroll taxes and social security. The Participant confirms that the Participant has not relied on any warranty, representation, assurance or promise of any kind whatsoever in entering into this Agreement other than as expressly set out in this Agreement or in the Plan.

21. Recoupment. By accepting this Award, the Participant is deemed to acknowledge and agree that the Participant will be subject to any policy adopted by the Company that provides for the repayment or forfeiture of incentive compensation, including, without limitation, the Apollo Corporate Recoupment Policy, as may be amended from time to time, and this Award shall be subject to recoupment or forfeiture per any such policy, in accordance therewith, or as otherwise required by law or applicable regulatory rules or guidance.

22. Deemed Acceptance. This Award shall be effective as of the Date of Grant and shall not require the Participant's countersignature. The Participant shall be deemed to accept this Award, subject to the terms and conditions set forth in the Notice, this Agreement and the Plan unless the Participant provides to the Company written notification to the attention of its Global Head of Human Capital, of the Participant's rejection of this Award not later than 30 days after the Date of Grant (in which case this Award will be forfeited and the Participant shall have no further right or interest therein as of such date).

**NOTICE OF DIRECTOR RESTRICTED SHARE UNIT AWARD
UNDER THE APOLLO GLOBAL MANAGEMENT, INC.
2019 OMNIBUS EQUITY INCENTIVE PLAN**

Apollo Global Management, Inc. (the "Company"), pursuant to the Apollo Global Management, Inc. 2019 Omnibus Equity Incentive Plan (as amended from time to time, the "Plan"), hereby grants to the individual listed below the number of Restricted Share Units (the "RSUs") set forth below. The RSUs are subject to the terms and conditions as set forth in this Notice of Restricted Share Unit Award (the "Notice"), the attached Award Agreement (the "Award Agreement") and the Plan.

Participant: []

Award Type: Deferred Restricted Share Units

Conversion Price: \$[], which reflects the volume weighted average price of the Company's shares for the ten-day period prior to the grant; this was used to convert the dollar value of the award into a number of RSUs

Number of RSUs Granted: []

Date of Grant: []

Vesting Schedule:	Subject to the terms and conditions referenced in the Award Agreement, the RSUs will vest on the following dates (the " <u>Vesting Dates</u> "):

**DIRECTOR RESTRICTED SHARE UNIT AWARD AGREEMENT
UNDER THE APOLLO GLOBAL MANAGEMENT, INC.
2019 OMNIBUS EQUITY INCENTIVE PLAN**

In accordance with the attached Notice delivered to the Participant, the Company and the Participant agree that the terms and conditions contained in the Notice, this Award Agreement (this "Agreement") and the Plan shall apply to the grant of RSUs set forth in the Notice. Capitalized terms not otherwise defined herein shall have the meaning ascribed to them in the Notice and otherwise in the Plan.

1. Vesting.

(a) *Generally.* Except as otherwise provided in Section 1(b), the RSUs shall vest in accordance with the vesting schedule set forth in the Notice, provided that the Participant remains in continuous employment with or provides services to the Company or its Affiliates (collectively, the "Company Group") through the Vesting Dates. For purposes of this Agreement and vesting, as applicable, the Participant shall be deemed to be in continuous employment or service until such time as the Participant dies or otherwise experiences a "separation from service" (as such term is defined in Treasury Regulation §1.409A-1(h)).

(b) *Special Vesting on Death or Disability.* Notwithstanding the foregoing, if the Participant's employment or service is terminated either (i) due to the Participant's death or (ii) by the Company Group by reason of Disability, then upon such termination the Participant shall vest in the unvested RSUs that are scheduled to vest on the next Vesting Date (if any), subject to the Participant's (or the Participant's estate or personal representative, if applicable) execution and delivery to the Company of an irrevocable general release of claims in a form satisfactory to the Company within 60 days following the termination date (or such shorter period as may be specified by the Company in accordance with applicable law).

2. Settlement; Delivery of Shares. The Company shall issue and deliver to the Participant one (1) Share (either by delivering one or more certificates for such Shares or by entering such shares in book-entry form, as determined by the Company in its discretion), as settlement of each vested RSU (such Shares, the "RSU Shares"). Such RSU Shares shall be delivered as soon as administratively practicable following the date of termination of the Participant's employment or service with the Company Group (a "Termination"). Upon delivery, all such RSU Shares shall be fully assignable, alienable, saleable and transferrable by the Participant; *provided* that any such assignment, alienation, sale or transfer with respect to such RSU Shares shall comply with applicable securities laws and applicable Company policy as described in Section 4.

3. Restrictions on RSUs. The RSUs may not be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of or encumbered, other than with respect to transfers (a) to the Company, (b) by will or pursuant to the laws of descent and distribution, or (c), if approved by the Administrator in its sole discretion, in accordance with the requirements of Instruction A.1.(a)(5) of Form S-8 under the Securities Act or other applicable law.

4. Disposition of Shares. Subject to applicable law, the Participant may dispose of the RSU Shares issued under this Agreement during any "window period" in which sales by Company personnel are permitted, and in accordance with the Company's insider trading policy. All dispositions of RSU Shares are subject to compliance with the terms of the Participant's engagement letter with the Company (as amended, modified or supplemented from time to time, the "Engagement Letter") and Company policies as in effect from time to time.

5. Forfeiture. Upon a Termination other than by reason of the Participant's death or Disability, all then unvested RSUs subject to this Agreement shall be immediately forfeited, terminated and canceled without payment of any consideration by any member of the Company Group, and neither the Participant nor any of its successors, heirs, assigns, or personal representatives shall thereafter have any further rights or interests in such RSUs. Except as otherwise expressly set forth herein in Section 1, employment or service for only a portion of a vesting period, even if a substantial portion, will not entitle the Participant to any proportionate vesting or avoid or mitigate a termination of rights and benefits upon a Termination.

6. Shareholder Rights; Dividend Equivalents. The Participant shall have no rights of a shareholder (including voting rights and the right to dividends or distributions) and will not be treated as an owner of Shares for tax or other purposes, except with respect to RSU Shares that have already been delivered. Notwithstanding the foregoing, in the event ordinary cash dividends are paid in respect of the Company's Shares during the period beginning with the date an RSU vests until the date the RSU Share is issued with respect to it (such period, the "Vested but Unissued Period"), then a dividend equivalent of equal value shall be paid to the Participant with respect to each vested RSU no later than 30 days after such ordinary cash dividend is paid to the holders of Shares. Rights to dividend equivalents on each vested RSU shall terminate upon the issuance of the underlying RSU Share following vesting, or if earlier, upon the forfeiture of the RSU in connection with the Participant's Termination. Under no circumstances shall the Participant be entitled to receive (a) both a dividend and a dividend equivalent with respect to an RSU (or its associated RSU Share) or (b) any dividend or dividend equivalent with respect to any unvested, forfeited or fractional RSU.

7. Agreement Subject to Plan. This Agreement is subject to all of the terms, conditions and provisions of the Plan, which are incorporated herein by reference. Without limiting the generality of the immediately preceding sentence, this Agreement specifically incorporates the following sections of the Plan: Section 14(i) (Electronic Delivery), and Section 17 (Section 409A). In the event of any conflict between any provision of this Agreement and the Plan, the Plan shall govern.

8. No Rights to Continuation of Employment or Service. Nothing in the Plan or this Agreement shall confer upon the Participant any right to continued employment or service with the Company Group or interfere with, or restrict, the right of any member of the Company Group (or its shareholders, as the case may be) to terminate the Participant's employment or service at any time for any reason whatsoever, with or without Cause. The Plan and this Agreement shall not (a) form any part of any contract of employment or contract for services between any current or former member of the Company Group and any directors, officers or employees thereof, (b) confer any legal or equitable rights (other than those constituting the Awards themselves) against any current or former member of the Company Group, directly or indirectly, or (c) give rise to any cause of action in law or in equity against any current or former member of the Company Group.

9. Restrictive Covenants. The Participant agrees that the restrictive covenants regarding confidential information set forth in the Engagement Letter are incorporated herein and Participant understands, acknowledges and agrees that such restrictive covenants apply to Participant.

10. Tax Withholding. The Participant is responsible for all federal, state, local and other taxes and any tax-related penalties the Participant incurs in connection with the Award. To the extent any withholding requirements apply to the Participant in connection with the Award, the Company Group shall be entitled to require a cash payment by or on behalf of the Participant and/or to deduct, from other compensation payable to the Participant, any sums required by applicable law to be withheld or accounted for by the Company Group with respect to any RSU. The Company in its discretion may alternatively reduce

the number of shares to be issued by the appropriate number of whole Shares, valued at their then Fair Market Value, or require any other available method to satisfy any withholding or tax obligations of the Company Group with respect to the RSUs at the applicable rates. Fractional RSU Shares shall not be issued and shall be forfeited without any consideration provided therefor, including in instances where the number of RSU Shares was reduced to satisfy any withholding or tax obligations.

11. Governing Law; Arbitration; Waiver of Jury Trial.

(a) This Agreement shall be governed by, interpreted under and construed and enforced in accordance with the laws of the State of Delaware (without regard to any conflicts of laws principles thereof that would give effect to the laws of another jurisdiction).

(b) Any dispute, controversy, suit, action or proceeding ("Proceeding") arising out of or relating to this Award or any other Award, other than the injunctive relief described in Section 11(c), will, notwithstanding anything to the contrary contained in the Plan, be settled exclusively by arbitration, conducted before a single arbitrator in New York County, New York (applying Delaware law) in accordance with, and pursuant to, the Commercial Arbitration Rules and Procedures of JAMS ("JAMS"). The decision of the arbitrator will be final and binding upon the parties hereto. Any arbitral award may be entered as a judgment or order in any court of competent jurisdiction. The Company and the Participant will share the JAMS administrative fees, the arbitrator's fee and expenses. Each party shall be responsible for such party's attorneys' fees.

(c) Either party may commence litigation in court to obtain injunctive relief in aid of arbitration, to compel arbitration, or to confirm or vacate an award, to the extent authorized by the U.S. Federal Arbitration Act or the New York Arbitration Act. The arbitrator may grant interim injunctive relief and the Company or its successors or assigns may commence litigation in court to obtain injunctive relief or an order requiring specific performance to enforce, or prevent any violations of, the Restrictive Covenants.

(d) **IF THIS AGREEMENT TO ARBITRATE IS HELD INVALID OR UNENFORCEABLE THEN, TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW THAT CANNOT BE WAIVED, THE PARTICIPANT AND THE COMPANY WAIVE AND COVENANT THAT THE PARTICIPANT AND THE COMPANY WILL NOT ASSERT (WHETHER AS PLAINTIFF, DEFENDANT OR OTHERWISE) ANY RIGHT TO TRIAL BY JURY IN ANY ACTION ARISING IN WHOLE OR IN PART UNDER OR IN CONNECTION WITH AN AWARD UNDER THE PLAN OR ANY MATTERS CONTEMPLATED THEREBY, WHETHER NOW OR HEREAFTER ARISING, AND WHETHER SOUNDING IN CONTRACT, TORT OR OTHERWISE, AND AGREE THAT THE COMPANY GROUP OR THE PARTICIPANT MAY FILE A COPY OF THIS PARAGRAPH WITH ANY COURT AS WRITTEN EVIDENCE OF THE KNOWING, VOLUNTARY AND BARGAINED-FOR AGREEMENT BETWEEN THE COMPANY GROUP AND THE PARTICIPANT IRREVOCABLY TO WAIVE THE RIGHT TO TRIAL BY JURY IN ANY PROCEEDING WHATSOEVER BETWEEN SUCH PARTIES ARISING OUT OF OR RELATING TO AN AWARD UNDER THE PLAN AND THAT ANY PROCEEDING PROPERLY HEARD BY A COURT UNDER AN AWARD AGREEMENT UNDER THE PLAN WILL INSTEAD BE TRIED IN A COURT OF COMPETENT JURISDICTION BY A JUDGE SITTING WITHOUT A JURY.**

12. Agreement Binding on Successors. The terms of this Agreement shall be binding upon the Participant and their heirs, executors, administrators, personal representatives, transferees, assignees and successors in interest and upon the Company Group and its successors and assignees, subject to the terms of the Plan.

13. No Assignment. Subject to Section 3, neither this Agreement nor any rights granted herein shall be assignable by the Participant other than (with respect to any rights that survive the Participant's death) by will or the laws of descent and distribution. No purported sale, assignment, mortgage, hypothecation, transfer, pledge, encumbrance, gift, transfer in trust (voting or other) or other disposition of, or creation of a security interest in or lien on, any RSUs or RSU Shares by any holder thereof in violation of the provisions of this Agreement or the Plan will be valid, and the Company will not transfer any of said RSUs or RSU Shares on its books nor will any RSU Shares be entitled to vote, nor will any distributions be paid thereon, unless and until there has been full compliance with said provisions to the satisfaction of the Company. The foregoing restrictions are in addition to, and not in lieu of, any other remedies, legal or equitable, available to enforce said provisions.

14. Limitation on the Participant's Rights. The Participant has no legal or equitable rights, interests or claims in any property of the Company due to the Plan, the Notice, this Agreement or the grant of RSUs contained herein. The Participant shall have only the rights of a general unsecured creditor of the Company with respect to amounts credited and benefits payable, if any, with respect to the RSUs, and rights no greater than the right to receive the RSU Shares as a general unsecured creditor with respect to RSUs, as and when payable hereunder.

15. Severability. Should any provision of this Agreement be held by an arbitrator or court of competent jurisdiction to be unenforceable, or enforceable only if modified, such holding shall not affect the validity of the remainder of this Agreement, the balance of which shall continue to be binding upon the parties hereto with such modification (if any) to become a part hereof and treated as though contained in this original Agreement. Moreover, if one or more of the provisions contained in this Agreement shall for any reason be held to be excessively broad as to scope, activity, subject or otherwise so as to be unenforceable, then in lieu of severing any such provisions, they shall be construed by the appropriate judicial body or arbitral tribunal by limiting or reducing them, so as to be enforceable to the maximum extent compatible with the applicable law as it shall then appear, and such determination by a judicial body or arbitral tribunal shall not affect the enforceability of any such provisions in any other jurisdiction.

16. Failure to Enforce Not a Waiver. The failure of the Company to enforce at any time any provision of this Agreement shall in no way be construed to be a waiver of that provision or of any other provision hereof.

17. Entire Agreement. The Notice, this Agreement and the Plan contain the entire agreement and understanding among the parties as to the subject matter hereof and supersede all prior writings and understandings with respect to the grant of RSUs covered by this Agreement and these RSUs are granted in full settlement of the Participant's rights to receive RSUs in respect of the particular Award Type referenced in the Notice. The Participant acknowledges that any summary of the Plan or this Agreement provided by the Company is subject in its entirety to the terms of the Plan and this Agreement.

18. Headings. Headings are used solely for the convenience of the parties and shall not be deemed to be a limitation upon or description of the contents of any Section.

19. Amendment. Except as otherwise provided in the Plan, no amendment or modification hereof shall be valid unless it shall be in writing and signed by all parties hereto.

20. Acknowledgements and Representations. By acceptance of this Award, the Participant is deemed to have agreed to the acknowledgements and representations in this Section 20 and otherwise in this Agreement. The Participant is acquiring the RSUs and, if and when the RSUs vest, will acquire the RSU Shares covered thereby solely for the Participant's own account, for investment purposes only, and not with a view to or an intent to sell or distribute, or to offer for resale in connection with any unregistered distribution, all or any portion of the RSUs or RSU Shares within the meaning of the Securities Act and/or any applicable state securities laws. The Participant has had an opportunity to ask questions and receive answers from the Company regarding the terms and conditions of this Award and the restrictions imposed on the RSUs and the RSU Shares. The Participant has been furnished with, and/or has access to, such information as he or she considers necessary or appropriate for deciding whether to accept this Award. However, in evaluating the merits and risks of an investment in the Company, the Participant has and will rely upon the advice of his/her own legal counsel, tax advisors, and/or investment advisors. The Participant is aware that the RSU Shares may be of no practical value. The Participant has read and understands the restrictions and limitations set forth in the Plan and this Agreement, which are imposed on the RSUs and the RSU Shares. The Participant is responsible for all taxes and any tax-related penalties the Participant incurs or is liable for in connection with this Award, including but not limited to any withholding taxes, employment or payroll taxes and social security. The Participant confirms that the Participant has not relied on any warranty, representation, assurance or promise of any kind whatsoever in entering into this Agreement other than as expressly set out in this Agreement or in the Plan.

21. Recoupment. By accepting this Award, the Participant is deemed to acknowledge and agree that the Participant will be subject to any policy adopted by the Company that provides for the repayment or forfeiture of incentive compensation, including, without limitation, the Apollo Corporate Recoupment Policy, as may be amended from time to time, and this Award shall be subject to recoupment or forfeiture per any such policy, in accordance therewith, or as otherwise required by law or applicable regulatory rules or guidance.

22. Deemed Acceptance. This Award shall be effective as of the Date of Grant and shall not require the Participant's countersignature. The Participant shall be deemed to accept this Award, subject to the terms and conditions set forth in the Notice, this Agreement and the Plan unless the Participant provides to the Company written notification to the attention of its Global Head of Human Capital, of the Participant's rejection of this Award not later than 30 days after the Date of Grant (in which case this Award will be forfeited and the Participant shall have no further right or interest therein as of such date).

CERTAIN INFORMATION, IDENTIFIED BY AND REPLACED WITH A MARK OF "[]," HAS BEEN EXCLUDED FROM THIS DOCUMENT BECAUSE IT IS BOTH (I) NOT MATERIAL AND (II) THE TYPE THAT THE REGISTRANT TREATS AS PRIVATE OR CONFIDENTIAL.

Re: Employment and Compensation Terms

Dear John:

This letter agreement (the "**Agreement**") entered into between you and Apollo Management Holdings, L.P. ("**AMH**") sets forth the terms of your continued employment by the Company (as defined below) and changes to your compensation levels.

This Agreement provides the terms of your compensation and your continued service to the Company for the next five years, aligns your interests with shareholders of Apollo Global Management, Inc. ("**AGM**," and together with AMH and its affiliates, the "**Company**") and is contingent on your agreement to adhere to the restrictive covenants for the restriction periods set forth in this Agreement and the Covenants Agreement and Mutual Arbitration Agreement entered into between you and the Company on June 22, 2023 (the "**ECAA**"). Except as otherwise explicitly set forth in this Agreement, this Agreement supersedes and replaces all prior employment letter agreements, including but not limited to the letter agreement by and between you and the Company, dated as of December 4, 2018 and amended as of November 24, 2021 (collectively, the "**Prior Agreements**"), and modifies certain of the terms contained in the ECAA. For purposes of this Agreement, the term "**Affiliate**" shall have such meaning as provided in the ECAA.

- 1. Position; Reporting.** You shall continue to serve the Company as Partner, Deputy CIO of Apollo Credit and shall co-report to Scott Kleinman and James Zelter or their respective successors (together, the "**Co-Presidents**"). Notwithstanding any other position, role or status you may occupy during your employment with the Company, including but not limited to any engagement you have as a limited partner with any Affiliate, you agree that the conditions of your employment with the Company are governed by the terms set forth in this Agreement and that any obligations herein will survive throughout your

employment with the Company, unless expressly overridden in writing by an authorized representative of the Company.

- 2. Duties.** You agree that you will continue to: (i) devote substantially all of your working time, attention, and abilities to the duties assigned to you; (ii) endeavor to promote and protect the interests and reputation of the Company; (iii) comply in all material respects with all rules, policies, and regulations of the Company that it may implement and/or amend from time to time in its sole discretion (to the extent such rules, policies, and regulations are disseminated to you); and (iv) obey all reasonable and lawful instructions and directions given to you by the Chief Executive Officer or the Co-Presidents. In accordance with the Company's policies and procedures, including but not limited to the Company's U.S. Employee Handbook and Apollo's Code of Business Conduct and Ethics as in effect from time to time (the "**Code of Conduct**"), you agree that during your employment with the Company you will not engage in any outside business activity, unless prior approval is (or has been) received in accordance with the Company's Code of Conduct and any other applicable policies. The Company agrees to provide you with a schedule of permitted outside business activities on a regular basis and as you may request from time to time.
- 3. Annual Base Salary.** Your current base salary will remain in effect until September 30, 2023, and effective as of October 1, 2023, during the term of your employment with the Company your base salary shall be \$100,000 per year. Base salary shall be paid in accordance with the Company's payroll practices from time to time. All amounts payable under this Agreement are subject to withholding, in accordance with applicable law.
- 4. No Bonus Opportunity.** For the avoidance of doubt, commencing with 2023, you will not be eligible for any annual bonus, discretionary or otherwise.
- 5. Partner Benefits Stipend.** In respect of each year of your employment with the Company, you will receive a stipend of \$250,000 (less applicable withholding) in March of the following year with the first payment in calendar year 2024 in respect of 2023 and for so long as this benefit is provided to Apollo partners generally.
- 6. RSU Grant.** Subject to your continued employment with the Company (and not being under notice, given or received, of termination or resignation of your employment) and subject to approval by the Company's Compensation Committee, such approval not to be unreasonably withheld, no later than the fourth calendar quarter of 2023, you shall receive a one-time grant of restricted share units (the "**RSUs**") having an aggregate value of \$[], which will represent the right to receive Shares (as defined in the AGM 2019 Omnibus Equity Incentive Plan (the "**Plan**")) of common stock of AGM, subject to the terms set forth in the RSU Award Agreement, the form of which is attached as Exhibit A, and the Plan. The number of RSUs granted shall be based on a ten (10) day volume-weighted average price of a share of AGM common stock on the New York Stock Exchange (rounded down to the nearest whole share) prior to the grant date as determined by AGM.

The RSUs will be vested at grant and the shares underlying such RSUs ("**RSU Shares**") will be delivered as soon as reasonably practicable within sixty (60) days following January 1, 2029 (the "**Five Year Delivery Date**") (and not prior to such date), subject to delayed delivery as soon as reasonably practicable within sixty (60) days following January 1, 2034 (the "**Ten Year Delivery Date**"), if you resign prior to the Five Year Delivery Date, and otherwise subject to the terms set forth on the form attached as Exhibit A. Notwithstanding the foregoing, a sufficient number of RSU Shares shall be delivered to you promptly on the grant date ("**Immediate Delivery Shares**") such that the after-tax value of such Immediate Delivery Shares shall be equal to (x) the amount of taxes that AGM will be required to withhold pursuant to the Federal Insurance Contributions Act ("**FICA**") on the grant of all the RSUs and (y) the amount of all applicable taxes, including FICA and state and local taxes, that AGM will be required to withhold on the delivery of the Immediate Delivery Shares; provided, however, that in the event the RSUs are forfeited, such Immediate Delivery Shares shall be subject to recoupment, as described below.

For the avoidance of doubt, the issuance to you of RSUs described herein, are in lieu of and shall extinguish your right to receive a one-time DP margin grant referenced in Section 2(a) of your letter agreement by and between you and the Company, dated November 24, 2021.

7. Forfeiture and Clawback.

- a. The RSUs will be forfeited if (i) (A) you are terminated for Cause (as defined in Exhibit B), or (B) your employment terminates for any other reason and prior to the later of (1) December 31, 2028 or (2) the date that is twelve (12) months following your termination of employment, the Company reasonably determines that your employment could have been terminated for Cause (provided that, for the avoidance of doubt, the ultimate resolution as to whether Cause existed prior to your termination of employment shall be subject to the dispute resolution procedures in the ECAA) or (ii) you violate in any material respect any of the restrictive covenants set forth in the ECAA, which are applicable to you during the Restricted Period (as defined below), and which violation, if curable, is not cured within thirty (30) days following receipt of written notice by you from the Company.
- b. If any RSU Shares have been delivered to you, and (i) prior to the date that is twelve (12) months following your termination of employment (but not later than December 31, 2029), the Company reasonably determines that your employment could have been terminated for Cause (provided that, for the avoidance of doubt, the ultimate resolution as to whether Cause existed prior to your termination of employment shall be subject to the dispute resolution procedures in the ECAA) or (ii) you have violated in any material respect any of the restrictive covenants set forth in the ECAA which are applicable to you during the Restricted Period, and which violation, if curable, is not cured within thirty (30) days following receipt of written notice by you from the Company, then the Company will have the right to

demand, and you will have an obligation to return the delivered RSU Shares, or repay the gross value of such RSU Shares, to the Company upon written demand from the Company.

- c. In the event the RSUs are forfeited for any reason, you will have an obligation to repay the gross value of the Immediate Delivery Shares, as of the date of grant, to the Company upon written demand from the Company, and if you fail to repay such amount, the Company shall be entitled to deduct from any other compensation payable to you (including, but not limited to, base salary, dividend equivalent amounts, and distributions in respect of any points of carried interest, as applicable) any sums necessary to repay the gross value of the Immediate Delivery Shares to the Company.
- d. If the forfeiture and clawback provisions in this Section 7 are rendered void and/or unenforceable in any respect due to a change in the applicable law governing the enforcement of the non-compete restriction contemplated by this Agreement, the Company reserves the right to amend such terms in good faith to reflect the spirit of the arrangement and original intent of the parties, taking into account any limitations under any tax rules.

8. Credit Team Incentive and 2023 Grants.

- a. Beginning in calendar year 2024, you will be eligible to participate in a newly established Credit Team Incentive program ("**CTI**") and receive an award equal to []% of the CTI pool for 2024, []% of the CTI pool for 2025 and []% of the CTI pool for 2026 (the "**CTI Award**"), as determined by the Company, subject to the terms and conditions set forth in the applicable award documents. In the case of outperformance in fundraising or fund performance, for 2027 and 2028, it is the intention of the Company that your percentage of the CTI pool for purposes of determining your CTI Award shall be calculated in a manner consistent with prior years, and which may include a higher percentage to reflect such outperformance. Your award percentage in the CTI pool will be reviewed by the Company every three (3) years (starting with performance year 2027). For the avoidance of doubt, your CTI Award will be funded through the CTI pool determined in accordance with the "Summary of Key Terms", dated October 9, 2023, that was separately provided to you by the Company and the method for funding the CTI pool, the related percentages, and the other attributes of the CTI noted therein, solely to the extent applicable to the calculation of your CTI Award are incorporated by reference (the "**CTI Summary of Key Terms**"). The CTI Award will be payable partly in cash and partly in equity-based awards at the same rate as other employees participating in such plan, provided that you are employed on the payment date and not under notice (given or received), and subject to the Company's Annual Equity-Based Deferral Program. In connection with your participation in the CTI pool, you will no longer participate in the program referred to as the Credit Bonus Plan ("**CBP**") and your eligibility to receive the CTI Award described herein, is in lieu of and shall extinguish your right to the "partner pool" and all of the points related to CBP described in

Appendix A to your letter agreement by and between you and the Company, dated November 24, 2021, other than those listed under "Entities in which Legacy Points Remain Outstanding" (as described below).

- b. Notwithstanding anything to the contrary contained herein and provided that you are employed by the Company on the applicable payment and award date(s) and not under notice (given or received), then, you will remain eligible to receive (i) an award in respect of 2023, in an amount calculated in accordance with the existing partner pool, and direct point allocations under the CBP on the same basis as such point allocations were made in prior years ("**2023 Award**") and (ii) []. Your 2023 Award will be delivered in a mix of cash and RSUs (vesting over three (3) years) in accordance with the deferral grid under the former CBP, [], and otherwise such awards will be subject to the customary terms and conditions of such programs.

9. Outstanding Awards. Your vested and unvested carried interest points in various funds and vehicles affiliated with the Company shall continue in accordance with the terms of the respective governing documents. In addition, your outstanding equity-based awards, both vested and unvested, shall continue in accordance with the terms of their applicable award documents and Plan. For the avoidance of doubt, this includes the RSUs awarded to you with respect to your partner equity integration grant, your CII RSUs, your Apollo Supplemental Partner Program Award in respect of realization years 2022 and 2023, and your direct points in []; provided, however, that following the execution of this Agreement, you will not be eligible to receive any new points in respect of such funds.

10. Restrictive Covenants.

- a. In connection with the execution of this Agreement, you hereby agree to the following modifications of the ECAA, and it is a condition of your employment under this Agreement and the issuance of any RSU Shares that you comply in all material respects with the terms of the ECAA and any successor agreements (it being agreed that you shall not be in violation of the ECAA as a result of any act or omission by you that is expressly permitted in this Agreement or other written agreement with the Company).
- b. Notwithstanding anything to the contrary contained in the ECAA, your non-competition and non-solicitation obligations apply throughout your employment with the Company and during the following restricted periods set forth below.
 - i. The "**Non-Competition Restricted Period**" shall continue through the longer of (i) the eighteen (18) month period following any termination of your employment and (ii) December 31, 2028.
 - ii. The "**Non-Solicitation Restricted Period**" shall continue through the longer of (i) the twenty-four (24) month period following any termination of your employment and (ii) December 31, 2028 (the Non-Competition Restricted Period and the Non-Solicitation Restricted Period, as applicable, the "**Restricted Period**").

- c. For purposes of clarity, the Company only retains the right to enforce the respective covenants herein and in the ECAA with all applicable remedies, including injunctive relief, for violations during the applicable eighteen (18) and twenty-four (24) month post-termination periods. The sole remedy for violation of the non-compete and non-solicit covenants beyond the applicable eighteen (18) and twenty-four (24) month post-termination periods shall be forfeiture of your RSUs as set forth herein and in the RSU Award Agreement, and the Company shall not otherwise be entitled to injunctive relief, monetary damages, or any other remedy at law or in equity for violations of the non-compete and non-solicit covenants beyond the applicable eighteen (18) and twenty-four (24) month post-termination periods.

11. Benefit Plans. You will continue to be eligible to participate in the various group health, disability, and life insurance plans and other employee programs, including sick and vacation time, as generally are offered by the Company to similarly situated employees from time to time. Specifically, with respect to vacation, you will be entitled to vacation days on the same terms provided to the Company's partners generally, consistent with Company policies. You will continue to be provided with administrative assistance, logistical support and a suitable office, as you are currently provided. The Company reserves the right to modify or terminate any such employee program at any time.

12. Indemnification. Your rights to be indemnified (and/or have expenses advanced) pursuant to any indemnification provision in any limited liability company agreement, limited partnership agreement, by-laws, or insurance policies covering the directors and officers of the Company against any losses, claims, damages, liabilities, judgments and reasonable expenses, incurred by, or imposed upon, you, shall subsist in accordance with the terms of the applicable provision on the date hereof, or as more favorable to you from time to time. During your employment with the Company and thereafter, your rights to be covered under directors' and officers' liability insurance and be indemnified (and/or have expenses advanced) pursuant to any indemnification provision in any limited liability company agreement, limited partnership agreement, by-laws, or insurance policies covering the directors and officers of the Company against any losses, claims, damages, liabilities, judgments and reasonable expenses, incurred by, or imposed upon, you, shall continue in accordance with the terms of the applicable provision or policy, as in effect at that time. You and the Company acknowledge and agree that the indemnification agreement by and between you and the Company, if any, remains in effect in accordance with its terms.

13. Amounts Payable Under This Agreement. All amounts payable under this Agreement are subject to deduction and withholding by the Company for applicable Federal, state or local taxes and withholdings. Notwithstanding anything to the contrary herein, the Company does not guarantee the tax treatment of any payments or benefits under this Agreement, including without limitation under Federal, state, local or foreign tax laws and regulations.

- 14. Employment in Good Standing; Compliance.** As you are aware, the Company is subject to and has various compliance procedures in place. Accordingly, you understand that your continued association with the Company will be subject to your continued employment with the Company in good standing, which will include, among other things, your adherence to applicable laws, the Company's Code of Conduct, and the Company's other written policies, procedures, and applicable compliance manuals, copies of which will be made available to you. Nothing in this Agreement shall be construed as establishing any right to continued employment with the Company.
- 15. Section 409A.** The payments and benefits provided under this Agreement are intended to be exempt from, or comply with, Section 409A of the Internal Revenue Code of 1986, as amended ("**Section 409A**") and this Agreement should be interpreted in a manner consistent therewith. To the extent necessary to avoid the imposition of tax or penalty under Section 409A, any payment by the Company or Affiliate to you (if you are then a "specified employee" as defined in Section 409A(a)(2)(B)(i) and Treasury Regulation §1.409A-1(i)(I)) of "deferred compensation," whether pursuant to the Agreement or otherwise, arising solely due to a "separation from service" (and not by reason of the lapse of a "substantial risk of forfeiture"), as such terms are used in Section 409A, shall be delayed (to the extent otherwise payable prior to such date) and paid on the first day following the six-month period beginning on the date of your separation from service under Section 409A (or, if earlier, upon your death). Each payment or installment due under this Agreement is intended to constitute a "separate payment" for purposes of Section 409A. In no event shall the Company or any Affiliate (or any agent thereof) have any liability to you or any other person due to the failure of this Agreement to satisfy the requirements of Section 409A. In the event that the parties reasonably agree that the payments and benefits provided under this Agreement, or the provisions of this Agreement are not in compliance with Section 409A, the parties shall in good faith attempt to modify this Agreement to comply with Section 409A while endeavoring to maintain its intended economic benefits.
- 16. Severability.** If any provision of this Agreement shall be held invalid, illegal, or unenforceable in any jurisdiction for any reason then, to the fullest extent permitted by law, (a) all other provisions hereof shall remain in full force and effect in such jurisdiction and shall be liberally construed in order to carry out the intent of the parties hereto as nearly as may be possible; (b) such invalidity, illegality, or unenforceability shall not affect the validity, legality, or enforceability of any other provision hereof or affect the validity, legality, or enforceability of such provision in any other jurisdiction; and (c) any court or arbitrator having jurisdiction thereover shall have the power to reform such provision to the extent necessary for such provision to be enforceable under applicable law.
- 17. Governing Law and Forum.** The parties agree and consent that this Agreement (including any claim for injunctive relief permitted by the ECAA) shall be governed by and construed in accordance with the laws of the State of New York (without regard to any conflicts of laws principles thereof that would give effect to the laws of another jurisdiction) and the dispute mechanisms and forum set forth in the ECAA.

- 18. Modifications to the Agreement.** This Agreement may not be modified, amended or waived except pursuant to a writing signed by the undersigned parties.
- 19. Entire Agreement and Assignment of Agreement.** This Agreement (together with the ECAA, the RSU Award Agreement, and the CTI Summary of Key Terms) constitutes the entire agreement between the parties in relation to its subject matter and supersedes any previous agreement or understanding between the parties relating thereto, including but not limited to any term sheet other than the CTI Summary of Key Terms (except that any obligations contained in any such agreement in favor of the Company requiring you to maintain confidentiality shall survive in accordance with their terms, unless specifically superseded herein). In addition, the parties hereby agree that the compensation reflected in this Agreement covers all compensation through December 31, 2028. For the avoidance of doubt, you shall not be eligible for or otherwise entitled to any compensation that is not expressly set forth in this Agreement, including any such compensation set forth in the Prior Agreements. All other governing documents referenced herein will remain in effect in accordance with their terms. Any notice required hereunder shall be made in writing, as applicable, to the Company in care of the Global Head of the Company's Human Capital Team, at their principal office location (with a copy to the Company's Chief Legal Officer at their principal office location) or to you at your home address most recently on file with the Company. Except for an assignment by the Company of this Agreement to an Affiliate, this Agreement may not be assigned by the parties other than as expressly provided herein.
- 20. Assignment.** This Agreement may not be assigned except by the Company to an Affiliate, the employees of which are primarily dedicated to the Company; provided, that, the Company shall remain secondarily liable for all of its obligations hereunder. In the event of your death or total disability (whether during, on or following termination of your employment,) any amounts otherwise payable to you will be paid to your beneficiaries and estate.
- 21. Counterparts.** This Agreement may be executed through the use of separate signature pages or in any number of counterparts, with the same effect as if the parties executing such counterparts had executed one (1) counterpart.
- 22. Miscellaneous.** This Agreement shall not be construed against the party preparing it, but shall be construed as if the parties jointly prepared this Agreement, and any uncertainty or ambiguity shall not on that ground be interpreted against any party.

**RESTRICTED SHARE UNIT AWARD AGREEMENT UNDER THE APOLLO GLOBAL MANAGEMENT,
INC.**

2019 OMNIBUS EQUITY INCENTIVE PLAN

Vested at Grant RSU Award Agreement

This Award Agreement (this "RSU Award Agreement"), dated as of [] (the "Date of Grant"), is made by and between Apollo Global Management, Inc., a Delaware corporation (the "Company"), and [] (the "Participant"). Capitalized terms not defined herein or in Exhibit A hereto shall have the meaning ascribed to them in the Apollo Global Management, Inc. 2019 Omnibus Equity Incentive Plan, as the same may be amended, modified or supplemented from time to time (the "Plan"). Where the context permits, references to the Company shall include any successor to the Company.

1. Grant of Restricted Share Units. The Company hereby grants to the Participant [] restricted share units (the "RSUs"), subject to all of the terms and conditions of this RSU Award Agreement and the Plan. [The Participant acknowledges that this grant of RSUs is made as part of the grant of RSUs described in Section 6 of the Participant's employment letter dated [] (the "Letter Agreement"), captioned "RSU Grant."]

2. Vesting. The RSUs are fully vested as of the Date of Grant.

3. Form, Manner and Timing of Payment. Each RSU granted hereunder shall represent the right to receive one Share (Shares subject to RSUs covered by this Award, "RSU Shares"). For each RSU, the Company, or its Subsidiaries or Affiliates, shall issue to the Participant, subject to the terms hereof, including but not limited to compliance with Section 5 and the forfeiture and clawback provisions of Section 6, on the applicable issuance date set forth in Section 4 (each, an "Issuance Date"), one RSU Share (either by delivering one or more certificates for such shares or by entering such shares in book-entry form, as determined by the Company in its discretion). Such issuance shall constitute payment of the RSU. References herein to issuances to the Participant shall include issuances to any Beneficial Owner or other Person to whom (or to which) the RSU Shares are issued. The Company's obligation to issue RSU Shares or otherwise make any payment with respect to vested RSUs is subject to the condition precedent that the Participant or other Person entitled under the Plan to receive any RSU Shares with respect to the vested RSUs deliver to the Company any representations or other documents or assurances required pursuant to Section 16 and the Company may meet any obligation to issue RSU Shares by having one or more of its Subsidiaries or Affiliates issue the RSU Shares. The Participant shall have no further rights with respect to any RSUs for which Shares are issued under Section 4.

4. Delivery.

(a) One RSU Share shall be issued in payment of each vested RSU as soon as reasonably practicable within [] days following [], provided the Participant remains in continuous employment with the Company through such date, or is otherwise terminated prior to such date: (i) due to death or by the Company by reason of Disability or (ii) by the Company without Cause, in each case, subject to the Participant's execution and non-revocation of a general release of claims substantially in the form attached as Exhibit B within [] days following the date of termination and the Participant's continued compliance in all material respects with the provisions set forth in Section 5 below. [Notwithstanding the foregoing and solely for the purposes of satisfying the applicable withholding taxes on the RSUs, [] RSU Shares shall be issued to the Participant immediately on the Date of Grant ("Immediate Delivery Shares"), which RSU Shares shall be held back to satisfy any withholding or tax obligations; provided, however, that in the event the RSUs are forfeited, such Immediate Delivery Shares shall be subject to recoupment, as described below.]

(b) Upon any other termination of the Participant's employment prior to [], subject to Section 26 and Section 28, and for the avoidance of doubt, subject to the Participant's execution and non-revocation of a general release of claims substantially in the form attached as Exhibit B within [] days following the date of termination and the Participant's continued compliance in all material respects with the provisions set forth in Section 5 below, issuance of the RSU Shares covered by this Award shall instead occur as soon as reasonably practicable within [] days following [].

(c) The Company in its sole and absolute discretion, consistent with the requirements of Section 409A, may consider accelerating the date of issuance of the RSU Shares in connection with a Change in Control.

(d) Fractional RSU Shares shall not be issued (or any consideration provided therefor) but shall accumulate to equal one whole Share.

5. Restrictive Covenants. The Participant agrees that the restrictive covenants set forth in the Participant's Covenants Agreement and Mutual Arbitration Agreement (the "ECAA") and the Letter Agreement, or any successor thereto, are incorporated by reference as if contained herein, and that the Participant shall forfeit all rights to the RSU Shares if the Participant engages in any activity prohibited thereby before the later of [] and [] months after the date of a termination of employment (a "Termination") for the non-compete covenants and [] months after the date of a Termination for the non-solicitation and other covenants. Nothing contained herein shall reduce or limit the application or scope of any restrictive covenants in favor of the Company or any of its Subsidiaries or Affiliates (for example, with respect to competition, solicitation, confidentiality, intellectual property, subsequent engagement, interference or disparagement) to which the Participant is otherwise subject (provided that Participant shall not be deemed in breach of any such covenants or any covenants in this Agreement, the Letter Agreement and the ECAA, in each case, for conduct expressly permitted by any of the foregoing). The Participant acknowledges

that the Company would not have granted this Award if the Participant had not agreed to be bound by such restrictive covenants, as the same may be amended from time to time. Nothing in this RSU Award Agreement or any other agreement or arrangement of the Company or any of its Affiliates to which the Participant is subject will (a) prohibit the Participant from making reports of possible violations of U.S. federal law or regulation to any governmental agency or entity in accordance with Section 21F of the Securities Exchange Act of 1934, Section 806 of the Sarbanes-Oxley Act of 2002, or any other whistleblower protection provisions of U.S. federal law or regulation, or (b) require notification or prior approval by the Company or any of its Affiliates of any such reporting.

6. Forfeiture; Clawback.

(a) For the avoidance of doubt, the RSUs and shares underlying the RSUs [(including the Immediate Delivery Shares)] will be subject to the forfeiture and clawback provisions as set forth in Section 7 of the Letter Agreement. In addition, if the Participant fails to comply in any material respects with any restrictive covenants applicable to the Participant or any successor thereto (which covenants, for this purpose, shall be treated as continuing to apply through the later of [] and [] months after the date of Termination for the non-compete covenants, and [] months after the date of Termination for the non-solicitation and other covenants), and such failure, if curable, is not cured within [] days following receipt of written notice by the Participant from the Company, then the Participant shall forfeit any RSU Shares that have not yet been issued to the Participant, and the Participant will have an obligation to return the RSU Shares that have previously been delivered (or repay the then equivalent gross value thereof) to the Company upon a written request therefor.

(b) If the forfeiture and clawback provisions in this Section 6 are rendered void and/or unenforceable in any respect due to a change in the applicable law governing the enforcement of the non-compete restriction contemplated by this Agreement, the Company reserves the right to amend such terms in good faith to reflect the spirit of the arrangement and original intent of the parties, taking into account any limitations under any tax rules.

7. Restrictions. The RSUs may not be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of or encumbered. The transfer restrictions contained in the preceding sentence shall not apply to (a) transfers to the Company, or (b) transfers of vested RSUs by will or the laws of descent and distribution, or (c) if approved by the Administrator in its sole discretion, transfers of RSUs in accordance with the requirements of Instruction A.1.(a)(5) of Form S-8 under the Securities Act or other applicable law. The RSUs shall be subject to any additional requirements or restrictions contained in this RSU Award Agreement or in the Plan that have not been otherwise satisfied, terminated, or expressly waived by the Company in writing.

8. Voting and Other Rights; Dividend Equivalents. The Participant shall have no rights of a shareholder (including voting rights and the right to dividends or distributions), and will not be treated as an owner of Shares for tax purposes, except with respect to RSU

Shares that have been issued. Notwithstanding the foregoing, the Participant shall accrue rights to dividend equivalents from the Company or its Subsidiaries or Affiliates on the RSUs, whether or not vested, at the time of an ordinary cash dividend on Shares. Any dividend equivalent so accrued in respect of a RSU shall have the same value as the ordinary cash dividend on an outstanding Share that gave rise to the dividend equivalent, and shall be paid not later than 30 days after such ordinary cash dividend is paid to the holders of Shares. Rights to dividend equivalents on a RSU shall terminate upon the issuance or forfeiture of the underlying RSU Share. Under no circumstances shall the Participant be entitled to receive (a) both a dividend and a dividend equivalent with respect to an RSU (or its associated RSU Share) or (b) any dividend or dividend equivalent with respect to a forfeited or fractional RSU.

9. RSU Award Agreement Subject to Plan. This RSU Award Agreement is made pursuant to all of the provisions of the Plan, which is incorporated herein by this reference, and is intended, and shall be interpreted in a manner, to comply therewith. In the event of any conflict between the provisions of this RSU Award Agreement and the provisions of the Plan, the provisions of this RSU Award Agreement shall govern.

10. No Rights to Continuation of Employment or Service. Nothing in the Plan or this RSU Award Agreement shall confer upon the Participant any right to continue in the employ or service of the Company or any Subsidiary thereof or shall interfere with or restrict the right of the Company (or a Subsidiary or Affiliate or its shareholders, as the case may be) to terminate the Participant's employment or service at any time for any reason whatsoever, with or without Cause, subject to the terms of the Letter Agreement. The Plan and this RSU Award Agreement shall not (a) form any part of any contract of employment or contract for services between the Company or any past or present Subsidiary thereof and any directors, officers or employees of those companies, (b) confer any legal or equitable rights (other than those constituting the Awards themselves) against the Company or any past or present Subsidiary thereof, directly or indirectly, or (c) give rise to any cause of action in law or in equity against the Company or any past or present Subsidiary thereof.

11. Tax Withholding. The Participant is responsible for all taxes and any tax-related penalties the Participant incurs in connection with the Award. The Company or its Subsidiaries or Affiliates shall be entitled to require a cash payment by or on behalf of the Participant and/or to deduct, from other compensation payable to the Participant, any sums required by U.S. federal, state or local law (or by any tax authority outside of the United States) to be withheld or accounted for by the Company or its Subsidiaries or Affiliates with respect to any RSU. The Company in its discretion may alternatively reduce the number of shares to be issued by the appropriate number of whole Shares, valued at their then Fair Market Value, or require any other available method to satisfy any withholding or tax obligations of the Company or its Subsidiaries or Affiliates with respect to the RSUs at the applicable rates.

12. Section 409A Compliance. This Award is intended to be exempt from, or comply with, Section 409A and to be interpreted in a manner consistent therewith. To the extent necessary to avoid the imposition of tax or penalty under Section 409A, any payment by the Company or any Subsidiary or Affiliate to the Participant (if the Participant is then a "specified employee" as defined in Code Section 409A(a)(2)(B)(i) and Treasury Regulation

§1.409A-1(i)(1)) of "deferred compensation," whether pursuant to the Plan or otherwise, arising solely due to a "separation from service" (and not by reason of the lapse of a "substantial risk of forfeiture"), as such terms are used in Section 409A, shall be delayed (to the extent otherwise payable prior to such date) and paid on the first day following the six-month period beginning on the date of the Participant's separation from service under Section 409A (or, if earlier, upon the Participant's death). Each payment or installment due to the Participant from the Company or any of its Affiliates, whether under this RSU Award Agreement or otherwise, is intended to constitute a "separate payment" for purposes of Section 409A. In no event shall the Company or any Subsidiary or Affiliate (or any agent thereof) have any liability to the Participant or any other Person due to the failure of the Award to satisfy the requirements of Section 409A. In the event that the parties reasonably agree that the payments and benefits provided under this RSU Award Agreement or the provisions of this RSU Award Agreement are not in compliance with Section 409A, the parties shall in good faith attempt to modify this RSU Award Agreement to comply with Section 409A while endeavoring to maintain its intended economic benefits.

13. Governing Law; Arbitration; Waiver of Jury Trial.

(a) This RSU Award Agreement shall be governed by, interpreted under and construed and enforced in accordance with the laws of the State of Delaware (without regard to any conflicts of laws principles thereof that would give effect to the laws of another jurisdiction), and any dispute, controversy, suit, action or proceeding ("Proceeding") arising out of or relating to this Award or any other Award, will, notwithstanding anything to the contrary contained in Section 14(e) of the Plan, be settled by arbitration in accordance with the procedures set forth in the ECAA, including with the carve-out for the right to receive injunctive relief for the restrictive covenants.

(b) **IF AN AGREEMENT TO ARBITRATE IS HELD INVALID OR UNENFORCEABLE THEN, TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW THAT CANNOT BE WAIVED, THE PARTICIPANT WAIVES AND COVENANTS THAT THE PARTICIPANT WILL NOT ASSERT (WHETHER AS PLAINTIFF, DEFENDANT OR OTHERWISE) ANY RIGHT TO TRIAL BY JURY IN ANY ACTION ARISING IN WHOLE OR IN PART UNDER OR IN CONNECTION WITH AN AWARD UNDER THE PLAN OR ANY MATTERS CONTEMPLATED THEREBY, WHETHER NOW OR HEREAFTER ARISING, AND WHETHER SOUNDING IN CONTRACT, TORT OR OTHERWISE, AND AGREES THAT ANY OF THE COMPANY OR ANY OF ITS AFFILIATES OR THE PARTICIPANT MAY FILE A COPY OF THIS PARAGRAPH WITH ANY COURT AS WRITTEN EVIDENCE OF THE KNOWING, VOLUNTARY AND BARGAINED-FOR AGREEMENT AMONG THE COMPANY AND ITS AFFILIATES, ON THE ONE HAND, AND THE PARTICIPANT, ON THE OTHER HAND, IRREVOCABLY TO WAIVE THE RIGHT TO TRIAL BY JURY IN ANY PROCEEDING WHATSOEVER BETWEEN SUCH PARTIES ARISING OUT OF OR RELATING TO AN AWARD UNDER THE PLAN AND THAT ANY PROCEEDING PROPERLY HEARD BY A COURT UNDER AN AWARD AGREEMENT UNDER THE PLAN**

WILL INSTEAD BE TRIED IN A COURT OF COMPETENT JURISDICTION BY A JUDGE SITTING WITHOUT A JURY.

14. RSU Award Agreement Binding on Successors. The terms of this RSU Award Agreement shall be binding upon the Participant and upon the Participant's heirs, executors, administrators, personal representatives, transferees, assignees and successors in interest and upon the Company, its Affiliates and its and their successors and assignees, subject to the terms of the Plan.

15. No Assignment. Subject to the second sentence of Section 7, neither this RSU Award Agreement nor any rights granted herein shall be assignable by the Participant other than (with respect to any rights that survive the Participant's death) by will or the laws of descent and distribution. No purported sale, assignment, mortgage, hypothecation, transfer, pledge, encumbrance, gift, transfer in trust (voting or other) or other disposition of, or creation of a security interest in or lien on, any RSUs or RSU Shares by any holder thereof in violation of the provisions of this RSU Award Agreement or the Plan will be valid, and the Company will not transfer any of said RSUs or RSU Shares on its books nor will any RSU Shares be entitled to vote, nor will any distributions be paid thereon, unless and until there has been full compliance with said provisions to the satisfaction of the Company. The foregoing restrictions are in addition to and not in lieu of any other remedies, legal or equitable, available to enforce said provisions.

16. Necessary Acts. The Participant hereby agrees to perform all acts, and to execute and deliver any documents, that may be reasonably necessary to carry out the provisions of this RSU Award Agreement, including but not limited to all acts and documents related to compliance with securities, tax and other applicable laws and regulations.

17. HSR. Prior to any acquisition by the Participant of common stock of the Company, whether by way of open market purchase, vesting of restricted stock units, conversion or exercise of options or warrants, or otherwise, and whether or not contemplated by this Agreement ("Acquisition"), the Participant and the Company will take commercially reasonable efforts in respect of any Acquisition to ensure that the Participant complies with the requirements of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended ("HSR Act"), 15 U.S.C. § 18a, including making any filings required under the HSR Act, paying the necessary filing fees, which will be the Participant's sole responsibility to pay, and observing the statutory waiting period(s). Subject to the foregoing, the Participant will provide at least 60 days' written notice to the Company prior to any Acquisition that would require a filing under the HSR Act.

18. Limitation on the Participant's Rights; Not a Trust. Participation in the Plan confers no rights or interests other than as herein provided. This RSU Award Agreement creates only a contractual obligation on the part of the Company as to amounts payable and shall not be construed as creating a trust. Neither the Plan nor any underlying program, in and of itself, has any assets, and the RSUs shall not be treated as property or as a trust fund of any kind. The RSUs shall be used solely as a device for the determination of the payment of amounts payable to the Participant in connection with any dividend equivalent pursuant to Section 8 or if the RSUs vest pursuant to Section 4. The Participant shall have only the rights of a general unsecured creditor of the Company with respect to amounts credited and

benefits payable, if any, with respect to the RSUs, and rights no greater than the right to receive the RSU Shares as a general unsecured creditor with respect to RSUs, as and when payable hereunder.

19. Severability. Should any provision of this RSU Award Agreement be held by an arbitrator or court of competent jurisdiction to be unenforceable, or enforceable only if modified, such holding shall not affect the validity of the remainder of this RSU Award Agreement, the balance of which shall continue to be binding upon the parties hereto with any such modification (if any) to become a part hereof and treated as though contained in this original RSU Award Agreement. Moreover, if one or more of the provisions contained in this RSU Award Agreement shall for any reason be held to be excessively broad as to scope, activity, subject or otherwise so as to be unenforceable, then in lieu of severing such unenforceable provision or provisions, it or they shall be construed by the appropriate judicial body or arbitral tribunal by limiting or reducing it or them, so as to be enforceable to the maximum extent compatible with the applicable law as it shall then appear, and such determination by a judicial body or arbitral tribunal shall not affect the enforceability of such provisions or provisions in any other jurisdiction.

20. Failure to Enforce Not a Waiver. The failure of the Company to enforce at any time any provision of this RSU Award Agreement shall in no way be construed to be a waiver of that provision or of any other provision hereof.

21. Entire Agreement. This RSU Award Agreement and the Plan contain the entire agreement and understanding among the parties as to the subject matter hereof including, without limitation, any understanding regarding the grant of fully-vested RSUs, and supersede all prior writings or understandings with respect to the grant of RSUs covered by this Award, including any previously circulated versions of the RSU Award Agreement for this Award or any term sheets related thereto. The Participant acknowledges that any summary of the Plan or this RSU Award Agreement provided by the Company is subject in its entirety to the terms of the Plan and this RSU Award Agreement. References herein or in the Plan to this RSU Award Agreement include references to its Exhibits.

22. Headings. Headings are used solely for the convenience of the parties and shall not be deemed to be a limitation upon or description of the contents of any Section.

23. Counterparts. This RSU Award Agreement may be executed in any number of counterparts, including via facsimile or PDF, each of which shall be deemed to be an original and all of which together shall be deemed to be one and the same instrument.

24. Amendment. Except as otherwise provided in the Plan or Section 12, no amendment or modification hereof shall be valid unless it shall be in writing and signed by all parties hereto.

25. Disposition of Shares Issued. Subject to applicable law, the Participant may dispose of RSU Shares granted under this Award during any "window period" in which sales by Company personnel are permitted, or otherwise pursuant to the terms of a 10b5-1 plan on the same terms as apply to the use of such plans by other Company personnel, subject to approval by the Company's compliance department, or otherwise as permitted for similarly situated former employees. All dispositions of RSU Shares are subject to compliance with the Company's Share Ownership Policy as in effect from time to time.

26. Acknowledgements and Representations. The Participant is acquiring the RSUs and, if and when the RSUs vest, will acquire the RSU Shares covered thereby solely for the Participant's own account, for investment purposes only, and not with a view to or an intent to sell or distribute, or to offer for resale in connection with any unregistered distribution, all or any portion of the RSUs or RSU Shares within the meaning of the Securities Act and/or any applicable state securities laws. The Participant has had an opportunity to ask questions and receive answers from the Company regarding the terms and conditions of the Award and the restrictions imposed on the RSUs and the RSU Shares. The Participant has been furnished with, and/or has access to, such information as he or she considers necessary or appropriate for deciding whether to accept the Award. However, in evaluating the merits and risks of an investment in the Company, the Participant has and will rely upon the advice of his/her own legal counsel, tax advisors, and/or investment advisors. The Participant is aware that RSU Shares may be of no practical value. The Participant has read and understands the restrictions and limitations set forth in the Plan and this RSU Award Agreement, which are imposed on the RSUs and the RSU Shares. The Participant confirms that the Participant has not relied on any warranty, representation, assurance or promise of any kind whatsoever in entering into this RSU Award Agreement other than as expressly set out in this RSU Award Agreement or in the Plan.

27. Electronic Delivery. The Company may, in its sole discretion, decide to deliver any documents related to the Award (or future Awards that may be granted under the Plan) and participation in the Plan by electronic means or to request the Participant's consent to participate in the Plan by electronic means. The Participant hereby consents to receive such documents by electronic delivery and, if requested, to agree to participate in the Plan through an online or electronic system established and maintained by the Company or a third party designated by the Company.

28. Recoupment. By accepting this Award, the Participant acknowledges and agrees that the Participant will be subject to any policy adopted by the Company that provides for the repayment or forfeiture of incentive compensation, including, without limitation, the Apollo Corporate Recoupment Policy, as may be amended from time to time, and this Award shall be subject to recoupment or forfeiture per any such policy, in accordance therewith, or as otherwise required by law or applicable regulatory rules or guidance.

CHIEF EXECUTIVE OFFICER CERTIFICATION

I, Marc Rowan, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q for the quarter ended June 30, 2026 of Apollo Global Management, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the Registrant as of, and for, the periods presented in this report;
4. The Registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the Registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the Registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the Registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the Registrant's internal control over financial reporting that occurred during the Registrant's most recent fiscal quarter (the Registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting; and
5. The Registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the Registrant's auditors and the audit committee of the Registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the Registrant's internal control over financial reporting.
