1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

Accordia Life and Annuity Company (“Accordia” or “the Company”) is a stock life insurance company organized under the laws of the State of Iowa, and is a wholly-owned subsidiary of Commonwealth Annuity and Life Insurance Company (“Commonwealth Annuity”) effective September 30, 2013.

The accompanying financial statements of the Company have been prepared in conformity with the accounting practices prescribed by the National Association of Insurance Commissioners (“NAIC”) and the State of Iowa.

The Insurance Division, Department of Commerce, of the State of Iowa (“IAID”) recognizes only statutory accounting practices prescribed or permitted by the State of Iowa for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the Iowa Insurance Law. The NAIC’s Accounting Practices & Procedures Manual (“NAIC SAP”) has been adopted as a component of prescribed or permitted practices by the State of Iowa. The Commissioner of Insurance has the right to permit other specific practices that deviate from prescribed practices.

In 2009, the Commissioner of IAID promulgated Iowa Administrative Code (IAC) Section 191-97, *Accounting for Certain Derivative Instruments Used to Hedge the Growth in Interest Credited for Indexed Insurance Products and Accounting for the Indexed Insurance Products Reserve*, which prescribes that an insurer may elect (i) to use an amortized cost method to account for certain derivative instruments, such as call options, purchased to hedge the growth in interest credited to the customer on indexed insurance products and (ii) to utilize an indexed annuity reserve calculation methodology under which call options associated with the current index interest crediting term are valued at zero. The Company has elected to apply IAC Section 191-97 to its over the counter (OTC) call options. As a result, the Company’s net income from operations increased by \$8,807,158 for the period ended June 30, 2026 and decreased by \$6,040,697 for the period ended December 31, 2025, respectively and the Company’s statutory surplus decreased by \$210,434,210 and decreased by \$219,241,367 as of June 30, 2026 and December 31, 2025, respectively.

A reconciliation of the Company’s net income (loss) and statutory surplus between practices prescribed by the State of Iowa and NAIC SAP is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Life premiums are recognized as income over the premium paying period of the related policies. Annuity considerations are recognized as revenue when received. Reinsurance treaties that do not meet the definition of risk transfer are recorded under the rules of deposit accounting as prescribed in Statement of Statutory Accounting Principles (“SSAP”) No. 61. - *Life, Deposit-Type and Accident and Health Reinsurance* and are carried as a deposit liability, net income and expenses are shown in the aggregate write in line on the summary of operations. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

In addition, the Company uses the following accounting policies, as applicable:

- (1) Short-term investments that have original maturities of greater than three months and less than twelve months at date of purchase are carried at amortized cost, which approximates fair value.
- (2) Bonds not backed by loans are stated at amortized cost or fair value, using the modified scientific method, in accordance with the NAIC *Purposes and Procedures* Manual of the Capital Markets and Investment Analysis Office. The Company holds certain SVO designated securities and has not elected to use a systematic value measurement method to value those securities, but carries them at fair value. The Company has one investment that is using the systematic value approach.
- (3) Common stocks are carried at fair value, except investments in stocks of uncombined subsidiaries and affiliates in which the Company has an interest of 10% or more are carried on an equity basis.

Notes to the Financial Statements

1. Summary of Significant Accounting Policies and Going Concern (Continued)

- (4) Preferred stocks are carried at amortized cost or fair value, in accordance with the NAIC *Purposes and Procedures* Manual of the Capital Markets and Investment Analysis Office.
- (5) Mortgage loans are stated at amortized cost or fair value, in accordance with the NAIC *Purposes and Procedures* Manual of the Capital Markets and Investment Analysis Office.
- (6) Asset-backed securities are stated at amortized cost using the interest method including anticipated prepayments at the date of purchase in accordance with SSAP 43 *Asset-Backed Securities*. Changes in prepayment speeds and estimated cash flows from the original purchase assumptions are evaluated quarterly and are accounted for on the prospective basis.
- (7) The Company carries its insurance subsidiaries as an equity investment in its statutory surplus. In accordance with SSAP No. 97 - *Investments in Subsidiary, Controlled, and Affiliated Entities*, dividends or distributions received from an investee shall be recognized in investment income when declared to the extent that they are not in excess of the undistributed accumulated earnings attributable to the investee. Dividends or distributions declared in excess of the undistributed accumulated earnings attributable to the investee shall reduce the carrying amount of the investment.
- (8) The Company has ownership interests in limited partnerships, joint ventures, or limited liability entities. The Company carries these interests based upon their proportionate share of the underlying GAAP equity of the investment.
- (9) Certain derivatives are carried at amortized cost as described above in Note 1. A. All other derivative instruments are generally accounted for at fair value with changes in fair value recorded as unrealized gains or losses until realized at closing of the contract.
- (10) The Company has no accident and health business and therefore no premium deficiency calculation.
- (11) The Company has no accident and health contracts.
- (12) The minimum threshold for asset expenditure is set at \$20,000 for an individual item or a group of related assets.
- (13) The Company does not have any pharmaceutical rebate receivables.

D. Going Concern

There is no substantial doubt about the Company’s ability to continue as a going concern.

2. Accounting Changes and Corrections of Errors

Accounting Changes

SSAP No. 101

In December 2025, the NAIC adopted revisions to SSAP No. 101, *Income Taxes*, incorporating certain provisions of ASU 2019-12, *Income Taxes*, (Topic 740), related to interim-period income tax accounting, including guidance on annual effective tax rate methodologies. The Company continues to compute interim income taxes using actual year-to-date taxable income. The Company believes this methodology approximates the annual effective tax rate approach contemplated under SSAP No. 101 due to the relative stability and predictability of the Company's operations. The Company has evaluated the impact on income taxes due to the adoption of the revised guidance and concluded there was no material impact to the financial statements for the year ended December 31, 2025, or for the period ended June 30, 2026.

Principles Based Bond Definition Project

Effective January 2025, the NAIC Statutory Accounting Principles Working Group adopted reporting changes under the Principles Based Bond Definition project. These reporting changes required review of the Company's bond portfolio to determine whether or not each security meets the new principles-based definition of a bond under SSAP 26. The review of the bond portfolio included evaluation of the economic substance of each security relative to the revised guidance in SSAP 26 Bonds, SSAP 43 Asset-backed Securities, and SSAP 21 Other Admitted Assets. The impact of these changes is outlined in Note 21 C of this statement.

This arrangement is hedging purchases through December 2028 and is expected to affect earnings until 2055. There was \$121,058,000 of AFS securities purchased year to date through the quarter ended June 30, 2026, and the fair value (\$31,177,355) of the hedge associated with each purchase was adjusted to the AFS security book values.

Plaintiffs filed five separate purported class action complaints against The Global Atlantic Financial Group LLC (“Global Atlantic”) and certain of its subsidiaries (inclusive of the Company) from August to September 2023 regarding the Pension Benefit Information, LLC (“PBI”) cybersecurity incident involving MOVEit file transfer software. Certain subsidiaries of Global Atlantic (inclusive of the Company) engaged PBI for services and provided PBI with customer information for that purpose. All purported class action complaints allege failure to properly secure and safeguard customers’ sensitive information. A Judicial Panel on Multidistrict Litigation in the U.S. District Court for the District of Massachusetts consolidated certain MOVEit-related litigation, including all matters filed against Global Atlantic. On September 5, 2024, the joint defense group filed a motion to dismiss, which was denied on December 12, 2024, as to Global Atlantic. All cases against Global Atlantic are stayed while certain other MDL cases proceed under a bellwether process.

Although the Company’s ultimate legal and financial responsibility and actual future expenditures to address regulatory, litigation and related matters cannot be estimated at this time and could prove to be materially different from the amount that we accrue or reserve for, the Company believes that certain liabilities are probable and can be reasonably estimated and accordingly has recorded a total reserve for all regulatory, litigation and related matters of approximately \$742,950 and \$3,447,551 at June 30, 2026 and December 31, 2025, respectively.

As is true for all securities in the Company's portfolio, the entire mortgage-backed asset portfolio is reviewed for impairments at least quarterly.
