# Reaffirming FY 2026 Guidance

## FY 2026 Guidance

|                                              |                          |
|----------------------------------------------|--------------------------|
| <b>Revenues</b>                              | <b>\$7.90B - \$8.36B</b> |
| <b>Adj. EBITDA<sup>1</sup></b>               | <b>\$980M - \$1,040M</b> |
| <b>Adj. EPS<sup>1</sup></b>                  | <b>\$3.87 - \$4.22</b>   |
| <b>Adj. Operating Cash Flows<sup>1</sup></b> | <b>\$560M - \$600M</b>   |

## Financial Modeling Assumptions

- Capex: ~\$40M - \$50M
- Effective tax rate: 26% - 28%
- Depreciation & amortization: ~\$165M (includes ~\$45M purchased intangibles amortization)
- Adjusted diluted share count: ~127M
- 89% Work Under Contract | 1% Recompete | 10% New Business
  - STS: 80% Under Contract | MTS: 94% Under Contract

<sup>1</sup> The company does not provide reconciliations of Adj. EBITDA, Adj. EPS, and Adj. OCF to the most comparable GAAP financial measures on a forward-looking basis because the company is unable to predict with reasonable certainty the ultimate outcome of legal proceedings, unusual gains and losses, and acquisition-related expenses without unreasonable effort, which could be material to the company's results computed in accordance with GAAP.
