DEAR FELLOW STOCKHOLDER:

You are cordially invited to attend the 2026 annual meeting of stockholders of Liberty Broadband Corporation to be held at 11:15 a.m., Mountain time, on May 11, 2026. The annual meeting will be held via the Internet and will be a completely virtual meeting of stockholders. You may attend the meeting, submit questions and vote your shares electronically during the meeting via the Internet by visiting www.virtualshareholdermeeting.com/LBRD2026. To enter the annual meeting, you will need the 16-digit control number that is printed on your Notice of Internet Availability of Proxy Materials or proxy card. We recommend logging in at least fifteen minutes before the meeting to ensure that you are logged in when the meeting starts. Online check-in will start shortly before the meeting on May 11, 2026.

At the annual meeting, you will be asked to consider and vote on the proposals described in the accompanying notice of annual meeting and proxy statement, as well as on such other business as may properly come before the meeting.

Your vote is important, regardless of the number of shares you own. Whether or not you plan to attend the annual meeting, please read the enclosed proxy materials and then promptly vote via the Internet or telephone or by completing, signing and returning the proxy card if you received a paper copy of the proxy materials by mail. Doing so will not prevent you from later revoking your proxy or changing your vote at the meeting.

Thank you for your cooperation and continued support and interest in Liberty Broadband.

Very truly yours,

Martin E. Patterson
President and Chief Executive Officer
March 26, 2026

The Notice of Internet Availability of Proxy Materials is first being mailed on or about March 27, 2026, and the proxy materials relating to the annual meeting will first be made available on or about the same date.

Cautionary Note Regarding Forward-Looking Statements

This proxy statement includes certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements about business strategies and initiatives and their expected benefits, the planned Combination (as defined below) and other matters that are not historical facts. Forward-looking statements describe future expectations, plans, results or strategies and can often be identified by the use of terminology such as “may,” “will,” “intend,” “continue,” “believe,” “expect,” “anticipate,” “should,” “could” or similar terminology. These statements are based upon management’s current expectations and assumptions and are not guarantees of timing, future results or performance. Actual results may differ materially from those contemplated in these statements due to a variety of risks and uncertainties and other factors, including, among other things, possible changes in market acceptance of new products or services, competitive issues, regulatory matters affecting our businesses, continued access to capital on terms acceptable to us, changes in law and government regulations, the availability of investment opportunities, general market conditions (including as a result of inflationary pressures) and the satisfaction of all conditions to the Combination. Additional information regarding risks, uncertainties and other factors that could cause actual results to differ materially from those contemplated in forward-looking statements is included from time to time in our filings with the Securities and Exchange Commission (the **SEC**), including under the heading “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2025, which was filed with the SEC on February 5, 2026 (the **2025 Form 10-K**), and in our subsequent periodic reports. Forward-looking statements speak only as of the date they are made and, except for our ongoing obligations under the U.S. federal securities laws, we undertake no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise. We believe these forward-looking statements are reasonable; however, you should not place undue reliance on forward-looking statements, which are based on current expectations.

Proxy Summary

This summary highlights information contained elsewhere in this proxy statement. This summary does not contain all information you should consider. Please read the entire proxy statement carefully before voting.

ABOUT OUR COMPANY

Liberty Broadband's principal asset is its ownership in Charter, the second largest cable operator in the United States. In July 2025, we completed the spin-off of GCI Liberty (the **GCI Liberty Spin-Off**), which holds the GCI business, the largest communications provider in Alaska for over 40 years.

Our Defining Attributes

INFRASTRUCTURE MINDED

We invest in essential connectivity platforms that underpin modern commerce and communication.

STRUCTURALLY INFORMED

We understand the capital intensity, regulatory environment and competitive dynamics of broadband networks.

CAPITAL ALLOCATION DRIVEN

We prioritize disciplined leverage management, tax efficiency and accretive capital deployment.

LONG-TERM OWNERSHIP MINDSET

We take a multi-year view of broadband penetration, pricing power and network investment cycles.

STOCKHOLDER ALIGNED

We focus on per-share value growth and maintain meaningful alignment between management and investors.

VOTING ROADMAP

Proposal 1: Election of Directors Proposal (see page 10)

OUR BOARD RECOMMENDS A VOTE FOR EACH DIRECTOR NOMINEE

The Board of Directors recommends that you vote **FOR** each director nominee. These individuals bring a range of relevant experiences and overall diversity of perspectives that is essential to good governance and leadership of our company. See pages 10-19 for further information.

OUR DIRECTOR NOMINEES

JOHN C. MALONE
Director Since: 2014 **Committee(s):** Executive
Chairman of the Board
Mr. Malone, as President of TCI, co-founded Liberty Media’s predecessor and is considered one of the preeminent figures in the media and telecommunications industry. He is well known for his sophisticated problem solving and risk assessment skills.

GREGG L. ENGLES
Director Since: 2020 **Committee(s):** Audit, Nominating and Corporate Governance
Independent Director
Mr. Engles offers our Board significant operational experience gained through his senior leadership positions at WhiteWave and other large public companies. He provides our Board with executive leadership perspective on the operations and management of public companies, which assists our Board in evaluating strategic opportunities.

JOHN E. WELSH III
Director Since: 2014 **Committee(s):** Audit (Chair), Nominating and Corporate Governance
Independent Director
Mr. Welsh brings to the Board a strong financial background in investment banking and investment management and his experience as an audit committee member of Integrated Electrical Services Corp. In addition to possessing strong leadership and collaboration skills, Mr. Welsh has substantial experience involving the management and operation of technology companies. He is also an important resource with respect to the financial services firms that our company may engage from time to time.

CURRENT BOARD OF DIRECTORS AT A GLANCE

BOARD AND CORPORATE GOVERNANCE HIGHLIGHTS

Effective Independent Oversight	Strong Governance Practices
• Separate Chairman of the Board and Chief Executive Officer • 75% of our directors are independent • Executive sessions of independent directors held without the participation of management • Independent directors chair the audit, compensation and nominating and corporate governance committees • Ability to engage with independent consultants or advisors • No compensation committee interlocks or compensation committee engagement in related party transactions in 2025	• Succession planning • Stockholder access to the director nomination process • Corporate Governance Guidelines and Code of Business Conduct and Ethics which are published online • Directors have unabridged access to senior management and other company employees • Anonymous “whistleblowing” channels for any concerns • Well-established risk oversight process

Proposal 2: Auditors Ratification Proposal (see page 30)

OUR BOARD RECOMMENDS A VOTE FOR THIS PROPOSAL

The Board of Directors recommends that you vote **FOR** this proposal because KPMG LLP is an independent firm with few ancillary services and reasonable fees, and has significant industry and financial reporting expertise. See pages 30-31 for further information.

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

We are furnishing this proxy statement in connection with the Board of Directors' solicitation of proxies for use at our 2026 Annual Meeting of Stockholders to be held at 11:15 a.m., Mountain time, on May 11, 2026 or at any adjournment or postponement of the annual meeting. The annual meeting will be held via the Internet and will be a completely virtual meeting of stockholders. You may attend the meeting, submit questions and vote your shares electronically during the meeting via the Internet by visiting www.virtualshareholdermeeting.com/LBRD2026. At the annual meeting, we will ask you to consider and vote on the proposals described in the accompanying Notice of Annual Meeting of Stockholders. The proposals are described in more detail in this proxy statement. We are soliciting proxies from holders of our Series A common stock, par value \$0.01 per share (**LBRDA**), Series B common stock, par value \$0.01 per share (**LBRDB**), and our Series A Cumulative Redeemable Preferred Stock, par value \$0.01 per share (**LBRDP**). The holders of our Series C common stock, par value \$0.01 per share (**LBRDK**), are not entitled to any voting powers, except as required by Delaware law, and may not vote on the proposals to be presented at the annual meeting. We refer to LBRDA, LBRDB and LBRDP, our common and preferred stock entitled to vote at the annual meeting, together as our **voting stock**. We refer to our voting stock together with LBRDK as our **capital stock**.

The Annual Meeting

NOTICE AND ACCESS OF PROXY MATERIALS

We have elected, in accordance with the SEC “Notice and Access” rule, to deliver a Notice of Internet Availability of Proxy Materials (the **Notice**) to our stockholders and to post our proxy statement and our annual report to our stockholders (collectively, the **proxy materials**) electronically. The Notice is first being mailed to our stockholders on or about March 27, 2026. The proxy materials will first be made available to our stockholders on or about the same date.

The Notice instructs you how to access and review the proxy materials and how to submit your proxy via the Internet. The Notice also instructs you how to request and receive a paper copy of the proxy materials, including a proxy card or voting instruction form, at no charge. We will not mail a paper copy of the proxy materials to you unless specifically requested to do so. The Notice is not a form for voting and presents only an overview of the more complete proxy materials, which contain important information and are available to you on the Internet or by mail. We encourage you to access and review the proxy materials before voting.

Important Notice Regarding the Availability of Proxy Materials For the Annual Meeting of Stockholders to be Held on May 11, 2026: our Notice of Annual Meeting of Stockholders, Proxy Statement and 2025 Annual Report to Stockholders are available at www.proxyvote.com.

We have adopted a procedure, approved by the SEC, called “householding.” Under this procedure, stockholders of record who have the same address and last name and did not receive a Notice of Internet Availability or otherwise receive their proxy materials electronically will receive only one copy of this Proxy Statement, unless we are notified that one or more of these stockholders wishes to continue receiving individual copies. This procedure will reduce our printing costs and postage fees.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of this Proxy Statement or if you hold our voting stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact Broadridge Financial Solutions, Inc. by writing to Broadridge Financial Solutions, Inc., Attn: Household Department, 51 Mercedes Way, Edgewood, New York 11717 or by calling, toll-free in the United States, 1-800-579-1639. If you participate in householding and wish to receive a separate copy of this Proxy Statement or if you do not wish to continue to participate in householding and prefer to receive separate copies of these documents in the future, please contact Broadridge Financial Solutions, Inc. as indicated above.

ELECTRONIC DELIVERY

Registered stockholders may elect to receive future notices and proxy materials by e-mail. To sign up for electronic delivery, go to www.proxyvote.com. Stockholders who hold shares through a bank, brokerage firm or other nominee may sign up for electronic delivery when voting by Internet at www.proxyvote.com by following the prompts. Also, stockholders who hold shares through a bank, brokerage firm or other nominee may sign up for electronic delivery by contacting their nominee. Once you sign up, you will not receive a printed copy of the notices and proxy materials, unless you request them. If you are a registered stockholder, you may suspend electronic delivery of the notices and proxy materials at any time by contacting our transfer agent, Broadridge, at (888) 789-8745 (outside the United States (303) 562-9277). Stockholders who hold shares through a bank, brokerage firm or other nominee should contact their nominee to suspend electronic delivery.

TIME, PLACE AND DATE

The annual meeting of stockholders is to be held at 11:15 a.m., Mountain time, on May 11, 2026. The annual meeting will be held via the Internet and will be a completely virtual meeting of stockholders. You may attend the meeting, submit questions and vote your shares electronically during the meeting via the Internet by visiting www.virtualshareholdermeeting.com/LBRD2026. To enter the annual meeting, you will need the 16-digit control number

that is printed on your Notice or proxy card. We recommend logging in at least fifteen minutes before the meeting to ensure that you are logged in when the meeting starts. Online check-in will start shortly before the meeting on May 11, 2026.

TECHNICAL DIFFICULTIES VOTING DURING THE ANNUAL MEETING. If during the check-in time or during the annual meeting you have technical difficulties or trouble accessing the applicable virtual meeting website, Broadridge Corporate Issuer Solutions, Inc. will have technicians ready to assist you with any individual technical difficulties you may have accessing the virtual meeting website. If you encounter any difficulties accessing the virtual meeting website during the check-in or meeting time for the annual meeting, please call the technical support number that will be posted on the virtual meeting website log-in page at www.virtualshareholdermeeting.com/LBRD2026. If we experience technical difficulties during the annual meeting (e.g., a temporary or prolonged power outage), we will determine whether the annual meeting can be promptly reconvened (if the technical difficulty is temporary) or whether the annual meeting will need to be reconvened on a later day (if the technical difficulty is more prolonged). In any such situation, we will promptly notify stockholders of the decision via www.virtualshareholdermeeting.com/LBRD2026.

PURPOSE

At the annual meeting, you will be asked to consider and vote on each of the following:

- the election of directors proposal, to elect John C. Malone, Gregg L. Engles and John E. Welsh III to continue serving as Class III members of our Board until the 2029 annual meeting of stockholders or their earlier resignation or removal; and
- the auditors ratification proposal, to ratify the selection of KPMG LLP as our independent auditors for the fiscal year ending December 31, 2026.

You may also be asked to consider and vote on such other business as may properly come before the annual meeting, although we are not aware at this time of any other business that might come before the annual meeting.

Recommendation of Our Board of Directors

Our Board of Directors has unanimously approved each of the proposals for inclusion in the proxy materials and recommends that you vote **FOR** each director nominee and **FOR** the auditors ratification proposal.

QUORUM

In order to conduct the business of the annual meeting, a quorum must be present. This means that the holders of a majority in total voting power of the outstanding shares of our voting stock outstanding on the record date (as defined below) must be present or represented by proxy. Virtual attendance at the annual meeting constitutes presence in person for purposes of a quorum at the meeting. For purposes of determining a quorum, your shares will be included as represented at the meeting even if you indicate on your proxy that you abstain from voting. If a broker, who is a record holder of shares, indicates on a form of proxy that the broker does not have discretionary authority to vote those shares on a particular proposal or proposals, or if those shares are voted in circumstances in which proxy authority is defective or has been withheld, those shares (**broker non-votes**) will nevertheless be treated as present for purposes of determining the presence of a quorum. See “—Voting Procedures for Shares Held in Street Name—Effect of Broker Non-Votes” below.

WHO MAY VOTE

Holders of shares of LBRDA, LBRDB and LBRDP, as recorded in our stock register as of 5:00 p.m., New York City time, on March 23, 2026 (such date and time, the **record date** for the annual meeting), will be entitled to notice of the annual meeting and to vote at the annual meeting or any adjournment or postponement thereof.

VOTES REQUIRED

Each director nominee who receives a plurality of the combined voting power of the outstanding shares of our voting stock present in person or represented by proxy at the annual meeting and entitled to vote on the election of directors proposal will be elected to office.

Approval of the auditors ratification proposal requires the affirmative vote of a majority of the combined voting power of the outstanding shares of our voting stock that are present in person or represented by proxy at the annual meeting and entitled to vote on the subject matter.

Virtual attendance at the annual meeting constitutes presence in person for purposes of each required vote.

VOTES YOU HAVE

At the annual meeting, holders of shares of LBRDA will have one vote per share, holders of shares of LBRDB will have ten votes per share, and holders of shares of LBRDP will have one-third of one vote per share, in each case, that our records show are owned as of the record date. Holders of LBRDK shares will not be eligible to vote at the annual meeting.

SHARES OUTSTANDING

As of the record date, 18,254,690 shares of LBRDA, 386,988 shares of LBRDB and 7,183,812 shares of LBRDP were issued and outstanding and entitled to vote at the annual meeting.

NUMBER OF HOLDERS

There were, as of the record date, 544, 66 and 600 record holders of LBRDA, LBRDB and LBRDP, respectively (which amounts do not include the number of stockholders whose shares are held of record by banks, brokers or other nominees, but include each such institution as one holder).

VOTING PROCEDURES FOR RECORD HOLDERS

Holders of record of LBRDA, LBRDB and LBRDP as of the record date may vote via the Internet at the annual meeting or prior to the annual meeting by telephone or through the Internet. Alternatively, if they received a paper copy of the proxy materials by mail, they may give a proxy by completing, signing, dating and returning the proxy card by mail.

Holders of record may vote their shares electronically during the meeting via the Internet by visiting www.virtualshareholdermeeting.com/LBRD2026. To enter the annual meeting, holders will need the 16-digit control number that is printed on their Notice or proxy card. We recommend logging in at least fifteen minutes before the meeting to ensure that they are logged in when the meeting starts. Online check-in will start shortly before the meeting on May 11, 2026.

Instructions for voting prior to the annual meeting by using the Internet are printed on the Notice or the proxy voting instructions attached to the proxy card. In order to vote prior to the annual meeting through the Internet, holders should have their Notices or proxy cards available so they can input the required information from the Notice or proxy card, and log onto the Internet website address shown on the Notice or proxy card. When holders log onto the Internet website address, they will receive instructions on how to vote their shares. Unless subsequently revoked, shares of our voting stock represented by a proxy submitted as described herein and received at or before the annual meeting will be voted in accordance with the instructions on the proxy.

YOUR VOTE IS IMPORTANT. It is recommended that you vote by proxy even if you plan to attend the annual meeting. You may change your vote at the annual meeting.

If you submit a properly executed proxy without indicating any voting instructions as to a proposal enumerated in the Notice of Annual Meeting of Stockholders, the shares represented by the proxy will be voted **“FOR”** each director nominee and **“FOR”** the auditors ratification proposal.

If you submit a proxy indicating that you abstain from voting as to a proposal, it will have no effect on the election of directors proposal and will have the same effect as a vote **"AGAINST"** the auditors ratification proposal.

If you do not submit a proxy or you do not vote at the annual meeting, your shares will not be counted as present and entitled to vote for purposes of determining a quorum, and your failure to vote will have no effect on determining whether any of the proposals are approved (if a quorum is present).

VOTING PROCEDURES FOR SHARES HELD IN STREET NAME

GENERAL

If you hold your shares in the name of a broker, bank or other nominee, you should follow the instructions provided by your broker, bank or other nominee when voting your shares or to grant or revoke a proxy. The rules and regulations of the New York Stock Exchange and The Nasdaq Stock Market LLC (**Nasdaq**) prohibit brokers, banks and other nominees from voting shares on behalf of their clients without specific instructions from their clients with respect to numerous matters, including, in our case, the election of directors proposal, as described in this proxy statement. Accordingly, to ensure your shares held in street name are voted on these matters, we encourage you to provide promptly specific voting instructions to your broker, bank or other nominee.

EFFECT OF BROKER NON-VOTES

Broker non-votes are counted as shares of our voting stock present and entitled to vote for purposes of determining a quorum but will have no effect on any of the proposals. You should follow the directions your broker, bank or other nominee provides to you regarding how to vote your shares of LBRDA, LBRDB and LBRDP or how to change your vote or revoke your proxy.

VOTING PROCEDURES FOR SHARES HELD IN THE GCI 401(K) SAVINGS PLAN

If you hold LBRDP shares through your account in the GCI 401(k) Plan, the trustee for such plan is required to vote your shares as you specify. To allow sufficient time for the trustee to vote your shares, your voting instructions must be received by 11:59 p.m., New York City time, on May 6, 2026. To vote such shares, please follow the instructions provided by the trustee for such plan.

REVOKING A PROXY

If you submitted a proxy prior to the start of the annual meeting, you may change your vote by attending the annual meeting online and voting via the Internet at the annual meeting or by delivering a signed proxy revocation or a new signed proxy with a later date to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. Any signed proxy revocation or later-dated proxy must be received before the start of the annual meeting. In addition, you may change your vote through the Internet or by telephone (if you originally voted by the corresponding method) not later than 11:59 p.m., New York City time, on May 10, 2026 if your shares are held directly or 11:59 p.m., New York City time, on May 6, 2026 if you hold LBRDP shares through your account in the GCI 401(k) Plan.

Your attendance at the annual meeting will not, by itself, revoke a prior vote or proxy from you.

If your shares are held in an account by a broker, bank or other nominee, you should contact your nominee to change your vote or revoke your proxy.

SOLICITATION OF PROXIES

We are soliciting proxies by means of our proxy materials on behalf of our Board of Directors. In addition to this mailing, our employees may solicit proxies personally or by telephone. We pay the cost of soliciting these proxies. We also reimburse brokers and other nominees for their expenses in sending the Notice and, if requested, the proxy materials to you and getting your voting instructions.

If you have any further questions about voting or attending the annual meeting, please contact Liberty Broadband Investor Relations at (844) 826-8735 or Broadridge at (888) 789-8745 (outside the United States (303) 562-9277).

OTHER MATTERS TO BE VOTED ON AT THE ANNUAL MEETING

Our Board of Directors is not currently aware of any business to be acted on at the annual meeting other than that which is described in the Notice and this proxy statement. If, however, other matters are properly brought to a vote at the annual meeting, the persons designated as proxies will have discretion to vote or to act on these matters according to their best judgment. In the event there is a proposal to adjourn or postpone the annual meeting, the persons designated as proxies will have discretion to vote on that proposal.

STOCKHOLDER PROPOSALS

This proxy statement relates to our annual meeting of stockholders for the calendar year 2026 which will take place on May 11, 2026. Based solely on the date of our 2026 annual meeting and the date of this proxy statement, (i) a stockholder proposal must be submitted in writing to our Corporate Secretary and received at our executive offices at 12300 Liberty Boulevard, Englewood, Colorado 80112, by the close of business on November 27, 2026 in order to be eligible for inclusion in our proxy materials for the annual meeting of stockholders for the calendar year 2027 (the **2027 annual meeting**), and (ii) a stockholder proposal, or any nomination by stockholders of a person or persons for election to the Board of Directors, must be received at our executive offices at the foregoing address not earlier than January 11, 2027 and not later than February 10, 2027 to be considered for presentation at the 2027 annual meeting. We currently anticipate that the 2027 annual meeting will be held during the second quarter of 2027. If the 2027 annual meeting takes place more than 20 days before or 70 days after May 11, 2027 (the anniversary of the 2026 annual meeting), a stockholder proposal, or any nomination by stockholders of a person or persons for election to the Board of Directors, will instead be required to be received at our executive offices at the foregoing address not later than the close of business on the tenth day following the first day on which notice of the date of the 2027 annual meeting is communicated to stockholders or public disclosure of the date of the 2027 annual meeting is made, whichever occurs first, in order to be considered for presentation at the 2027 annual meeting. In addition, to comply with the universal proxy rules, stockholders who intend to solicit proxies in support of director nominees other than Liberty Broadband nominees must provide notice that sets forth the information required by Rule 14a-19 under the Securities Exchange Act of 1934, as amended (the **Exchange Act**), no later than March 12, 2027.

All stockholder proposals for inclusion in our proxy materials will be subject to the requirements of the proxy rules adopted under the Exchange Act, our charter and bylaws and Delaware law.

ADDITIONAL INFORMATION

We file periodic reports, proxy materials and other information with the SEC. You may inspect such filings on the Internet website maintained by the SEC at www.sec.gov. Additional information can also be found on our website at www.libertybroadband.com. Information contained on any website referenced in this proxy statement is not incorporated by reference in this proxy statement. **If you would like to receive a copy of the 2025 Form 10-K, or any of the exhibits listed therein, please call or submit a request in writing to Investor Relations, Liberty Broadband Corporation, 12300 Liberty Boulevard, Englewood, Colorado 80112, Tel. No. (844) 826-8735, and we will provide you with the 2025 Form 10-K without charge, or any of the exhibits listed therein upon the payment of a nominal fee (which fee will be limited to the expenses we incur in providing you with the requested exhibits).**

Proposal 1 – The Election of Directors Proposal

BOARD OF DIRECTORS OVERVIEW

What am I being asked to vote on and how should I vote?

We are asking our stockholders to elect John C. Malone, Gregg L. Engles and John E. Welsh III to continue serving as Class III members of our Board until the 2029 annual meeting of stockholders or their earlier resignation or removal.

Our Board of Directors currently consists of eight directors, divided among three classes. Our Class III directors, whose term will expire at the annual meeting, are John C. Malone, Gregg L. Engles and John E. Welsh III. These directors are nominated for election to our Board to continue to serve as Class III directors, and we have been informed that each of Messrs. Engles, Malone and Welsh is willing to continue serving as a director of our

company. The term of the Class III directors who are elected at the annual meeting will expire at the annual meeting of our stockholders in the year 2029. Our Class I directors, whose term will expire at the annual meeting of our stockholders in the year 2027, are Derek Chang, Julie D. Frist and J. David Wargo. Our Class II directors, whose term will expire at the annual meeting of our stockholders in the year 2028, are Richard R. Green and Sue Ann R. Hamilton.

If any nominee should decline election or should become unable to serve as a director of our company for any reason before election at the annual meeting, votes will be cast by the persons appointed as proxies for a substitute nominee, if any, designated by the Board of Directors.

The following lists the three nominees for election as directors at the annual meeting and the five directors of our company whose term of office will continue after the annual meeting, and includes as to each person how long such person has been a director of our company, such person's professional background, other public company directorships and other factors considered in the determination that such person possesses the requisite qualifications and skills to serve as a member of our Board of Directors. For additional information on our Board's evaluation of director candidates or incumbent directors seeking re-election, see "Corporate Governance—Board Criteria and Director Candidates." The number of shares of our capital stock beneficially owned by each director is set forth in this proxy statement under the caption "Security Ownership of Certain Beneficial Owners and Management."

The members of our nominating and corporate governance committee have determined that Messrs. Engles, Malone and Welsh, who are nominated for election at the annual meeting, continue to be qualified to serve as directors of our company and such nominations were approved by the entire Board of Directors.

VOTE AND RECOMMENDATION

A plurality of the combined voting power of the outstanding shares of our voting stock present in person or represented by proxy at the annual meeting and entitled to vote on the election of directors proposal is required to elect each of Messrs. Engles, Malone and Welsh as a Class III member of our Board of Directors.

OUR BOARD RECOMMENDS A VOTE FOR EACH DIRECTOR NOMINEE

The Board of Directors recommends that you vote **FOR** each director nominee. These individuals bring a range of relevant experiences and overall diversity of perspectives that is essential to good governance and leadership of our company.

Corporate Governance

DIRECTOR INDEPENDENCE

It is our policy that a majority of the members of our Board of Directors be independent of our management. For a director to be deemed independent, our Board of Directors must affirmatively determine that the director has no direct or indirect material relationship with us. To assist our Board of Directors in determining which of our directors qualify as independent for purposes of Nasdaq rules as well as applicable rules and regulations adopted by the SEC, the nominating and corporate governance committee of our Board of Directors follows Nasdaq's corporate governance rules on the criteria for director independence.

Our Board of Directors has determined that each of Gregg L. Engles, Julie D. Frist, Richard R. Green, Sue Ann R. Hamilton, J. David Wargo and John E. Welsh III qualifies as an independent director of our company.

BOARD COMPOSITION

As described above under "Proposal 1—The Election of Directors Proposal," our Board is comprised of directors with a broad range of backgrounds and skill sets, including in media and telecommunications, science and technology, venture capital, investment banking, auditing and financial engineering. Our Board is also chronologically diverse with our members' ages spanning four decades. For more information on our policies with respect to Board candidates, see "—Board Criteria and Director Candidates" below.

BOARD CLASSIFICATION

As described above under "Proposal 1—The Election of Directors Proposal," our Board of Directors currently consists of eight directors, divided among three classes. Our Board believes that its current classified structure, with directors serving for three-year terms, is the appropriate Board structure for our company at this time and is in the best interests of our stockholders for the following reasons.

LONG-TERM FOCUS & ACCOUNTABILITY

Our Board believes that a classified board encourages our directors to look to the long-term best interest of our company and our stockholders, rather than being unduly influenced by the short-term focus of certain investors and special interests. In addition, our Board believes that three-year terms focus director accountability on the Board's long-term strategic vision and performance, rather than short-term pressures and circumstances.

CONTINUITY OF BOARD LEADERSHIP

A classified board allows for a greater amount of stability and continuity providing institutional perspective and knowledge to both management and less-tenured directors. By its very nature, a classified board ensures that at any given time there will be experienced directors serving on our Board who are fully immersed in and knowledgeable about our businesses, including our relationships with current and potential strategic partners, as well as the competition, opportunities, risks and challenges that exist in the industries in which our businesses operate. We also believe the benefit of a classified board to our company and our stockholders comes not from continuity alone but rather from the continuity of highly qualified, engaged and knowledgeable directors focused on long-term stockholder interests. Each year, our nominating and corporate governance committee works actively to ensure our Board continues to be comprised of such individuals.

BOARD LEADERSHIP STRUCTURE

Our Board has separated the positions of Chairman of the Board and Chief Executive Officer (principal executive officer). John C. Malone holds the position of Chairman of the Board, leads our Board and Board meetings and provides strategic

guidance to our Chief Executive Officer. Martin E. Patterson, our President, holds the position of Chief Executive Officer, leads our management team and is responsible for driving the performance of our company. We believe this division of responsibility effectively assists our Board in fulfilling its duties.

BOARD ROLE IN RISK OVERSIGHT

The Board as a whole has responsibility for risk oversight, with reviews of certain areas being conducted by the relevant Board committees. Our audit committee oversees management of financial risks, significant business risk, including operational, data privacy and cybersecurity risks, and risks relating to potential conflicts of interest. Our compensation committee oversees the management of risks relating to our compensation arrangements with senior officers. Our nominating and corporate governance committee oversees the nomination of individuals with the judgment, skills, integrity, and independence necessary to oversee the key risks associated with our company, as well as risks inherent in our corporate structure. These committees then provide reports periodically to the full Board. In addition, the oversight and review of other strategic risks are conducted directly by the full Board.

The oversight responsibility of the Board and its committees is enabled by management reporting processes that are designed to provide visibility to the Board about the identification, assessment and management of critical short-, intermediate-, and long-term risks. These areas of focus include existing and emerging strategic, operational, financial and reporting, succession and compensation, legal and compliance, cybersecurity and other risks, including those related to material environmental and social matters such as climate change, human capital management, and community relations.

CODE OF ETHICS

We have adopted a code of business conduct and ethics that applies to all of our employees, directors and officers, which constitutes our “code of ethics” within the meaning of Section 406 of the Sarbanes-Oxley Act. Our code of business conduct and ethics is available on our website at www.libertybroadband.com/investors/corporate-governance/governance-documents.

INSIDER TRADING POLICY

We are committed to promoting high standards of ethical business conduct and compliance with applicable laws, rules and regulations. As part of this commitment, our company has adopted an Insider Trading Policy which governs among other things, the purchase, sale and other dispositions of our company’s securities, including by our directors, officers and employees. We believe our Insider Trading Policy is reasonably designed to promote compliance with insider trading laws, rules and regulations, and the exchange listing standards applicable to us. Because our Insider Trading Policy and procedures are designed to address transactions in our company’s securities by our directors, officers, and employees, we do not have formal insider trading policies or procedures that govern our purchase of our company’s securities. A copy of our Insider Trading Policy is filed as Exhibit 19 to the 2025 Form 10-K.

FAMILY RELATIONSHIPS; LEGAL PROCEEDINGS

There is no family relationship between any of our executive officers or directors, by blood, marriage or adoption.

During the past ten years, none of our directors and executive officers has had any involvement in such legal proceedings as would be material to an evaluation of his or her ability or integrity.

COMMITTEES OF THE BOARD OF DIRECTORS

Our Board of Directors has four standing committees: audit, compensation, executive and nominating and corporate governance. The key responsibilities and focus areas of each committee, as well as their current members and information on number of meetings during 2025 are set forth below. The written charters for the audit, compensation and nominating

and corporate governance committees as adopted by each such committee, as well as our corporate governance guidelines (which were developed by the nominating and corporate governance committee), can be found on our website at www.libertybroadband.com.

Our Board of Directors, by resolution, may from time to time establish other committees of our Board of Directors, consisting of one or more of our directors. Any committee so established will have the powers delegated to it by resolution of our Board of Directors, subject to applicable law.

Our Board of Directors has determined that all of the members of each of the audit, compensation and nominating and corporate governance committees are independent. See “—Director Independence.”

Compensation Committee
Report, page 38

The compensation committee assists the Board in discharging its responsibilities relating to compensation of our company's executives and produces an annual report on executive compensation for inclusion in our annual proxy statement.

In November 2014, the spin-off of our company (formerly a wholly-owned subsidiary of Liberty Media) from Liberty Media was completed (the **Broadband Spin-Off**). In connection with the Broadband Spin-Off, we entered into a Services Agreement, dated November 4, 2014, with Liberty Media (the **services agreement**), pursuant to which Liberty Media provides us with administrative, executive and management services.

Key Responsibilities:

- Evaluate the services fee under the services agreement on at least an annual basis, subject to certain exceptions;
- May approve incentive awards or other forms of compensation to employees of Liberty Media who are providing services to our company, which employees include our executive officers. For a discussion of equity awards granted during 2025, see "Executive Compensation—Compensation Discussion and Analysis;"
- If we engage a chief executive officer, chief accounting officer, principal financial officer, chief legal officer or chief administrative officer to perform services for our company outside the services agreement, review and approve corporate goals and objectives relevant to the compensation of any such person; and
- Prepare a report for our annual proxy statement.

For a description of our current processes and policies for consideration and determination of executive compensation, including the role of our Chief Executive Officer and an outside consultant in determining or recommending amounts and/or forms of compensation, see "Executive Compensation—Compensation Discussion and Analysis."

The nominating and corporate governance committee functions include, among other things:

- Identify individuals qualified to become Board members consistent with criteria established or approved by our Board of Directors, with the assistance of the committee, from time to time;
- Identify director nominees for upcoming annual meetings;
- Develop corporate governance guidelines applicable to our company; and
- Oversee the evaluation of our Board and management.

BOARD CRITERIA AND DIRECTOR CANDIDATES

BOARD CRITERIA. The nominating and corporate governance committee believes that nominees for director should possess the highest personal and professional ethics, integrity, values and judgment and should be committed to the long-term interests of our stockholders. To be nominated to serve as a director, a nominee need not meet any specific minimum criteria. As described in our corporate governance guidelines, director candidates are identified and nominated based on broad criteria, with the objective of identifying and retaining directors that can effectively develop our company's strategy and oversee management's execution of that strategy. In the director candidate identification and nomination process, our Board seeks a breadth of experience from a variety of industries and from professional disciplines, along with other characteristics. When evaluating a potential director nominee, including one recommended by a stockholder, the nominating and corporate governance committee will take into account a number of factors, including, but not limited to, the following:

- independence from management;
- his or her unique background, including education, professional experience, relevant skill sets and personal characteristics;
- judgment, skill, integrity and reputation;
- existing commitments to other businesses as a director, executive or owner;
- personal conflicts of interest, if any; and
- the size and composition of the existing Board of Directors, including whether the potential director nominee would positively impact the composition of the Board by bringing a new perspective or viewpoint to the Board of Directors.

The nominating and corporate governance committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees.

OUTSIDE COMMITMENTS. In recent years, some investors and proxy advisors have instituted “bright-line” proxy voting policies on the number of outside public company boards that a director may serve on. Our Board of Directors recognizes investors' concerns that highly sought-after directors could lack the time and attention to adequately perform their duties and responsibilities, and considers each director's performance and commitment to ensure their continued effectiveness as a director. Given our company's ownership interest in Charter, our company and our Board value the director designation rights afforded by the Second Amended and Restated Stockholders Agreement, dated as of May 23, 2015 (as amended), that our company entered into with Charter and Advance/Newhouse Partnership, pursuant to which members of our Board of Directors and management have been named as our company's designees, as they provide our company with unique insight and input into Charter's business and operations. The nominating and corporate governance committee also recognizes and values the benefits derived by our directors from their service on other public company boards, as such service provides our directors with diverse perspectives, in-depth industry knowledge and cross-industry insights, all of which enhance the knowledge base and skill set of our Board as a whole.

Our Board also recognizes the uniqueness of the relationships among our company, GCI Liberty, Liberty Media, and Liberty Live Holdings, including the collaborative approach to addressing and better managing the portfolio of assets within each of these public companies. To the extent our directors serve on more than one of the boards of these companies, we believe that such service is an important aspect of our directors' (including Mr. Malone's) service, as it capitalizes on various synergies between and among these boards. For this reason, we believe that a better presentation of these directors' outside commitments is to consider the number of their “non-Liberty” public company board directorships (see “Our Board at a Glance” above). Based on this perspective, we have considered the facts-and-circumstances of the roles of our directors with our company, including the following considerations:

- from a historical perspective, the significant time and resources each of these directors has regularly dedicated to our company;
- the nature of their board commitments relating to their respective roles with these companies;
- the synergies between their respective service on these other boards and ours;
- their respective service on “non-Liberty” public company board directorships; and

- the respective directors' personal skills, expertise and qualifications (including the broad industry knowledge of each such director).

We believe that the outside service of our directors does not conflict with, and instead enhances, their respective roles and responsibilities at our company.

DIRECTOR CANDIDATE IDENTIFICATION PROCESS. The nominating and corporate governance committee will consider candidates for director recommended by any stockholder provided that such recommendations are properly submitted. Eligible stockholders wishing to recommend a candidate for nomination as a director should send the recommendation in writing to the Corporate Secretary, Liberty Broadband Corporation, 12300 Liberty Boulevard, Englewood, Colorado 80112. Stockholder recommendations must be made in accordance with our bylaws, as discussed under "The Annual Meeting—Stockholder Proposals" above, and contain the following information:

- the name and address of the proposing stockholder and the beneficial owner, if any, on whose behalf the nomination is being made, and documentation indicating the number and class of shares of our capital stock directly or indirectly owned beneficially and of record by such person and the holder or holders of record of those shares, together with a statement that the proposing stockholder is recommending a candidate for nomination as a director;
- the candidate's name, age, business and residence addresses, principal occupation or employment, business experience, educational background and any other information relevant in light of the factors considered by the nominating and corporate governance committee in making a determination of a candidate's qualifications, as described below;
- a statement detailing any relationship, agreement, arrangement or understanding between (or on behalf of) the proposing stockholder and/or beneficial owner(s), if different, and any other person(s) (including their names) under which the proposing stockholder is making the nomination and any affiliates or associates (as defined in Rule 12b-2 of the Exchange Act) of such proposing stockholder(s) or beneficial owner (each a **Proposing Person**);
- a statement detailing any relationship, arrangement or understanding that might affect the independence of the candidate as a member of our Board;
- any other information that would be required under SEC rules in a proxy statement soliciting proxies for the election of such candidate as a director;
- a representation as to whether the Proposing Person intends (or is part of a group that intends) to deliver any proxy materials or otherwise solicit proxies in support of the director nominee;
- a representation that the Proposing Person and candidate is not subject to, nor will enter into, any voting or other agreement that has not been disclosed to the company and that could limit or interfere with such candidate's ability to comply with their fiduciary duties;
- a representation by each Proposing Person who is a holder of record of our capital stock as to whether the notice is being given on behalf of the holder of record and/or one or more beneficial owners, the number of shares held by any beneficial owner along with evidence of such beneficial ownership and that such holder of record is entitled to vote at the annual stockholders meeting and intends to appear in person or by proxy at the annual stockholders meeting at which the person named in such notice is to stand for election;
- a written consent of the candidate to be named in the proxy statement and the accompanying proxy card and to serve as a director, if nominated and elected;
- a representation as to whether the Proposing Person has received any financial assistance, funding or other consideration from any other person regarding the nomination (a **Stockholder Associated Person**) (including the details of such assistance, funding or consideration);
- a written questionnaire completed and signed by the candidate with respect to the background, qualifications and independence of the candidate and the background of the proposing stockholder, Proposing Person or any Stockholder Associated Person;
- reasonable evidence that such Proposing Person has met the requirements of Rule 14a-19(a)(3) of the Exchange Act, if the Proposing Person provides notice pursuant to Rule 14a-19(b) of the Exchange Act; and
- a representation as to whether and the extent to which any hedging, derivative or other transaction has been entered into with respect to our company within the last twelve months by, or is in effect with respect to, the Proposing

Person, any person to be nominated by the proposing stockholder or any Stockholder Associated Person, the effect or intent of which transaction is to mitigate loss to or manage risk or benefit of share price changes for, or increase or decrease the voting power of, the Proposing Person, its nominee, or any such Stockholder Associated Person.

In connection with its evaluation, the nominating and corporate governance committee may request additional information from the Proposing Person and the candidate. The nominating and corporate governance committee has sole discretion to decide which individuals to recommend for nomination as directors. The nominating and corporate governance committee will evaluate a prospective nominee suggested by any stockholder in the same manner and against the same criteria as any other prospective nominee identified by the nominating and corporate governance committee.

When seeking candidates for director, the nominating and corporate governance committee may solicit suggestions from incumbent directors, management, stockholders and others. After conducting an initial evaluation of a prospective nominee, the nominating and corporate governance committee will interview that candidate if it believes the candidate might be suitable to be a director. The nominating and corporate governance committee may also ask the candidate to meet with management. If the nominating and corporate governance committee believes a candidate would be a valuable addition to our Board of Directors, it may recommend to the full Board that candidate's nomination and election.

Prior to nominating an incumbent director for re-election at an annual meeting of stockholders, the nominating and corporate governance committee will consider the director's past attendance at, and participation in, meetings of the Board of Directors and its committees and the director's formal and informal contributions to the various activities conducted by the Board and the Board committees of which such individual is a member. In addition, the nominating and corporate governance committee will consider any outside directorships held by such individual. See "—Outside Commitments" above.

BOARD MEETINGS

During 2025, there were seven meetings of our full Board of Directors.

DIRECTOR ATTENDANCE AT ANNUAL MEETINGS

Our Board of Directors encourages all members of the Board to attend each annual meeting of our stockholders. Five of our seven directors then-serving attended our 2025 annual meeting of stockholders.

STOCKHOLDER COMMUNICATION WITH DIRECTORS

Our stockholders may send communications to our Board of Directors or to individual directors by mail addressed to the Board of Directors or to an individual director c/o Liberty Broadband Corporation, 12300 Liberty Boulevard, Englewood, Colorado 80112. All such communications from stockholders will be forwarded to our directors on a timely basis. Stockholders are also encouraged to send communications to Liberty Broadband Investor Relations, which conducts robust stockholder engagement efforts for our company and provides our Board with insight on stockholder concerns.

EXECUTIVE SESSIONS

In 2025, the independent directors of our company, then serving, met at three executive sessions without management participation.

Any interested party who has a concern regarding any matter that it wishes to have addressed by our independent directors, as a group, at an upcoming executive session may send its concern in writing addressed to Independent Directors of Liberty Broadband Corporation, c/o Liberty Broadband Corporation, 12300 Liberty Boulevard, Englewood, Colorado 80112. The current independent directors of our company are Gregg L. Engles, Julie D. Frist, Richard R. Green, Sue Ann R. Hamilton, J. David Wargo and John E. Welsh III.

Director Compensation

NONEMPLOYEE DIRECTORS

DIRECTOR FEES

Each of our directors who is not an employee of, or service provider to, our company is paid an annual fee of \$187,650 (which we refer to as the **director fee**). In addition, our directors receive fees for service on our audit committee, compensation committee and nominating and corporate governance committee, with each member thereof receiving an additional annual fee of \$15,000, \$10,000 and \$10,000, respectively, for his or her participation on each such committee, except that the chairperson of each such committee instead receives an additional annual fee of \$25,000, \$15,000 and \$15,000, respectively, for his or her participation on that committee. The director fees and the fees for participation on committees are paid in cash quarterly in arrears.

MULTIYEAR CASH AWARD

In August 2024, each of our directors who was serving at such time and who was not an employee of, or service provider to, our company was granted a multiyear cash award (the **director Cash Award**) that vested 50% on each of December 11, 2024 and December 11, 2025, subject to continued service as a member of our Board of Directors.

EQUITY INCENTIVE PLAN

As discussed below, awards granted to our nonemployee directors under the Liberty Broadband Corporation 2024 Omnibus Incentive Plan, as amended (the **2024 incentive plan**), and prior to its expiration, the Liberty Broadband 2019 Omnibus Incentive Plan, as amended (the **2019 incentive plan**, and together with the 2024 incentive plan, the **incentive plans**), are administered by our Board of Directors or our compensation committee. Subject to the terms of the Merger Agreement (as defined below), our Board of Directors has full power and authority to grant eligible persons the awards described below and to determine the terms and conditions under which any awards are made. Our Board of Directors may grant non-qualified stock options, stock appreciation rights (**SARs**), restricted shares, restricted stock units (**RSUs**), cash awards, performance awards or any combination of the foregoing under the 2024 incentive plan. See “Executive Compensation—Executive Compensation Arrangements—Equity Incentive Plans” below for more information on the incentive plans. After entering into the Merger Agreement and pursuant to its terms, our directors have been compensated exclusively through the payment of the cash fees described above.

STOCK OWNERSHIP GUIDELINES

Our Board of Directors previously adopted stock ownership guidelines that required each nonemployee director (other than Mr. Malone) to own shares of our company’s stock equal to at least three times the value of the nonemployee director fee. Nonemployee directors had five years from the nonemployee director’s initial appointment to our Board to comply with these guidelines. In March 2025, because the 2025 director fees and any future director fees paid until the time our company merges with Charter are and will be paid in cash, our Board of Directors eliminated these stock holding guidelines.

DIRECTOR COMPENSATION TABLE

The following table sets forth information concerning the compensation of our nonemployee directors for 2025.

Name ⁽¹⁾	Fees Earned or Paid in Cash (\$)	Stock Awards (\$) ⁽²⁾	Option Awards (\$) ⁽²⁾	All Other Compensation (\$)	Total (\$)
Gregg L. Engles	212,650	—	—	33,092 ⁽³⁾	245,742

Richard R. Green	212,650	—	—	2,905 ⁽³⁾	215,555
Sue Ann R. Hamilton	212,650	—	—	78,846 ⁽³⁾	291,496
J. David Wargo	217,650	—	—	127,506 ⁽³⁾	345,156
John E. Welsh III	252,393	—	—	80,771 ⁽³⁾	333,164

- (1) Compensation paid to John C. Malone, who served as a director of our company in 2025 and as our interim President and Chief Executive Officer from January 1, 2025 until July 14, 2025, is set forth in the “Summary Compensation Table” below. Mr. Chang was appointed to serve as a director on May 22, 2025. Mr. Chang did not receive compensation for his service as a director.
- (2) We did not grant equity awards to our directors in 2025. However, as of December 31, 2025, our then-serving directors (other than Mr. Malone, whose equity awards are listed in the “Outstanding Equity Awards at Fiscal Year-End” table below) held the below equity awards, which were granted in previous years. In connection with the GCI Liberty Spin-Off, the number of shares subject to and the exercise prices of such options were adjusted, subject to the antidilution provisions of the applicable incentive plan under which they were granted.

	Derek Chang	Gregg L. Engles	Julie D. Frist	Richard R. Green	Sue Ann R. Hamilton	J. David Wargo	John E. Welsh III

- (3) Reflects the value of the portion of the director Cash Awards that vested on December 11, 2025.

Proposal 2 – The Auditors Ratification Proposal

What am I being asked to vote on and how should I vote?

We are asking our stockholders to ratify the selection of KPMG LLP as our independent auditors for the fiscal year ending December 31, 2026.

Even if the selection of KPMG LLP is ratified, the audit committee of our Board of Directors in its discretion may direct the appointment of a different independent accounting firm at any time during the year if our audit committee determines that such a change would be advisable. In the event our stockholders fail to ratify the selection of KPMG LLP, our audit committee will consider it as a direction to select other auditors for the year ending December 31, 2026.

A representative of KPMG LLP is expected to be available to answer appropriate questions at the annual meeting and will have the opportunity to make a statement if he or she so desires.

VOTE AND RECOMMENDATION

The affirmative vote of a majority of the combined voting power of the outstanding shares of our voting stock that are present in person or represented by proxy at the annual meeting and entitled to vote on the subject matter is required to approve the auditors ratification proposal.

OUR BOARD RECOMMENDS A VOTE FOR THIS PROPOSAL

The Board of Directors recommends that you vote **FOR** this proposal because KPMG LLP is an independent firm with few ancillary services and reasonable fees, and has significant industry and financial reporting expertise.

AUDIT FEES AND ALL OTHER FEES

The following table presents fees incurred for professional audit services rendered by KPMG LLP for the audit of our consolidated financial statements for 2025 and 2024 and fees billed for other services rendered by KPMG LLP.

	2025	2024
Audit fees	\$1,427,000	4,759,000
Audit related fees	—	—
Audit and audit related fees	1,427,000	4,759,000
Tax fees ⁽¹⁾	187,000	533,000
Total fees	<u>\$1,614,000</u>	<u>5,292,000</u>

(1) Tax fees consist of tax compliance and consultations regarding the tax implications of certain transactions.

Our audit committee has considered whether the provision of services by KPMG LLP to our company other than auditing is compatible with KPMG LLP maintaining its independence and believes that the provision of such other services is compatible with KPMG LLP maintaining its independence.

POLICY ON PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES OF INDEPENDENT AUDITOR

Our audit committee has adopted a policy regarding the pre-approval of all audit and permissible non-audit services provided by our independent auditor. Pursuant to this policy, our audit committee has approved the engagement of our independent auditor to provide the following services (all of which are collectively referred to as **pre-approved services**):

- audit services as specified in the policy, including (i) financial audits of our company and our subsidiaries, (ii) services associated with registration statements, periodic reports and other documents filed or issued in connection with securities offerings (including comfort letters and consents), (iii) attestations of management reports on our internal controls and (iv) consultations with management as to accounting or disclosure treatment of transactions;
- audit related services as specified in the policy, including (i) due diligence services, (ii) financial statement audits of employee benefit plans, (iii) consultations with management as to the accounting or disclosure treatment of transactions, (iv) attest services not required by statute or regulation, (v) certain audits incremental to the audit of our consolidated financial statements, (vi) closing balance sheet audits related to dispositions, and (vii) general assistance with implementation of the requirements of certain SEC rules or listing standards; and
- tax services as specified in the policy, including federal, state, local and international tax planning, compliance and review services, and tax due diligence and advice regarding mergers and acquisitions.

Notwithstanding the foregoing general pre-approval, if, in the reasonable judgment of our Chief Accounting Officer and Principal Financial Officer, an individual project involving the provision of pre-approved services is likely to result in fees in excess of \$50,000, or if individual projects under \$50,000 are likely to total \$250,000 during the period between the regularly scheduled meetings of the audit committee, then such projects will require the specific pre-approval of our audit committee. Our audit committee has delegated the authority for the foregoing approvals to the chairman of the audit committee, subject to his subsequent disclosure to the entire audit committee of the granting of any such approval. John E. Welsh III currently serves as the chairman of our audit committee. In addition, the independent auditor is required to provide a report at each regularly scheduled audit committee meeting on all pre-approved services incurred during the preceding quarter. Any engagement of our independent auditors for services other than the pre-approved services requires the specific approval of our audit committee.

Our pre-approval policy prohibits the engagement of our independent auditor to provide any services that are subject to the prohibition imposed by Section 201 of the Sarbanes-Oxley Act.

All services provided by our independent auditor during 2025 were approved in accordance with the terms of the policy in place.

Audit Committee Report

Each member of the audit committee is an independent director as determined by our Board of Directors, based on the listing standards of Nasdaq. Each member of the audit committee also satisfies the SEC's independence requirements for members of audit committees. Our Board of Directors has determined that Mr. Welsh is an "audit committee financial expert" under applicable SEC rules and regulations.

The audit committee reviews our financial reporting process on behalf of our Board of Directors. Management has primary responsibility for establishing and maintaining adequate internal controls, for preparing financial statements and for the public reporting process. Our independent auditor, KPMG LLP, is responsible for expressing opinions on the conformity of our audited consolidated financial statements with U.S. generally accepted accounting principles. Our independent auditor also expresses its opinion as to the effectiveness of our internal control over financial reporting.

Our audit committee has reviewed and discussed with management and KPMG LLP our most recent audited consolidated financial statements, as well as management's assessment of the effectiveness of our internal control over financial reporting and KPMG LLP's evaluation of the effectiveness of our internal control over financial reporting. Our audit committee has also discussed with KPMG LLP the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (the **PCAOB**) and the SEC, including that firm's judgment about the quality of our accounting principles, as applied in its financial reporting.

KPMG LLP has provided our audit committee with the written disclosures and the letter required by the applicable requirements of the PCAOB regarding KPMG LLP's communications with the audit committee concerning independence, and the audit committee has discussed with KPMG LLP that firm's independence from our company and its subsidiaries.

Based on the reviews, discussions and other considerations referred to above, our audit committee recommended to our Board of Directors that the audited financial statements be included in the 2025 Form 10-K.

Executive Compensation

This section sets forth information relating to, and an analysis and discussion of, compensation paid by our company to the following persons (who we collectively refer to as our **named executive officers**):

JOHN C. MALONE

Chairman of the Board;
Interim President and Chief
Executive Officer

MARTIN E. PATTERSON

President and Chief
Executive Officer

BRIAN J. WENDLING

Principal Financial
Officer and Chief
Accounting Officer

RENEE L. WILM

Chief Legal Officer and
Chief Administrative
Officer

Effective January 1, 2025 until July 14, 2025, Mr. Malone assumed the role of our interim President and Chief Executive Officer, and, effective July 14, 2025, Martin E. Patterson was appointed to the role of President and Chief Executive Officer.

COMPENSATION DISCUSSION AND ANALYSIS

SERVICES AGREEMENT

In connection with the Broadband Spin-Off, we entered into a services agreement with Liberty Media in November 2014, pursuant to which Liberty Media provides to our company certain administrative and management services, and we pay Liberty Media a monthly management fee, the amount of which is subject to a quarterly review by our audit committee (and at least an annual review by our compensation committee). As a result, Liberty Media employees, including our named executive officers, are typically not separately compensated by our company. For the year ended December 31, 2025, we accrued management fees payable to Liberty Media under the services agreement of \$8.5 million.

ROLE OF CHIEF EXECUTIVE OFFICER IN COMPENSATION DECISIONS; SETTING EXECUTIVE COMPENSATION

As a result of the management fee paid to Liberty Media, our compensation committee typically did not provide compensation to the executive officers other than the grant of the CEO RSUs (as defined below) granted to Mr. Patterson in connection with his appointment as our President and Chief Executive Officer, and typically does not expect to provide other compensation to the named executive officers.

EQUITY AND INCENTIVE COMPENSATION

The 2024 incentive plan and prior to its expiration, the 2019 incentive plan, provide for the grant of a variety of incentive awards, including stock options, restricted shares, RSUs, SARs, cash awards and performance awards. Except for the CEO RSUs granted to Mr. Patterson in connection with his appointment as our President and Chief Executive Officer, as a result of our entry into the Merger Agreement in November 2024, we have not, and do not expect to grant new equity awards to our named executive officers.

CEO RSUs

In connection with Mr. Patterson's appointment as our President and Chief Executive Officer, the compensation committee approved the grant of 16,722 RSUs with respect to LBRDK (the **CEO RSUs**) that will vest ten business days before the effective date of the merger between our company and Charter (or such other date on or around that time as may be determined by the Board of Directors or an authorized committee thereof). See the "Outstanding Equity Awards at Fiscal Year-End" table below for more information about the CEO RSUs.

Multiyear Awards

Prior Multiyear Cash Awards. In August 2024, each of Messrs. Patterson and Wendling and Ms. Wilm was granted a multiyear cash award (the **2024 Cash Awards**) that vested 50% on each of December 11, 2024 and December 11, 2025.

Prior Year Multiyear Equity Awards. Our compensation committee had a history of making larger equity award grants (equaling approximately three to four years' value of the named executive officer's annual grants) that vest over such years, rather than making annual grants over the same period. These multiyear grants provide for delayed vesting and, when granted as stock options, expire seven years after grant to encourage executives to remain with our company over the long-term and to better align their interests with those of the stockholders.

In December 2023, Messrs. Patterson and Wendling and Ms. Wilm each received a multiyear stock option award (the **2023 Multiyear Options**) and a multiyear RSU award (the **2023 Multiyear RSUs**), which collectively equaled the value of the annual grants that were expected to be granted to each of Messrs. Patterson and Wendling and Ms. Wilm for the period from January 1, 2024 through December 31, 2026. In order to supplement the intended value of the 2023 Multiyear Options and 2023 Multiyear RSUs, Messrs. Patterson and Wendling and Ms. Wilm each also received a supplemental award (the **2023 Supplemental Options**). Approximately one-third of the 2023 Multiyear Options vested on each of December 11, 2024 and December 11, 2025 and the remaining one-third vests on December 11, 2026, and 50% of the 2023 Supplemental Options vested on December 13, 2024, 25% vested on December 13, 2025 and the remaining 25% vests on December 13, 2026. The 2023 Multiyear Options and 2023 Supplemental Options expire on the seventh anniversary of their respective grant date. Approximately one-third of the 2023 Multiyear RSUs vested on each of December 9, 2024 and December 9, 2025 and the remaining one-third vests on December 9, 2026.

In connection with the GCI Liberty Spin-Off, the number of shares subject to and the exercise prices of the 2023 Multiyear Options and 2023 Supplemental Options, and the number of shares subject to the 2023 Multiyear RSUs were, in each case, adjusted subject to the antidilution provisions of the applicable incentive plan.

PERQUISITES AND OTHER PERSONAL BENEFITS

The perquisites and other personal benefits available to our executives (that are not otherwise available to all of our salaried employees) consist of limited personal use of Liberty Media's corporate aircraft (pursuant to aircraft time sharing agreements between our company and Liberty Media). In addition, on occasion, and with the appropriate approvals, executives may have family members and other guests accompany them on Liberty Media's corporate aircraft when traveling on business.

For disclosure purposes, Liberty Media determines the aggregate incremental cost to Liberty Media of the executives' personal flights by using a method that takes into account all operating costs related to such flights, including:

- landing and parking expenses;
- crew travel expenses;
- supplies and catering;
- aircraft fuel and oil expenses per hour of flight;
- aircraft maintenance and upkeep;
- any customs, foreign permit and similar fees; and
- passenger ground transportation.

Because Liberty Media's aircraft is used primarily for business travel, this methodology excludes fixed costs that do not change based on usage, such as salaries of pilots and crew, and purchase or lease costs of aircraft.

For purposes of determining an executive's taxable income, personal use of Liberty Media's aircraft is valued using a method based on Standard Industry Fare Level (**SIFL**) rates, as published by the Treasury Department. The amount determined using the SIFL rates is typically lower than the amount determined using the incremental cost method. Under the American Jobs Creation Act of 2004, the amount that may be deducted for U.S. federal income tax purposes for a purely personal flight is limited to the amount included in the taxable income of the executives who took the flight. Also, the deductibility of any non-business use will be limited by Section 162(m) of the Internal Revenue Code of 1986, as amended (the **Code**) to the extent that the named executive officer's compensation that is subject to that limitation exceeds \$1 million. See "—Deductibility of Executive Compensation" below.

DEDUCTIBILITY OF EXECUTIVE COMPENSATION

In developing the 2025 compensation packages for the named executive officers, the deductibility of executive compensation under Section 162(m) of the Code was considered. That provision prohibits the deduction of compensation of more than \$1 million paid to a “covered employee”, where a covered employee is any individual who serves as the Chief Executive Officer, Chief Financial Officer or qualifies as one of the other three most highly compensated executive officers in any year and, beginning in 2027 and any later year, any individual, other than those previously listed, who qualifies as one of the five most highly compensated employees, subject to certain exceptions. Following the enactment of the Tax Cuts and Jobs Act of 2017, beginning with the 2018 calendar year, an individual who is a covered employee will remain a covered employee (even if not serving in one of the enumerated positions in a subsequent calendar year) and there is no longer any exception for qualified performance-based compensation. Therefore, portions of the compensation we pay to the named executive officers may not be deductible due to the application of Section 162(m) of the Code. Our compensation committee believes that the lost deduction on compensation payable in excess of the \$1 million limitation for the named executive officers is not material relative to the benefit of being able to attract and retain talented management.

RECOUPMENT PROVISIONS

In August 2023, the Board of Directors approved a policy for the recovery of erroneously awarded compensation, or “clawback” policy, applicable to executive officers. The policy implements the incentive-based compensation recovery provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 as required under the Nasdaq listing standards, and requires recovery of incentive-based compensation received by current or former executive officers during the three fiscal years preceding the date it is determined that our company is required to prepare an accounting restatement, including to correct an error that would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period. The amount required to be recovered is the excess of the amount of incentive-based compensation received over the amount that otherwise would have been received had it been determined based on the restated financial measure. In addition, our company has maintained its recoupment provisions whereby our company may require an executive to repay or return to our company any cash, stock or other incentive compensation (including proceeds from the disposition of shares received upon exercise of options or SARs). That right will arise if (1) a material restatement of any of our financial statements is required and (2) in the reasonable judgment of our compensation committee, (A) such restatement is due to material noncompliance with any financial reporting requirement under applicable securities laws and (B) such noncompliance is a result of misconduct on the part of the executive. In determining the amount of such repayment or return, our compensation committee may take into account, among other factors it deems relevant, the extent to which the market value of the applicable series of our common stock was affected by the errors giving rise to the restatement. Under these recoupment provisions, the cash, stock or other compensation that we may require the executive to repay or return must have been received by the executive during the 12-month period beginning on the date of the first public issuance or the filing with the SEC, whichever occurs earlier, of the financial statement requiring restatement, and the compensation required to be repaid or returned will include (1) cash or company stock received by the executive (A) upon the exercise during that 12-month period of any stock appreciation right held by the executive or (B) upon the payment during that 12-month period of any incentive compensation, the value of which is determined by reference to the value of company stock, and (2) any proceeds received by the executive from the disposition during that 12-month period of company stock received by the executive upon the exercise, vesting or payment during that 12-month period of any award of equity-based incentive compensation. Additionally, beginning in December 2020, we began including in new forms of equity-based award agreements a right, in favor of our company, to require the executive to repay or return to our company, upon a reasonable determination by our compensation committee that the executive breached the confidentiality obligations included in the agreement, all or any portion of the outstanding award, any shares received under awards during the 12-month period prior to any such breach or any time after such breach and any proceeds from the disposition of shares received under awards during the 12-month period prior to any such breach or any time after such breach.

STOCK OWNERSHIP GUIDELINES AND HEDGING POLICIES

Our Board of Directors previously adopted stock ownership guidelines that generally required our executive officers to own shares of our company’s stock equal to at least three times the value of the annual performance RSUs granted by our company to such executive officer, with the required ownership level automatically adjusted following these annual grants. Our executive officers generally had five years from the date of their appointment to an executive officer role to

EXECUTIVE COMPENSATION

comply with these guidelines. In anticipation of the Combination and the anticipated compensation scheme until such time, our Board of Directors eliminated these stock ownership guidelines in March 2025. For information regarding our policies with respect to the ability of our officers and directors to hedge or offset any decrease in the market value of our equity securities, see “Security Ownership of Certain Beneficial Owners and Management—Hedging Disclosure.”

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The compensation committee members whose names appear on the Compensation Committee Report below comprised our compensation committee during 2025. No member of our compensation committee during 2025 is or has been an officer or employee of our company, or has engaged in any related party transaction during 2025 in which our company was a participant.

COMPENSATION COMMITTEE REPORT

Our compensation committee has reviewed and discussed with our management the “Compensation Discussion and Analysis” included under “Executive Compensation” above. Based on such review and discussions, our compensation committee recommended to our Board of Directors that the “Compensation Discussion and Analysis” be included in this proxy statement.

- (1) Each of our named executive officers' base salaries are paid by Liberty Media, even though, for Messrs. Patterson and Wendling and Ms. Wilm, a portion of such base salary may ultimately be borne by our company. Although Messrs. Patterson's and Wendling's and Ms. Wilm's base salaries and time spent for our company are considered when determining the management fee, no portion of Messrs. Patterson's and Wendling's and Ms. Wilm's entire base salary is reflected in the table above given that there is not a specific portion thereof allocated to our company.
- (2) Reflects the portion of the 2024 Cash Awards that vested on December 11, 2024 and December 11, 2025, as applicable.
- (3) Reflects, as applicable, the grant date fair value of the CEO RSUs, the performance-based RSUs granted to Mr. Wendling and Ms. Wilm in 2024 and 2023 and the 2023 Multiyear RSUs. The grant date fair value of these awards has been computed in accordance with Financial Accounting Standards Board (**FASB**) Accounting Standards Conditions (**ASC**) Topic 718, but (pursuant to SEC regulations) without reduction for estimated forfeitures. For a description of the assumptions applied in these calculations, see Note 10 to our consolidated financial statements for the year ended December 31, 2025 (which are included in our 2025 Form 10-K).
- (4) The grant date fair values of Mr. Wendling's and Ms. Wilm's 2023 Multiyear Options and 2023 Supplemental Options have been computed in accordance with FASB ASC Topic 718, but (pursuant to SEC regulations) without reduction for estimated forfeitures. For a description of the assumptions applied in these calculations, see Note 10 to our consolidated financial statements for the year ended December 31, 2025 (which are included in our 2025 Form 10-K).
- (5) For 2024 and 2023, represents the annual performance-based bonus we paid to our named executive officers. In 2025, Liberty Media paid Messrs. Patterson and Wendling and Ms. Wilm an annual performance-based bonus, even though a portion of such performance-based bonus may ultimately be borne by our company. Although Messrs. Patterson's and Wendling's and Ms. Wilm's performance-based bonuses and time spent for our company are considered when determining the management fee, no portion of Messrs. Patterson's and Wendling's and Ms. Wilm's annual performance-based bonus is reflected in the table above given that there is not a specific portion thereof allocated to our company.
- (6) Mr. Malone served as our interim President and Chief Executive Officer from January 1, 2025 until July 14, 2025 and served as the Chairman of our Board of Directors for the entire 2025 fiscal year.

EXECUTIVE COMPENSATION ARRANGEMENTS

EQUITY INCENTIVE PLANS

The 2024 incentive plan is designed, and prior to their expiration, the 2019 incentive plan and the Liberty Broadband Corporation 2014 Omnibus Incentive Plan (amended and restated March 11, 2015) as amended (the **2014 incentive plan**) were designed, to provide additional remuneration to eligible officers and employees of our company, our nonemployee directors and independent contractors and employees of Liberty Media or QVC Group providing services to us and to encourage their investment in our capital stock, thereby increasing their proprietary interest in our business. Subject to the terms of the Merger Agreement, non-qualified stock options, SARs, restricted shares, RSUs, cash awards, performance awards or any combination of the foregoing may be granted under the 2024 incentive plan (collectively, as used in this description of the 2024 incentive plan, **awards**). The number of shares of our common stock that remain available for issuance under the 2024 incentive plan is 8,602,685 shares, plus any forfeited shares from the 2019 incentive plan. Available shares are subject to anti-dilution and other adjustment provisions of the 2024 incentive plan. No nonemployee director may be granted during any calendar year awards having a value (as determined on the grant date of such award) in excess of \$1 million. Shares of our common stock issuable pursuant to awards will be made available from either authorized but unissued shares or shares that have been issued but reacquired by our company, including shares purchased on the open market. The 2024 incentive plan is administered by the compensation committee with regard to all awards granted under the 2024 incentive plan (other than awards granted to the nonemployee directors which may be administered by our full Board of Directors or the compensation committee), and the compensation committee has full power and authority to determine the terms and conditions of such awards. The 2024 incentive plan has a five-year term.

In December 2020, our company completed the combination with Old GCI Liberty. Prior to the combination, Old GCI Liberty had granted to our named executive officers under the GCI Liberty, Inc. 2018 Omnibus Incentive Plan (the **GCI Liberty 2018 incentive plan**) equity-based awards, including multi-year stock option awards and annual equity-based awards. All of the equity-based awards with respect to Old GCI Liberty's common stock, including those held by our named executive officers, were assumed by our company and converted into Liberty Broadband awards when the combination was complete. Subject to certain changes to reflect the combination, these plans will continue to govern the terms and conditions of the assumed and converted awards, but will not be used to make any additional grants following the combination.

PAY RATIO INFORMATION

We are providing the following information about the relationship of the median annual total compensation of our employees and the total compensation of Mr. Patterson, our Chief Executive Officer on December 31, 2025, pursuant to the SEC's pay ratio disclosure rules set forth in Item 402(u) of Regulation S-K. We believe our pay ratio is a reasonable estimate calculated in a manner consistent with the SEC's pay ratio disclosure rules. However, because these rules provide flexibility in determining the methodology, assumptions and estimates used to determine pay ratios and the fact that workforce composition issues differ significantly between companies, our pay ratio may not be comparable to the pay ratios reported by other companies.

To identify our median employee, we first determined our employee population as of December 31, 2025, which consisted of employees located in the U.S. representing all full-time, part-time, seasonal and temporary employees employed by our company on that date. Using information from our payroll records and Form W-2s, we then measured each employee's gross wages for calendar year 2025, consisting of base salary, commissions, actual bonus payments, long-term incentive cash payments, if any, realized equity award value and taxable fringe benefits. We did not annualize the compensation of employees who were new hires or took a leave of absence in 2025. Also, we did not annualize the compensation of our temporary or seasonal employees. In addition, we did not make any cost-of-living adjustments to the gross wages information.

We determined the median employee's total compensation for calendar year 2025, which, because of the restrictions imposed under the Merger Agreement, was comprised only of the portion of the cash awards granted in 2024 that vested in 2025, which, for the median employee was \$33. The ratio of our Chief Executive Officer's total annual compensation to that of the median employee was 36,194:1.

In connection with his appointment as our President and Chief Executive Officer, Mr. Patterson received the CEO RSUs. Given that, other than this grant, our ability to grant equity awards and incentive-based compensation was limited by the

restrictions imposed under the Merger Agreement, and that, outside of this award, the only compensation received by any of our employees was the portion of the cash awards granted in 2024 that vested in 2025, if the grant date fair value of the CEO RSUs was excluded from the ratio, the ratio of our Chief Executive Officer's total annual compensation to that of the median employee would have been 5,035:1.

OPTION GRANT PRACTICES

We did not grant options in 2025. Historically, we have not granted options in anticipation of the release of material nonpublic information, and have not timed the release of material nonpublic information based on option grant dates or for the purpose of affecting the value of executive compensation. In addition, we did not take material nonpublic information into account when determining the timing and terms of such options. Although we do not have a formal policy with respect to the timing of our option grants, our compensation committee has historically granted such options on a predetermined annual schedule.

OUTSTANDING EQUITY AWARDS AT FISCAL YEAR-END

The following table contains information regarding unexercised options and unvested RSUs which were outstanding as of December 31, 2025 and held by the named executive officers (with the exception of John C. Malone, who had no outstanding equity awards as of December 31, 2025).

OPTION EXERCISES AND STOCK VESTED

The following table sets forth information concerning the exercise of vested options and the vesting of RSUs held by our named executive officers (with the exception of Mr. Malone, who had no exercises of vested options or vesting of RSUs), in each case, during 2025.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following table sets forth the potential payments to our named executive officers (other than Mr. Malone who is a named executive officer because of his service as our interim President and Chief Executive Officer until July 14, 2025 and who did not receive any payments in connection with his stepping down from such role upon Mr. Patterson's appointment as our President and Chief Executive Officer) if their employment had terminated or a change in control had occurred, in each case, as of December 31, 2025, which was the last day of our last completed fiscal year. In the event of such a termination or change in control, the actual amounts may be different due to various factors. In addition, we may enter into new arrangements or modify these arrangements from time to time.

The amounts provided in the table are based on the closing market price on December 31, 2025 for LBRDK, which was \$48.60. All outstanding option awards held by the named executive officers, whether vested or unvested, had an exercise price that was more than the closing market price of LBRDK on December 31, 2025, and therefore have been excluded from the table below. The value of the RSUs shown in the table is based on the applicable closing market price and the number of unvested RSUs that would have vested in the applicable termination scenario according to the terms of the applicable award.

Each of our named executive officers has received awards and payments under our incentive plans.

VOLUNTARY TERMINATION

Each of the named executive officers holds equity awards that were issued under our existing incentive plans. Under these plans and the related award agreements, in the event of a voluntary termination of his or her employment with our company for any reason, each named executive officer would typically only have a right to the equity grants that vested prior to his or her termination date.

TERMINATION FOR CAUSE

All outstanding equity grants constituting options, whether unvested or vested but not yet exercised and all equity grants constituting unvested RSUs under the existing incentive plans would be forfeited by any named executive officer who is terminated for "cause". Unless there is a different definition in the applicable award agreement, each of the 2024 incentive plan, the 2019 incentive plan, and the GCI Liberty 2018 incentive plan define "cause" as insubordination, dishonesty, incompetence, moral turpitude, other misconduct of any kind and the refusal to perform duties and responsibilities for any reason other than illness or incapacity; provided that, if such termination is within 12 months after a change in control (as described below), "cause" means a felony conviction for fraud, misappropriation or embezzlement.

TERMINATION WITHOUT CAUSE

As of December 31, 2025, Messrs. Patterson's and Wendling's and Ms. Wilm's unvested equity awards were, for Mr. Patterson, the CEO RSUs and, for all such named executive officers, the final vesting tranche of their 2023 Multiyear RSUs, 2023 Multiyear Options and 2023 Supplemental Options. The 2023 Multiyear RSUs, 2023 Multiyear Options and 2023 Supplemental Options would become vested upon a termination of employment without cause, and Mr. Patterson's CEO RSUs would be forfeited. None of Messrs. Patterson or Wendling nor Ms. Wilm is entitled to any severance pay or other benefits upon a termination without cause.

DEATH

In the event of death of any of the named executive officers, the incentive plans and applicable award agreements would have provided for vesting of any outstanding options and the lapse of restrictions on any RSU awards. None of the named executive officers would have been entitled to any severance pay or other benefits from our company if he or she had died while employed by our company, assuming a termination date as of December 31, 2025.

DISABILITY

If the employment of any of the named executive officers had been terminated due to disability, which is defined in the incentive plans or applicable award agreements, such plans or agreements would have provided for vesting of any

outstanding options and the lapse of restrictions on any RSUs. None of the named executive officers would have been entitled to any severance pay or other benefits from our company upon a termination due to disability, assuming a termination date as of December 31, 2025.

CHANGE IN CONTROL

In case of a change in control, the incentive plans provide for vesting of any outstanding options and the lapse of restrictions on any RSU award held by the named executive officers. A change in control is generally defined as:

- The acquisition by a non-exempt person (as defined in the incentive plans) of beneficial ownership of at least 20% of the combined voting power of the then outstanding shares of our company ordinarily having the right to vote in the election of directors, other than pursuant to a transaction approved by our Board of Directors.
- The individuals constituting our Board of Directors over any two consecutive years cease to constitute at least a majority of the Board, subject to certain exceptions that permit the Board to approve new members by approval of at least two-thirds of the remaining directors.
- Any merger, consolidation or binding share exchange that causes the persons who were common stockholders of our company immediately prior thereto to lose their proportionate interest in the common stock or voting power of the successor or to have less than a majority of the combined voting power of the then outstanding shares ordinarily having the right to vote in the election of directors, the sale of substantially all of the assets of our company or the dissolution of our company.

In the case of a change in control described in the last bullet point, our compensation committee may determine not to accelerate the existing equity and cash awards of the named executive officers if equivalent awards will be substituted for the existing awards. For purposes of the tabular presentation below, we have assumed that our named executive officers' existing unvested equity awards would vest in the case of a change in control described in the last bullet.

- (1) Mr. Patterson would have forfeited the CEO RSUs and each of Messrs. Patterson and Wendling and Ms. Wilm would have forfeited the final vesting tranche of each of his or her 2023 Multiyear RSUs, 2023 Multiyear Options and 2023 Supplemental Options, in each case, if his or her employment had been terminated by him or her as of December 31, 2025. Messrs. Patterson's and Wendling's and Ms. Wilm's vested options would remain outstanding and exercisable in accordance with their terms in the event each of Messrs. Patterson and Wendling and Ms. Wilm terminated his or her employment as of December 31, 2025. Because the exercise prices of Messrs. Patterson's and Wendling's and Ms. Wilm's vested options are more than the closing market price of LBRDK shares on December 31, 2025, no value has been included for these awards in the table.
- (2) If each of Messrs. Patterson and Wendling and Ms. Wilm was terminated by our company for "cause" as of December 31, 2025, all of his or her outstanding option and RSU grants would have been forfeited.
- (3) Based on the number of unvested 2023 Multiyear RSUs held by Messrs. Patterson and Wendling and Ms. Wilm as of December 31, 2025 that would have vested if he or she were terminated without cause as of December 31, 2025. Mr. Patterson would have forfeited the CEO RSUs if his employment had terminated without cause as of December 31, 2025. The final vesting tranche of each of Messrs. Patterson's and Wendling's and Ms. Wilm's 2023 Multiyear Options and 2023 Supplemental Options would have vested if he or she were terminated without cause as of December 31, 2025; however, because the exercise prices of the 2023 Multiyear Options and 2023 Supplemental Options are more than the closing market price of LBRDK shares on December 31, 2025, no value has been included for these awards in the table. Additionally, because the exercise prices of Messrs. Patterson's and Wendling's and Ms. Wilm's vested options are more than the closing market price of LBRDK shares on December 31, 2025, no value has been included for these awards in the table.
- (4) Based on the number of unvested 2023 Multiyear RSUs held by Messrs. Patterson and Wendling and Ms. Wilm as of December 31, 2025, and, for Mr. Patterson, the CEO RSUs, each of which would have vested if his or her employment had been terminated due to death or disability as of December 31, 2025. The final vesting tranche of each of Messrs. Patterson's and Wendling's and Ms. Wilm's 2023 Multiyear Options and 2023 Supplemental Options would have vested, in each case, if his or her employment had been terminated due to death or disability as of December 31, 2025; however, because the exercise prices of the 2023 Multiyear Options and 2023 Supplemental Options are more than the closing market price of LBRDK shares on December 31, 2025, no value has been included for these awards in the table. Additionally, because the exercise prices of Messrs. Patterson's and Wendling's and Ms. Wilm's vested options are more than the closing market price of LBRDK shares on December 31, 2025, no value has been included for these awards in the table.
- (5) Upon a change in control, we have assumed for purposes of the tabular presentation above that the CEO RSUs and the final tranche of each of the 2023 Multiyear Options, 2023 Multiyear RSUs and 2023 Supplemental Options would have vested; however, because the exercise prices of the 2023 Multiyear Options and 2023 Supplemental Options are more than the closing market price of LBRDK shares on December 31, 2025, no value has been included for these awards in the table. Additionally, because the exercise prices of Messrs. Patterson's and Wendling's and Ms. Wilm's vested options are more than the closing market price of LBRDK shares on December 31, 2025, no value has been included for these awards in the table.

PAY VERSUS PERFORMANCE

This section provides information about the relationship between compensation actually paid to our Principal Executive Officer and other named executive officers and certain financial performance measures of our company. For purposes of this section, the amount of compensation actually paid to our Principal Executive Officer and other named executive officers is determined using the valuation methods prescribed by the SEC in Item 402(v) of Regulation S-K. Although the rules describe such amount as compensation actually paid, these amounts are not reflective of the taxable compensation actually paid to our named executive officers in a covered year. As described in more detail below, to determine the amount of compensation actually paid in a covered year, Item 402(v) of Regulation S-K requires that in each covered year we (1) deduct the grant date value of equity awards reported in the Stock Awards or Option Awards columns in the Summary Compensation Table from the Total column in the Summary Compensation Table; (2) add, for awards granted in the covered year, the fair value of the equity awards (i) as of the end of a covered year or (ii) as of the vesting date, as applicable; and (3) add or subtract, for awards granted in, and outstanding at the end of, a prior year (i) the change in the fair value from the end of the prior year to the end of the current year or (ii) from the end of the prior year to the date the awards vest in the covered year, as applicable.

- (1) Gregory Maffei was our Principal Executive Officer (**PEO**) from 2021 through 2024 and is listed in the "Former PEO" column for such years. In 2025, Mr. Malone served as our interim PEO until Mr. Patterson was appointed as our PEO effective July 14, 2025. For 2025, Mr. Malone and Mr. Patterson are listed in the "Former PEO" and "Current PEO" columns, respectively. Our named executive officers other than our PEO (**non-PEO NEOs**) for (a) each of the fiscal years 2021, 2022 and 2023 were Messrs. Wendling and Albert Rosenthaler (our company's former Chief Corporate Development Officer) and Ms. Wilm and (b) 2024 and 2025 were Mr. Wendling and Ms. Wilm.
- (2) Reflects, for Messrs. Patterson, Malone and Maffei, the total compensation reported in the Summary Compensation Table and for the non-PEO NEOs, the average total compensation reported in the Summary Compensation Table in each of the fiscal years indicated.

- (a) Reflects, for Messrs. Patterson, Malone and Maffei, the applicable amounts reported in the Summary Compensation Table and for the non-PEO NEOs, the average of the applicable amounts reported in the Summary Compensation Table in each of the fiscal years indicated.
- (b) No equity award adjustments are made for Mr. Malone as he did not hold any equity awards in 2025.
- (c) Reflects, with respect to Messrs. Patterson and Maffei, the fair value and, with respect to the non-PEO NEOs, the average of the fair values, as of the end of the covered fiscal year of awards granted in, and remaining outstanding and unvested (in whole or in part) as of the end of, the covered fiscal year.
- (d) Reflects, with respect to Messrs. Patterson and Maffei, the change in fair value, and with respect to the non-PEO NEOs, the average of the change in fair values, from the end of the prior fiscal year to the end of the covered fiscal year of awards granted in prior fiscal years that remained outstanding and unvested (in whole or in part) as of the end of the covered fiscal year.
- (e) Reflects, with respect to Messrs. Patterson and Maffei, the fair value, and with respect to the non-PEO NEOs, the average of the fair values, as of the day awards became vested in the covered fiscal year, when such awards were also granted in the covered fiscal year.
- (f) Reflects, with respect to Messrs. Patterson and Maffei, the change in fair value, and with respect to the non-PEO NEOs, the average of the change in fair values, from the end of the prior fiscal year to the day awards became vested in the covered fiscal year, when such awards were granted in a prior fiscal year.
- (4) For each covered fiscal year, represents the cumulative total stockholder return on an initial fixed \$100 investment in each of LBRDA and LBRDK from December 31, 2020 through December 31 of each covered fiscal year.
- (5) For each covered fiscal year, represents the cumulative total stockholder return on an initial fixed \$100 investment in the S&P 500 Communication Services Index from December 31, 2020 through December 31 of each covered fiscal year.
- (6) Represents the amount of net income reflected in our consolidated financial statements for each covered fiscal year.
- (7) Due to the restrictions in the Merger Agreement, in 2025, we did not grant or pay our named executive officers any compensation based on any financial performance measures. In prior years, our most important financial performance measure tied to our named executive officers' compensation was Adjusted OIBDA. We define Adjusted OIBDA as operating income (loss) plus depreciation and amortization, stock-based compensation, separately reported litigation settlements, transaction related costs (including acquisition, restructuring, integration, and advisory fees), and impairment charges. For purposes of this disclosure, Adjusted OIBDA includes our attributable interests in our equity investments.

- (1) Upon adoption of the 2019 incentive plan, the Board of Directors ceased making any further grants under the 2014 incentive plan. The amounts reported for the 2014 incentive plan reflect the number of securities to be issued upon exercise of outstanding options and the weighted average exercise price thereof.
- (2) Upon adoption of the 2024 incentive plan, the Board of Directors ceased making any further grants under the 2019 incentive plan. The amounts reported for the 2019 incentive plan reflect 2,071,346 shares of LBRDK to be issued upon exercise of outstanding options and 11,700 shares of LBRDK to be issued upon the settlement of restricted stock units. The weighted average exercise price does not take into account restricted stock units, which by their nature do not have an exercise price.
- (3) The 2024 incentive plan permits grants of, or with respect to, shares of any series of our common stock, subject to a single aggregate limit, which was initially equal to 5,000,000 shares plus the shares remaining available for awards under the 2019 incentive plan, as of the close of business on May 23, 2024, the effective date of the 2024 incentive plan, adjusted subject to the antidilution provisions therein in connection with the GCI Liberty Spin-Off. In addition, any forfeited shares from the 2019 incentive plan shall be available again under the 2024 incentive plan. The amounts reported for the 2024 incentive plan reflect 17,910 shares of LBRDK to be issued upon the settlement of restricted stock units. The weighted average exercise price does not take into account restricted stock units, which by their nature do not have an exercise price.
- (4) On December 18, 2020, in connection with the combination of our company and Old GCI Liberty, we assumed each outstanding award issued pursuant to the GCI Liberty 2018 incentive plan and converted such awards into Liberty Broadband awards. We do not intend to issue any new grants under the GCI Liberty 2018 incentive plan in the future. As of December 31, 2025, under the GCI Liberty 2018 incentive plan, the number of securities to be issued upon exercise of outstanding options, warrants and rights was 642,998 LBRDK shares, which have a weighted average exercise price of \$128.30 and 13,369 LBRDB shares, which have an exercise price of \$93.27.

Security Ownership of Certain Beneficial Owners and Management

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

The following table sets forth information concerning shares of our capital stock beneficially owned by each person or entity known by us to own more than five percent of the outstanding shares of any class or series of our voting stock. Beneficial ownership of our capital stock is set forth below only to the extent known by us or ascertainable from public filings.

Unless otherwise indicated, the security ownership information with respect to our capital stock is given as of January 31, 2026 and, in the case of percentage ownership information, is based upon (1) 18,254,690 LBRDA shares, (2) 386,988 LBRDB shares, (3) 124,856,052 LBRDK shares and (4) 7,183,812 LBRDP shares, in each case, outstanding on that date. The percentage voting power is presented on an aggregate basis for all LBRDA, LBRDB and LBRDP shares. LBRDK shares are, however, non-voting and, therefore, in the case of percentage voting power, are not included. For purposes of the following presentation, beneficial ownership of shares of LBRDB, though convertible on a one-for-one basis into shares of LBRDA, are reported as beneficial ownership of LBRDB only, and not as beneficial ownership of LBRDA.

- (13) Based on the information available to us and the Schedule 13D filed December 23, 2020 by Mr. Duncan with respect to LBRDP shares, the ownership figures include the following: (a) 386,829 shares of LBRDK and 310,738 shares of LBRDP to which Mr. Duncan has a direct pecuniary interest; (b) 2,785 shares of LBRDK allocated to Mr. Duncan under the GCI 401(k) Plan; (c) 7,308 shares of LBRDK and 4,000 shares of LBRDP held by Missy, LLC, which is 25% owned by a limited liability company for which Mr. Duncan serves as the managing member; (d) 27,159 shares of LBRDK and 18,041 shares of LBRDP held by Dani Bowman, Mr. Duncan's wife, of which Mr. Duncan has disclaimed beneficial ownership; (e) 84,641 shares of LBRDK and 99,322 shares of LBRDP held by 560 Company, Inc., which is 55% owned by Mr. Duncan and for which Mr. Duncan has voting and dispositive power; (f) 16,060 shares of LBRDK and 41,000 shares of LBRDP held by a foundation over which Mr. Duncan has voting control; and (g) 4,197 shares of LBRDK held by a limited liability company of which Mr. Duncan is the controlling member. Includes 309,079 shares of LBRDK and 338,078 shares of LBRDP pledged as security for certain margin loan facilities as of January 31, 2026.

SECURITY OWNERSHIP OF MANAGEMENT

The following table sets forth information with respect to the ownership by each of our directors and named executive officers (as defined herein) and by all of our directors and executive officers as a group of shares of LBRDA, LBRDB, LBRDK and LBRDP. The security ownership information with respect to our capital stock is given as of January 31, 2026 and, in the case of percentage ownership information, is based upon (1) 18,254,690 LBRDA shares, (2) 386,988 LBRDB shares, (3) 124,856,052 LBRDK shares and (4) 7,183,812 LBRDP shares, in each case, outstanding on that date. The percentage voting power is presented on an aggregate basis for all LBRDA, LBRDB and LBRDP shares. LBRDK shares are, however, non-voting and, therefore, in the case of percentage voting power, are not included.

Shares of capital stock issuable upon exercise or conversion of options, warrants and convertible securities that were exercisable or convertible on or within 60 days after January 31, 2026 are deemed to be outstanding and to be beneficially owned by the person holding the options, warrants or convertible securities for the purpose of computing the percentage ownership of that person and for the aggregate percentage owned by the directors and named executive officers as a group, but are not treated as outstanding for the purpose of computing the percentage ownership of any other individual person. For purposes of the following presentation, beneficial ownership of shares of LBRDB, though convertible on a one-for-one basis into shares of LBRDA, are reported as beneficial ownership of LBRDB only, and not as beneficial ownership of LBRDA. So far as is known to us, the persons indicated below have sole voting and dispositive power with respect to the shares indicated as owned by them, except as otherwise stated in the notes to the table.

HEDGING DISCLOSURE

We do not have any practices or policies regarding the ability of our employees (including officers) or directors, or any of their designees, to purchase financial instruments (including prepaid variable forward contracts, equity swaps, collars, and exchange funds) or otherwise engage in transactions, that hedge or offset, or are designed to hedge or offset, any decrease in the market value of our equity securities.

CHANGES IN CONTROL

On November 12, 2024, our company entered into a definitive agreement (the **Merger Agreement**) under which Charter has agreed to acquire our company (the **Combination**, together with other transactions contemplated by the Merger Agreement, the **Transactions**). Under the terms of the Merger Agreement, each holder of our common stock will receive 0.236 of a share of Charter Class A common stock, par value \$0.001 per share, for each share of our common stock held, with cash to be issued in lieu of fractional shares. Each holder of LBRDP will receive one share of newly issued Charter Series A cumulative redeemable preferred stock, par value \$0.001 (**Charter preferred stock**) per share, for each share of LBRDP held. The Charter preferred stock will substantially mirror the current terms of LBRDP, including a mandatory redemption date of March 8, 2039. As a condition to closing the Combination, we agreed to divest our GCI business by way of a distribution to the holders of our common stock (the **GCI Divestiture**), which was completed on July 14, 2025. On May 16, 2025, Charter and Cox Enterprises, Inc. announced that they entered into a definitive agreement to combine their businesses (the **Cox Transactions**). In connection with this transaction, we have agreed to accelerate the closing of the Combination to occur contemporaneously with the Cox Transactions.

Certain Relationships and Related Party Transactions

Under our Code of Business Conduct and Ethics and Corporate Governance Guidelines, if a director or executive officer has an actual or potential conflict of interest (which includes being a party to a proposed “related party transaction” (as defined by Item 404 of Regulation S-K)), the director or executive officer should promptly inform the person designated by our Board to address such actual or potential conflicts. No related party transaction may be effected by our company without the approval of the audit committee of our Board or another independent body of our Board designated to address such actual or potential conflicts.

EXCHANGE AGREEMENT WITH JOHN C. MALONE

On June 13, 2022, we entered into an Exchange Agreement (as defined below) with our Chairman of the Board, John C. Malone, whereby, among other things, Mr. Malone agreed to an arrangement under which his aggregate voting power in our company would not exceed 49% (the **Target Voting Power**) plus 0.5% (under certain circumstances). The Exchange Agreement was amended in connection with our entry into the Merger Agreement, as described below. We have an ongoing stock repurchase program which permits us to purchase shares of our common stock subject to the terms of the Merger Agreement. In light of Mr. Malone’s current ownership interests in our company, absent the Exchange Agreement, continued repurchases of LBRDA, pursuant to this program would be expected to have the effect of increasing Mr. Malone’s aggregate voting power in our company to greater than 50%. We and our Board believe it is in the best interests of our company and its stockholders to not have a single stockholder control greater than 50% of our aggregate voting power and to maintain flexibility with respect to future share repurchases and other transactions that may have an accretive voting power effect.

A special committee of independent and disinterested directors was formed by our Board to consider a potential exchange arrangement between us and Mr. Malone and engaged independent legal counsel to assist it. The special committee recommended to our Board of Directors the approval of an exchange agreement, among us, Mr. Malone and a revocable trust of which Mr. Malone is the sole trustee and beneficiary (the **JM Trust**) (the **Exchange Agreement**). Our Board of Directors, upon the unanimous recommendation of the members of the special committee, approved the Exchange Agreement.

The Exchange Agreement provides for exchanges by our company and Mr. Malone or the JM Trust of shares of LBRDB for shares of LBRDK in connection with certain events, as described below.

Accretive Event Exchange. In connection with any event that would result in a reduction in the outstanding votes that may be cast by holders of our voting stock or an increase of Mr. Malone’s beneficially-owned voting power in our company (an **Accretive Event**), in each case, such that Mr. Malone’s voting power would exceed the Target Voting Power plus 0.5%, Mr. Malone or the JM Trust will be required to exchange with our company shares of LBRDB (**Exchanged LBRDB Shares**) for an equal number of shares of LBRDK (**Exchanged LBRDK Shares**) so as to maintain Mr. Malone’s voting power as close as possible to, without exceeding, the Target Voting Power, on the terms and subject to the conditions of the Exchange Agreement. For example, repurchases by us of shares of our capital stock, conversions of LBRDB into LBRDA, as well as purchases by Mr. Malone of our capital stock, in each case, having the effect on Mr. Malone’s voting power described above would be Accretive Events.

Dilutive Event Exchange. From and after the occurrence of any Accretive Event, in connection with any event that would result in an increase in the outstanding votes that may be cast by holders of our voting stock or a decrease of Mr. Malone’s beneficially-owned voting power in our company (a **Dilutive Event**), in each case, such that Mr. Malone’s voting power falls below the Target Voting Power less 0.5%, Mr. Malone and the JM Trust may exchange with our company shares of LBRDK for an equal number of shares of LBRDB equal to the lesser of (i) the number of shares of LBRDB which would maintain Mr. Malone’s voting power as close as possible to, without exceeding, the Target Voting Power and (ii) the number of Exchanged LBRDB Shares at such time, on the terms and subject to the conditions of the Exchange Agreement. For example, exercises of stock options for, conversions of convertible securities into or issuances of new shares of our voting stock having the effect on Mr. Malone’s voting power described above would be Dilutive Events.

Fundamental Event Exchange. If we propose to consummate any combination, consolidation, merger, exchange offer, split-off, spin-off, rights offering or dividend, in each case, as a result of which holders of LBRDB are entitled to receive securities of our company, securities of another person, property or cash or a combination thereof (a **Fundamental Event**) then, unless the consideration to be received by holders of LBRDB and LBRDK is identical, either (x) we will provide for Mr. Malone or the JM Trust to receive the same per share amount and form of consideration to be received by holders of LBRDB in connection with such event for each Exchanged LBRDK Share or (y) immediately prior to the consummation of the Fundamental Event, we will deliver to Mr. Malone and the JM Trust all Exchanged LBRDB Shares in exchange for all Exchanged LBRDK Shares. In connection with certain Fundamental Events where Mr. Malone would beneficially own 40% or more of the aggregate voting power of the surviving or resulting company and serve as an officer or director, such company and Mr. Malone will negotiate an agreement to replicate the benefits and obligations of the Exchange Agreement.

Restriction on Transfer. Mr. Malone may transfer his rights to the Exchanged LBRDB Shares only in limited circumstances and only to certain related permitted transferees who sign an agreement replicating the benefits and obligations of the Exchange Agreement.

Termination. The Exchange Agreement will terminate in its entirety, upon (i) the parties' mutual consent, (ii) the execution of a successor exchange agreement between us and one or more proposed permitted transferees at a time when Mr. Malone no longer beneficially owns any shares of LBRDB or (iii) Mr. Malone's aggregate voting power in our company falling below 20%.

Expenses. Under the Exchange Agreement, we have agreed to pay (or reimburse) Mr. Malone and the JM Trust for all reasonable out-of-pocket costs and expenses incurred by Mr. Malone and the JM Trust in connection with the preparation, negotiation, execution and consummation of the transactions contemplated by the Exchange Agreement.

Pursuant to the terms of the Exchange Agreement, on January 20, 2023, we notified Mr. Malone that in connection with our ongoing stock repurchase program, which permits us to purchase shares of our common stock, we reasonably expected such repurchases to result in an Accretive Event. As a result, on January 23, 2023, on the terms and subject to the conditions of the Exchange Agreement, and prior to the occurrence of an Accretive Event, we and Mr. Malone completed an exchange whereby Mr. Malone transferred to us 54,247 shares of LBRDB in exchange for an equivalent number of shares of LBRDK. Previously, under the Exchange Agreement, the JM Trust had exchanged 215,647 shares of LBRDB for the same number of shares of LBRDK on June 13, 2022, and exchanged 211,255 shares of LBRDB for the same number of shares of LBRDK on July 19, 2022.

The foregoing description of the Exchange Agreement does not purport to be complete and is subject to, and is qualified in its entirety by, the Exchange Agreement, which is incorporated by reference herein and filed as Exhibit 10.1 to our Current Report on Form 8-K filed with the SEC on June 13, 2022.

Exchange and Amendment to Exchange Agreement in Connection with the GCI Divestiture. In connection with the entry into the Merger Agreement, our company entered into an Exchange Side Letter Agreement (the **Exchange Side Letter**) with Mr. Malone and certain trusts related to Mr. Malone (collectively, the **JCM Exchange Holders**), whereby, among other things, the JCM Exchange Holders agreed to an arrangement under which our company had the right, in connection with the GCI Divestiture, to exchange certain shares of LBRDB held by such JCM Exchange Holders for shares of LBRDK on a one-for-one basis (the **Exchange**) to avoid the application of certain related party rules that otherwise could limit the availability of certain tax benefits to the entity that holds the GCI business in the GCI Divestiture (**Spinco**) following the GCI Divestiture. If the Merger Agreement is terminated without the closing of the Combination having occurred but following the consummation of the Exchange (the **Exchange Closing**), and unless otherwise agreed to in writing by the JCM Exchange Holders and our company, the Exchange will be automatically rescinded and treated as if neither the Exchange nor the Exchange Closing had ever occurred. Further, pursuant to the terms of the Exchange Side Letter, the parties thereto amended certain provisions of the Exchange Agreement to provide that (i) solely in connection with the GCI Divestiture, Exchanged LBRDK Shares would not be exchanged for shares of LBRDB and the holders of such Exchanged LBRDK Shares would receive the same per share consideration received by holders of shares of LBRDK, (ii) our company waived its right to obligate the JCM Exchange Holders to enter into an exchange agreement with Spinco in connection with the GCI Divestiture, (iii) the Exchange Agreement would not be terminated as a result of the JCM Exchange Holders falling below 20% voting power in connection with the GCI Divestiture, and (iv) following the Exchange and prior to any termination of the Merger Agreement, none of the Exchanged LBRDK Shares would be exchanged for shares of LBRDB. All of the independent directors of our Board approved the amendments to, and waiver under, the Exchange Agreement.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In accordance with the Exchange Side Letter and concurrent with the GCI Divestiture, the JCM Exchange Holders exchanged 1,617,040 shares of LBRDB for the same number of shares of LBRDK on July 14, 2025.

The foregoing description of the Exchange Side Letter does not purport to be complete, and is qualified in its entirety by, the Exchange Side Letter, which is incorporated by reference herein and filed as Exhibit 10.5 to our Current Report on Form 8-K filed with the SEC on November 13, 2024.

FORWARD-LOOKING STATEMENTS

Certain statements in this Annual Report constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding future expenses; the performance, results of operations and cash flows of Liberty Broadband Corporation's (**Liberty Broadband, us, we and our**) equity affiliate, Charter Communications, Inc. (**Charter**); the expansion of Charter's network; projected sources and uses of cash; the effects of legal and regulatory developments; the Transactions (as defined elsewhere in this Annual Report); indebtedness and the anticipated impact of certain contingent liabilities related to legal and tax proceedings and other matters arising in the ordinary course of business. You can identify some of the forward-looking statements by the use of forward-looking words such as "anticipate," "believe," "plan," "estimate," "expect," "intend," "should," "may" and other similar expressions, although not all forward-looking statements contain these identifying words. In particular, statements under "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Quantitative and Qualitative Disclosures About Market Risk" contain forward-looking statements. Forward-looking statements inherently involve many risks and uncertainties that could cause actual results to differ materially from those projected in these statements. Where, in any forward-looking statement, we express an expectation or belief as to future results or events, such expectation or belief is expressed in good faith and believed to have a reasonable basis, but such statements necessarily involve risks and uncertainties. There can be no assurance that such expectations or beliefs will result or be achieved or accomplished and you should not place undue reliance on these forward-looking statements. The following include some but not all of the factors that could cause actual results or events to differ materially from those anticipated:

- our and Charter's ability to obtain cash in sufficient amounts to service financial obligations and meet other commitments;
- our ability to use net operating loss carryforwards and disallowed business interest carryforwards;
- our and Charter's ability to obtain additional financing, or refinance existing indebtedness, on acceptable terms;
- the impact of our and Charter's significant indebtedness and the ability to comply with any covenants in our and their respective debt instruments;
- general business conditions, unemployment levels and the level of activity in the housing sector and economic uncertainty or downturn;
- competition faced by Charter;
- the ability of Charter to acquire and retain subscribers;
- the effects of governmental regulation on Charter including subsidies to consumers, subsidies and incentives for competitors, costs, disruptions and possible limitations on operating flexibility related to, and Charter's ability to comply with, regulatory conditions applicable to Charter;
- changes in the amount of data used on the networks of Charter;
- the ability of third-party providers to supply equipment, services, software or licenses;
- the ability of Charter to respond to new technology and meet customer demands for new products and services;
- changes in customer demand for Charter's products and services and their ability to adapt to changes in demand;
- the ability of Charter to license or enforce intellectual property rights;
- natural or man-made disasters, terrorist attacks, armed conflicts, pandemics, cyberattacks, network disruptions, service interruptions and system failures and the impact of related uninsured liabilities;
- the ability to procure necessary services and equipment from Charter's vendors in a timely manner and at reasonable costs including in connection with Charter's network evolution and rural construction initiatives;
- risks related to Charter's transaction with Cox Enterprises, Inc. (**Cox**);
- the ability to hire and retain key personnel;
- risks related to the Investment Company Act of 1940, as amended (the **Investment Company Act**);
- the outcome of any pending or threatened litigation;
- changes to general economic conditions and their impact on potential customers, vendors and third parties;
- the ability to satisfy the conditions to consummate the Transactions and/or to consummate the Transactions in a timely manner or at all;

- the ability to recognize anticipated benefits from the Transactions;
- the possibility that our business may suffer as a result of uncertainty surrounding the Transactions;
- the possibility that the Transactions may have unexpected costs; and
- other risks related to the Transactions.

These forward-looking statements and such risks, uncertainties and other factors speak only as of the date of this Annual Report, and we expressly disclaim any obligation or undertaking to disseminate any updates or revisions to any forward-looking statement contained herein, to reflect any change in our expectations with regard thereto, or any other change in events, conditions or circumstances on which any such statement is based. When considering such forward-looking statements, you should keep in mind any risk factors identified and other cautionary statements contained in this Annual Report and in our publicly filed documents, including our most recent Form 10-K. Such risk factors and statements describe circumstances which could cause actual results to differ materially from those contained in any forward-looking statement.

This Annual Report includes information concerning Charter, a public company that files reports and other information with the Securities and Exchange Commission (the **SEC**) in accordance with the Securities Exchange Act of 1934, as amended. Information in this Annual Report concerning Charter has been derived from the reports and other information filed by it with the SEC. If you would like further information about Charter, the reports and other information it files with the SEC can be accessed on the Internet website maintained by the SEC at www.sec.gov. Those reports and other information are not incorporated by reference in this Annual Report.

STOCK PERFORMANCE

The following graph compares the percentage change in the cumulative total stockholder return on an investment in Liberty Broadband Series A and Series C common stock (Nasdaq: LBRDA, LBRDK) from December 31, 2020 through December 31, 2025 to the S&P 500 Index, the S&P 500 Communication Services Index and a Peer Group⁽¹⁾ defined by Charter Communications. Liberty Broadband believes this Peer Group is a relevant index for comparative purposes as Liberty Broadband's interest in Charter Communications is its largest asset.

On July 14, 2025, Liberty Broadband completed the spin-off of GCI Liberty into a separate publicly traded company.

Holders

As of January 31, 2026, there were 554, 67 and 1,943 holders of our Series A, Series B and Series C common stock, respectively. The foregoing numbers of record holders do not include the number of stockholders whose shares are held nominally by banks, brokerage houses or other institutions, but include each such institution as one shareholder.

Dividends

We have not paid any cash dividends on our common stock, which is currently restricted by the Merger Agreement, and we have no present intention of so doing. Payment of cash dividends, if any, in the future will be determined by our board of directors in light of our earnings, financial condition and other relevant considerations.

Purchases of Equity Securities by the Issuer

As of December 31, 2025, the Company had \$1.7 billion available to be used for share repurchases under the Company’s share repurchase program, which is currently restricted by the Merger Agreement.

There were no repurchases of Liberty Broadband Series A, Series B or Series C common stock or Liberty Broadband Series A cumulative redeemable preferred stock (“Liberty Broadband preferred stock”) during the three months ended December 31, 2025.

During the three months ended December 31, 2025, zero shares of Liberty Broadband Series A common stock, zero shares of Liberty Broadband Series B common stock, 368 shares of Liberty Broadband Series C common stock and zero shares of Liberty Broadband preferred stock were surrendered by our officers and employees to pay withholding taxes and other deductions in connection with the vesting of their restricted stock.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis provides information concerning our results of operations and financial condition. This discussion should be read in conjunction with our accompanying consolidated financial statements and the notes thereto.

Overview

Liberty Broadband Corporation (“Liberty Broadband,” “the Company,” “us,” “we,” or “our”) is primarily comprised of an equity method investment in Charter Communications, Inc. (“Charter”).

During May 2014, the board of directors of Liberty Media Corporation and its subsidiaries (“Liberty”) authorized management to pursue a plan to spin-off to its stockholders common stock of a wholly owned subsidiary, Liberty Broadband, and to distribute subscription rights to acquire shares of Liberty Broadband’s common stock (the “Broadband Spin-Off”).

On December 18, 2020, the original GCI Liberty, Inc. (“prior GCI Liberty”), the previous parent company of GCI, was acquired by Liberty Broadband.

In July 2025, Liberty Broadband and its subsidiaries completed an internal reorganization preceding the GCI Divestiture to transfer the GCI Business (as defined below) to GCI Liberty, Inc. (“GCI Liberty”). Following the internal reorganization, GCI Liberty owns, directly or indirectly, GCI, LLC and the operations comprising, and the entities that conduct, the GCI Business (collectively, “GCI”). GCI Liberty was a wholly owned subsidiary of Liberty Broadband until the GCI Divestiture, which was completed on July 14, 2025. GCI Liberty is presented as a discontinued operation in the Company’s consolidated financial statements. See note 2 to the accompanying consolidated financial statements for details of the GCI Divestiture.

Through a number of prior years’ transactions, Liberty Broadband has acquired an interest in Charter. Liberty Broadband controls 25.01% of the aggregate voting power of Charter.

Recent Events

Charter Combination

On November 12, 2024, the Company entered into a definitive agreement (the “Merger Agreement”) under which Charter has agreed to acquire Liberty Broadband (the “Combination”, together with the other transactions contemplated by the Merger Agreement, the “Transactions”). Under the terms of the Merger Agreement, each holder of Liberty Broadband Series A common stock, Series B common stock, and Series C common stock (collectively, “Liberty Broadband common stock”) will receive 0.236 of a share of Charter Class A common stock per share of Liberty Broadband common stock held, with cash to be paid in lieu of fractional shares. Each holder of Liberty Broadband Series A cumulative redeemable preferred stock (“Liberty Broadband preferred stock”) will receive one share of newly issued Charter Series A cumulative redeemable preferred stock (“Charter preferred stock”) per share of Liberty Broadband preferred stock held. The Charter preferred stock will substantially mirror the current terms of the Liberty Broadband preferred stock, including a mandatory redemption date of March 8, 2039. At the special meeting held on February 26, 2025, the requisite holders of Liberty Broadband’s Series A common stock, Series B common stock and Series A cumulative redeemable preferred stock approved the adoption of the Merger Agreement, pursuant to which, among other things, Liberty Broadband will combine with Charter and divested the business of GCI (the “GCI Business”).

In addition, in connection with the entry into the Merger Agreement, Charter, Liberty Broadband and Advance/Newhouse Partnership (“A/N”) entered into an amendment (the “Stockholders and Letter Agreement Amendment”) to (i) that certain Second Amended and Restated Stockholders Agreement, dated as of May 23, 2015 (as amended, the “Stockholders Agreement”), by and among Charter, Liberty Broadband, and A/N, and (ii) that certain Letter Agreement, dated as of February 23, 2021 (the “Letter Agreement”), by and between Charter and Liberty Broadband. Pursuant to the Stockholders and Letter Agreement Amendment, each month during the pendency of the proposed Transactions under the Merger Agreement, Charter is intended to repurchase shares of Charter Class A common stock from Liberty Broadband in an amount equal to the greater of (i) \$100 million and (ii) an amount such that immediately after giving effect thereto, Liberty Broadband would have sufficient cash to satisfy certain obligations as set forth in the Stockholders and Letter Agreement Amendment and Merger Agreement, provided that if any repurchase would reduce Liberty Broadband’s equity interest in Charter below 25.25% after giving effect to such repurchase or if all or a portion of such repurchase is not permissible, then Charter shall instead loan to Liberty Broadband an amount equal to the lesser of (x) the repurchase amount that cannot be repurchased and (y) an agreed minimum liquidity threshold as set forth in the Stockholders and Letter Agreement Amendment less the repurchase amount that is repurchased, with such loan to occur on the terms set forth in the Stockholders and Letter Agreement Amendment, in each case, subject to certain conditions. Liberty Broadband will remain subject to the existing voting cap of 25.01%. Proceeds from share repurchases applied to debt service are expected to be tax free.

On May 16, 2025, Charter and Cox Enterprises, Inc. (“Cox”) announced that they entered into a definitive agreement to combine their businesses (the “Cox Transactions”). In connection with this transaction, Liberty Broadband has agreed to accelerate the closing of the Combination to occur contemporaneously with the Cox Transactions. There are no changes to any other transaction terms of the pending Liberty Broadband and Charter transaction.

GCI Divestiture

As discussed above, as a condition to closing the Combination, Liberty Broadband agreed to divest the GCI Business by way of a distribution to the holders of Liberty Broadband common stock (the “GCI Divestiture”), which was completed on July 14, 2025. The GCI Divestiture was taxable to Liberty Broadband and its stockholders, with Charter bearing the corporate level tax liability upon completion of the Combination. If such corporate level tax liability exceeded \$420 million, Liberty Broadband (and Charter upon completion of the Combination) would be entitled under a tax receivables agreement to the portion of the tax benefits realized by GCI Liberty corresponding to such excess; however, the corporate level tax liability from the GCI Divestiture is estimated to be significantly less than \$420 million.

On June 19, 2025, Liberty Broadband entered into a Separation and Distribution Agreement (the “Separation and Distribution Agreement”), whereby, subject to the terms thereof, GCI Liberty, a Nevada corporation and a wholly owned subsidiary of Liberty Broadband, would spin-off from Liberty Broadband.

Pursuant to the Separation and Distribution Agreement, the GCI Divestiture was accomplished by means of a distribution by Liberty Broadband of 0.20 of a share of GCI Liberty’s Series A, B and C GCI Group common stock, (collectively, the “GCI Group common stock”), for each whole share of the corresponding series of Liberty Broadband common stock held as of June 30, 2025 by the holder thereof. The distribution of the GCI Group common stock was completed on July 14, 2025. As a result of the GCI Divestiture, GCI Liberty is an independent, publicly traded company and its businesses, assets and liabilities initially consist of 100% of the outstanding equity interests in GCI.

In connection with the GCI Divestiture, Liberty Broadband entered into certain agreements with GCI Liberty, including the Separation and Distribution Agreement, pursuant to which, among other things, Liberty Broadband and GCI Liberty will indemnify each other against certain losses that may arise, a tax sharing agreement (the “GCI Tax Sharing Agreement”) and a tax receivables agreement (the “GCI Tax Receivables Agreement”). The GCI Tax Sharing Agreement governs the allocation of taxes, tax benefits, tax items and tax-related losses between Liberty Broadband and GCI Liberty, and the GCI Tax Receivables Agreement governs the respective rights and obligations of Liberty Broadband and GCI Liberty with respect to certain tax matters.

As the GCI Divestiture represents a strategic shift that had a major effect on Liberty Broadband’s operations and financial results, GCI Liberty is presented as a discontinued operation from the GCI Divestiture date.

In connection with the GCI Divestiture, Martin E. Patterson was appointed to the role of President and Chief Executive Officer of Liberty Broadband, effective July 14, 2025. Upon effectiveness of Mr. Patterson’s appointment, John C. Malone resigned as President and Chief Executive Officer but remains Chairman of the Board.

Other

On July 4, 2025, the One Big Beautiful Bill Act (“OBBBA”) was enacted into law. The OBBBA contains numerous business tax provisions with varying effective dates in 2025, 2026, and 2027. During the third quarter of 2025, we incorporated the accounting impacts from the law change in our financial statements resulting in no material impact to income tax expense of our continuing operations.

Strategies and Challenges

Executive Summary

Charter is a leading broadband connectivity company with services available to 58 million homes and small to large businesses across 41 states through its Spectrum brand. Founded in 1993, Charter has evolved from providing cable TV to streaming, and from high-speed Internet to a converged broadband, WiFi and mobile experience. Over the Spectrum Fiber Broadband Network and supported by its 100% United States (“U.S.”)-based employees, Charter offers Seamless Connectivity and Entertainment with Spectrum® Internet, Mobile, TV and Voice products. At December 31, 2025, Liberty Broadband owned approximately 41.5 million shares of Charter Class A common stock, representing an approximate 32.8% economic ownership interest in Charter’s issued and outstanding shares.

Key Drivers of Revenue

Charter’s revenue is principally derived from the monthly fees customers pay for services it provides. Charter also earns revenue from one-time installation fees and advertising sales. Charter’s marketing organization creates and executes marketing programs intended to grow customer relationships, increase the number of services they sell per relationship, retain existing customers and cross-sell additional products to current customers.

Current Trends Affecting Our Business

Charter must stay abreast of rapidly evolving technological developments and offerings to remain competitive and increase the utility of its products and services. Charter must be able to incorporate new technologies into its products and services in order to address the needs of customers.

Charter

Charter faces intense competition for residential customers, both from existing competitors and, as a result of the rapid development of new technologies, services and products, from new entrants. With respect to its residential business, Charter competes with other providers of Internet access, telephone and mobile services, video and other sources of home entertainment. Charter’s principal competitors for Internet services are the broadband services provided by companies, including fiber-to-the-home, fixed wireless broadband, Internet delivered via satellite and digital subscriber line services. In addition, commercial areas, such as retail malls, restaurants and airports, offer WiFi Internet service. Numerous local governments are also considering or actively pursuing publicly subsidized WiFi Internet access networks. In addition, providers are constructing open access networks that can deliver services from multiple underlying Internet service providers. These options offer alternatives to cable-based Internet access. Charter’s principal competitors for voice and mobile services are other mobile and wireline phone providers, including AT&T, Verizon and T-Mobile, as well as other forms of communication, such as text messaging on cellular phones, instant messaging, social networking services, video conferencing and email. The increase in the number of different technologies capable of carrying voice services and the number of alternative communication options available to customers as well as the replacement of wireline services by wireless have intensified the competitive environment in which Charter operates its residential voice service. Charter’s principal competitors for video services are virtual multichannel video programming distributors such as YouTube TV, Hulu Plus Live TV, Sling TV, Philo and DirecTV Stream, as well as direct broadcast satellite service providers.

During the year ended December 31, 2025, Charter added 1.9 million mobile lines while Internet and video losses improved as compared to the prior year period. Sales were challenged by the competitive environment but were offset by lower customer churn. Charter remains focused on improving customer results through its brand platform, Life Unlimited, which emphasizes the power of Charter’s advanced fiber-powered network and cutting-edge connectivity products and services and its simplified pricing and packaging strategy that better utilizes its seamless connectivity and entertainment products to offer lower promotional and persistent bundled pricing to drive growth.

Charter's Internet and mobile product bundles provide a differentiated connectivity experience by bringing together Spectrum Internet, Advanced WiFi and Unlimited Spectrum Mobile to offer consumers fast, reliable and secure online connections on their favorite devices at home and on the go in high-value packages. Charter has completed deals with major programmers to deliver better flexibility and greater value to customers by including seamless entertainment applications with certain of its Spectrum TV packages at no additional cost. In July 2025, Charter began launching the sale of these seamless entertainment applications to customers on an à la carte basis and recently launched the Spectrum App Store, a digital storefront that helps customers activate, upgrade, buy and manage their streaming applications in one place. Charter also continues to evolve other elements of its video product and is deploying Xumo Stream Boxes to new video customers.

Charter's customer commitments focus on reliable connectivity, transparency, exceptional service and always improving. By continually improving its product set and offering consumers the opportunity to save money by switching to Charter's services, Charter believes it can continue to penetrate its expanding footprint and sell additional products to existing customers. Charter sees operational benefits from the targeted investments made in employee wages and benefits to build employee skill sets and tenure, as well as the continued investments in digitization of its customer service platforms, all with the goal of improving the customer experience, reducing transactions and driving customer growth and retention.

Charter spent \$2.2 billion on its subsidized rural construction initiative during the year ended December 31, 2025 and activated approximately 483,000 subsidized rural passings. Charter currently offers Spectrum Internet products with speeds up to 1 gigabits per second across its entire footprint and multi-gigabit speeds in a portion of its footprint. Charter's network evolution initiative remains on track to deliver symmetrical and multi-gigabit speeds across its entire footprint with convergence everywhere it operates.

Results of Operations—Consolidated

General. Provided in the table below is information regarding our consolidated Operating Results and Other Income and Expense.

A discussion regarding our financial condition and results of operations for fiscal year 2025 compared to fiscal year 2024 is presented below. A discussion regarding our financial condition and results of operations for fiscal year 2024 compared to fiscal year 2023 can be found in "Management's Discussion and Analysis of Financial Condition and Results of Operations" of our Annual Report for the year ended December 31, 2024.

	Years ended December 31,

Income tax benefit (expense)	923	(187)
Net earnings (loss) from continuing operations	<u>\$ (2,331)</u>	<u>796</u>

General and administrative

General and administrative expense decreased \$4 million for the year ended December 31, 2025, as compared to the same period in 2024, primarily due to decreased professional service fees related to the Transactions.

Stock-based compensation

Stock-based compensation expense decreased \$10 million for the year ended December 31, 2025, as compared to the same period in 2024. The decrease in stock-based compensation expense was primarily because of decreased grant activity, as currently restricted under the Merger Agreement, and certain prior period grants completing their vesting schedules.

Operating Income (Loss)

Consolidated operating loss improved \$14 million for the year ended December 31, 2025, as compared to the same period in 2024, due to the above explanations.

Other Income and Expense:

Components of Other income (expense) are presented in the table below.

	Years ended December 31,	
	2025	2024
	amounts in millions	
Other income (expense):		
Interest expense	\$ (110)	(145)
Share of earnings (losses) of affiliate	(3,062)	1,323
Gain (loss) on dilution of investment in affiliate	(96)	(32)
Realized and unrealized gains (losses) on financial instruments, net.	51	(125)
Other, net	(1)	12
	<u>\$ (3,218)</u>	<u>1,033</u>

Interest expense

Interest expense decreased \$35 million during the year ended December 31, 2025, as compared to the same period in 2024. The decrease was driven by lower interest rates on our variable rate debt, as well as lower amounts outstanding of exchangeable senior debentures.

Share of earnings (losses) of affiliate

Share of losses from affiliate increased \$4,385 million during the year ended December 31, 2025, as compared to the same period in 2024. Due to a sustained decline in Charter's share price, we recorded a \$4.4 billion impairment loss on our equity method investment in Charter during the fourth quarter of 2025, reducing our investment balance to fair value determined using Charter's share price, which is a Level 1 fair value input. The impairment reflects an other than temporary decline in our investment in Charter's fair value. We will continue to monitor Charter's share price, among other relevant considerations, to determine if the carrying value of our investment is appropriate. Future declines in share price could result in additional impairments, which could be material.

Share of earnings (losses) from affiliates is attributable to the Company's ownership interest in Charter. Upon the Company's initial investment in Charter, the Company allocated the excess basis, between the book basis of Charter and fair value of the shares acquired and ascribed remaining useful lives of 7 years and 13 years to property and equipment and customer relationships, respectively, and indefinite lives to franchise fees, trademarks and goodwill. As of December 31, 2025, property and equipment and customer relationships have weighted average remaining useful lives of approximately 2 years and 6 years, respectively. Outstanding debt is amortized over the contractual period using the straight-line method. Amortization related to debt and intangible assets with identifiable useful lives is included in the Company's share of earnings (losses) from affiliates line item in the accompanying consolidated statements of operations and aggregated \$266 million and \$303 million, net of related taxes, for the years ended December 31, 2025 and 2024, respectively.

The following is a discussion of Charter's standalone results of operations. In order to provide a better understanding of Charter's operations, we have included a summarized presentation of Charter's results from operations. Charter is a separate publicly traded company and additional information about Charter can be obtained through its website and public filings, which are not incorporated by reference. The amounts included in the table below, derived from Charter's public filings, represent Charter's results for each of the years ended December 31, 2025 and 2024.

	Years ended December 31,	
	2025	2024
	amounts in millions	
Revenue	\$ 54,774	55,085
Operating costs and expenses (excluding depreciation and amortization)	(33,155)	(33,294)
Depreciation and amortization	(8,711)	(8,673)
Operating income (loss)	12,908	13,118
Other income (expense), net	(5,450)	(5,616)
Net income (loss) before income taxes	7,458	7,502
Income tax benefit (expense)	(1,692)	(1,649)
Net income (loss)	<u>\$ 5,766</u>	<u>5,853</u>

Charter's revenue decreased \$311 million during the year ended December 31, 2025, as compared to the same period in 2024, primarily due to lower customers, higher seamless entertainment allocation and lower advertising sales, partly offset by mobile line growth and higher average revenue per customer.

During the year ended December 31, 2025, operating costs and expenses, excluding depreciation and amortization, decreased \$139 million, as compared to the same period in 2024, primarily due to lower programming costs as a result of a higher mix of lower cost video packages within Charter's video customer base and fewer video customers as well as costs allocated to seamless entertainment applications and netted within video revenue, partly offset by contractual rate adjustments, including renewals and increases in amounts paid for retransmission consent. This decrease was partially offset by higher mobile service direct costs and mobile device sales due to an increase in mobile lines, as well as higher costs for marketing and residential sales due to a change in sales mix to higher cost sales channels. It was further offset by increases in other operating expenses, including higher merger and acquisition costs and increased losses on the disposal of assets in 2025 as compared to the same period in 2024.

Depreciation and amortization expense increased \$38 million during the year ended December 31, 2025, as compared to the same period in 2024, primarily as a result of more recent capital expenditures, partly offset by certain assets becoming fully depreciated.

Charter's operating income decreased \$210 million during the year ended December 31, 2025, as compared to the same period in 2024, for the reasons described above.

Other expense, net decreased \$166 million during the year ended December 31, 2025, as compared to the same period in 2024. The decrease in other expenses, net were primarily driven by decreased interest expense due to a decrease in weighted average interest rates and debt.

Gain (loss) on dilution of investment in affiliate

The loss on dilution of investment in affiliate increased \$64 million during the year ended December 31, 2025, as compared to the same period in 2024. The loss on dilution of investment in affiliate increased primarily due to an increase in issuance of Charter common stock from the exercise of stock options and restricted stock units held by employees and other third parties at lower share prices than in the prior year, partially offset by net gains on dilution related to Charter's repurchase of Liberty Broadband's Charter shares during both the years ended December 31, 2025 and 2024, although a significantly smaller offsetting gain in 2025.

Realized and unrealized gains (losses) on financial instruments, net

Realized and unrealized gains (losses) on financial instruments, net are comprised of changes in the fair value of the following:

	Years ended December 31,	
	2025	2024
	amounts in millions	
Exchangeable senior debentures	\$ 51	(108)
Other	—	(17)
	<u>\$ 51</u>	<u>(125)</u>

The changes in these accounts are primarily due to market factors and changes in the fair value of the underlying stocks or financial instruments to which these related (see notes 5 and 7 to the accompanying consolidated financial statements for additional discussion). During the year ended December 31, 2025, realized and unrealized gains (losses) included \$53 million of previously unrecognized gains related to the retirement of the 3.125% Exchangeable Senior Debentures due 2054. The additional changes in realized and unrealized gains (losses) for the year ended December 31, 2025, compared to the same period in 2024, was primarily due to the change in fair value of the debentures outstanding for the respective periods related to changes in market price of the underlying Charter stock.

Other, net

Other, net loss increased \$13 million for the year ended December 31, 2025, as compared to the same period in 2024. The change was primarily due to a tax sharing receivable with QVC Group, Inc., formerly Qurate Retail, Inc. (“QVC Group”). The tax sharing receivable with QVC Group resulted in tax sharing losses of \$9 million and tax sharing income of \$3 million for the years ended December 31, 2025 and 2024, respectively. See more discussion about the tax sharing agreement with QVC Group in note 1 to the accompanying consolidated financial statements.

Income taxes

Earnings (loss) before income taxes and income tax benefit (expense) are as follows:

	Years ended December 31,	
	2025	2024
	amounts in millions	
Earnings (loss) before income taxes	\$ (3,254)	983
Income tax benefit (expense)	923	(187)
Effective income tax rate	28 %	19 %

Our effective tax rate for the years ended December 31, 2025 and 2024 was different than the federal tax rate of 21% primarily due to non-taxable proceeds from Charter share repurchases received pursuant to the Merger Agreement.

Net earnings (loss) from continuing operations

We had net losses from continuing operations of \$2,331 million and net earnings from continuing operations of \$796 million for the years ended December 31, 2025 and 2024, respectively. The change in net earnings (loss) was the result of the above-described fluctuations in our expenses and other gains and losses.

Liquidity and Capital Resources

As of December 31, 2025, substantially all of our cash, cash equivalents, restricted cash and restricted cash equivalents are invested in U.S. Treasury securities, other government securities or government guaranteed funds, AAA rated money market funds and other highly rated financial and corporate debt instruments.

We discuss below both potential sources and use of liquidity, however, while the Transactions are pending, we are currently subject to certain contractual restrictions and therefore may not be able to take some or all of the actions described below.

The following are potential sources of liquidity: available cash balances, monetization of investments (including Charter Repurchases (as defined in note 6 to the accompanying consolidated financial statements and discussed below)), outstanding or anticipated debt facilities (as discussed in note 7 to the accompanying consolidated financial statements), loans from Charter pursuant to the Merger Agreement and Stockholders and Letter Agreement Amendment, and dividend and interest receipts.

As of December 31, 2025, Liberty Broadband had a cash and cash equivalents balance of \$57 million.

	Years ended December 31,	
	2025	2024
	amounts in millions	
Cash flow information		
Net cash provided by (used in) operating activities.	\$ (327)	(174)
Net cash provided by (used in) investing activities.	\$ 1,207	323
Net cash provided by (used in) financing activities.	\$ (940)	(74)

The increase in cash used in operating activities in 2025, as compared to the same period in 2024, was primarily driven by timing differences in working capital accounts.

During the years ended December 31, 2025 and 2024, net cash flows provided by investing activities were primarily related to the sale of Charter Class A common stock for \$1,200 million and \$335 million, respectively. In February 2021, Liberty Broadband entered into the Letter Agreement in order to implement, facilitate and satisfy the terms of the Stockholders Agreement with respect to the Equity Cap (see more information in note 6 to the accompanying consolidated financial statements). Further, simultaneously with the Merger Agreement in November 2024, the Company entered into the Stockholders and Letter Agreement Amendment that provides that Charter is intended to repurchase shares of Charter Class A common stock from Liberty Broadband in an amount equal to the greater of (i) \$100 million, and (ii) an amount such that immediately after giving effect thereto, Liberty Broadband would have sufficient cash to satisfy certain obligations as set forth in the Stockholders and Letter Agreement Amendment and Merger Agreement, provided that if any repurchase would reduce Liberty Broadband's equity interest in Charter below 25.25% after giving effect to such repurchase or if all or a portion of such repurchase is not permissible, then Charter shall instead loan to Liberty Broadband in an amount equal to the lesser of (x) the repurchase amount that cannot be repurchased and (y) an agreed minimum liquidity threshold as set forth in the Stockholders and Letter Agreement Amendment less the repurchase amount that is repurchased, with such loan to occur on the terms set forth in the Stockholders and Letter Agreement Amendment, in each case, subject to certain conditions. From and after the date the 3.125% Debentures due 2053 (as defined in note 7 to the accompanying consolidated financial statements) are no longer outstanding, the amount of monthly repurchases would instead be the lesser of (i) \$100 million and (ii) an amount equal to the sum of (x) an amount such that immediately after giving effect thereto, Liberty Broadband would satisfy certain minimum liquidity requirements as set forth in the Stockholders and Letter Agreement Amendment and (y) the aggregate principal amount outstanding under the Margin Loan Facility (as defined in note 7 to the accompanying consolidated financial statements). Pursuant to this agreement, the Company expects the Charter Repurchases to be a significant source of liquidity in future periods.

During the year ended December 31, 2025, net cash flows used in financing activities were primarily to settle the 3.125% Debentures due 2054 for \$952 million.

During the year ended December 31, 2024, net cash flows used in financing activities were primarily for the repurchase of approximately \$300 million in aggregate principal amount of the 3.125% Debentures due 2053 (as described more fully in note 7 to the accompanying consolidated financial statements) and net repayments of approximately \$670 million on the Margin Loan Facility, partly offset by the issuance of \$860 million aggregate original principal amount of the 3.125% Debentures due 2054. Additionally, net cash flows used in financing activities included repurchases of Liberty Broadband Series A and Series C common stock of \$89 million. The net cash flows used in financing activities were partly offset by a distribution received from a former subsidiary of \$150 million.

The projected uses of cash and restricted cash in the next year are debt service and repayment, approximately \$80 million for interest payments on outstanding debt, approximately \$15 million for Liberty Broadband preferred stock dividends,

transaction-related expenses and to reimburse Liberty for amounts due under various agreements. We expect corporate cash and other available sources of liquidity as discussed above to cover corporate expenses for the foreseeable future.

Off-Balance Sheet Arrangements and Material Cash Requirements

We have contingent liabilities related to legal and tax proceedings and other matters arising in the ordinary course of business. Although it is reasonably possible we may incur losses upon conclusion of such matters, an estimate of any loss or range of loss cannot be made, except for those matters disclosed in notes 8 and 11 to the accompanying consolidated financial statements.

Information concerning the amount and timing of current and long-term material cash requirements, both accrued and off-balance sheet, excluding loss contingencies and uncertain tax positions, if any, where it is indeterminable when payments will be made, is summarized below:

	Payments due by period				
	Total	Less than	After		
		1 year	2 - 3 years	4 - 5 years	5 years
	amounts in millions				
Material Cash Requirements					
Debt (1)	\$ 1,755	—	790	—	965

- (1) Amounts are reflected in the table at the outstanding principal amount at December 31, 2025, assuming the debt instrument will remain outstanding until the stated maturity date and may differ from the amounts stated in our consolidated balance sheet to the extent debt instruments (i) were issued at a discount or premium or (ii) have elements which are reported at fair value in our consolidated balance sheets. Amounts do not assume additional borrowings or refinancings of existing debt.
- (2) Amounts (i) are based on our outstanding debt at December 31, 2025, (ii) assume the interest rates on our variable rate debt remain constant at the December 31, 2025 rates and (iii) assume that our existing debt is repaid at contractual maturity.

Critical Accounting Estimates and Policies

The preparation of our financial statements in conformity with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the accompanying consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Listed below are the accounting estimates and accounting policies that we believe are critical to our financial statements due to the degree of uncertainty regarding the estimates or assumptions involved and the magnitude of the asset, liability, revenue or expense being reported. All of these accounting estimates and assumptions, as well as the resulting impact to our financial statements, have been discussed with our audit committee.

Application of the Equity Method of Accounting for Investments in Affiliates. For those investments in affiliates in which the Company has the ability to exercise significant influence, the equity method of accounting is used. Under this method, the investment, originally recorded at cost, is adjusted to recognize the Company's share of net earnings or losses of the affiliate as they occur rather than as dividends or other distributions are received. Losses are limited to the extent of the Company's investment in, advances to and commitments for the equity method investee. The Company determines the difference between the purchase price of the equity method investee and the underlying equity which results in an excess basis in the investment. This excess basis is allocated to the underlying assets and liabilities of the Company's equity method investee through an acquisition accounting exercise and is allocated within memo accounts used for equity method accounting purposes. Depending on the applicable underlying assets, these amounts are either amortized over the applicable useful lives or determined to be indefinite lived.

Changes in the Company's proportionate share of the underlying equity of an equity method investee, which result from the issuance of additional equity securities by such equity method investee, to investors other than the Company, are recognized in the statement of operations through the gain (loss) on dilution of investment in affiliate line item. We periodically evaluate our equity method investment to determine if decreases in fair value below our cost basis are other than temporary. If a decline in fair value is determined to be other than temporary, we are required to reflect such decline in our consolidated statements of operations. Other than temporary declines in fair value of our equity method investment would be included in share of earnings (losses) of affiliates in our consolidated statement of operations.

The primary factors we consider in our determination of whether declines in fair value are other than temporary are the length of time that the fair value of the investment is below our carrying value; the severity of the decline; and the financial condition, operating performance and near term prospects of the equity method investee. In addition, we consider the reason for the decline in fair value, be it general market conditions, industry specific or equity method investee specific; analysts' ratings and estimates of 12 month share price targets for the equity method investee; changes in stock price or valuation subsequent to the balance sheet date; and our intent and ability to hold the investment for a period of time sufficient to allow for a recovery in fair value.

Our evaluation of the fair value of our investments and any resulting impairment charges are made as of the most recent balance sheet date. Changes in fair value subsequent to the balance sheet date due to the factors described above are possible. Subsequent decreases in fair value will be recognized in our consolidated statement of operations in the period in which they occur to the extent such decreases are deemed to be other than temporary. Subsequent increases in fair value will be recognized in our consolidated statement of operations only upon our ultimate disposition of the investment.

Due to a sustained decline in Charter's share price, we recorded a \$4.4 billion impairment loss on our equity method investment in Charter during the fourth quarter of 2025, reducing our investment balance to fair value determined using Charter's share price, which is a Level 1 fair value input. The impairment reflects an other than temporary decline in our investment in Charter's fair value. We will continue to monitor Charter's share price, among other relevant considerations, to determine if the carrying value of our investment is appropriate. Future declines in share price could result in additional impairments, which could be material.

Income Taxes. We are required to estimate the amount of tax payable or refundable for the current year and the deferred income tax liabilities and assets for the future tax consequences of events that have been reflected in our financial statements or tax returns for each taxing jurisdiction in which we operate. This process requires our management to make judgments regarding the timing and probability of the ultimate tax impact of the various agreements and transactions that we enter into. Based on these judgments we may record tax reserves or adjustments to valuation allowances on deferred tax assets to reflect the expected realizability of future tax benefits. Actual income taxes could vary from these estimates due to future changes in income tax law, significant changes in the jurisdictions in which we operate, our inability to generate sufficient future taxable income or unpredicted results from the final determination of each year's liability by taxing authorities. These changes could have a significant impact on our financial position.

Quantitative and Qualitative Disclosures about Market Risk

We are exposed to market risk in the normal course of business due to our ongoing investing and financial activities. Market risk refers to the risk of loss arising from adverse changes in stock prices and interest rates. The risk of loss can be assessed from the perspective of adverse changes in fair values, cash flows and future earnings. We have established policies, procedures and internal processes governing our management of market risks and the use of financial instruments to manage our exposure to such risks.

We are exposed to changes in interest rates primarily as a result of our borrowing and investment activities, which could include investments in fixed and floating rate debt instruments and borrowings used to maintain liquidity and to fund business operations. The nature and amount of our long-term and short-term debt are expected to vary as a result of future requirements, market conditions and other factors. We manage our exposure to interest rates by maintaining what we believe is an appropriate mix of fixed and variable rate debt. We believe this best protects us from interest rate risk. We could achieve this mix by (i)

issuing fixed rate debt that we believe has a low stated interest rate and significant term to maturity, and (ii) issuing variable rate debt with appropriate maturities and interest rates.

As of December 31, 2025, our debt is comprised of the following amounts:

Variable rate debt		Fixed rate debt	
Principal amount	Weighted avg interest rate	Principal amount	Weighted avg interest rate
dollar amounts in millions			
\$ 790	5.5 %	\$ 965	3.1 %

Our investment in Charter (our equity method affiliate) is publicly traded and not generally reflected at fair value in our balance sheet. Our investment in Charter is also subject to market risk that is not directly reflected in our financial statements.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Management of the Company is responsible for establishing and maintaining adequate internal control over the Company's financial reporting, as such term is defined in Rule 13a-15(f) of the Exchange Act. The Company's internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with GAAP. Because of inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

The Company's management assessed the effectiveness of internal control over financial reporting as of December 31, 2025, using the criteria in *Internal Control-Integrated Framework (2013)*, issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this assessment, management has concluded that, as of December 31, 2025, the Company's internal control over financial reporting is effective.

The Company's independent registered public accounting firm audited the consolidated financial statements and related notes in the Annual Report and have issued an audit report on the effectiveness of the Company's internal control over financial reporting. Their report appears on page F-14 of this Annual Report.

Report of Independent Registered Public Accounting Firm

To the Stockholders and Board of Directors
Liberty Broadband Corporation:

Opinion on Internal Control Over Financial Reporting

We have audited Liberty Broadband Corporation and subsidiaries' (the Company) internal control over financial reporting as of December 31, 2025, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission. In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2025, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheets of the Company as of December 31, 2025 and 2024, the related consolidated statements of operations, comprehensive earnings (loss), cash flows, and equity for each of the years in the three-year period ended December 31, 2025, and the related notes (collectively, the consolidated financial statements), and our report dated February 4, 2026 expressed an unqualified opinion on those consolidated financial statements.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control Over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Report of Independent Registered Public Accounting Firm

To the Stockholders and Board of Directors
Liberty Broadband Corporation:

Opinion on the Consolidated Financial Statements

We have audited the accompanying consolidated balance sheets of Liberty Broadband Corporation and subsidiaries (the Company) as of December 31, 2025 and 2024, the related consolidated statements of operations, comprehensive earnings (loss), cash flows, and equity for each of the years in the three-year period ended December 31, 2025, and the related notes (collectively, the consolidated financial statements). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2025 and 2024, and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2025, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company's internal control over financial reporting as of December 31, 2025, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission, and our report dated February 4, 2026 expressed an unqualified opinion on the effectiveness of the Company's internal control over financial reporting.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matter

The critical audit matter communicated below is a matter arising from the current period audit of the consolidated financial statements that was communicated or required to be communicated to the audit committee and that: (1) relates to accounts or disclosures that are material to the consolidated financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of a critical audit matter does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

Equity method accounting for the Company's investment in Charter

As discussed in notes 3 and 6 to the consolidated financial statements, the Company has recorded an investment in Charter of \$8,670 million as of December 31, 2025, accounted for using the equity method. The investment represents approximately 98.2% of the total assets of the Company as of December 31, 2025. The investment, originally recorded at cost, is adjusted to recognize the Company's share of net earnings or losses as they occur, including any impairments of Charter that are considered other than temporary and for additional purchases and sales of Charter shares. The Company's investment in Charter differs from the underlying equity of Charter which results in excess basis in the investment. This excess basis is allocated to the underlying assets and liabilities of the Company's investee within memo accounts used for equity method accounting.

We identified the evaluation of the equity method of accounting for the Company's investment in Charter as a critical audit matter. Evaluating the Company's application of the equity method of accounting for the Company's investment in Charter required a higher degree of complex auditor judgment to determine the nature and extent of audit effort required to address the matter.

The following are the primary procedures we performed to address this critical audit matter. We evaluated the design and tested the operating effectiveness of certain internal controls related to the critical audit matter. This included controls related to the Company's application of its equity method accounting, including the related share of earnings calculation, the amortization of the excess basis, and the gain or loss on dilution. We performed risk assessment procedures, including sensitivity analyses, and applied auditor judgment to determine the nature and extent of procedures to be performed over the investment. We developed independent expectations of (1) the Company's share of earnings of Charter, and (2) the gain or loss on dilution and compared such expectations to the amounts recorded by the Company. We recalculated the excess basis amortization.

(1) Basis of Presentation

The accompanying consolidated financial statements include the accounts of Liberty Broadband Corporation ("Liberty Broadband," the "Company," "us," "we," or "our" unless the context otherwise requires). Liberty Broadband is primarily comprised of an equity method investment in Charter Communications, Inc. ("Charter").

On December 18, 2020, the original GCI Liberty, Inc. ("prior GCI Liberty"), the previous parent company of GCI, was acquired by Liberty Broadband.

In July 2025, Liberty Broadband and its subsidiaries completed an internal reorganization preceding the GCI Divestiture (as defined below) to transfer the GCI Business (as defined below) to GCI Liberty, Inc. ("GCI Liberty"). Following the internal reorganization, GCI Liberty owns, directly or indirectly, GCI, LLC and the operations comprising, and the entities that conduct, the GCI Business (collectively, "GCI"). GCI Liberty was a wholly owned subsidiary of Liberty Broadband until the GCI Divestiture, which was completed on July 14, 2025. GCI Liberty is presented as a discontinued operation in the Company's consolidated financial statements. See note 2 for details of the GCI Divestiture.

Recent Events

On November 12, 2024, the Company entered into a definitive agreement (the "Merger Agreement") under which Charter has agreed to acquire Liberty Broadband (the "Combination", together with the other transactions contemplated by the Merger Agreement, the "Transactions"). Under the terms of the Merger Agreement, each holder of Liberty Broadband Series A common stock ("LBRDA"), Series B common stock ("LBRDB"), and Series C common stock ("LBRDK") (collectively, "Liberty Broadband common stock") will receive 0.236 of a share of Charter Class A common stock per share of Liberty Broadband common stock held, with cash to be paid in lieu of fractional shares. Each holder of Liberty Broadband Series A cumulative redeemable preferred stock ("Liberty Broadband preferred stock") will receive one share of newly issued Charter Series A cumulative redeemable preferred stock ("Charter preferred stock") per share of Liberty Broadband preferred stock held. The Charter preferred stock will substantially mirror the current terms of the Liberty Broadband preferred stock, including a mandatory redemption date of March 8, 2039. At the special meeting held on February 26, 2025, the requisite holders of LBRDA, LBRDB and Liberty Broadband preferred stock approved the adoption of the Merger Agreement, pursuant to which, among other things, Liberty Broadband will combine with Charter and divested the business of GCI (the "GCI Business").

As discussed above, as a condition to closing the Combination, Liberty Broadband agreed to divest the GCI Business by way of a distribution to the holders of Liberty Broadband common stock (the "GCI Divestiture"), which was completed on July 14, 2025. The GCI Divestiture was taxable to Liberty Broadband and its stockholders, with Charter bearing the corporate level tax liability upon completion of the Combination. If such corporate level tax liability exceeded \$420 million, Liberty Broadband (and Charter upon completion of the Combination) would be entitled under a tax receivables agreement to the portion of the tax benefits realized by GCI Liberty corresponding to such excess; however, the corporate level tax liability from the GCI Divestiture is estimated to be significantly less than \$420 million.

In addition, in connection with the entry into the Merger Agreement, Charter, Liberty Broadband and Advance/Newhouse Partnership ("A/N") entered into an amendment (the "Stockholders and Letter Agreement Amendment") to (i) that certain Second Amended and Restated Stockholders Agreement, dated as of May 23, 2015 (as amended, the "Stockholders Agreement"), by and among Charter, Liberty Broadband, and A/N, and (ii) that certain Letter Agreement, dated as of February 23, 2021 (the "Letter Agreement"), by and between Charter and Liberty Broadband. Pursuant to the Stockholders and Letter Agreement Amendment, each month during the pendency of the proposed Transactions under the Merger Agreement, Charter is intended to repurchase shares of Charter Class A common stock from Liberty Broadband in an amount equal to the greater of (i) \$100 million and (ii) an amount such that immediately after giving effect thereto, Liberty Broadband would have sufficient cash to satisfy certain obligations as set forth in the Stockholders and Letter Agreement Amendment and Merger Agreement, provided that if any repurchase would reduce Liberty Broadband's equity interest in Charter below 25.25% after giving effect to such repurchase or if all or a portion of such repurchase is not permissible, then Charter shall instead loan to Liberty Broadband an amount equal to the lesser of (x) the repurchase amount that cannot be repurchased and (y) an agreed minimum liquidity threshold as set forth in the Stockholders and Letter Agreement Amendment less the repurchase amount that is repurchased, with such loan to occur on the terms set forth in the Stockholders and Letter Agreement Amendment, in each case, subject to certain conditions. Liberty Broadband will remain subject to the existing voting cap of 25.01% as described in note 6. Proceeds from share repurchases applied to debt service are expected to be tax free.

On May 16, 2025, Charter and Cox Enterprises, Inc. (“Cox”) announced that they entered into a definitive agreement to combine their businesses (the “Cox Transactions”). In connection with this transaction, Liberty Broadband has agreed to accelerate the closing of the Combination to occur contemporaneously with the Cox Transactions. There are no changes to any other transaction terms of the pending Liberty Broadband and Charter transaction.

In connection with the GCI Divestiture, Martin E. Patterson was appointed to the role of President and Chief Executive Officer of Liberty Broadband, effective July 14, 2025. Upon effectiveness of Mr. Patterson’s appointment, John C. Malone resigned as President and Chief Executive Officer but remains Chairman of the Board.

Historical Spin-Off Arrangements

During May 2014, the board of directors of Liberty Media Corporation and its subsidiaries (“Liberty”) authorized management to pursue a plan to spin-off to its stockholders common stock of a wholly owned subsidiary, Liberty Broadband, and to distribute subscription rights to acquire shares of Liberty Broadband’s common stock (the “Broadband Spin-Off”). In connection with the Broadband Spin-Off, Liberty and Liberty Broadband entered into certain agreements in order to govern certain of the ongoing relationships between the two companies and to provide for an orderly transition, including a tax sharing agreement, services agreement and a facilities sharing agreement. Additionally, in connection with a prior transaction, prior GCI Liberty and QVC Group, Inc., formerly Qurate Retail, Inc. (“QVC Group”) entered into a tax sharing agreement, which was assumed by Liberty Broadband as a result of the combination of prior GCI Liberty and Liberty Broadband. The tax sharing agreement provides for the allocation and indemnification of tax liabilities and benefits between QVC Group and Liberty Broadband and other agreements related to tax matters. Under the facilities sharing agreement, Liberty Broadband shares office space with Liberty and related amenities at Liberty’s corporate headquarters.

Pursuant to the services agreement, Liberty provides Liberty Broadband with general and administrative services including legal, tax, accounting, treasury, information technology, cybersecurity and investor relations support. Liberty Broadband reimburses Liberty for direct, out-of-pocket expenses incurred by Liberty in providing these services which are negotiated semi-annually, as necessary.

Under these various agreements, amounts reimbursable to Liberty were approximately \$8 million and \$7 million for the years ended December 31, 2025 and 2024, respectively. Liberty Broadband had a tax sharing receivable with QVC Group of approximately \$10 million and \$20 million as of December 31, 2025 and 2024, respectively, included in Restricted cash and other assets, net in the consolidated balance sheets.

The accompanying consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States (“GAAP”) and represent the historical consolidated financial information of the Company’s interest in Charter, as well as certain other assets and liabilities. All significant intercompany accounts and transactions have been eliminated in the consolidated financial statements.

(2) Discontinued Operations

GCI Divestiture

On June 19, 2025, Liberty Broadband entered into a Separation and Distribution Agreement (the “Separation and Distribution Agreement”), whereby, subject to the terms thereof, GCI Liberty, a Nevada corporation and a wholly owned subsidiary of Liberty Broadband, would spin-off from Liberty Broadband.

Pursuant to the Separation and Distribution Agreement, the GCI Divestiture was accomplished by means of a distribution by Liberty Broadband of 0.20 of a share of GCI Liberty’s Series A, B and C GCI Group common stock (collectively, the “GCI Group common stock”), for each whole share of the corresponding series of Liberty Broadband common stock held as of June 30, 2025 by the holder thereof. The distribution of the GCI Group common stock was completed on July 14, 2025. As a result of the GCI Divestiture, GCI Liberty is an independent, publicly traded company and its businesses, assets and liabilities initially consisted of 100% of the outstanding equity interests in GCI.

In connection with the GCI Divestiture, Liberty Broadband entered into certain agreements with GCI Liberty, including the Separation and Distribution Agreement, pursuant to which, among other things, Liberty Broadband and GCI Liberty will

indemnify each other against certain losses that may arise, a tax sharing agreement (the “GCI Tax Sharing Agreement”) and a tax receivables agreement (the “GCI Tax Receivables Agreement”). The GCI Tax Sharing Agreement governs the allocation of taxes, tax benefits, tax items and tax-related losses between Liberty Broadband and GCI Liberty, and the GCI Tax Receivables Agreement governs the respective rights and obligations of Liberty Broadband and GCI Liberty with respect to certain tax matters. During the fourth quarter of 2025, Liberty Broadband reimbursed \$91 million to GCI Liberty for state income taxes related to the GCI Divestiture that were Liberty Broadband’s responsibility under the Tax Sharing Agreement.

As disclosed in note 1, GCI Liberty is presented as a discontinued operation in Liberty Broadband’s consolidated financial results as the GCI Divestiture represents a strategic shift that had a major effect on Liberty Broadband’s operations and financial results.

The following table presents a reconciliation of the carrying amounts of the major classes of assets and liabilities of discontinued operations to the total assets and liabilities of discontinued operations as presented in the consolidated balance sheet.

In connection with the GCI Divestiture, the Company identified events that indicated that it was more likely than not that the carrying value of the GCI reporting unit and certain indefinite-lived intangible assets exceeded their fair value. A quantitative goodwill impairment test was completed, comparing the estimated fair value to its carrying value. Developing estimates of fair value requires significant judgments, including making assumptions about appropriate discount rates, perpetual growth rates, relevant comparable market multiples, public trading prices and the amount and timing of expected future cash flows. The cash flows employed in the Company’s valuation analyses are based on management’s best estimates considering current marketplace factors and risks as well as assumptions of growth rates in future years. The Company estimated the fair value of the GCI reporting unit and indefinite-lived intangible assets using an income approach (Level 3). As a result, the Company recognized impairment charges of \$534 million related to intangible assets not subject to amortization, which is included in Net earnings (loss) from discontinued operations for the year ended December 31, 2025.

The following table provides details about the major classes of line items constituting earnings (loss) from discontinued operations, net of tax as presented in the consolidated statements of operations.

(3) Summary of Significant Accounting Policies

Cash and Cash Equivalents and Restricted Cash and Restricted Cash Equivalents

Cash consists of cash deposits held in global financial institutions. Cash equivalents consist of highly liquid investments with original maturities of three months or less at the time of acquisition. Cash that has restrictions upon its usage has been excluded from cash and cash equivalents. Financial instruments, which potentially subject the Company to concentration of credit risk, consist primarily of cash and cash equivalents and corporate debt securities. The Company maintains some cash and cash equivalents balances with financial institutions that are in excess of Federal Deposit Insurance Corporation insurance limits.

Restricted cash and restricted cash equivalents are cash and highly liquid investments, respectively, that are restricted for usage. The majority of the Company's restricted cash and restricted cash equivalents balance at December 31, 2025 and 2024 relate to the proceeds from sales of Charter shares occurring after the Merger Agreement was entered into, which are restricted for use to settle Liberty Broadband debt and/or pay interest on Liberty Broadband debt pursuant to the Stockholders and Letter Agreement Amendment, as more fully described in note 6. The Company classifies the restricted cash and restricted cash equivalents from sales of Charter shares to align with the classification of the Company's debt. See note 4 for more information on restricted cash and restricted cash equivalents.

Investments in Equity Method Affiliates

For those investments in affiliates in which the Company has the ability to exercise significant influence, the equity method of accounting is used. Under this method, the investment, originally recorded at cost, is adjusted to recognize the Company's share of net earnings or losses of the affiliate as they occur rather than as dividends or other distributions are received. Losses are limited to the extent of the Company's investment in, advances to and commitments for the equity method investee. The Company determines the difference between the purchase price of the equity method investee and the underlying equity which results in an excess basis in the investment. This excess basis is allocated to the underlying assets and liabilities of the Company's equity method investee through an acquisition accounting exercise and is allocated within memo accounts used for equity method accounting purposes. Depending on the applicable underlying assets, these amounts are either amortized over the applicable useful lives or determined to be indefinite lived. Changes in the Company's proportionate share of the underlying equity of an equity method investee, which result from the issuance of additional equity securities by such equity method investee, are recognized in the statement of operations through the Gain (loss) on dilution of investment in affiliate line item. We periodically evaluate our equity method investment to determine if decreases in fair value below our cost basis are other than temporary. If a decline in fair value is determined to be other than temporary, we are required to reflect such decline in our

consolidated statements of operations. Other than temporary declines in fair value of our equity method investment would be included in Share of earnings (losses) of affiliates in our consolidated statements of operations.

The primary factors we consider in our determination of whether declines in fair value are other than temporary are the length of time that the fair value of the investment is below our carrying value; the severity of the decline; and the financial condition, operating performance and near term prospects of the equity method investee. In addition, we consider the reason for the decline in fair value, be it general market conditions, industry specific or equity method investee specific; analysts' ratings and estimates of 12 month share price targets for the equity method investee; changes in stock price or valuation subsequent to the balance sheet date; and our intent and ability to hold the investment for a period of time sufficient to allow for a recovery in fair value.

As Liberty Broadband does not control the decision making process or business management practices of its affiliate accounted for using the equity method, Liberty Broadband relies on management of its affiliates to provide it with accurate financial information prepared in accordance with GAAP that the Company uses in the application of the equity method. In addition, Liberty Broadband relies on the audit reports that are provided by the affiliates' independent auditors on the financial statements of such affiliate. The Company is not aware, however, of any errors in or possible misstatements of the financial information provided by its equity affiliates that would have a material effect on Liberty Broadband's consolidated financial statements. See note 6 for additional discussion regarding our investment in Charter.

Other Investments

All marketable equity and debt securities held by the Company are carried at fair value, generally based on quoted market prices and changes in the fair value of such securities are reported in realized and unrealized gain (losses) on financial instruments in the accompanying consolidated statements of operations. The Company elected the measurement alternative (defined as the cost of the security, adjusted for changes in fair value when there are observable prices, less impairments) for its equity securities without readily determinable fair values.

The Company performs a qualitative assessment each reporting period for its equity securities without readily determinable fair values to identify whether an equity security could be impaired. When the Company's qualitative assessment indicates that an impairment could exist, it estimates the fair value of the investment and to the extent the fair value is less than the carrying value, it records the difference as an impairment in the consolidated statements of operations.

Stock-Based Compensation

As more fully described in note 10, Liberty Broadband has granted to its directors, employees and employees of certain of its former subsidiaries, restricted stock units ("RSUs") and stock options to purchase shares of Liberty Broadband common stock (collectively, "Awards"). Liberty Broadband measures the cost of employee services received in exchange for equity classified Awards (such as stock options and restricted stock) based on the grant-date fair value of the Awards and recognizes that cost over the period during which the employee is required to provide service (usually the vesting period of the Awards). Liberty Broadband measures the cost of employee services received in exchange for a liability classified Award based on the current fair value of the Award and remeasures the fair value of the Award at each reporting date.

Income Taxes

The Company accounts for income taxes using the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts and income tax bases of assets and liabilities and the expected benefits of utilizing net operating loss and tax credit carryforwards. The deferred tax assets and liabilities are calculated using enacted tax rates in effect for each taxing jurisdiction in which the Company operates for the year in which those temporary differences are expected to be recovered or settled. Net deferred tax assets are then reduced by a valuation allowance if the Company believes it more likely than not that such net deferred tax assets will not be realized. We consider all relevant factors when assessing the likelihood of future realization of our deferred tax assets, including our recent earnings experience by jurisdiction, expectations of future taxable income, and the carryforward periods available to us for tax reporting purposes, as well as assessing available tax planning strategies. The effect on deferred tax assets and liabilities of an enacted change in tax rates is recognized in the consolidated statements of operations in the period that includes the enactment date. Due to inherent complexities arising from the nature of our business, future changes in income tax

law, tax sharing agreements or variances between our actual and anticipated operating results, we make certain judgments and estimates. Therefore, actual income taxes could materially vary from these estimates.

When the tax law requires interest to be paid on an underpayment of income taxes, the Company recognizes interest expense from the first period the interest would begin accruing according to the relevant tax law. Such interest expense is included in Interest expense in the accompanying consolidated statements of operations. Any accrual of penalties related to underpayment of income taxes on uncertain tax positions is included in Other, net in the accompanying consolidated statements of operations.

We recognize in our consolidated financial statements the impact of a tax position, if that position is more likely than not to be sustained upon an examination, based on the technical merits of the position.

Loss Contingencies

Periodically, we review the status of all significant outstanding matters to assess any potential financial exposure. When it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated, we record the estimated loss in our consolidated statements of operations. We provide disclosure in the notes to the consolidated financial statements for loss contingencies that do not meet both these conditions if there is a reasonable possibility that a loss may have been incurred that would be material to the financial statements. Significant judgment is required to determine the probability that a liability has been incurred and whether such liability is reasonably estimable. We base accruals made on the best information available at the time which can be highly subjective. The final outcome of these matters could vary significantly from the amounts included in the accompanying consolidated financial statements.

Comprehensive Earnings (Loss)

Comprehensive earnings (loss) consists of net earnings (loss), comprehensive earnings (loss) attributable to debt credit risk adjustments and the Company’s share of the comprehensive earnings (loss) of our equity method affiliate.

Earnings Attributable to Liberty Broadband Stockholders per Common Share

Basic earnings (loss) per common share (“EPS”) is computed by dividing net earnings (loss) by the weighted average number of common shares outstanding (“WASO”) for the period. Diluted EPS presents the dilutive effect on a per share basis of potential common shares as if they had been converted at the beginning of the periods presented. Excluded from diluted EPS for the years ended December 31, 2025, 2024 and 2023 are approximately 2 million, 3 million and 2 million potential common shares, respectively, because their inclusion would have been antidilutive.

	Years ended December 31,		
	2025	2024	2023
	number of shares in millions		
Basic WASO	143	143	146
Potentially dilutive shares (1).....	—	—	1
Diluted WASO	143	143	147

(1) Potentially dilutive shares are excluded from the computation of diluted EPS during periods in which losses are reported since the result would be antidilutive.

Reclassifications

Reclassifications have been made to the prior years’ consolidated financial statements to conform to the classifications used in the current year.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The Company considers (i) the application of the equity method of accounting for its affiliates and (ii) accounting for income taxes to be its most significant estimates.

Recently Adopted Accounting Pronouncements

In December 2023, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2023-09, *Improvements to Income Tax Disclosures*, which requires more detailed income tax disclosures. The guidance requires entities to disclose disaggregated information about their effective tax rate reconciliation as well as expanded information on income taxes paid by jurisdiction. The effective date for the standard is for fiscal years beginning after December 15, 2024, and interim periods beginning after December 15, 2025. The Company adopted this guidance for the year ended December 31, 2025 and has applied it retrospectively to all prior periods presented in the financial statements. See notes 4 and 8 for required disclosures.

Recent Accounting Pronouncements

In November 2024, the FASB issued ASU No. 2024-03, *Income Statement - Reporting Comprehensive Income - Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses* (“ASU 2024-03”), which expands disclosures about specific expense categories at interim and annual reporting periods. ASU 2024-03 is effective for fiscal years beginning after December 15, 2026 (year ending December 31, 2027 for the Company), and interim periods within fiscal years beginning after December 15, 2027, with early adoption permitted. The Company is in the process of evaluating the impact of ASU 2024-03 on the related disclosures.

In September 2025, the FASB issued ASU No. 2025-06, *Intangibles - Goodwill and Other - Internal-Use Software (Subtopic 350-40): Targeted Improvements to the Accounting for Internal-Use Software* (“ASU 2025-06”), which amends certain aspects of the accounting for and disclosure of software costs under Subtopic 350-40. The amendments improve the operability of the guidance by removing all references to software development project stages so that the guidance is neutral to different software development methods, including methods that entities may use to develop software in the future. ASU 2025-06 is effective for annual periods beginning after December 15, 2027 (year ending December 31, 2028 for the Company). The Company is currently evaluating the impact the adoption of ASU 2025-06 will have on its consolidated financial statements.

In December 2025, the FASB issued ASU No. 2025-10, *Accounting for Government Grants Received by Business Entities* (“ASU 2025-10”), to establish guidance on the recognition, measurement, and presentation of government grants received by business entities. ASU 2025-10 is effective for annual periods beginning after December 15, 2028 (year ending December 31, 2029 for the Company). The Company is currently evaluating the impact the adoption of ASU 2025-10 will have on its consolidated financial statements.

(4) Supplemental Disclosures to Consolidated Statements of Cash Flows

Total cash paid for taxes, net of refunds	<u>\$ 117</u>	<u>20</u>	<u>46</u>

The following table reconciles cash and cash equivalents, restricted cash and restricted cash equivalents reported in the Company's consolidated balance sheets to the total amount presented in its consolidated statements of cash flows:

	Years ended December 31,		
	2025	2024	2023
	amounts in millions		
Cash and cash equivalents	\$ 57	89	79
Cash and cash equivalents included in current assets of discontinued operations	—	74	95
Restricted cash and restricted cash equivalents included in other current assets	38	—	—
Restricted cash and restricted cash equivalents included in other assets	—	65	—
Restricted cash included in non-current assets of discontinued operations	—	1	2
Total cash and cash equivalents, restricted cash and restricted cash equivalents at end of period	<u>\$ 95</u>	<u>229</u>	<u>176</u>

Restricted cash and restricted cash equivalents for the years ended December 31, 2025 and 2024 primarily relates to proceeds from Charter share repurchases occurring after the Merger Agreement was entered into, which are restricted for use to settle Liberty Broadband debt and/or pay interest on Liberty Broadband debt pursuant to the Stockholders and Letter Agreement Amendment, as more fully described in note 6.

(5) Assets and Liabilities Measured at Fair Value

For assets and liabilities required to be reported at fair value, GAAP provides a hierarchy that prioritizes inputs to valuation techniques used to measure fair value into three broad levels. Level 1 inputs are quoted market prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs, other than quoted market prices included within Level 1, that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. The Company does not have any recurring assets or liabilities measured at fair value that would be considered Level 3.

The Company's assets and liabilities measured at fair value are as follows:

Description	December 31, 2025			December 31, 2024		
	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)
	amounts in millions					
Cash equivalents	\$ 57	57	—	89	89	—
Restricted cash equivalents	\$ 38	38	—	64	64	—
Exchangeable senior debentures	\$ 956	—	956	1,897	—	1,897

The Company's exchangeable senior debentures are debt instruments with quoted market value prices that are not considered to be traded on "active markets", as defined in GAAP, and are reported in the foregoing table as Level 2 fair value.

Other Financial Instruments

Other financial instruments not measured at fair value on a recurring basis include normal working capital accounts, equity securities, preferred stock and both current and long-term debt, with the exception of the 3.125% Debentures due 2054 prior to their redemption in the second quarter of 2025 and the 3.125% Debentures due 2053 (each as defined in note 7)). With the exception of long-term debt and preferred stock, the carrying amount approximates fair value due to the short maturity of these instruments as reported on our consolidated balance sheets. The carrying value of the Margin Loan Facility (as defined in note 7) bears interest at a variable rate and therefore is also considered to approximate fair value.

Realized and Unrealized Gains (Losses) on Financial Instruments

Realized and unrealized gains (losses) on financial instruments are comprised of changes in the fair value of the following:

	Years ended December 31,		
	2025	2024	2023
	amounts in millions		
Exchangeable senior debentures (1)	\$ 51	(108)	(106)
Other (2)	—	(17)	5
	<u>\$ 51</u>	<u>(125)</u>	<u>(101)</u>

(1) The Company has elected to account for its exchangeable senior debentures using the fair value option. Changes in the fair value of the exchangeable senior debentures recognized in the consolidated statements of operations are primarily due to market factors driven by changes in the fair value of the underlying shares into which the debt is exchangeable. The Company isolates the portion of the unrealized gain (loss) attributable to the change in the instrument specific credit risk and recognizes such amount in other comprehensive income. The change in the fair value of the exchangeable senior debentures attributable to changes in the instrument specific credit risk before tax was a loss of \$9 million, a gain of \$27 million and a gain of \$55 million for the years ended December 31, 2025, 2024 and 2023, respectively, net of the recognition of previously unrecognized gains and losses. During the years ended December 31, 2025 and 2024, the Company recognized \$53 million and \$9 million, respectively, of previously unrecognized gains related to the retirement of the 3.125% Debentures due 2054 and a portion of the 3.125% Debentures due 2053, respectively. The cumulative change was a gain of \$20 million as of December 31, 2025, net of the recognition of previously unrecognized gains and losses.

(2) For the year ended December 31, 2024, the Company recognized an impairment on an equity security.

(6) Investment in Charter Accounted for Using the Equity Method

Through a number of prior years' transactions, Liberty Broadband has acquired an interest in Charter. The investment in Charter is accounted for as an equity method affiliate based on our voting and ownership interest and the board seats held by individuals appointed by Liberty Broadband. As of December 31, 2025, the carrying and market value of Liberty Broadband's ownership in Charter was approximately \$8.7 billion and \$8.7 billion, respectively. We own an approximate 32.8% economic ownership interest in Charter, based on shares of Charter's Class A common stock issued and outstanding as of December 31, 2025.

As discussed in more detail in note 1, Charter has agreed to acquire Liberty Broadband. The Stockholders Agreement and Letter Agreement, as amended by the Stockholders and Letter Agreement Amendment, sets forth certain agreements relating to the governance of Charter and the participation of Liberty Broadband in Charter's share repurchase program.

Pursuant to the Stockholders Agreement, Liberty Broadband's equity ownership in Charter (on a fully diluted basis) is capped at the greater of 26% or the Voting Cap (as defined below) (the "Equity Cap"). Pursuant to the Stockholders and Letter Agreement Amendment, Liberty Broadband is exempt from the Equity Cap to the extent Liberty Broadband's equity ownership in Charter exceeds such Equity Cap solely as a result of the repurchase provisions in the Stockholders and Letter Agreement Amendment. In the event the Merger Agreement is terminated, Liberty Broadband's equity ownership in Charter (on a fully diluted basis) is capped at the greater of the Voting Cap or the percentage of equity owned (on a fully diluted basis) by Liberty Broadband on the termination date of the Merger Agreement. As of December 31, 2025, due to Liberty Broadband's voting interest exceeding the current voting cap of 25.01% (the "Voting Cap"), our voting control of the aggregate voting power of Charter is 25.01%. Under the Stockholders Agreement and the Stockholders and Letter Agreement Amendment, Liberty Broadband has agreed to vote all voting securities beneficially owned by it, or over which it has voting discretion or control that are in excess of the Voting Cap in the same proportion as all other votes cast by public stockholders of Charter with respect to the applicable matter.

In February 2021, Liberty Broadband was notified that its ownership interest, on a fully diluted basis, had exceeded the Equity Cap set forth in the Stockholders Agreement. On February 23, 2021, Charter and Liberty Broadband entered into the

Letter Agreement in order to implement, facilitate and satisfy the terms of the Stockholders Agreement with respect to the Equity Cap. Pursuant to the Letter Agreement, following any month during which Charter purchases, redeems or buys back shares of its Class A common stock, and prior to certain meetings of Charter's stockholders, Liberty Broadband will be obligated to sell to Charter, and Charter will be obligated to purchase, such number of shares of Class A common stock as is necessary (if any) to reduce Liberty Broadband's percentage equity interest, on a fully diluted basis, to the Equity Cap (such transaction, a "Charter Repurchase"). The per share sale price for each share of Charter will be equal to the volume weighted average price paid by Charter in its repurchases, redemptions and buybacks of its common stock (subject to certain exceptions) during the month prior to the Charter Repurchase (or, if applicable, during the relevant period prior to the relevant meeting of Charter stockholders). Charter Repurchases during the pendency of the proposed Transactions under the Merger Agreement are governed by the Stockholders and Letter Agreement Amendment as described below.

Interim Merger Period Stock Repurchases

Simultaneously with the execution and delivery of the Merger Agreement, Charter, Liberty Broadband and A/N have entered into an amendment to (i) the Stockholders Agreement, and (ii) the Letter Agreement. The Stockholders Agreement and the Letter Agreement, as amended by the Stockholders and Letter Agreement Amendment sets forth certain agreements relating to the governance of Charter and the participation of Liberty Broadband in Charter's share repurchase program.

Pursuant to the Stockholders and Letter Agreement Amendment, each month during the pendency of the proposed Transactions under the Merger Agreement, Charter is intended to repurchase shares of Charter Class A common stock from Liberty Broadband in an amount equal to the greater of (i) \$100 million, and (ii) an amount such that immediately after giving effect thereto, Liberty Broadband would have sufficient cash to satisfy certain obligations as set forth in the Stockholders and Letter Agreement Amendment and Merger Agreement, provided that if any repurchase would reduce Liberty Broadband's equity interest in Charter below 25.25% after giving effect to such repurchase or if all or a portion of such repurchase is not permissible, then Charter shall instead loan to Liberty Broadband an amount equal to the lesser of (x) the repurchase amount that cannot be repurchased and (y) the Liberty Broadband minimum liquidity threshold less the repurchase amount that is repurchased, with such loan to occur on the terms set forth in the Stockholders and Letter Agreement Amendment, in each case, subject to certain conditions. From and after the date Liberty Broadband's 3.125% Debentures due 2053 are no longer outstanding, the amount of monthly repurchases would instead be the lesser of (i) \$100 million and (ii) an amount equal to the sum of (x) an amount such that immediately after giving effect thereto, Liberty Broadband would satisfy certain minimum liquidity requirements as set forth in the Stockholders and Letter Agreement Amendment and (y) the aggregate principal amount outstanding under the Margin Loan Facility. The per share sales price shall be determined as set forth in the Letter Agreement, provided that if Charter has not repurchased shares of its common stock during the relevant repurchase period, the repurchase price shall be based on a Bloomberg Volume Weighted Average Price methodology proposed by Charter and reasonably acceptable to Liberty Broadband.

Under the terms of the Stockholders and Letter Agreement Amendment and original Letter Agreement, Liberty Broadband sold Charter Class A common stock to Charter as follows:

	Years ended December 31,		
	2025	2024	2023
	dollar amounts in millions		
Number of Charter Class A shares sold to Charter	3,757,599	980,558	950,721
Amount of Charter Class A shares sold to Charter	\$ 1,200	335	394

Subsequent to December 31, 2025, Liberty Broadband sold 484,708 shares of Charter Class A common stock to Charter for \$100 million.

During the years ended December 31, 2025, 2024 and 2023, there were dilution losses of \$96 million, \$32 million, and \$60 million, respectively, in the Company's investment in Charter. The dilution losses were primarily attributable to the exercise of stock options and restricted stock units held by employees and other third parties at differing share prices, partially offset by net gains on dilution related to Charter's repurchase of Liberty Broadband's Charter shares during the periods presented.

The excess basis in our investment in Charter is allocated within memo accounts used for equity method accounting purposes as follows (amounts in millions):

	Years ended December 31,	
	2025	2024
Property and equipment, net	\$ 183	280
Customer relationships, net.	1,596	1,751
Franchise fees	850	3,843
Trademarks.	6	29
Goodwill.	1,519	3,845
Debt	(121)	(251)
Deferred income tax liability	(628)	(1,413)
	<u>\$ 3,405</u>	<u>8,084</u>

Property and equipment and customer relationships have weighted average remaining useful lives of approximately 2 years and 6 years, respectively, and franchise fees, trademarks and goodwill have indefinite lives. The excess basis of outstanding debt is amortized over the contractual period using the straight-line method. The decrease in excess basis for the year ended December 31, 2025 was primarily due to a \$4.4 billion impairment loss on our equity method investment, as further described below. The decrease in excess basis was also impacted by amortization expense during the period. Included in our share of earnings (losses) from Charter of (\$3,062) million, \$1,323 million and \$1,155 million for the years ended December 31, 2025, 2024 and 2023, respectively, are \$266 million, \$303 million and \$277 million, respectively, of losses, net of related taxes, due to the amortization of the excess basis related to assets with identifiable useful lives and debt.

Due to a sustained decline in Charter's share price, we recorded a \$4.4 billion impairment loss on our equity method investment in Charter during the fourth quarter of 2025, reducing our investment balance to fair value determined using Charter's share price, which is a Level 1 fair value input. The impairment reflects an other than temporary decline in our investment in Charter's fair value. We will continue to monitor Charter's share price, among other relevant considerations, to determine if the carrying value of our investment is appropriate. Future declines in share price could result in additional impairments, which could be material.

Margin Loan Facility

On June 26, 2024, a bankruptcy remote wholly owned subsidiary of the Company (“SPV”) entered into Amendment No. 8 to Margin Loan Agreement (the “Eighth Amendment”), which amends SPV’s margin loan agreement, dated as of August 31, 2017 (as amended by the Eighth Amendment, the “Margin Loan Agreement”), with a group of lenders. The Margin Loan Agreement provides for (x) a term loan credit facility in an aggregate principal amount of \$1.15 billion (the “Term Loan Facility” and proceeds of such facility, the “Term Loans”), (y) a revolving credit facility in an aggregate principal amount of \$1.15 billion (the “Revolving Loan Facility” and proceeds of such facility, the “Revolving Loans”; the Revolving Loans, collectively with the Term Loans, the “Loans”) and (z) an uncommitted incremental term loan facility in an aggregate principal amount of up to \$200 million (collectively, the “Margin Loan Facility”). No additional borrowings under the Margin Loan Agreement were made in connection with the Eighth Amendment. SPV’s obligations under the Margin Loan Facility are secured by shares of Charter owned by SPV. The Eighth Amendment provided for, among other things, the extension of the scheduled maturity date to June 30, 2027.

Outstanding borrowings under the Margin Loan Agreement were \$790 million as of both December 31, 2025 and 2024. As of December 31, 2025, SPV had borrowing capacity of \$1,150 million under the Margin Loan Agreement with approximately \$800 million available to be drawn, subject to certain funding conditions, which may be drawn until five business days prior to the maturity date. The maturity date of the loans under the Margin Loan Agreement is June 30, 2027. The borrowings under the Margin Loan Agreement accrue interest at a rate equal to the three-month Secured Overnight Financing Rate (“SOFR”) plus a per annum spread of 1.875% (the “Base Spread”) (unless and until the replacement of such rate as provided for under the Margin

Loan Agreement). The Margin Loan Agreement also has a commitment fee equal to 0.50% per annum on the daily unused amount of the Revolving Loans. The interest rates on the Margin Loan Facility were 5.5% and 6.2% at December 31, 2025 and 2024, respectively.

The Margin Loan Agreement contains various affirmative and negative covenants that restrict the activities of SPV (and, in some cases, the Company and its subsidiaries with respect to shares of Charter owned by the Company and its subsidiaries). The Margin Loan Agreement does not include any financial covenants. The Margin Loan Agreement does contain restrictions related to additional indebtedness and events of default customary for margin loans of this type.

SPV's obligations under the Margin Loan Agreement are secured by first priority liens on a portion of the Company's ownership interest in Charter, sufficient for SPV to meet the loan to value requirements under the Margin Loan Agreement. The Margin Loan Agreement indicates that no lender party shall have any voting rights with respect to the shares pledged as collateral, except to the extent that a lender party buys any shares in a sale or other disposition made pursuant to the terms of the loan agreement. As of December 31, 2025, 19.1 million shares of Charter common stock with a value of \$4.0 billion were held in collateral accounts related to the Margin Loan Agreement.

Exchangeable Senior Debentures

On February 28, 2023, the Company closed a private offering of \$1,265 million aggregate original principal amount of its 3.125% Exchangeable Senior Debentures due 2053 (the "3.125% Debentures due 2053"), including debentures with an aggregate original principal amount of \$165 million issued pursuant to the exercise of an option granted to the initial purchasers. Upon an exchange of the 3.125% Debentures due 2053, the Company, at its election, may deliver shares of Charter Class A common stock, the value thereof in cash, or any combination of shares of Charter Class A common stock and cash. Initially, 1.8901 shares of Charter Class A common stock were attributable to each \$1,000 original principal amount of 3.125% Debentures due 2053, representing an initial exchange price of approximately \$529.07 for each share of Charter Class A common stock. A total of approximately 2.4 million shares of Charter Class A common stock were initially attributable to the 3.125% Debentures due 2053. Interest is payable quarterly on March 31, June 30, September 30 and December 31 of each year, commencing June 30, 2023. The 3.125% Debentures due 2053 may be redeemed by the Company, in whole or in part, on or after April 6, 2026 or, in whole but not in part, prior to April 6, 2026 if such redemption is due to the execution by the Company of an agreement which, if consummated, would result in a change in control (including, for the avoidance of doubt, the Merger Agreement). Holders of the 3.125% Debentures due 2053 also have the right to require the Company to purchase their 3.125% Debentures due 2053 on April 6, 2026. The redemption and purchase price will generally equal 100% of the adjusted principal amount of the 3.125% Debentures due 2053 plus accrued and unpaid interest to the redemption date, plus any final period distribution. As of December 31, 2025, a holder of the 3.125% Debentures due 2053 has the ability to exchange their debentures at any time after January 1, 2026 until the close of business on the second scheduled trading day immediately preceding April 6, 2026 or put their debentures on April 6, 2026 and, accordingly, the 3.125% Debentures due 2053 have been classified as current within the consolidated balance sheet as of December 31, 2025.

On July 2, 2024, the Company closed a private offering of \$860 million aggregate original principal amount of its 3.125% Exchangeable Senior Debentures due 2054 (the "3.125% Debentures due 2054"), including debentures with an aggregate original principal amount of \$60 million issued pursuant to the exercise of an option granted to the initial purchasers. In connection with the closing of the private offering of the 3.125% Debentures due 2054, the Company repurchased a total of \$300 million in aggregate principal amount of the 3.125% Debentures due 2053 pursuant to individually privately negotiated transactions. After the repurchase, approximately 1.8 million shares of Charter Class A common stock are attributable to the 3.125% Debentures due 2053.

In March 2025, at the request of Charter, Liberty Broadband called for redemption all of its 3.125% Debentures due 2054. Pursuant to a supplemental indenture entered into in March 2025, the Company delivered cash to satisfy its exchange obligations. The 3.125% Debentures due 2054 were either redeemed in April 2025 or exchanged in March 2025 (with such exchanges settled in May 2025). During the year ended December 31, 2025, the Company paid approximately \$952 million to settle the 3.125% Debentures due 2054 using corporate cash, restricted cash and proceeds from the Margin Loan Facility.

The Company has elected to account for all of its exchangeable senior debentures at fair value in its consolidated financial statements. Accordingly, changes in the fair value of these instruments are recognized in Realized and unrealized gains (losses) on financial instruments, net in the accompanying consolidated statements of operations. See note 5 for information

related to unrealized gains (losses) on debt measured at fair value. The Company reviews the terms of all the debentures on a quarterly basis to determine whether an event has occurred to require current classification on the consolidated balance sheets.

Under the Merger Agreement, Liberty Broadband must call for redemption of its 3.125% Debentures due 2053 for cash within 10 business days of a request by Charter, subject to Liberty Broadband having sufficient liquidity to satisfy the applicable redemption and/or exchange obligation and certain other terms and conditions set forth in the Merger Agreement.

For the years ended December 31, 2025, 2024 and 2023, state and local income taxes in Colorado comprised the majority of the domestic state and local income taxes, net of federal effect category.

For the year ended December 31, 2025 and 2024, the significant reconciling items, as noted in the table above, are primarily due to non-taxable proceeds from Charter share repurchases received pursuant to the Merger Agreement.

For the year ended December 31, 2023, income tax expense did not differ from the U.S. federal income tax rate of 21%.

The tax effects of temporary differences and tax attributes that give rise to significant portions of the deferred income tax assets and deferred income tax liabilities are presented below:

The Company's valuation allowance was unchanged in 2025.

At December 31, 2025, Liberty Broadband had deferred tax assets of \$19 million for federal and state net operating losses, interest expense carryforwards and tax credit carryforwards. Of the \$19 million, \$17 million are carryforwards with no expiration. The remaining carryforwards expire at certain future dates. These carryforwards are expected to be utilized prior to expiration. The carryforwards that are expected to be utilized begin to expire in 2034.

As of December 31, 2025, the Company had not recorded tax reserves related to unrecognized tax benefits for uncertain tax positions.

As of December 31, 2025, Liberty Broadband's federal tax years prior to 2021 are closed. However, because Liberty Broadband generated net operating losses ("NOLs") in years prior to 2021, utilization of the NOLs in future years is still subject to adjustment. The IRS has completed its examination of Liberty Broadband's 2021, 2022 and 2023 tax years, but these years remain open until the statute of limitations expire on March 31, 2026, October 15, 2026 and October 15, 2027, respectively. Liberty Broadband's 2024 and 2025 tax years are being examined currently as part of the IRS Compliance Assurance Process program. Because Liberty Broadband's ownership of Charter is less than the required 80%, Charter is not consolidated with Liberty Broadband for federal income tax purposes. As of December 31, 2025, all GCI and prior GCI Liberty tax years prior to 2021 are closed. However, because GCI generated NOLs in tax years prior to 2020, utilization of the NOLs in future years is subject to adjustment. Prior to the March 9, 2018 prior GCI Liberty split-off from QVC Group, certain prior GCI Liberty businesses were part of the QVC Group consolidated federal tax group. QVC Group's tax years prior to 2022 are closed for federal income tax purposes. Various states are currently examining QVC Group's prior years' state income tax returns.

(9) Stockholders' Equity

Preferred Stock

Liberty Broadband's preferred stock is issuable, from time to time, with such designations, preferences and relative participating, optional or other rights, qualifications, limitations or restrictions thereof, as shall be stated and expressed in a resolution or resolutions providing for the issue of such preferred stock adopted by Liberty Broadband's board of directors.

The Liberty Broadband preferred stock was issued as a result of the closing of the Liberty Broadband combination with prior GCI Liberty on December 18, 2020. Each share of Series A Cumulative Redeemable Preferred Stock of prior GCI Liberty outstanding immediately prior to the closing was converted into one share of newly issued Liberty Broadband preferred stock. The Company is required to redeem all outstanding shares of Liberty Broadband preferred stock out of funds legally available, at the liquidation price plus all unpaid dividends (whether or not declared) accrued from the most recent dividend payment date through the redemption date, on the first business day following March 8, 2039. There were 7,300,000 shares of Liberty Broadband preferred stock authorized and 7,183,812 shares issued and outstanding at December 31, 2025. An additional 42,700,000 shares of preferred stock of the Company are authorized and are undesignated as to series. The Liberty Broadband preferred stock is accounted for as a liability on the Company's consolidated balance sheets because it is mandatorily redeemable. As a result, all dividends paid on the Liberty Broadband preferred stock are recorded as interest expense in the Company's consolidated statements of operations. Liberty Broadband preferred stock has one-third of a vote per share.

The liquidation price is measured per share and shall mean the sum of (i) \$25, plus (ii) an amount equal to all unpaid dividends (whether or not declared) accrued with respect to such share have been added to and then remain part of the liquidation price as of such date. The fair value of Liberty Broadband preferred stock of \$203 million was recorded at the time of the closing of the Liberty Broadband combination with prior GCI Liberty. The fair value of Liberty Broadband preferred stock as of December 31, 2025 was \$173 million (Level 1).

The holders of shares of Liberty Broadband preferred stock are entitled to receive, when and as declared by the Liberty Broadband board of directors, out of legally available funds, preferential dividends that accrue and cumulate as provided in the certificate of designations for the Liberty Broadband preferred stock.

Dividends on each share of Liberty Broadband preferred stock accrue on a daily basis at a rate of 7.00% per annum of the liquidation price.

Accrued dividends are payable quarterly on each dividend payment date, which is January 15, April 15, July 15, and October 15 of each year, commencing January 15, 2021. If Liberty Broadband fails to pay cash dividends on the Liberty Broadband preferred stock in full for any four consecutive or non-consecutive dividend periods then the dividend rate shall increase by 2.00% per annum of the liquidation price until cured. On December 16, 2025, the Company announced that its board of directors had declared a quarterly cash dividend of approximately \$0.44 per share of Liberty Broadband preferred stock which was paid on January 15, 2026 to shareholders of record of the Liberty Broadband preferred stock at the close of business on December 31, 2025.

Common Stock

LBRDA has one vote per share, LBRDB has ten votes per share and LBRDK has no votes per share (except as otherwise required by applicable law). Each share of the Series B common stock is exchangeable at the option of the holder for one share of LBRDA. All series of Liberty Broadband common stock participate on an equal basis with respect to dividends and distributions.

As of December 31, 2025, Liberty Broadband reserved 2.8 million shares of LBRDB and LBRDK common stock for issuance under exercise privileges of outstanding stock Awards.

Purchases of Common Stock

There were no repurchases of LBRDA, LBRDB or LBRDK during the year ended December 31, 2025, which is currently restricted by the Merger Agreement.

During the year ended December 31, 2024, the Company repurchased 1 million shares of LBRDK for aggregate cash consideration of \$89 million. There were no repurchases of LBRDA or LBRDB during the year ended December 31, 2024.

During the year ended December 31, 2023, the Company repurchased 3 million shares of LBRDA and LBRDK for aggregate cash consideration of \$227 million. There were no repurchases of LBRDB during the year ended December 31, 2023.

All of the foregoing shares obtained have been retired and returned to the status of authorized and available for issuance. As of December 31, 2025, the Company had approximately \$1.7 billion available to be used for share repurchases under the Company's share repurchase program, which is currently restricted by the Merger Agreement.

Exchange Agreement with Chairman

On June 13, 2022, Liberty Broadband entered into an Exchange Agreement with its Chairman of the board of directors, John C. Malone, and a revocable trust of which Mr. Malone is the sole trustee and beneficiary (the "JM Trust") (the "Exchange Agreement"), whereby, among other things, Mr. Malone agreed to an arrangement under which his aggregate voting power in the Company would not exceed 49% (the "Target Voting Power") plus 0.5% (under certain circumstances).

The Exchange Agreement provides for exchanges by the Company and Mr. Malone or the JM Trust of shares of LBRDB for shares of LBRDK in connection with certain events, including (i) any event that would result in a reduction in the outstanding votes that may be cast by holders of the Company's voting securities or an increase of Mr. Malone's beneficially-owned voting power in the Company (an "Accretive Event"), in each case, such that Mr. Malone's voting power in the Company would exceed the Target Voting Power plus 0.5%; or (ii) from and after the occurrence of any Accretive Event, in connection with any event that would result in an increase in the outstanding votes that may be cast by holders of the Company's voting securities or a decrease of Mr. Malone's beneficially-owned voting power in the Company (a "Dilutive Event"), in each case, such that Mr. Malone's voting power in the Company falls below the Target Voting Power less 0.5%. Additionally, the Exchange Agreement contains certain provisions with respect to fundamental events at the Company, meaning any combination, consolidation, merger, exchange offer, split-off, spin-off, rights offering or dividend, in each case, as a result of which holders of LBRDB are entitled to receive securities of the Company, securities of another person, property or cash, or a combination thereof.

In connection with an Accretive Event, Mr. Malone or the JM Trust will be required to exchange with the Company shares of LBRDB (as exchanged, the "Exchanged Series B Shares") for an equal number of shares of LBRDK (as exchanged, the "Exchanged Series C Shares") so as to maintain Mr. Malone's voting power as close as possible to, without exceeding, the Target Voting Power, on the terms and subject to the conditions of the Exchange Agreement.

In connection with a Dilutive Event, Mr. Malone and the JM Trust may exchange the Exchanged Series C Shares with the Company for an equal number of shares of LBRDB equal to the lesser of (i) the number of shares of LBRDB which would maintain Mr. Malone's voting power as close as possible to, without exceeding, the Target Voting Power and (ii) the number of Exchanged Series B Shares at such time, on the terms and subject to the conditions of the Exchange Agreement.

On November 12, 2024, in connection with the entry into the Merger Agreement, Liberty Broadband entered into the Malone exchange side letter with Mr. Malone and certain trusts related to Mr. Malone (collectively, the "Malone Exchange Holders"), whereby, among other things, the Malone Exchange Holders agreed to an arrangement under which Liberty Broadband had the right, in connection with the GCI Divestiture, to exchange certain shares of LBRDB held by such Malone Exchange Holders for shares of LBRDK on a one-for-one basis (the "Malone exchange") to avoid the application of certain related party rules that otherwise could limit the availability of certain tax benefits to the divested GCI entity following the GCI Divestiture. If the Merger Agreement is terminated without the completion of the Combination having occurred but following the consummation of the Malone exchange (the "Malone exchange closing"), and unless otherwise agreed to in writing by the Malone Exchange Holders and Liberty Broadband, the Malone exchange will be automatically rescinded and treated as if neither the Malone exchange nor the Malone exchange closing had ever occurred.

Further, pursuant to the terms of the Malone exchange side letter, the parties thereto amended certain provisions of the Exchange Agreement to provide that (i) solely in connection with the GCI Divestiture, Malone Series C Exchangeable Shares (as defined in the Exchange Agreement) would not be exchanged for shares of LBRDB and the holders of such Malone Series C Exchangeable Shares would receive the same per share consideration received by holders of shares of LBRDK, (ii) Liberty Broadband waived its right to obligate the Malone Exchange Holders to enter into an exchange agreement with the divested GCI

entity in connection with the GCI Divestiture, (iii) the Exchange Agreement would not be terminated as a result of the Malone Exchange Holders falling below 20% voting power in connection with the GCI Divestiture, and (iv) following the Malone exchange and prior to any termination of the Merger Agreement, none of the Malone Series C Exchangeable Shares would be exchanged for shares of LBRDB.

In accordance with the Malone exchange side letter and concurrent with the GCI Divestiture, the Malone Exchange Holders exchanged 1,617,040 shares of LBRDB for 1,617,040 shares of LBRDK on July 14, 2025. Under the Exchange Agreement and the Malone exchange side letter, the JM Trust has exchanged 2,098,189 total shares of LBRDB for the same number of LBRDK as of December 31, 2025.

(10) Stock-Based Compensation

Included in general and administrative expenses in the accompanying consolidated statements of operations are \$5 million, \$15 million and \$15 million of stock-based compensation during the years ended December 31, 2025, 2024 and 2023, respectively.

Incentive Plans

Liberty Broadband has granted, to certain of its directors, employees and employees of its former subsidiaries, RSUs and stock options to purchase shares of Liberty Broadband common stock. The Company measures the cost of employee services received in exchange for an equity classified Award (such as stock options and restricted stock) based on the grant-date fair value (“GDFV”) of the Award and recognizes that cost over the period during which the employee is required to provide service (usually the vesting period of the Award). The Company measures the cost of employee services received in exchange for a liability classified Award based on the current fair value of the Award and remeasures the fair value of the Award at each reporting date.

Holders of Liberty Broadband RSUs who provided services primarily or solely to GCI Liberty or its subsidiaries at the time of the GCI Divestiture, received RSUs that relate to Series C GCI Group common stock (“GLIBK”) in substitution for such Liberty Broadband RSUs. The number of shares of GLIBK subject to such substituted RSUs was determined in a manner to preserve the value of the Liberty Broadband RSUs outstanding prior to the GCI Divestiture.

Holders of Liberty Broadband RSUs other than GCI employees and holders of Liberty Broadband options, none of which were held by GCI employees, were adjusted to preserve the value of such outstanding Liberty Broadband RSUs or Liberty Broadband options, as applicable, prior to the GCI Divestiture and continued to relate to the applicable series of Liberty Broadband common stock. Holders of Liberty Broadband restricted shares outstanding as of the GCI Divestiture continued to hold their Liberty Broadband restricted shares and also received GLIBK restricted shares.

Pursuant to the Liberty Broadband 2024 Omnibus Incentive Plan (the “2024 Plan”), the Company may grant Awards to be made in respect of a maximum of 5.0 million shares of Liberty Broadband common stock plus the shares remaining available for Awards under the prior Liberty Broadband 2019 Omnibus Incentive Plan (the “2019 Plan”), as of close of business on May 23, 2024, the effective date of the 2024 Plan. Any forfeited shares from the 2019 Plan shall also be available again under the 2024 Plan.

Awards generally vest over 1-5 years and have a term of 7-8 years. Liberty Broadband issues new shares upon exercise of equity awards.

Grants

During the year ended December 31, 2025, the Company granted 17 thousand time-based RSUs of LBRDK to Mr. Patterson, our Chief Executive Officer. The RSUs had a GDFV of \$61.49 per share and cliff vest ten days before the effective date of the Transactions.

There were no options to purchase shares of LBRDA, LBRDB or LBRDK granted during 2025. There were also no options to purchase shares of LBRDA or LBRDB granted during 2024 and 2023.

During the years ended December 31, 2024 and 2023, Liberty Broadband granted 183 thousand and 129 thousand options, respectively, to purchase shares of LBRDK to Gregory B. Maffei, our former Chief Executive Officer, in connection with his employment agreement. Such options had a GDFV of \$20.18 per share and \$27.83 per share, respectively, at the time they were granted and vested on December 31, 2024 and December 29, 2023, respectively.

During the year ended December 31, 2024, Liberty Broadband granted cash awards equal to \$12.9 million to its employees and non-employee directors. These cash awards vested 50% on December 11, 2024 and 50% on December 11, 2025.

During the year ended December 31, 2023, Liberty Broadband granted to its employees 407 thousand options to purchase shares of LBRDK. Such options had a weighted average GDFV of \$27.68 per share and vest between one and three years.

During the year ended December 31, 2023, Liberty Broadband granted 21 thousand options to purchase shares of LBRDK to its non-employee directors. Such options had a weighted average GDFV of \$27.73 per share and cliff vested one year from the grant date.

During the years ended December 31, 2024 and 2023, Liberty Broadband granted 132 thousand and 227 thousand time-based and performance-based RSUs, respectively, of LBRDK to its employees, employees of former subsidiaries and non-employee directors. The RSUs had a weighted average GDFV of \$56.93 per share and \$84.02 per share, respectively. The time-based RSUs generally vest between one and five years for employees and employees of former subsidiaries and in one year for non-employee directors. The performance-based RSUs mainly cliff vest one year from the month of grant, subject to the satisfaction of certain performance objectives. Performance objectives, which are subjective, are considered in determining the timing and amount of the compensation expense recognized. When the satisfaction of the performance objectives becomes probable, the Company records compensation expense. The probability of satisfying the performance objectives is assessed at the end of each reporting period.

The Company has calculated the GDFV for all of its equity classified awards and any subsequent remeasurement of its liability classified awards using the Black-Scholes Model. The Company estimates the expected term of the Awards based on historical exercise and forfeiture data. For grants made in 2024 and 2023, the expected term was 5.2 years. The volatility used in the calculation for Awards is based on the historical volatility of Liberty Broadband common stock. For grants made in 2024 and 2023, the range of volatilities was 29.7% to 31.3%. The Company uses a zero dividend rate and the risk-free rate for Treasury Bonds with a term similar to that of the subject option.

Outstanding Awards

The following table presents the number and weighted average exercise price (“WAEP”) of options to purchase Liberty Broadband common stock granted to certain officers, employees and directors of the Company, as well as the weighted average remaining life and aggregate intrinsic value of the options.

	LBRDK (in thousands)	WAEP	Weighted average remaining contractual life (in years)	Aggregate intrinsic value (in millions)
Outstanding at January 1, 2025	2,649	\$ 120.80		
Granted	—	\$ —		
Exercised	(71)	\$ 77.82		
Forfeited/Cancelled	(12)	\$ 78.15		
GCI Divestiture adjustment	192	\$ 113.54		
Outstanding at December 31, 2025	<u>2,758</u>	\$ 113.69	2.5	\$ —
Exercisable at December 31, 2025	<u>2,644</u>	\$ 115.51	2.4	\$ —

As of December 31, 2025, there were no outstanding options to purchase shares of LBRDA common stock.

During the years ended December 31, 2025, 2024 and 2023, Liberty Broadband had 83 thousand, 150 thousand and 69 thousand LBRDB options, respectively, with exercise prices of \$93.13, \$97.21 and \$97.21, respectively, that expired. During the year ended December 31, 2025, the GCI Divestiture resulted in an adjustment of 1 thousand LBRDB options at an exercise price of \$93.27. As of December 31, 2025, Liberty Broadband had 14 thousand LBRDB options outstanding and exercisable at an exercise price of \$93.27, a remaining contractual life of 0.2 years and aggregate intrinsic value of zero.

As of December 31, 2025, the total unrecognized compensation cost related to unvested Awards was approximately \$4 million. Such amount will be recognized in the Company's consolidated statements of operations over a weighted average period of approximately 1.0 year.

As of December 31, 2025, Liberty Broadband reserved approximately 2.8 million shares of LBRDB and LBRDK for issuance under exercise privileges of outstanding stock options.

Exercises

The aggregate intrinsic value of all options exercised during the years ended December 31, 2025, 2024 and 2023 was \$1 million, \$52 million and \$1 million, respectively.

Restricted Stock Awards and RSUs

The aggregate fair value of all LBRDK restricted stock awards and RSUs that vested during the years ended December 31, 2025, 2024 and 2023 was \$21 million, \$12 million and \$12 million, respectively.

As of December 31, 2025, the Company had approximately 30 thousand unvested RSUs of LBRDK held by certain officers of the Company with a weighted average GDFV of \$65.21 per share.

(11) Commitments and Contingencies

Charter and Liberty Broadband - Delaware Litigation

In August 2015, a purported stockholder of Charter, Matthew Sciabacucchi, filed a lawsuit in the Delaware Court of Chancery, on behalf of a putative class of Charter stockholders, challenging the transactions involving Charter, Time Warner Cable Inc., A/N, and Liberty Broadband announced by Charter on May 26, 2015. The lawsuit, which named as defendants Liberty Broadband, Charter and the board of directors of Charter, alleged that the transactions resulted from breaches of fiduciary duty by Charter's directors and that Liberty Broadband improperly benefited from the challenged transactions at the expense of other Charter stockholders. On January 12, 2023, the parties reached a tentative agreement to settle the lawsuit. The court approved the settlement at a fairness hearing on June 22, 2023 and Liberty Broadband paid approximately \$38 million to Charter as a result of the settlement, which had been accrued as a current liability in the consolidated balance sheet and recorded as a litigation settlement expense within operating income in the fourth quarter of 2022.

General Litigation

The Company has contingent liabilities related to legal and tax proceedings and other matters arising in the ordinary course of business. Although it is reasonably possible the Company may incur losses upon conclusion of such matters, an estimate of any loss or range of loss cannot be made. In the opinion of management, it is expected that amounts, if any, which may be required to satisfy such contingencies will not be material in relation to the accompanying consolidated financial statements.

Off-Balance Sheet Arrangements

Liberty Broadband did not have any off-balance sheet arrangements, except for those matters discussed above, that have, or are reasonably likely to have, a current or future effect on the Company's financial condition, results of operations, liquidity, capital expenditures or capital resources.

(12) Segment Information

Liberty Broadband identifies its reportable segments as (A) those consolidated companies that represent 10% or more of its consolidated annual revenue or total assets and (B) those equity method affiliates whose share of earnings or losses represent 10% or more of Liberty Broadband's annual pre-tax earnings (losses).

As a result of the GCI Divestiture and in consultation with Liberty Broadband's chief operating decision maker, the Chief Executive Officer, the Company evaluated its operations and determined under the new organizational and reporting structure, the Company has one reportable segment, which is its equity method investment in Charter.

As a single reportable segment entity, the Company's segment performance measure is net earnings (loss). See note 6 for segment disclosure information related to Charter.
